The Keystone College Promise

A pledge to first-time, full-time students in good academic, financial, and social standing . . .

- That within six months after graduating from Keystone and fulfilling the requirements of the Career Development Center, you will have received at least one job offer, or where appropriate, be accepted into a transfer or graduate program. In the event that this does not occur, we will provide you with additional courses and career counseling at no additional charge.
- A First-Year Experience to enable you to acquire the skills necessary for academic, personal, and career success, and a portfolio/resume designed to give you a competitive edge in the job market.
- A Real-World Experience that explores the world of work.
- A Bridge and a Capstone Experience combining knowledge acquired in both the classroom and the real world.
- A Liberal Studies program that offers academic and career counseling to assist undecided students who need to make an informed decision about a major.
- A guarantee for on-campus housing to our first-year and sophomore students for as long as they remain full-time students.*

The Keystone College Promise was developed in 1997 by the faculty and staff of Keystone College to better serve our students.

*Housing deposits must be received by May 1 in order to be *guaranteed* housing.

General Information

THE COLLEGE

Keystone College

Keystone College is a fully accredited, independent, private college committed to helping all students attain their full potential. To achieve this goal, Keystone provides excellent instruction, close student-faculty relationships, personal attention, and individualized support services.

Keystone College received formal approval from the Pennsylvania Department of Education to begin offering baccalaureate degree programs in 1998 and master's in 2015.

Keystone offers bachelor of science degrees in accounting, natural science, business, criminal justice, early childhood education, early childhood/special education, environmental resource management, forensic biology, information technology, middle level education (language arts and social studies), organizational leadership, social science, sport and recreation management, and teaching, and bachelor of arts degrees in communication arts and humanities, psychology, and visual art. The College offers master degrees in accounting, early childhood education leadership, and sport leadership and management

With the liberal arts as the core of our curriculum, Keystone offers diverse curricula as described in the following pages.

History of the College

Keystone Academy was originally chartered by the Commonwealth of Pennsylvania in 1868, with instruction beginning the following year in the local Baptist church in Factoryville. In 1870, ground was broken on the current site for the Academy's first building, Harris Hall, named after John Howard Harris, first president of Keystone. Harris Hall continues to serve

Keystone College today.

The Academy flourished during its early years and established a standard of excellence that became a model in the area. Many distinguished scholars, among them the presidents of three universities, have graduated from Keystone.

At the time it was chartered, Keystone Academy was the only high school between Binghamton, N.Y., and Scranton, Pa. For over 65 years, the Academy served the secondary educational needs of the region admirably. Nevertheless, the school's trustees came to realize that a quality college education must be available to the citizens of our area. As a result, Keystone Academy was rechartered as Scranton-Keystone Junior College in 1934. Ten years later, the name of the College was shortened to Keystone Junior College, and in 1995 to its present form, Keystone College.

During the 1960s and early 1970s, Keystone experienced a period of unprecedented growth. At that time, many of Keystone's residence halls and its spacious library and classroom building, Miller Library, were built. The science building, Capwell Hall, was expanded, and the Hibbard Campus Center was added to Evans Hall. Keystone's Thomas G. Cupillari '60 Astronomical Observatory in nearby Fleetville, Pa., also began operations at that time.

Keystone's growth and vitality continued in the 1980s with the opening of the new multi-million dollar Gambal Athletic Center and the renovation of Keystone's historic Harris Hall.

In 1998, the College received formal approval from the Pennsylvania Department of Education to offer baccalaureate degree programs. In 2000, the College awarded its first baccalaureate degree and announced the receipt

of its first million dollar gift.

In 2010, the Hibbard Campus Center underwent a significant infrastructure upgrade, which included a welcoming atrium at the entrance.

Extensive renovations to Theatre in Brooks, a remodeling of Evans Hall and Fireplace Lounge, and the construction of a Rain Garden were just a few of the projects completed during the summer of 2012.

Thanks to the generous support of donors, Keystone marked another milestone in its progressive history during the spring of 2013 with the completion of a \$3.4 million Athletic Track and Field Complex. The 360' x 240' field, with an eight lane track, is located just above Ned Boehm Field and adjacent to Keystone's Sugar Shack.

Less visible, but more impressive than its physical growth, has been Keystone's academic growth. Existing curricula programs are evaluated and revised regularly, and new curricula and degrees are added in response to changes in education and the workplace.

Keystone received approval from the United States Department of Education and the Pennsylvania Department of Education to offer master's level programs in accounting and in early childhood education leadership.

Classes also are offered to adult and non-traditional students through Keystone College's traditional part-time program and the Weekender schedule, which enables students to earn their degrees by attending classes approximately every third weekend. In addition, holdings in Miller Library are increased annually, and the most recent educational technology is readily available to students both on campus and through online classes.

Currently, the College offers master's, bachelor's and associate degrees and enrolls a diverse student body from throughout the U.S. and the world. The College also participates in Division III athletics, fielding 19 men's and women's teams.

Today, with its career-oriented liberal arts curriculum in place, Keystone College is a leader in education. The faculty, board of trustees, administration, and staff are committed to making your experience here something special. By choosing Keystone, with over 145 years of experience, you commit yourself to that goal as well.

Vision of the College

Keystone College will transform lives by inspiring and empowering a community where learning flourishes.

Mission of the College

Keystone College educates students in a liberal arts tradition that values civility, integrity, and curiosity, fostering a global perspective on cultural diversity, environmental sustainability, and life-long learning.

Core Values of the College

Keystone College embraces the values of integrity, curiosity, civility, and learning.

The Campus

Keystone College is nestled among shady trees on a 276-acre tract at the gateway to the Endless Mountains of Northeastern Pennsylvania. The campus is 15 miles northwest of Scranton, on U.S. Routes 6 and 11. Interstate Routes 380, 80, 81, 84, and 476 (the former Northeast Extension of the Pennsylvania Turnpike) provide easy access to Keystone from all directions. Close to Scranton, Wilkes-Barre, and Binghamton, all the facilities of three modern cities are available to Keystone students, yet the College is surrounded by small towns and countryside and has the quiet learning atmosphere of a rural campus.

Northeastern Pennsylvania provides a stimulating and enjoyable environment for Keystone. The area boasts warm weather from May through September, brisk autumn days with brilliant foliage, and snowy winters pleasing to devotees of cold-weather sports. Opportunities for hunting, fishing, swimming, and skiing are abundant.

Keystone's 170-acre Woodlands Campus offers a valuable educational resource for Keystone students, proving a perfect area for scientific and environmental studies. The area's scenic beauty, with seven miles of hiking trails, streams, and forests, is a benefit to the entire community.

Keystone's most historic building, Harris Hall, was constructed over a century ago. This building now accommodates administrative and faculty

offices and several classrooms and computer labs. To one side of Harris lies Capwell Hall, Keystone's science center. Here students will find laboratories and computer facilities for science and mathematics as well as several classrooms and faculty offices. The instrumental science labs enrich the environmental studies and biology programs. Instruments include a Varian 1200L mass spectrometer with gas chromatograph and liquid chromatograph interfaces, a Varian Vista inductively coupled plasma optical emission spectrometer, a Cary 50 UV-Visible spectrophotometer, and a Cary Eclipse fluorescence spectrophotometer. Students will have the opportunity to use these instruments in their research.

Art and theatre facilities lie on the other side of Harris Hall. Studios for ceramics, drawing, sculpture, and glass-blowing are located in the Art Center, while photography laboratories can be found in nearby Ward Hall. Adjacent to the art complex is Brooks Hall, which houses the College's theatre facilities, painting, and graphic design studios. Gardner Hall next to the Gambal Athletic Center is the new home for printmaking, book arts, and digital photography studios.

Serving as the main hub of activity on campus, the Hibbard Campus Center is home to the Student Restaurant, Giants' Den/Grill, Campus Shoppe, and Post Office. Many offices and clubs are also located in Hibbard.

The Miller Library offers more than 43,000 print books, 63,000 eBooks, 150 print subscriptions, and more than 20,000 electronic journals, newspapers & magazines in 16 databases. It houses a substantial collection of popular and educational audiovisual materials, a large assortment of streaming videos, and digital archives collections. The Library also loans out Kindles, cameras, and video cameras for specialized use and circulates laptops for in-house use. The building includes two all-purpose computer labs, including the Rita Cupillari Computer Lab, a state-of-the-art media lab, and the Linder Art Gallery, along with classrooms and faculty offices.

Keystone Traditions

Christy Mathewson Weekend

Each August, the College invites the community to campus in celebration of baseball great Christy Mathewson's birthday. A graduate of Keystone Academy, Mathewson was inducted posthumously into the Baseball Hall of Fame in 1936 as one of the famous "First Five," including Babe Ruth, Ty Cobb, Walter Johnson, and Honus Wagner.

President's Opening Convocation

The President's Opening Convocation formally marks the opening of the academic year. At this time, students, administration, faculty, and staff come together to celebrate the importance of our educational mission.

Family Day

This fall event allows family members to visit the campus at their leisure and participate in activities with their students. Families have the opportunity to meet with faculty and counselors, visit Keystone's facilities, and attend various social and athletic functions.

Homecoming

Occurring near the midpoint of the fall semester, Homecoming provides the opportunity for our alumni to return to campus, enjoy activities, and spend time with our current students.

Winterfest

Held each December, Winterfest brings members of the campus community and the local community together for a campus lighting ceremony and many more holiday festivities.

All-College Honors Convocation

Held at the end of the spring semester, the campus community gathers to recognize outstanding achievement in academics and campus leadership.

Commencement

Keystone College conducts one commencement ceremony for all students completing their degree requirements that academic year. This event is held in May and provides an opportunity for family and friends to proudly watch their student graduate.

Accreditation and Memberships

Keystone College is accredited by the Middle States Association of Colleges and Secondary Schools Commission on Higher Education, 3624 Market Street, Philadelphia, Pa. 19104, 267-284-5000; bachelor's degrees in business, accounting, and sports and recreation management and associate degree in business administration accredited by the International Assembly for Collegiate Business Education, 11374 Strang Line Road, Lenexa, KS 66215, 913-631-3009; approved by the Pennsylvania State Board of Education; and approved for veterans' benefits. It is a member of the College Entrance Examination Board, College Scholarship Service, the American College Testing Program, the Commission for Independent Colleges and Universities, the Pennsylvania Association of Colleges and Universities, Northeastern Pennsylvania Independent Colleges, the Council for Advancement and Support of Education, the College and University Personnel Association, and the Council of Independent Colleges.

Alumni Association

The Keystone College Alumni Association has more than 17,000 members. Members include graduates of Keystone Academy, Keystone Junior College, and Keystone College. It offers opportunities for Keystone alumni to maintain strong bonds with their alma mater and with each other. The Alumni Association exists to foster loyalty and unity of its members for the College and support the College's mission and priorities. The Association is a mechanism for the exchange of ideas among alumni and acts as an official channel of communication between the alumni and the College.

The Alumni Association sponsors a mini-grant program to provide funding to faculty and

student projects. The Alumni Association also assists students through the mentor program, internships, job shadowing experiences, and academic alumni scholarships.

Alumni are informed of campus and alumni activities through *The Keystonean*, the official alumni magazine, an e-newsletter, and social media outlets.

Additional information on the Alumni Association may be obtained from the Alumni Office at One College Green, La Plume, PA 18440, 1-877-4COLLEGE, option 5, or by e-mail at alumnirelations@keystone.edu.

Visit the Alumni Association on the web at <http://www.keystone.edu/alumni/>.

Admission to Keystone College

Keystone College accepts applicants on a rolling admission basis; however, priority is given to applications received by May 1 for fall semester applications and December 1 for spring semester applications. Traditional-age students should submit their applications as early as possible during their senior year of high school.

Applicants who earned a high school diploma or equivalent prior to application for admission are not required to submit SAT or ACT scores.

The Office of Admissions can be reached at 1-877-4-COLLEGE or by email at admissions@keystone.edu.

Application Procedures

First-Year (Freshman) Students

A student has attempted fewer than 12 credits of non-developmental college-level coursework must submit the following: completed application and \$30 non-refundable application fee, official high school transcripts, college/university transcripts (if applicable), SAT or ACT scores sent directly to the Office of Admissions (Keystone College's CEEB codes: SAT-2351; ACT-3602), and one academic evaluation.

Transfer Students

A student who has attempted a minimum of 12 credits of non-developmental college-level coursework must submit the following: completed application and \$30 non-refundable application fee, official college / university transcript(s) from each institution attended by the student, one instructor evaluation or letter of recommendation.

For more information on Keystone College's transfer credit policy, transfer equivalencies (CLEP, AP exams, and IB equivalents), articulation agreements, and correspondence

courses, please visit www.keystone.edu/admissions/transfersstudents.

Readmission

Students who have "stopped out" for at least one semester (or for Weekender students, two trimesters), excluding summer sessions, must contact the Office of Admissions to be readmitted to the College. All students who desire to be readmitted must be in good academic, social, and financial standing with the College. Please visit www.keystone.edu/admissions/transfersstudents, for the most up to date readmission requirements.

Online Students

A student taking only online courses must follow the same application procedures as a first-year or transfer student. Once accepted, all online students are required to submit a copy of photo ID.

International Students

A non-U.S. citizen and non-resident alien of the U.S. student seeking full-time admission must submit the following: completed application and \$30 non-refundable application fee, official high school, secondary school, or college/university transcript in English or with an official English translation, one page writing sample or essay in English, official results of the Test of English as a Foreign Language (TOEFL) if English is not the primary language.*

*A minimum 70 iBT TOEFL or 5 IELTS score is required for full-time admission to Keystone College degree programs. Students who are offered admission to Keystone College with a TOEFL score between 71 and 79, or, an IELTS score between 5 and 6.4 may be required to enroll in supplementary ESL course work in addition to their regular degree classes for the

first semester. These courses include, ESL 0050 and ESL 0051.

Additionally, these students will be enrolled in ENGL 0050 – Critical and Analytical Reading, along with two other academic courses during their first semester.

For Visa requirements and Keystone College's authorization to issue I-20 forms, housing, and meal plans, please visit www.keystone.edu/admissions/internationalstudents.

Home-Schooled Students

Students involved in home study programs must submit the following: completed application and \$30 non-refundable application fee, portfolio of all completed high school level work, essays, and exams, SAT or ACT scores sent directly to the Office of Admissions (Keystone College's CEEB codes: SAT-2351; ACT-3602), home-school supplement to the secondary school report, which can be accessed at www.commonapp.org.

All home-schooled students are required to interview with a senior member of the Admissions staff, and are urged to contact the Office of Admissions for further information.

Early Admission

Keystone offers an Early Admission Program under which qualified applicants may enroll at Keystone College after completing their junior year of high school. Students are solely responsible to check with their high school to ensure they will receive a high school diploma. Acceptance is contingent upon final approval from the Dean of Enrollment following a required on-campus interview with a member of the Admissions Committee.

Honors Program

The Office of Admissions will invite students to participate in the Honors Program once formal acceptance to the College is granted. Students who desire to participate are encouraged to submit a completed application

for admission no later than April 1 of their senior year. For more information concerning admission requirements for the Honors Program, please visit www.keystone.edu/academics/honors.

Provisional Acceptance (Keys Program)

In special cases where students have not performed up to their potential and some concern exists as to their ability to succeed in college, they may be offered provisional acceptance to the College's Keys Program, which provides special academic reinforcement services. Students are required to achieve a 2.0 at the end of their second semester (freshman) or first semester (transfer). Failure to do so will result in academic suspension from the College. Additionally, students in the Keys Program are not permitted to take more than 16 credits during their first semester.

Veteran Students

Students who are eligible for veterans' education benefits follow the same application procedures as non-veteran students. To obtain information regarding veterans' education benefits, or to pursue eligibility for veterans' programs, contact the Veterans' Certifying Official, Office of the Registrar at Keystone College at 1-877-4-COLLEGE, or call the Veterans' Educational Counselor of the Veterans' Administration at 1-888-442-4551.

Weekender General Information

Students may earn academic credits in the Keystone College Weekender Program offered on the La Plume campus and the Towanda Center.

Weekender was established in 1975 for students who wish to pursue an associate or bachelors' degree while maintaining a job, family, and social responsibilities. Classes are held on seven weekends, on average every other weekend, during a four-month trimester.

The trimesters are held each year beginning

in September, January, and May. Students may attend each trimester or choose those which are best suited to their needs and responsibilities. Students receiving financial assistance should review the academic progress requirements on page 22, and speak with a Financial Assistance and Planning staff member before determining whether to take courses in a given trimester. New students should schedule an informational interview with the appropriate Weekender Site Coordinator prior to starting classes.

Weekender is designed to allow students to earn an associate degree in as little as two and two-third years, or a baccalaureate degree in as few as five years by taking three courses per trimester. Weekender course work may be combined with online, evening, intersession, or traditional day classes. Students attending Weekender receive a minimum of six hours of classroom instruction per course each weekend that classes are held. Classes are scheduled Fridays, Saturdays, and Sundays.

All courses and curricula require sufficient enrollment to be offered.

Prior Learning Assessment

Prior Learning Assessment is a way for students to document learning acquired outside of a college classroom and for evaluating that learning as a way to earn college credit. For more information about how to construct a PLA portfolio, contact your weekender coordinator or visit www.keystone.edu/weekender/pla.

For more information on Weekender majors, please visit www.keystone.edu and click on the Weekender page.

Summer Sessions and Intersessions

Keystone College offers two five-week summer sessions during which an extensive selection of courses is offered. Additionally, Keystone College typically offers two intersessions: the first in January and the second at the end of May. For more information about these flexible course offerings, please visit: www.

[keystone.edu](http://www.keystone.edu).

Part-Time Admission

Keystone College offers students the opportunity to participate in classes for credit, audit, and non-credit, in both traditional and weekender schedules.

Part-time students are not required to take the SAT or ACT tests. Degree seeking students wishing to take classes on a part-time basis should follow the guidelines listed under 'Application Procedures' on page 7, and may be eligible for financial assistance. Non-degree seeking students may take up to 11.5 credits as a part-time student prior to making application to the College.

Non-Matriculating/ Dual Enrollment

Students who have not yet received their high school diploma or equivalency or wish to take classes for transfer to another college/university may attempt up to 12 credits at Keystone College prior to making a formal application for admission. Students who have not yet received their high school diploma or equivalency and who are enrolled in a concurrent dual enrollment agreement may take up to 24 credits prior to making a formal application to the College. Students who have attempted 12 credits and do not wish to matriculate at Keystone College may register for courses directly at the Office of the Registrar. Students whose status is non-matriculating are not eligible for federal or Pennsylvania state aid.

High School Preparation

Students intending to enroll in a bachelor's degree program are strongly encouraged to pursue the following high school curriculum: English, 4 units; Math, 3 units (including 2 years of algebra); Science, 3 units (including 1 year of a lab science); Social Studies, 2 units; Electives, 4 units.

Validating High School Diplomas

If the Office of Admissions or the Office of Financial Assistance and Planning have reason to question the validity of an applicant's high school diploma, the College is required by the Department of Education to take additional steps to ensure its validity. In compliance with rule 668.16, the following steps will be taken:

- Review documents presented by the student
- Contact the school or individual listed on documentation
- Request direct written communication from the school validating graduation of the student

More detailed information can be obtained from the Office of Admissions and the Office of Financial Assistance and Planning.

ACT 120

Keystone College has established an agreement with various law enforcement agencies of the Commonwealth of Pennsylvania to award college credit for the completion of the ACT 120 program. The individual agreements and course/credit equivalents, based upon hours completed, are listed below:

480 Hours	580 Hours	760 Hours
CJ 1115 CJ 1125 FYS 1110 PHED 1110 12 Credits*	CJ 1115 CJ 1125 FYS 1110 COMM 1125 PHED 1110 15 Credits*	CJ 1115 CJ 1125 FYS 1110 COMM 1125 PHED 1110 Curriculum Elective 18 Credits*

*Credit for CJ 2710 may be awarded based on evaluation of Prior Learning Assessment.

Students with Learning Differences

Keystone College accepts only those students who have developed compensatory skills necessary to perform at a satisfactory level using the College's current array of support services. Keystone does not have a comprehensive support program designed especially for students with learning differences. We encourage those students who have documented learning differences to disclose this information.

Appropriate documentation of the specific disability will be required and reviewed by the Coordinator of Disability Services before the student can be granted any accommodations.

Additional Support and Options

Keystone College offers a variety of support services and options for students. For more information, please visit www.keystone.edu and click on student affairs and then resources for success.

- ACT 101 Program
- Keys Program (Provisional Acceptance)
- Career Development Center
- Counseling Services
- Disability Services

Financial Information

Tuition and fees are determined annually by the College's Board of Trustees and are published on the College's website at www.keystone.edu/tuition_aid/tuitionfees.

For the 2015-2016 academic year, full-time tuition covers 12 to 20.5 credits. Beginning with the fall 2016 semester, full-time tuition will cover 12-18 credits.

Deposit: Keystone requires students to pay a non-refundable advance deposit as a sign of firm intent to attend the College. This deposit is applied toward tuition, fees, and/or room and board charges when the student enrolls.

The College reserves the right to accept deposits only from returning students whose student account is in good financial standing.

New/Returning Resident: \$200

New Commuter: \$100

Security Deposit: Each resident student is billed an annual security deposit of \$200. This deposit is applied toward damage charges that may be billed to the student. The unused portion of the security deposit is refunded.

Health Insurance: All students taking 12 or more credits must have health insurance. Proof of health insurance coverage must be submitted per instructions provided by Health Services prior to the start of the student's first semester of attendance each year. Students will be billed for health insurance unless waived by timely presentation of proof of appropriate coverage.

Please see the following for descriptions of individuals fees.

New Student Orientation (NSO)

Program Fee: The NSO program fee helps defray the cost of expenses incurred during the multi-day Keystone orientation program. Students who do not participate in this program are still charged this fee.

Registration Fee: The one-time registration fee is charged at the beginning of a full-time student's first term at the College. This fee helps pay the expenses for the student's initial Orientation Day and the registration process necessary at the beginning of each term.

College Fee: Allocation of fees is determined by the College administration to offset costs of operating expenses for student government and clubs, special student services such as trips and excursions, and the purchase of new equipment to improve the overall activities at the College. The fee is used to provide students with enhanced services such as, but not limited to, telecommunications, computer network connectivity, personal e-mail address with web access, Moodlerooms, multimedia equipped classrooms, computer labs offering the latest software from Microsoft® and other vendors, campus-wide Internet access, and library references material access.

Graduation Fee: This fee helps to defray the cost of evaluating the student's academic record to determine eligibility for graduation, purchasing the student's graduation cap and gown, ordering the student's diploma, and providing the commencement program. Students who are excused from attending graduation by the President of the College will receive their diplomas in the mail and may request that their caps and gowns be mailed if they wish. (There is no reduction in the fee for graduates who do not attend commencement.)

Administrative Schedule Change:

Student does not submit forms when dropping/

adding class(es)

Change of Schedule: After first 10 days of semester.

Course Audit: See page 38.

Credit by Assessment: See page 38.

Transcript: See page 44.

Vehicle Registration and Parking Fee:

Parking a vehicle on campus

The College also levies charges for special situations, that may apply to full- and part-time students. Please visit www.keystone.edu/tuition_aid/tuitionfees/ for additional information.

The Trustees of the College reserve the right to change fees whenever such action is deemed advisable. Every effort will be made to notify students and parents well in advance of any major changes in cost.

THE OFFICE OF STUDENT BUSINESS SERVICES

The Office of Student Business Services is responsible for billing and collection of all tuition and fees. They assist students and families with payment options and questions regarding student accounts.

Further information regarding student accounts may be obtained by contacting the Office of Student Business Services at (570) 945-8369 or 1-877-4COLLEGE, option 3; through the mail at: Student Business Services, Keystone College, One College Green, PO Box 50, La Plume, PA 18440-1099; or via email at studentaccounts@keystone.edu.

Student Account Information

Any outstanding balance which remains on a student's account after deduction of financial aid, grants, scholarships, and loans should be paid in accordance with the billing instructions.

A specific due date is publicized on billing statements. Following registration, a monthly statement will be sent to each student's home address. In addition, for all balances not paid in full when due, the student is responsible for all costs incurred by the College to collect such debt. This may include, but is not limited to, collection costs, litigation/attorney fees, and court costs. Students who are unable to pay in full by the stipulated time may contact the Office of Student Business Services prior to the bill's due date to review the College's payment plan options.

Payment of the term bill may be made in person or by mail. Checks or money orders should be made payable to Keystone College. The College also accepts VISA, MasterCard, Discover, and American Express credit cards.

Cash should not be sent through the mail. Students wishing to wire transfer their payment to the College should use the following account information:

PNC Bank
ABA # 031300053
Scranton, PA 18501
For further credit to Keystone College
Account # 9009700944

A charge for each wire transfer will be reflected on the student's account as a "bank charge."

Questions relating to any charge appearing on a monthly billing statement should be brought to the attention of the Office of Student Business Services within five days of receipt of the billing statement.

The full payment of each term's bill is a prerequisite for official enrollment for the term, for registration in a new semester, for retention of on-campus housing, for receipt of credit for coursework, for participation in commencement exercises, and for issuance of grade reports and transcripts.

*If changes occur or initial registration has occurred.

NSF Transaction Fee: A service charge is assessed to the student's account if a check presented for payment is returned to the College as uncollectible.

FINANCIAL CLEARANCE

Financial clearance is obtained by students through Student Business Services when their student accounts are considered to be in good financial standing. Financial clearance is needed to register for courses, apply for student housing, maintain course registration and housing assignments, receive official College transcripts, participate in commencement, and receive a diploma.

The College reserves the right to terminate the registration of a student who has an outstanding financial obligation to the College. The College reserves the right to hold transcripts and diplomas as a result of nonpayment of obligations and to forward delinquent accounts to collection agencies and to levy a collection fee. Holds are removed upon satisfaction of the outstanding obligation. The terminated student may petition for reinstatement of enrollment by satisfying the indebtedness to the College. The College does not guarantee that the previous course selections will be available upon reinstatement.

The privileges of registration, advance registration, receipt of a diploma, and receipt of transcripts of record are barred to students having outstanding obligations to the College. Obligations may take the form of unpaid monies, unreturned or damaged library books and equipment, parking fines, other charges for which a student may become legally indebted to the College, and failure to meet immunization requirements or to comply with disciplinary sanctions or administrative actions.

WITHDRAWALS, REFUNDS, AND CREDITS

Withdrawing from or dropping a course may adversely affect a student's financial aid eligibility. All students should speak with a member of the Financial Assistance and Planning Office prior to withdrawing from or dropping a course. A student seeking to withdraw from the College during a semester must contact the Advising Center to complete an exit interview and begin the withdrawal process. Merely notifying an instructor or academic adviser is not sufficient. Once a withdrawal is authorized tuition refunds will be made as outlined below.

A student in the Weekender schedule seeking to withdraw from Keystone College must submit written notice of withdrawal to the Advising Center. Merely notifying an instructor or academic adviser is not sufficient. Upon completion of the refund process any outstanding balance due to Keystone College is the responsibility of the withdrawing student. Contact the Student Business Services Office with any questions.

A student who leaves the College due to dismissal for disciplinary reasons is not entitled to any refund. No credits on any charges will be made to students who have been suspended or expelled from the residence halls and/or the College. Room charges are not refunded at any time, and board credits are prorated as of the end of the calendar week of withdrawal.

Refund Policy: Complete Withdrawal (Withdrawal from all enrolled credits/courses)

If a student completes the official withdrawal process before the first day of classes for the payment period, Keystone College will refund 100% of all tuition, lab fee(s), activities fee, health fee, technology fee, and room and board charges. Keystone College will return all respective Title IV awarded monies, in full, to the appropriate program accounts.

When a student withdraws on or after the first day of classes, Keystone College will refund the difference between any amount

paid toward tuition and board charges (which includes financial aid payments) and the amount of charges retained on the student's account for the period of the student's attendance. The charges retained on the student's account are in accordance with the return of Title IV Refunds Policy, as directed by federal regulations.

A student who withdraws on or before the 60% point of time in the period of enrollment, for which the student has been charged, is only eligible to receive the amount of Title IV Federal Aid earned during his or her actual enrollment. Keystone College must, per federal regulations, calculate a refund of Title IV Federal Aid to be returned under the federal refund calculation. Refunds of tuition and board, if applicable, for students as a result of an official withdrawal will be made according to the appropriate tuition refund schedule. These schedules are listed further in this section.

The room charge is not refundable due to a withdrawal; however, board is prorated as of the end of the calendar week of withdrawal. Institutional fees are not refunded. An unofficial withdrawal will be calculated at a maximum refund of 50%. The date used to calculate the refund is the official withdrawal date as determined by Keystone College.

Backdating withdrawal dates is not permissible.

Tuition Refund Schedules Traditional Fall and Spring Semesters

Segment of Semester	Refund
Prior to the start of classes	100%
Up to the end of the first week	90%
Up to the end of the second week	75%
Up to the end of the third week	60%
Up to the end of the fourth week	45%
Up to the end of the fifth week	25%
Beyond the fifth week	No Refund

Weekender Terms: Complete Withdrawals

Segment of Trimester	Refund
Start of Weekender #1 to start of Weekender #2	75%
Start of Weekender #2 to start of Weekender #3	50%
After the start of Weekender #3	No Refund

Summer Sessions (Complete Withdrawals)

Segment of Session	Refund
Up to the end of the first week	50%
Beyond the first week	No Refund

Partial Withdrawal/Status Change (Withdrawal from currently enrolled credits/courses while remaining enrolled)

After the last day to drop classes from a term without notation:

- No charge reduction is granted to a student who withdraws from one or more courses but remains registered in at least one course; and
- No status adjustment is made from full-time to part-time with regard to charges and financial aid, with exception given to federal and state grants. Consult with the Office of Financial Assistance and Planning for additional information.

Financial Assistance and Planning

Keystone College is committed to facilitating our student's educational goals by providing financial assistance to those working to earn a degree or certificate from one of our many programs. To achieve this goal, Keystone has established a broad and effective financial aid assistance program which includes federal, state, institutional, and outside resources. These programs consist of scholarships, grants, loans, and work-study opportunities; all structured to best serve our students.

Further information regarding financial aid may be obtained by contacting the Financial Assistance and Planning Office by phone at (570) 945-8134 or 1-877-4COLLEGE, option 2; via mail at Financial Assistance and Planning Office, Keystone College, One College Green, PO Box 50, La Plume, PA 18440-1099; or via e-mail at financialaid@keystone.edu.

Eligibility

Financial Assistance is not a requirement for attendance at Keystone College; however there are multiple resources for which a student may be entitled to help defray educational costs.

The first step for Keystone College to best determine a Personal Financial Aid Award will be to complete an enrollment application and a Free Application for Federal Student Aid (FAFSA) at <https://fafsa.ed.gov/>. Please be sure to include Keystone's financial aid school code 003280.

The Financial Assistance and Planning Office will consider the following measures to provide the most comprehensive financial aid award package:

Enrollment Status: This is determined by number of credit hours

for which a student is enrolled in during a semester. Financial Aid may change if student adds or drops classes.

Merit: Awards based on academic achievements such as SAT scores and high school and college Grade Point Averages (GPA).

Need: Upon completion of the FAFSA an Expected Family Contribution (EFC) is provided on student's Student Aid Report (SAR). This is an index number that helps determine need based aid including:

- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- Direct Subsidized Loan
- Federal Perkins Loan
- Federal Work Study
- Need-based State Grant programs
- Need-based Institutional programs.

Program: The type of program may also affect aid eligibility including:

- Undergraduate
- Graduate
- Certificate
- Online

Financing Your Education at Keystone College

Terms on a personal financial aid award notification include the following:

Direct Cost: Charges invoiced by Keystone College such as tuition, fees, and room and board (for campus based housing only).

Indirect Cost: Educational related expenses not invoiced by Keystone College such as supplies, transportation, and personal expenses.

Annual Financial Aid Cost of Attendance (COA): The total amount it will cost to go to school, usually stated as a yearly figure. The COA is the addition of all direct and indirect costs. The annual amount of financial aid awarded to a

student may not be greater than this total figure.

Net Cost: The direct cost less all grants, loans, and scholarships.

Financial Assistance Programs

Financial aid may come from the U.S. federal government, state, Keystone College, and nonprofit or private organizations. Please see each specific type listed below.

Federal Aid Resources

Students must meet the following requirements to be considered for any federal aid programs:

- File a FAFSA for the current award year for which you plan to attend.
- Earn a high school diploma, GED, or meet home schooling requirements.
- Enroll as a matriculating student in an eligible degree or certificate program.
- Be U.S. citizen or eligible non-citizen.
- Maintain Satisfactory Academic Progress (SAP).
- Cannot already possess a bachelor's degree (this requirement does not apply to unsubsidized or plus Federal Direct loans or Federal Work Study).
- Selective Service registration (if required)
- Not owe a refund on federal aid and not be in default on federal student loans.
- Not have been convicted of an illegal drug offense that would make you ineligible for federal aid. You may become eligible if you complete an acceptable drug rehabilitation program, please contact Financial Assistance and Planning or see instructions provided on the FAFSA

for details.

Federal Pell Grant

The Federal Pell Grant is considered to be the foundation of financial aid. Eligibility for this grant is determined before aid from other sources (federal and non-federal) is awarded. The Pell Grant does not have to be paid back, unlike loans. Awards are made according to students Expected Family Contribution (EFC) calculated on the FAFSA. The maximum Pell Grant award for the 2015-2016 academic year (July 1, 2015 to June 30, 2016) is \$5775. The amount received will depend upon demonstrated financial need, cost to attend Keystone College, enrollment status, and the number of semesters attended during an academic year.

FSEOG

The Federal Supplemental Educational Opportunity Grant (FSEOG) is a grant awarded to students with exceptional financial need. Students who are Pell Grant eligible and have the lowest EFCs will be the first to receive this grant. Keystone College bases its FSEOG awards on EFC, demonstrated financial need and funding available in the program.

Federal Carl D. Perkins Loan

The Carl D. Perkins Loan is a low interest (5%) loan that is administered by Keystone College for students who demonstrate financial need. The Perkins Loan is made with federal funds but Keystone College is the lender. An Entrance Counseling and Master Promissory Note (MPN) must be completed in the Student Business Services Office.

Repayment begins nine months after a student graduates, withdraws, or attends less than half-time. Interest accrues beginning in the tenth month after graduation,

withdrawal, or a less than half-time time status. The maximum repayment schedule is ten years.

Federal Direct Loan Program

Direct Loans are low-interest loans for students and parents to help pay for the cost of a student's education after high school. The lender is the U.S. Department of Education (the Department), though most of the contact will be with loan servicers. Student borrowers are not required to begin making payments until after they drop below half-time attendance.

The Direct Loan Program offers the following types of loans:

- **Subsidized:** for students with demonstrated financial need, as determined by federal regulations. No interest is charged while a student is in school at least half-time, during the grace period, and during deferment periods.
- **Unsubsidized:** not based on financial need; interest is charged during all periods which include in-school, grace and deferment periods.
- **PLUS:** unsubsidized loans for the parents of dependent students and for graduate/professional students. PLUS loans help pay for education expenses up to the cost of attendance minus all other financial assistance. Interest is charged during all periods.

Applying for a Loan

Application for Federal Student Aid (FAFSA) is required for all loan applicants. Additionally the following documents must be completed at www.studentloans.gov:

Subsidized Federal Direct Loans (for undergraduate students)

Unsubsidized Federal Direct Loans (for undergraduate and graduate students)

Entrance counseling: If a student has not previously received a loan, entrance counseling must be completed before the first disbursement of the federal loan. This explains a student's rights and responsibilities for loan borrowers.

Master Promissory Note: To take out a Direct Loan, a student must complete a Master Promissory Note (MPN). The MPN is a legal document in which a student promises to repay their loan(s) and any accrued interest and fees to the Department of Education. It also explains the terms and conditions of loan(s).

Grad and Parent PLUS Direct Loans (for graduate students and parents of undergraduate students).

PLUS Application: PLUS loans require an application, which includes a credit check, to determine eligibility. New and previous PLUS borrowers, must complete a new Parent PLUS Loan or Grad PLUS Loan application each time they wish to borrow.

Entrance Counseling for Graduate PLUS borrowers: When applying for a Direct PLUS Loan as a graduate student, a Direct PLUS Loan Entrance Counseling must be completed as well. Mandatory PLUS counseling for certain applicants who are determined to have an adverse credit history is separate and does not fulfill the entrance counseling requirement for first-time graduate student Direct PLUS Loan applicants. Depending on a student's circumstances both documents may have to be completed.

Entrance Counseling for Parent PLUS borrowers: It is mandatory for certain applicants who are determined to have an adverse credit history to complete a Direct PLUS Loan Entrance Counseling. Entrance Counseling is available to all PLUS borrowers.

Master Promissory Note (MPN): To

take out a Direct PLUS Loan, a complete a Graduate PLUS or Parent PLUS Master Promissory Note (MPN) must be completed. The MPN is a legal document in which the borrower promises to repay the loan(s) and any accrued interest and fees to the Department of Education. It also explains the terms and conditions of your loan(s).

Accepting a Loan

Keystone College will notify you of the loan amounts in your Personal Financial Aid Award Notification that lists all of your proposed financial aid awards (your award package). No action beyond registration and completion of a MPN and Entrance Loan Counseling is necessary for loan acceptance.

The student should evaluate the aid offer carefully. In the case of loans, remember that whatever amount the student borrows must be paid back with interest. If living expenses are not as high as the standard allowance projected by the school, the student may not have to borrow as much as the amount in the award package.

To get an idea of monthly loan payments and repayment plans after graduation, please visit <https://studentaid.ed.gov/repay-loans/understand/plans>.

Students have the right to decline the loan or to request a lower loan amount. Please contact Financial Assistance and Planning immediately to make a loan reduction in the award package.

Loan Limits

Information regarding annual and aggregate loan limits can be found at www.keystone.edu/loanlimits/.

Disbursements

Generally, a loan will be applied to a full academic year and Keystone College will make at least two disbursements to

your student account, for example, at the beginning of each semester or module, or at the beginning and midpoint of the academic year.

The loan can be used to pay tuition and fees, room and board, and other authorized charges. Keystone College will notify the student in writing each time part of the loan is disbursed and will provide information about how to cancel all or part of the loan if the student no longer needs the money. You will also receive a notice from the loan servicer confirming the disbursement. Students should read and keep all correspondence received concerning the loan.

Leaving School (Graduating, Withdrawing, or Dropping Below Half-Time)

Once a student is no longer enrolled at least half-time in an eligible program, the student will receive a six-month grace period on the Direct Subsidized and Unsubsidized Loans during which they are not required to make loan payments. Students must begin repayment at the end of the grace period.

If students have an in-school deferment on a Direct Subsidized or Unsubsidized Loan that entered repayment at an earlier date (before the student returned to school) and the student graduates, drops below half-time enrollment, or withdraws from school, the student will be required to immediately begin making payments on the loan because the 6-month grace period has already been used up; there is no second grace period.

Exit Counseling

The federal government requires students who are no longer attending at least half time in an eligible program to complete exit counseling prior to graduating or

withdrawing. Please visit www.studentloans.gov to complete the online session.

Work Study

Keystone College provides two types of work study. The Federal Work Study program, which is funded from a variety of sources including the federal government, is need-based and eligibility is determined by the EFC on your FAFSA. Keystone Work Study is funded solely by Keystone College and is eligible to all students. When the Financial Assistance and Planning Office creates a student's Personal Financial Aid Award Notification the student will see an estimated work study award which is not credited directly to the student but received in a bi-weekly paycheck. The actual amount earned will vary based upon the hours the student works. Even though a work study award is included in the award package, there is no guarantee of employment.

Students new to the Work Study program at Keystone College will need to complete an 1-9 form (Employment Eligibility Verification Form), W-4 (IRS form W-4), and provide two forms of ID (driver's license, student ID, social security card or passport). For more information and to view the current job openings visit www.keystone.edu/studentlife/resourcesforsuccess/workstudy/.

Pennsylvania State Financial Aid Resources

For additional information for any of the State Grant Programs please visit www.pheaa.org and create an account.

PHEAA State Grant

A grant based upon financial need and sent directly to Keystone College on your behalf if you meet all of the requirements.

- To be considered for a PA State Grant, you must demonstrate

financial need AND:

- Complete the FAFSA and State Grant Application form by May 1st.
- Be a Pennsylvania resident, as stipulated in the Pennsylvania State Grant law
- Be a high school graduate, as stipulated in the Pennsylvania State Grant law
- Attend a postsecondary school approved by PHEAA for Pennsylvania State Grant purposes
- Be enrolled at least half-time (at least six semester credits or the equivalent)
- Be enrolled in an approved program of study of at least 2 academic years in length
- Be enrolled in a program of study where at least 50% of the total credit or clock hours needed for completion of the program are earned through classroom instruction
- The program itself must be structured to allow you to complete at least 50% of your credits or clock hours in the classroom.
- Your enrollment pattern must also consist of at least 50% classroom instruction per term (unless you have a medical disability approved under ADA specifications).
- Make satisfactory academic progress (as defined by PHEAA)
- Not previously earned a bachelor's degree or its equivalent
- Be of satisfactory character (for example, not be incarcerated)
- Not be in default or pending default on an educational loan

Ready to Succeed

A grant based upon your academic standing and sent directly to Keystone

College on your behalf if you meet all of the requirements.

- There are several requirements students must meet in order to qualify for participation in RTSS:
- Your school must participate in RTSS.
- You must meet all Pennsylvania State Grant (State Grant) eligibility requirements—with the exception of financial need—with three additions:
- You must have a cumulative GPA of 3.25 or higher as of the time your school checks academic progress for the State Grant Program.
- You must have completed at least one academic year (24 semester credits or their equivalent) by the time your school checks academic progress for the State Grant Program.
- You must have a total annual family income that does not exceed \$110,000.
- You must complete a FAFSA® and a SGF. The funding for RTSS is limited and will be distributed on a first-come, first-served basis, based upon the date that you complete these forms. This means that even if you qualify for RTSS, you are not guaranteed an award. There may be more qualified students than the program can fund.

State Work Study Program

The program is open to all Pennsylvania students, as long as they meet the eligibility requirements:

- Be a Pennsylvania resident for at least 12 consecutive months before you file the FAFSA excluding any time you were enrolled in a Pennsylvania postsecondary school

- Be an undergraduate student who is eligible for a PA State Grant or be a graduate student who still has financial need after gift aid has been applied
- Be able to benefit from a career-related work experience
- Not be in default or pending default on an education loan or owe a State Grant refund

New Technology Scholarship

This grant is no longer being funded. Students who have received funds consecutively since 2010-2011 are able to renew if they still meet the eligibility requirements.

Pilot Program

The Pennsylvania Higher Education Assistance Agency (PHEAA) created a pilot program for a limited number of schools and students enrolled in online programs. Currently, Pennsylvania State Grant regulations and policies place limits on online programs of study. Legislation allows PHEAA to offer a State Grant Distance Education Pilot Program to provide PA State Grant awards to online students at participating institutions. Information on the pilot program is available at www.pheaa.org/sgdepp.

Additional Grant Programs

Contact your state's Department of Education for further information on post-secondary educational grant opportunities.

Institutional and Outside Financial Resources

Scholarships and Discounts

Keystone College offers a variety of financial awards and assistance to new and

returning students to help defray education costs. These awards may be based on academic merit, financial need or other factors. These awards are considered “gift aid” and do not need to be repaid by the student.

Most of our scholarships are awarded by the Office of Admissions or the Financial Assistance and Planning Office, so there is no need for application. However, some of the outside scholarship sources have application deadlines and requirements.

- Merit Scholarships (see page 24)
- Donor Supported Scholarships (see page 25)
- Outside Scholarships
- Intuition Scholarships and Discounts

Please visit www.keystone.edu/tuition_aid/scholarships/ for more information.

Outside Agencies and Other Financial Resources

Students who qualify for funding with outside agencies are typically required to have all such awards on their financial aid notification letter and to fall within the constraints of the student’s cost of attendance.

Office of Vocational Rehabilitation (OVR):

OVR provides educational assistance to medically qualified students. When determining the amount of assistance OVR requests information from the Financial Assistance & Planning Office pertaining to the student’s eligibility for state and federal grant assistance. For more information or to contact an OVR representative please visit <http://www.portal.state.pa.us/portal/server.pt?open=512&objID=5278&mode=2> and click on Disability Services.

Trade Act Agreements:

The Federal Trade Adjustment Assistance (TAA) program and Workforce Investment Act (WIA) are occupational training programs funded by federal and state agencies for people who have lost their jobs. Visit www.cwds.pa.gov/ for more information.

Military/Veterans Funding: These types of funding can help with the cost of furthering your education and skills through benefits to pay for tuition, housing, training, and other expenses related to your education. The following websites are great resources for Military students: www.keystone.edu/admissions/veterans/ or <http://explore.va.gov/education-training>.

Tuition Management Systems

(TMS): Keystone College participates in the Tuition Management Systems (TMS) payment program which allows for monthly installments while the student is enrolled, thereby eliminating the need to make a large sum payment prior to the beginning of each semester. Payments cannot exceed total yearly charges less any financial aid. No interest is charged, however there is a minimal annual fee.

For more information or to set up a plan contact Student Business Services at 1-877-4-COLLEGE, Option #3 or Tuition Management System at 1-800-722-4867 or online at <https://keystone.afford.com/Home>.

Alternative or Private Student

Loan: These loans are often referred to as “alternative” because the most typical method of borrowing money for college is through Federal loans that are either underwritten or guaranteed by the Federal government. While Federal loans are primarily based on a student’s need, alternative loans are based on the student’s creditworthiness in relation to the total costs of their college education.

Satisfactory Academic Progress Requirements for Financial Aid

Federal regulations require that educational institutions measure students' Satisfactory Academic Progress (SAP) toward a declared educational objective, both quantitatively and qualitatively during a defined period of time. These academic standards apply to all students, for all periods of enrollment, at all colleges attended, regardless of whether or not aid was received.

SAP is defined as a measure of both qualitative and quantitative levels of a student's academic performance. Additionally, a program must be completed within a Maximum Timeframe (MTF) standard which is 150% of your program length.

Definitions

Qualitative: Minimum Cumulative Grade Point Average (CGPA) that a student must maintain to receive financial aid.

Quantitative: Pace Requirement is based on all credits attempted regardless of whether or not aid was received. Pace is calculated as: $(\text{number of credits earned} \div \text{number of credits attempted}) \times 100$.

Maximum Time Frame (MTF): Directs that a student must complete their degree within a reasonable time frame. Federal regulations limit funding to no more than 150% of the average program length. The credit limit includes dual majors, changes in majors and second degrees.

A student must meet the following minimum Cumulative Grade Point Average (CGPA) and pace requirements:

1. < 30 Credits Attempted: CGPA of 1.75 with a completion rate of 2/3 (66.667%)*
2. > 30 Credits Attempted: CGPA of 2.00 with a completion rate of 2/3 (66.667%)

* Students who transfer in less than 30 credits are considered new students for SAP purposes. Credits transferred into Keystone College are considered attempted and earned.

Students who fall behind in their coursework, who do not achieve minimum standards for grade point average and completed credits, may lose eligibility for all types of federal, state and institutional aid administered by the Financial Assistance and Planning Office. Loss of aid eligibility does not prevent you from enrolling in courses, but it does affect your ability to receive financial aid to help cover the expenses.

Procedure for Checking Satisfactory Academic Process

At the end of each semester student records are reviewed to determine if the minimum qualitative and quantitative requirements have been met. The first time standards are not maintained ya student is considered to be on a financial aid warning and are eligible to continue receiving financial aid for one subsequent semester. At the end of the warning period SAP is reviewed and, if the deficit has been made-up, the student may continue to receive financial aid. If SAP criteria have not been met, the student may be able to reestablish aid by attempting credits without the help of financial aid funds until the student meets all SAP standards. If the student is able to achieve this goal, the student must notify the Financial Aid Office. The student may also regain eligibility with a successful appeal (see below).

Repeated Courses

Students may repeat a previously passed course once and be eligible for payment on the repeat (second attempt). Students may repeat a failed course until it is passed and be eligible for payment, however it counts as attempted and not earned which will make it difficult to keep on pace.

Unsatisfactory Academic Progress Appeal

If a student has experienced extenuating circumstances beyond their control that prevented he/she from satisfying the requirements to maintain Satisfactory Academic Progress (SAP), the student may appeal that status. An unsatisfactory academic progress appeal may be approved one time only.

Extenuating circumstances beyond a student's control include, but are not limited to:

- Documented medical condition or serious illness
- Documented learning disability
- Death of a family member or friend
- Involuntary call to active military duty
- Documented change in conditions of employment
- Other extraordinary/emergency circumstances, such as natural disasters.
- Maximum Time Frame Appeals
- Completed prior degree(s) before enrolling in current degree program
- Dislocated worker

Please visit www.keystone.edu/about_us/departments_and_offices/forms/financialassistance/2015_2016forms/USAP+Appeal+Instructions+and+Form.pdf for the unsatisfactory academic progress appeal instructions and form.

Approved Appeal

If the Office of Financial Assistance and Planning concludes the student will most likely be able to make up progress by the next evaluation period and the student does, financial aid will be reinstated. As with every other student, SAP will be monitored on a period of enrollment basis. Only one SAP appeal may be granted.

The Office of Financial Assistance and

Planning, in conjunction with the Registrar's Office, may develop an academic plan that will help ensure progress is met within a specified time frame. Academic plans are designed to fulfill SAP requirements on an individualized time frame. If the student agrees to the terms and conditions and meets the requirements their financial aid will be reinstated. As with every other student, SAP will be monitored on a period of enrollment basis. Only one SAP appeal may be granted.

Denied Appeal

If an appeal is denied students are welcome to attend Keystone College, however they must obtain their own financial resources to cover costs until the minimum SAP requirements have been met.

Re-admittance

All students applying for re-admittance to Keystone College must have their academic transcripts and financial aid reviewed for Satisfactory Academic Progress (SAP). If the student does not meet current policy standards he/she may be eligible for the appeals process. Only one SAP appeal may be granted

Federal Return to Title IV Aid Policy

Keystone College has developed a policy for the treatment of federal student aid returns that are required when a student ceases to be enrolled. Keystone is required to determine the earned and unearned portions of Title IV aid as of the date the student ceases attendance based on the amount of time the student spent in attendance. This policy applies to all students that receive Federal Pell Grant, Federal Supplemental Educational Opportunity Grants, Direct Student Loans and Iraq and Afghanistan Service Grants.

The Federal “Return of Title IV funds” formula dictates the amount of Federal Title IV aid that must be returned to the federal government by the school and the student. The formula is applicable to Keystone College students withdrawing up through the 60% point of the semester. For all programs offered in modules, a student is considered to have withdrawn for Title IV purposes if the student ceases attendance at any point prior to completing the payment period or period of enrollment. Keystone will calculate a return unless the school obtains written confirmation from the student at the time of the withdrawal that he or she will attend a module that begins later in the same payment period or period of enrollment. After the 60% point in the payment period or period of enrollment, a student has earned 100% of the Title IV funds that he or she was scheduled to receive during the period and a return is not required.

The percentage of Title IV aid to be returned is equal to the number of calendar days remaining in the semester divided by the total number of calendar days in the semester. The total number of calendar days in the payment period or period of enrollment includes all days in the payment period excluding scheduled breaks of at least five consecutive days. If a student receives excess Title IV program funds that must be returned, Keystone must return a portion of the excess equal to the lesser of: Institutional charges multiplied by the unearned percentage of funds, or the entire amount of excess funds.

The school must return this amount even if it didn't keep this amount of the student's Title IV program funds. If Keystone College is not required to return all of the excess funds, the student must return the remaining amount. A school must return Title IV funds to the federal programs from

which the student received aid during the payment in the following order, up to the net amount disbursed from each source:

1. Unsubsidized Direct Loans (other than Direct PLUS Loans)
2. Subsidized Direct Loans
3. Direct PLUS Loans
4. Federal Pell Grants for which a Return is required
5. Federal Supplemental Educational Opportunity Grants (FSEOG) for which a return of funds is required
6. Iraq and Afghanistan Service Grant, for which a Return is required.

Keystone College will return any unearned Title IV funds it is responsible for returning within 45 days of the date it is determined the student withdrew, and offer any Post-withdrawal disbursement of loan funds within 30 days of that date. Keystone will disburse any Title IV grant funds a student is due as part of a Post-withdrawal disbursement within 45 days of the date it is determined the student withdrew, and disburse any loan funds a student accepts within 180 days of that date. Unless a student subject to verification has provided all required verification documents in time for Keystone College to meet the Return deadlines, Keystone will include as Aid Disbursed or Aid That Could Have Been Disbursed in the Return calculation only those Title IV funds not subject to verification.

For more information, please visit www.keystone.edu/tuition_aid/policiesdisclosures/.

SCHOLARSHIPS AND AWARDS

Merit Scholarships

A variety of merit scholarships are awarded from the Admissions Office. Each student who applies to Keystone College

and is accepted may be eligible for a merit scholarship. A student can only receive one merit scholarship and these scholarships are not need-based. The Admissions Office uses several pieces of information to determine what scholarship and dollar value is awarded. These factors include, but are not limited to, SAT/ACT scores, high school academic record, and information provided in the application file. The scholarships available are:

- Academic Excellence Scholarships
- International Student Scholarship for Currently Enrolled Students
- Promise Scholarships
- Presidential Scholarships
- Trustee Scholarships
- Community Excellence Awards

For more information on merit scholarships, visit www.keystone.edu/tuition_aid/scholarships.

Transfer Scholarships

Keystone College offers a variety of scholarships geared directly towards transfer students including:

- Local College Scholarships
- Phi Theta Kappa Scholarships

Donor-Supported Scholarships

Endowed and annual scholarships are funds that benefactors provide to Keystone College to award to students in accordance with the criteria established for each scholarship. The Financial Assistance and Planning Office awards most of these scholarships; however, some do require a separate application. All students who receive a donor-supported scholarship are asked to attend the College's annual scholarship luncheon, as well as respond

with a note of thanks to the benefactors through the Office of Institutional Advancement and receive instructions on doing so.

Since the introduction of the College's donor-supported scholarship program in 1996, more than \$5 million in scholarship funding has been awarded to over 3,000 worthy Keystone College students. Each year over 200 students benefit from approximately \$375,000 in donor-supported scholarship assistance. Thanks to the generosity of donors, the College currently offers the following donor-funded scholarships.

Endowed and Annual Donor-Supported Scholarships

Margaret Addis Scholarship at Keystone

- College Alperin Family Scholarship
- Alumni Association Scholarship
- Professor Anita S. Appleton Scholarship
- John and Pat Atkins Scholarship
- Sister Adrian Barrett, IHM Leadership Award

- N. Ruth Bayliss '53 Memorial Scholarship
- Behrmann Family Scholarship
- Constance Reynolds Belin Scholarship
- Vladimir Bialkowski Memorial Scholarship

Student Life: Information and Regulations

College Regulations

By accepting the offer of admission, students enrolling in Keystone College agree to conduct themselves in a manner compatible with the best interests of Keystone and agree to abide by all published regulations governing the student body. The Student Handbook outlining the regulations is available on the Keystone College Web site.

Social Dismissal

The Keystone College student is expected to possess qualities of good citizenship. A student may be suspended or dismissed for violation (Student Handbook) of Keystone College rules and regulations. All students who are suspended or dismissed from the College are still responsible for paying their student account bill. No refunds will be granted for students who are suspended or dismissed from the College. Refer to the Student Handbook for policies.

Student Conduct

The Office of Student Conduct is committed to providing all students the best possible service and experience at Keystone College. The primary function of the Office of Student Conduct is to uphold the Student Code of Conduct; administer conduct procedures in support of the College's mission and vision; and to maintain a positive learning community for the College community.

The Office of Student Conduct encourages equality, dignity, and mutual respect for all members of the campus community. The office strives to inspire trust and confidence in the College's rules, regulations and student conduct procedures.

Residence Life

The Office of Residence Life supports the personal growth of resident students as they adjust to college life and interact with others in the residence halls, the College community, and the surrounding area. The office oversees eight residence halls, which include cable television, internet access, local telephone service with voicemail, and the use of the campus laundry facilities at no extra charge. In order to maintain community values and responsible living for the residents, the College has established the following guidelines:

First-year students: First-year students who live outside a 50-mile radius from Keystone College, and who are under the age of 21, must live on campus if they are not residing with a parent or legal guardian. First year students who fall into this category must live on campus for both the fall and spring semesters.

Full-Time Students: Students are required to carry a minimum of twelve (12) credit hours to live in a residence hall. A student who drops below 12 credit hours after the start of an academic year and wishes to remain in the residence hall must submit a written request to the Office of Residence Life. This request must clearly state the reason(s) why the student wishes to carry fewer than twelve (12) credit hours and still live in the residence hall.

Any student who falls below 12 credits and has their request to remain on-campus denied will have to move out of the residence halls within 24 hours. Students can only request a pro-rated refund on their meal plan, not their housing, in this circumstance.

Accommodations: There are limited housing spaces available for special accommodations and priority will be given to individuals who are eligible to receive accommodations under Section 504 of the American with Disabilities Act (ADA). Special housing accommodations are not standard. In order to determine if special housing is a reasonable request, we must receive detailed documentation. Documentation must be from a medical doctor or licensed professional with expertise in the area of diagnosis.

Student Activities and Leadership Development

Keystone College prides itself on the opportunity it presents for informal and friendly exchanges among students, faculty, and staff, which occur both in and out of the classroom. There are many events scheduled throughout the year to promote this interaction while Keystone's pleasant campus atmosphere allows for spontaneous gatherings.

Through the Office of Student Activities and Leadership Development, students are encouraged to participate in various leadership programs. The office provides opportunities such as attending a National Conference for Student Leadership, participating in the Wilkes-Barre Intercollegiate Leadership program, attending the Keystone College Leadership Conference, and much more.

Students at Keystone are encouraged to live well-rounded campus lives by including intellectual, cultural, recreational, and community service interests as integral components of their education. With the support and guidance of the Student Life staff, many clubs and organizations provide an assortment of activities in which any student may participate. One of the advantages of attending Keystone College is that our students can become involved in activities and begin to assume leadership positions during their first year.

Diversity Services

Keystone College acknowledges and embraces the importance of diversity in today's world. We foster an environment of respect and appreciation for diversity, including, but not limited to race, ethnicity, nation of origin, gender, sexual orientation, religious affiliation, and disabilities. This is accomplished by working with individuals and groups on issues of awareness, understanding and acceptance of diversity through creative programming, workshops, training, and special events.

Student Government

Keystone College's Campus Ministry works closely with the ministries of Northeastern Pennsylvania and promotes a caring community that provides services to students, staff, and faculty among different faiths. Campus Ministry also promotes students to take leadership roles in the community and on campus through outreach.

Student Government

Student Government: Student Government represents the united voice of the student body and serves as a liaison between students and administration. The members of Student Government are advocates for a variety of student concerns. Through Student Government students also serve as appointed or ex-officio members of certain College committees.

Student Activities Crew (SAC): SAC is a student-run organization. All students are encouraged to attend and participate in SAC sponsored events. All SAC planned and run events are free. Events include, but are not limited to, DJ Bingo, Casino Night, Movie Series, Coffeehouse Series, and Spring Fling Week.

Commuter Council: The Commuter Council, whose president is a member of the Student Government, serves as the official voice for commuting student governance. Open to all

commuters, it serves the needs of Keystone College's commuting population by sponsoring social, cultural, and special events tailored to their interests and schedules.

Inter-Hall Council: The Inter-Hall Council is comprised of elected and appointed representatives from each residence hall. This group evaluates and recommends changes in the residence halls, and promotes and sponsors hall and campus activities. The president of the Inter-Hall Council also serves as a member of Student Government.

Clubs and Organizations

Keystone College offers a variety of clubs and organizations to its student body including:

Alliance of Prospective Physicians (APP)
Armed Forces Club
Astronomy Club
Bands at Keystone
Colleges Against Cancer
Commuter Council
Eco Club
Forensic Science Club
Inter-Hall Council

Intramural Sports and Recreation

The Keystone College Intramural Sports and Recreation Office offers a variety of intramural sports and activities throughout the year. The activities offered are designed to promote both recreational and healthy competitions among the Keystone community. Intramural sports are open to the entire campus community and promote good sportsmanship and a safe playing environment for all involved. Some activities include, but are not limited to, flag football, dodgeball, five-on-five basketball, beach volleyball, and indoor soccer.

The Intramural Sports and Recreation Office also offers recreational activities and trips throughout the year to promote participation and growth both on and off of the Keystone campus. These activities and trips include, but are not limited to, Skirmish paintball trip, Scranton/Wilkes-Barre baseball trip, fitness classes, dance classes, and Wilkes-Barre/Scranton Penguins hockey trip. The Intramural Sports and Recreation Office is always open to new ideas for trips or activities and students are encouraged to share their ideas with the office.

Eligibility for Extracurricular Activities

Full-time students are eligible to participate in all Keystone-sponsored activities unless the

Committee on Standing of Students (SOS), the Vice President for the Academic Affairs, or the Dean of Student Life declares that such participation would jeopardize the best interests of the student or the College.

Health Services

The Health Services Office is located on the ground floor of Tewksbury Hall. The staff consists of one certified physician assistant, two registered nurses, and an administrative assistant. A local physician, specializing in internal medicine, oversees the staff, and when needed, referrals are made to the physician's clinic or other area providers' offices. Serious emergencies are immediately referred to nearby hospitals.

The Health Services staff is committed to a comprehensive wellness philosophy. On-campus medical services, health information, and counseling are available to full-time students and staff free of charge. Primary health care services, including routine physical and gynecological exams and on-site lab testing (in accordance with CLIA protocols), are offered. Wellness and illness/injury prevention education and materials are reviewed at each visit. Health Services protocols are reviewed regularly by staff and the collaborating physician to ensure that the most current treatment guidelines are utilized. All full-time students are required to complete and submit a health history form and immunization record to the Health Services Office before registering for classes. Part-time students wishing to use the office must complete these forms before non-emergency services can be performed. There is a \$25 fee per visit for all part-time students and part-time employees at the discretion of the physician assistant.

Health Insurance

All full-time students must have health insurance. Students will be billed for health insurance unless waived by presentation of

proof of appropriate insurance coverage. *Proof of appropriate coverage must be submitted to the Health Services Office prior to the beginning of classes and done so each year.* Insurance information is not carried over year to year. The cost of the insurance obtained through the College depends on the rate charged by the carrier for that year. Health Services information and forms are located on-line under Keystone College Support Services.

Students who are enrolled part-time at Keystone College may elect to voluntarily obtain health insurance through the College at the rate charged by the carrier for that year. Part-time students who are not currently covered by any health benefits may seek medical care through Keystone College Health Services for a walk-in charge of \$25.00. Payment is due at the time services are rendered, unless other arrangements are made. Labs and x-ray fees are not included. Fees for follow-up visits will be determined by the physician assistant based on clinical diagnosis. These fees apply only to health care services on campus. If a student elects to seek medical care through the College physician, Dr. Terrance Chilson, fees may vary.

College Immunization Requirements:

Keystone College Health Services requires proof of the following immunizations to all full-time students:

- 1). Meningitis vaccination as required by Pennsylvania law for resident students;
- 2). Evidence of childhood immunizations: Mumps, Measles and Rubella I and II (both immunizations); Polio Series; Tetanus and Pertussis Diphtheria Booster, within the last 10 years; and Tuberculosis screening.

We highly recommend the following immunizations:

- 1). Meningitis for commuter students;
- 2). Hepatitis B series; and
- 3). Flu shot every year, especially if you are a resident student.

Department of Campus Safety

The Department of Campus Safety is a service oriented, community based organization whose mission is to ensure the safety and well being of all individuals at Keystone, as well as protecting the College's property and assets. The Department of Campus Safety and its officers provide a fair, educationally sound program of justice that receives community support and is responsive to the interests of all members of its community, regardless of age, race, ethnicity, gender, handicap, national or sexual orientation. It assures the orderly preservation of the ideals of scholarship and the protection of academic freedom. The Department of Campus Safety adheres to a policy that provides for a minimum of administrative enforcement and a maximum of self regulation, in order to offer students and the community the best possible educational environment.

The Department of Campus Safety coordinates and delivers campus safety procedures, regulates and enforces traffic and parking regulations on campus, maintains a community lost and found service, and provides both a shuttle and walking escort service to all members of the campus community 24 hours a day. The Department of Campus Safety is open and staffed 24 hours a day, every day of the year in order to serve the needs of the campus and the campus community.

Athletics

Intercollegiate Athletics

The program of intercollegiate athletics functions as an integral part of the total educational process at Keystone College. In keeping with this, policies that guide the operation of the athletic program have been designed to complement the educational objectives of Keystone.

Keystone College is a member of the NCAA at the Division III level and is also a member of the Colonial States Athletic Conference (CSAC).

Keystone's intercollegiate teams compete with other four-year institutions of comparable strength in men's and women's basketball, men's and women's soccer, baseball, softball, field hockey, men's golf, women's volleyball, men's and women's cross country, men's and women's indoor and outdoor track, men's and women's tennis, and club cheerleading.

Eligibility for Athletics

To be eligible for intercollegiate athletic competition, a student must be enrolled full-time and carry a minimum of 12 credit hours per semester. The student must also satisfy all provisions of the eligibility rules stated by the National Collegiate Athletic Association (NCAA). The complete codes of eligibility standards are available for review in the Athletic Department and in publications distributed by the NCAA. The Director of Athletics can answer all questions pertaining to special conditions, such as the status of transfer students and summer study.

STUDENT SUPPORT SERVICES

Career Development Center

The Career Development Center assists students in clarifying their career goals and exploring career options through individual counseling, career assessments, workshops and access to a career library of various electronic and hard-copy research materials. Assistance with preparing a professional resume and cover letter, planning a job search and preparing for job interviews is available to all students.

On-campus recruiting provides students the opportunity to interview for jobs and internships with national, state and local employers. As another available resource in their job search, students and alumni have free access to an online job and internship posting board. Students interested in pursuing additional education after their time at Keystone College

are offered assistance with researching the next appropriate level of education.

While attending Keystone College, students who meet the specific criteria of eligibility may participate in internships and experiential learning programs. These programs provide a supervised period of practical work experience that is integrated into the academic program to assist students in applying classroom principles in real-world situations, exploring occupational fields and observing the sociological, technological and occupational conditions of a work site. Students in good standing may be eligible to participate in work experiences for credit with as few as 15 completed credit hours.

To register for experiential learning for credit, a student must submit an approved contract signed by the student, faculty mentor, faculty adviser, employer, Director of the Career Development Center, and Registrar's Office before the work experience begins. Students must register in order for credits to be earned. Credits may be assigned on the basis of 40 hours of work per credit and students may earn a maximum of six credits for work experiences. Grading can be either pass/fail or a letter grade with the approval of the faculty mentor.

At the conclusion of the work experience, all completed paperwork including evaluations of the experience from the student, and employer should be returned to the faculty mentor. The faculty mentor is responsible for submitting a grade for the work experience.

In some majors, experiential learning may be used as a free elective. Students should check with their academic adviser for applicability of experiential learning credits, as well as information on eligibility and requirements for internships within their majors. For more information on accessing the services of the Career Development Center, please visit www.keystone.edu/cdc or call 570-945-8312.

Global Learning

Global learning is designed to increase

and enhance global learning through the curriculum, study abroad, foreign language offerings, and internationalized programming on campus. Global learning prepares students for life and work in the global economy of our interdependent world. Global learning provides students with appropriate real world experiences that include study abroad, international internships and experiential learning opportunities, and courses emphasizing global issues and perspectives. Furthermore, the College encourages enrollment and support of international students.

Study Abroad

International learning is an essential component of an undergraduate education. Keystone College strives to provide students with academically-based international experiences that will provide the skills to be active, informed, and culturally sensitive citizens in a rapidly changing global society. To ensure that our students have a safe, educational, and outstanding experience, the College provides information and support for students to participate in a variety of semester and summer programs, faculty-led program, and international internships offered through reputable, college-approved study abroad providers.

International Student Services

Keystone College strives to foster cross-cultural understanding and provides services to help our international students accomplish their educational, social, and professional objectives. The International Student Designated School Official is responsible for informing international students about U.S. federal regulations affecting their status and will provide them with the resources necessary to maintain their legal status as full-time students in the United States.

Student Success Center

Student Success Center

The Student Success Center (SSC) provides a wide range of student support services and programs designed to assist students in making the most of their college experience. The SSC provides academic support services, advocacy, alcohol and other drug prevention and intervention, counseling, disability services, study partner program, test proctoring, tutoring support, work study, student resources, and college withdrawals.

Disability Services

Students with documented disabilities may receive reasonable accommodations in accordance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. Such accommodations include, but are not limited to, student advocacy, assistance with note taking, the study partner program, and extended time on tests.

Peer and Professional Tutoring Services

Keystone College is a supportive academic environment that is reinforced by its tutoring services. The tutoring program is staffed by peer and professional tutors who offer individual and group study sessions in most courses. All tutoring is free of charge. The tutoring schedule is located on student's Moodle pages, on the Student Success Center bulletin board, and in Patrick Hall. Students are encouraged to stop by the Student Success Center if they would like assistance in identifying a tutor.

Proctoring

The SSC offers a separate, secure testing location for students with documented disabilities, and will work closely with students and instructors to meet needed testing accommodations. In addition, proctoring services are offered to students attending other

educational institutions.

Counseling

Counseling is a process of assessing both academic and personal growth, discovering one's potential, and developing plans that will create a healthy and satisfying lifestyle.

Although counseling can be based on crisis resolution, it can also come about through an interest in learning more about oneself and realizing true potential through personal responsibility. Personal, academic, transfer, vocational, crisis, and career counseling is provided along with group learning experiences and personal development. All counseling is free and confidential as per ethical guidelines.

Work Study

Campus work study opportunities, awarded through Financial Aid, will be arranged through the SSC based upon the needs of various departments and offices seeking workers.

Once a student is selected for a work study position, a work study contract must be completed. Signed contracts must be returned and to the Financial Aid Office prior to the student beginning work.

Student Resources

The SSC provides a welcoming study area, complete with a number of computers and a collection of support resources and literature ranging from self-help to academic assistance such as paper writing and study techniques.

Act 101

Act 101 is a state-funded program designed to build academic excellence through counseling, tutoring, and one-on-one personalized advising for students who have a high potential for achievement although provisionally admitted. Students must be Pennsylvania residents in order to participate in this program which provides opportunities to further develop academic and leadership skills as well as positive study habits.

Act 101 Counseling

An Act 101 counselor is available to assist Act 101 students in achieving their personal and educational goals. The Act 101 counselor works individually or in groups to provide help in the following areas: personal counseling intervention, orientation to college, academic advising, financial aid counseling, and monitoring of student progress.

Withdrawals and Intent to Not Attend

A student who may wish to withdraw from Keystone College or who may plan not to return to Keystone College for the upcoming semester is asked to meet with the Director of the Advising Center to complete the necessary paperwork.

Patrick Hall

The Center for Community Outreach

The Center for Community Outreach provides students meaningful opportunities to serve the needs of the community. Students may become involved in service and civic engagement as student assistants, the Keystone Service Club, and service scholars. Many of the students' classes, including FYS: First-Year Seminar, require service learning projects as part of the coursework.

KCVETS Program

Keystone College has a strong commitment to making the educational transition of our veterans as straightforward as possible. Through our Office of Commuter Life and Veteran Services, the Keystone College Veterans Educational and Transition Support Program (KCVETS) is designed to take an individual from "boots to books" through collaboration with many key offices across campus. Support programs include an active student-veteran club which is a charter member of the Student

Veterans of America, opportunities for community service within the local veteran community, VA work study positions, and on-site office hours with the Scranton VetCenter staff. We also adhere to the Principles of Excellence and 8 Keys to Veteran Success which are outlined by the Department of Veteran Affairs, the Department of Education and fully supported by the President of the United States. In addition, we continue to educate faculty, staff and students on ways to best support current and former members of the military.

Office of Commuter Life

The Office of Commuter Life serves as a resource center for all students who live off-campus. Patrick Hall provides a lounge on the first floor featuring a mini coffee shop, microwave, computer lab, and other educational resources. All of the information you will need to move off campus, such as landlord contact information, tips and tricks for living on your own, and personalized assistance for this transition can be found in this location.

Academic Affairs: Information and Regulations

Academic Definitions - General

Academic Year

At Keystone College, the academic year begins with the first day of the fall term and concludes on the last day of the summer term.

Definition of a Credit Hour

In accordance with federal policy, Keystone College defines a credit hour as an amount of work represented in the achievement of the intended learning outcomes and verified by evidence of student achievement that reasonably approximates:

1. One hour (50 minutes) of classroom or direct faculty instruction and a minimum of two hours of out of class student work each week for approximately 14 weeks for one semester, or the equivalent. Courses with fewer than 42 credit hours of instructional time must instructional hours to make them equivalent to the number of hours in a traditional 3-credit, 42 credit hour course.
2. At least an equivalent amount of work as required in paragraph (1) for other academic activities as established by the institution, including laboratory work, internships, field observations, studio work, and other academic work leading to the award of credit hours. Laboratories, internships, and field observations vary by program in terms of the number of hours required, but in general are 2-3 hours/week per credit.

For courses with non-traditional formats, e.g. accelerated, Weekend, online or hybrid, students are required to spend the equivalent amount of total time per credit hour as spent in traditional

courses. However, the mix of time spent in direct instruction and time spent on assignments and other work, per week, will vary.

The faculty of Keystone College agree that these activities are the equivalent of face-to-face classroom experiences and may be used in part to meet the minimum classroom seat time requirements for courses offered at Keystone College:

1. Field trips
2. Discussion Boards
3. Movies or participation at events of educational value within the course or discipline that will be used in follow-up classes and assessed accordingly
4. Service Learning -with reflection activities
5. Directed and/or mentored library or other primary research (not homework)
6. Experiential learning activities-with reflection
7. Portfolio development work-independent work with assessment, again not homework.
8. Interviews related to the course content or discipline.
9. Shadowing-with reflection
10. Field work
11. Group work/collaborative course work that is substantial and not simply homework such as preparation of presentations, or other material
12. On-line group work and/or Wikis, presentations and critiques and other active learning facilitated by electronic and/or social media.

Matriculated Student

A matriculated student is one who has satisfied all admission requirements for a degree

program and is taking courses leading to a degree.

Part-Time/Full-Time Status

A student has part-time status if enrolled for 11.5 or fewer credits during the current term and full-time status if enrolled for 12 or more credits during the current term.

Course Load

The maximum number of credits a student may carry in a semester is 20.5. Students wishing to take more than 20.5 credits must obtain permission from the Committee on Standing of Students. Beginning with the fall 2016 semester, the maximum number of credits a student may carry in a semester is 18. Students wishing to take more than 18 credits must obtain permission from the Committee on Standing of Students.

Class Standing

First-Year Students	0 to 29 credits
Sophomore	30 to 59 credits
Junior	60 to 89 credits*
Senior	90 and above*

**Note: A student must be enrolled in a baccalaureate program to obtain class standing above the sophomore level.*

Major

The student’s major is their officially declared program of study.

Minor

A minor consists of a minimum of 18 credits in a particular discipline and requires one 1000-level course and two 3000- and/or 4000-level courses. The remainder of courses may be chosen from current course offerings and are determined by the student and academic adviser. See page 186 for additional criteria.

Satisfactory Academic Progress

A student is making satisfactory academic progress if he/she earns no less than 6 credits per academic term and no less than 24 credits

per academic year, is taking courses in pursuit of a degree, and maintains a cumulative grade point average as follows:

Attempted Credits	Minimum Cumulative Grade Point Average
1-19 credits	1.0
20-38 credits	1.60
30-59 credits	1.90
60 or more credits*	2.00

**attempted or earned*

Academic Probation

Academic Probation is a warning that a student’s academic performance is less than the standard necessary for good academic standing (2.00 overall GPA).

Academic Suspension

Academic suspension is a temporary separation of the student from Keystone College for a lack of academic progress.

Academic Dismissal

Academic dismissal is a permanent separation from the College due to continued poor scholarship.

Academic Adviser

Upon entry to Keystone College, all students are assigned academic advisers appropriate to their majors. These academic advisers help students coordinate their academic plans during their years at the College. The academic adviser also helps the advisee plan for graduation; however, the student assumes full responsibility for meeting graduation requirements.

Academic Definitions - Courses

Course Level/Course Number

All courses have a four-digit course number which begins with 0, 1, 2, 3, or 4 (ex. HIST 1130 and ACCT 2120). Courses which have numbers that begin with 0 are developmental courses.

Courses which have numbers that begin with a 1 are 1000-level courses, and courses that begin with a 2 are 2000-level courses, etc.

A student taking developmental courses earns credit during the semester for financial aid and billing purposes, but those credits are not college-level work and do not count toward meeting the minimum credits required for degree completion.

A 1000-level course generally provides an introduction to the subject matter. For some 1000-level courses, it is assumed that the student has no knowledge of the subject matter when beginning the course. Other 1000-level courses assume that the student has some knowledge of the subject matter and includes a review and elaboration of that information. The 1000-level course may serve as a prerequisite or corequisite to other courses.

Many 2000-level courses assume an introductory knowledge of the subject matter and provide depth in the subject matter. Students must meet any prerequisites to enroll in a 2000-level course. Many 2000-level courses require that students are in their second semester of study.

Courses at the 3000- and 4000-level are mainly designed for juniors and seniors.

Prerequisite and Corequisite for a Course

A prerequisite is a condition that must be met before a student is allowed to enroll in a particular course. Usually this is the completion of another course but may consist of other conditions. A corequisite is a condition that must be met concurrent with enrollment in a particular course. Prerequisites and corequisites are listed in the section of this catalog containing course descriptions beginning on page 193. Only a school chair or curriculum coordinator may waive prerequisites or corequisites.

Course Audit

A student may register to audit a **lecture**

course. Students may not audit on-line, studio, or laboratory courses. The student is allowed to attend classes but is not required to fulfill the formal course requirements. The auditor is not expected to take any of the instructor's time away from the regularly enrolled students. The auditor may change to credit status during the first two weeks of the term. The student enrolled for credit may change to audit status with the permission of the instructor, Registrar, and Vice President of Academic Affairs prior to the completion of two-thirds of the term. An audited course appears on the student's official college transcript without a grade or credit notation. The fee to audit is \$215 per credit.

Credit by Assessment

Currently enrolled, matriculating, Keystone College students who have acquired the information taught in a Keystone College course through other means, or who have failed a course but do not wish to repeat it, may request an assessment to satisfy the course requirements. College courses taken through credit by assessment are pass/fail, and students will earn a "P" or "F" for the course. (See "Pass/Fail Course" on page 39.) Students who have failed a course and wish to receive credit by assessment must wait 90 days to submit their request. The fee for credit by assessment is \$75. Students are not charged a per-credit fee for credits earned through this type of assessment.

Please note that credits earned through credit by assessment do not count as credits for financial aid or full-time status. Students receiving financial aid should contact the Financial Assistance and Planning Office prior to deciding to choose this option to ensure that their financial aid will not be affected. Also, credits earned in this way may be more difficult to transfer to other institutions. Appropriate forms may be obtained from the Office of the Registrar.

Course Challenge

Current students who have enrolled in a course and discover that they have previously learned the content of the course may make a request to the instructor to challenge the course and complete the requirements of the course by midterm. If the student successfully completes the requirements established by the instructor (either the work already stated in the syllabus or alternate requirements) with a grade of “C” or higher, he/she will be permitted to be absent from the class meetings for the remainder of the semester. If the student fails to obtain a grade of “C” or higher, there will be no penalty, and the student will continue attending class. It is also the prerogative of the student to continue in the course in order to improve the “challenge” grade. There is no additional fee for a course challenge other than the per-credit cost of the course if the student is enrolled part-time. Students earn a letter grade (“A” through “C”) for courses completed through course challenge. Appropriate forms may be obtained from the academic school.

Hybrid Course

A hybrid course combines the traditional face-to-face classroom instruction (no less than 55%) with on-line computer based learning (not more than 45%). Students will participate in both the face to face and virtual classrooms to complete course work.

Independent Study

An Independent Study is a way in which a student may pursue advanced knowledge of a particular subject by working with a faculty member in independent research or project completion. An independent study is undertaken when the student desires additional knowledge beyond currently developed courses. These courses require the approval of the faculty member, Dean of the School, and Vice President of Academic Affairs.

Pass/Fail Course

At the request of the student, and with the approval of the instructor, an interdisciplinary studies course, an independent study course, or an experiential learning experience course may be graded on a pass/fail basis. The letter “P” will be given if the student’s work would normally earn a grade of “C” or higher. Work of lesser quality will receive a grade of “F.” A grade of “P” will result in the student earning the credits for the course but will not be included in the calculation of the semester grade point average (GPA) or the cumulative GPA. However, a grade of “F” will be included in the calculation of the semester GPA and the cumulative GPA.

By Arrangement (TBA)

In rare circumstances, students may be able to complete courses by working individually with instructors. Only previously developed courses that are required for graduation are available to be taught by arrangement. These courses require the approval of the faculty member, Dean of the School, and Vice President of Academic Affairs.

Academic Policies

Academic Honesty

Academic honesty is expected in all class-related endeavors, including e-learning. Students of Keystone College are expected to complete their educational endeavors while maintaining the academic standards of honesty and rigor in research without cheating or engaging in plagiarism. Instances of academic misconduct will be addressed as detailed in the “Academic Procedures: Academic Misconduct” section of this Catalog beginning on page 48.

Class Attendance

Keystone provides small classes so that students and faculty can interact. Class attendance and participation are considered important for the education of all students. Therefore, students are expected to attend all

classes. Faculty keep attendance records and report excessive absences. Poor attendance almost always results in lower grades either directly through reduction of the course grade by the instructor or indirectly through the failure to obtain information presented in class. Each instructor has his or her own attendance policy, which must be stated in the course syllabus. The policy describes the penalty for being absent from class. Students who do not attend the first week of classes will be subject to Administrative Withdrawal.

Excused Absence Policy

When a student is required to miss class due to a College sponsored event or athletic participation, the student is excused from class by the Vice President for Academic Affairs (via notification from appropriate administrative staff).

When a student is required to miss class due to military service, the student is excused from class by the Registrar (via a Student Absence Form) provided the student has supplied a copy of his or her orders to the Registrar prior to the scheduled absence.

The student is required to make up the class work missed. If a test/quiz is issued the day of the missed class, the student will take the time necessary prior to missing class to either take the test/quiz early or at the discretion of the instructor, make alternate arrangements.

General Degree Requirements

To be eligible for a Keystone degree, all students, including transfer students, must successfully complete the minimum number of credits required by the curriculum they have selected and the specific courses of that curriculum. In addition, they must have attained a cumulative grade point average of at least 2.00. Baccalaureate degree students must also have a minimum 2.00 GPA or better in upper-level courses in their major. A minimum of 23 of the final 32 credits must be earned at Keystone.

Students must also meet all the requirements of their chosen curricula, as specified beginning on page 51. Academic advisers are assigned to help students plan for graduation. However, the student assumes full responsibility for meeting the requirements for graduation.

Governing Catalog and Time Limits

The graduation requirements of Keystone, as published in the catalog in effect at the time of the student's initial enrollment, are those which must be met for completion of an undergraduate degree program, including any minors or double majors declared. Students may request to follow the course requirements outlined in the most recent catalog. This request must be submitted in writing to the Office of the Registrar. The graduation requirements of the selected catalog will apply to all majors, minors, and/or concentrations chosen. Students may not follow requirements from different catalogs.

To waive, substitute, or alter in any way departmental or institutional degree requirements, the student must petition the Committee on Standing of Students (SOS). The petition must be signed by the student's academic adviser and Dean of the School. The committee reserves the right to deny any request that is not in keeping with the overall academic policy of the institution.

Students are expected to complete degree requirements within ten years of matriculation. Students who wish to return to Keystone after a lapse of study exceeding five years will have their courses reviewed by the Registrar, with the input of the academic schools, to determine if any of the previous coursework is viable and applicable to a current degree program. These students must reapply to Keystone College through the Office of Admissions (see page 7 - Readmission) and follow the current Catalog.

Double Majors

Students may pursue a degree in more than one curriculum. Students must declare their

intention in writing and receive approval from the Registrar. Students are responsible for meeting the requirements of each curriculum, but only need to meet the general education requirements once. Each major will be listed on the official College transcript, but only one degree will be awarded. Students may only double major in curricula for which the same type of degree is earned. Students interested in more than one degree should see “second degree” below.

Minors

Minors are available in a number of disciplines. A minor consists of a minimum of 18 credits in a particular discipline and requires one 1000-level course and two 3000- and/or 4000-level courses. The remainder of courses may be chosen from current course offerings and are determined by the student and academic adviser. Certain minors require structured curricula. Students may declare a maximum of three (3) minors and must do so in the Registrar’s Office prior to registering for GRAD 1110, 1115, or 2110.

See page 186 for a list of minors currently available.

Second Degree

Students who have earned an associate degree at Keystone College and are seeking a second associate degree must complete a minimum of 18 credits of new course material beyond the original degree conferral. Students who have earned a bachelor’s degree at Keystone College and are seeking a second bachelor’s degree must complete a minimum of 36 credits of new course material beyond the original degree conferral. This new coursework may consist solely of required curricular courses or a combination of curricular courses and free electives. Two degrees cannot be earned at the same time. A second graduation fee is charged when the student earns the second degree.

Degree Conferral

At the beginning of their final semester of study, students must apply for degree candidacy by registering for GRAD 1110, 1115, or 2110. A student who does not successfully complete degree requirements in the semester of candidacy must reregister for GRAD 1110, 1115, or 2110 at the beginning of the semester of the anticipated graduation date. An additional graduation fee will not be charged. (An additional graduation fee is only charged if the student completes another degree.) Any student who completes degree requirements but does not apply for candidacy or register for GRAD 1110, 1115, or 2110 will not be eligible to receive a degree until the graduation date following application for candidacy and registration.

Students completing a certificate must register for GRAD 1110. Students completing an associate degree program must register for GRAD 1115. Students completing a baccalaureate degree program must register for GRAD 2110. Registering for GRAD 1110, 1115, or 2110 will trigger a graduation audit of the student’s transcript by the Registrar to determine eligibility for graduation, a report of the audit’s results to the student, all necessary forms for students eligible for graduation, and a generation of the graduation fee. Although registering for GRAD 1110, 1115, or 2110 triggers a graduation audit, students may request an audit in the semester prior to their final semester, without registering for GRAD 1110, 1115, or 2110. There is a fee associated with this service.

Students should not register for GRAD 1110, 1115, or 2110 simply to obtain an audit.

Students may obtain an advising copy of their transcript and copy of the curriculum sheet for their major from their school assistant.

Commencement

Keystone College conducts one commencement ceremony for all students completing their degree requirements that academic year. Attendance at the

commencement ceremony is mandatory. Students who are unable to attend commencement must submit a “Request to be Excused from Commencement” to the Office of the Registrar no later than one week prior to the ceremony. Forms can be found at www.keystone.edu/registrar.

Graduation Honors

An undergraduate degree-seeking student will earn graduation honors by meeting all of the following criteria:

- 1. Achieving the required cumulative grade point average (GPA) at the time of graduation:

Summa Cum Laude	3.900 - 4.00
Magna Cum Laude	3.700 - 3.899
Cum Laude	3.500 - 3.699
- 2. Having no more than one-fifth of the total credits earned at Keystone used toward meeting graduation requirements in pass/fail courses.

Financial Requirements for Graduation

Students must have satisfied all financial obligations to Keystone College before a diploma will be issued or transcript released.

GRADING POLICY

Grade Point Average (GPA)
Cumulative Grade Point Average (Cumulative GPA)

The cumulative grade point average is calculated by dividing the number of quality points earned in all courses taken while at Keystone by the number of credits attempted for all courses taken while at Keystone. Only courses for which letter grades of “A,” “A-,” “B+,” “B,” “B-,” “C+,” “C,” “C-,” “D+,” “D,” “#F” or “F” have been earned are included. For a repeated course, only the most recent grade is used. Grades earned at other institutions are not included.

Term Grade Point Average (Semester GPA)

The term grade point average is calculated by dividing the number of quality points earned during the term by the number of credits attempted during the term. Only courses for which letter grades of “A,” “A-,” “B+,” “B,” “B-,” “C+,” “C,” “C-,” “D+,” “D,” “#F” or “F” have been earned are included. For a repeated course, only the most recent grade is used. Grades earned at other institutions are not included.

Grades

The current grading system is presented below with the quality point equivalents used for calculating grade point averages (GPA):

Grade	Quality Points
A	4.00
A-	3.67
B+	3.33
B	3.00
B-	2.67
C+	2.33
C	2.00
C-	1.67
D+	1.33
D	1.00
F	0.00

Term Honors

An undergraduate, degree-seeking student will earn term honors by meeting all of the following criteria:

- 1. Achieving the required semester grade point average (GPA) for the semester:

President’s List	4.00
Dean’s List	3.70-3.99
Honors List	3.50-3.69

- 2. Earning a grade of “C” or higher in all courses completed during the semester.

3. Completing a minimum of 12 credits with no incomplete grades in non-repeated courses during the semester. Students who repeat a course during the semester are not eligible for term honors. Because “P” grades are not used in calculating averages, pass/fail credits cannot count in meeting the 12-credit minimum.

Repeating Courses

A student may repeat a course for credit and grade only if the grade earned was lower than a “C.” There is no limit on the number of times a course may be repeated. Only the most recent grade earned will be used to calculate the student’s GPA, even if one of the prior grades was higher. Courses completed at other institutions are not accepted as repeated courses.

Other Grades

I (Incomplete)

This grade indicates that the student has not completed the course requirements at the time that grades were reported to the Registrar. The student must make arrangements with the instructor prior to the final exam if he/she wishes to receive a grade of incomplete. (Forms are available in the Office of the Registrar.) Instructors should agree to award a grade of incomplete only in the case of exceptional circumstances. Mere inability to submit work on time or missing the final exam, do not constitute valid reasons for a student to be awarded a grade of “I.” The deadline for the completion of the coursework is four weeks into the next semester. If the coursework is not completed within the specified time frame, the incomplete grade will become an “F.”

IP (In Progress)

This grade indicates that a grade was not assigned at the time grades were printed. Use of an in-progress grade indicates that a course is continuing beyond the customary term. The

deadline for completion of the course is four weeks into the next semester. If the coursework is not completed within the specified time frame, the in-progress grade will become an “F.”

P (Pass)

This grade indicates that the student received a grade of “C” or higher in a course graded on a pass/fail basis. Students earn the credits for courses with a grade of “P.” However, the “P” is not included in the calculation of the semester GPA or the cumulative GPA.

W (Withdraw)

This grade indicates that the student withdrew from the course during the second third of the term. The grade is not included in the calculation of the semester GPA or the cumulative GPA.

W* (Withdrew Forgiven)

This grade indicates the student has received an academic fresh start for the semester(s) indicated with W* grades. The grade is not included in the calculation of the semester or cumulative grade point average (GPA).

#F (Failure due to non-attendance)

Indicates that a student stopped attending and did not officially withdraw from the course; thereby earning the failing grade due to poor performance. The #F is printed on the academic transcript and calculated into the GPA as an F.

Grade Reports

Grade reports for classes taken in the traditional or Weekender term are available to students at midterm and at the end of the term. Grade reports for classes taken in intersession or summer session(s) are available only at the end of the term. According to federal law, grade reports are issued only to the student. Exceptions will be made upon written request by the student to send grades to parent(s) or

guardian(s), or upon subpoena by court order. All grade reports are available through MyKC, the College's on-line system.

Transcripts

By federal law, to obtain a transcript, the student must submit a signed, written request to the Office of the Registrar. Students may submit the request in person or by writing to: Office of the Registrar, Keystone College, One College Green, PO Box 50, La Plume, PA 18440-1099. Exceptions will be made for transcripts issued to parents or guardians who provide documentation that the student meets the federal guidelines as a dependent student, or upon subpoena by court order.

Keystone College does not fax transcripts or accept faxed requests for transcripts. Transcript requests will not be processed until the required fee is paid. Transcripts are usually processed within three to five days of receipt of the request. However, the processing time may be longer during certain times of the academic year, such as registration periods, final exam week, and the week leading up to Commencement.

A \$5 fee is charged for all transcript requests. No records will be released if the student's financial account with Keystone College has not been cleared.

FERPA Policy Statement

Overview

The Family Educational Rights and Privacy Act (FERPA), also known as the Buckley Amendment, protects the privacy of a student's educational records. All of the rights under FERPA belong to the student, once he or she has enrolled in a post-secondary institution.

Waivers

No one other than the student is granted access to the student's educational record unless the student has provided that permission through the on-line student portal, MyKC. All

students have access to the FERPA Permissions portal in MyKC and can grant on-line access to their educational record to any individual they so designate by completing the process. Persons designated by the student are able to view the educational record electronically, however, this access does not provide the ability for the designee to act on the student's behalf. Students may revoke this permission through MyKC at any time. Providing and revoking access is not immediate as the process, while completed electronically, does require manual processing. Permission to view a student's educational record expires when the student is no longer enrolled at the College.

Other Types of Information

FERPA deals with students' educational records. The College maintains other records on current and former students (such as medical records, counseling records, employment records of students working for the College, and alumni records). These other records, while not specifically covered by FERPA, are still carefully safeguarded in order to protect privacy rights. Specifically, medical records are covered by HIPAA (Health Insurance Portability and Accountability Act) and Keystone's Health Services Office follows these regulations. In addition, our Office of Human Resources follows all regulations pertaining to the employment of a student. For information on records not covered by FERPA, the student should contact the appropriate office.

Amending Educational Records and Registering Complaints

Under FERPA regulations, Keystone College must allow students to inspect and review their educational records. A student may seek to amend those records if he or she thinks the records contain inaccurate or misleading information. However, the College is not required to consider requests for amendment that seek to change a grade or disciplinary

decision, or to seek to change the opinions or reflections of a school official or other person reflected in an educational record. In addition, students have the right to file a complaint with the US Department of Education if they feel their rights under FERPA have been compromised. Any student wishing to pursue such issues should contact the Registrar's Office for appropriate processes, forms, and addresses. For more detailed information about FERPA, please visit the College's Web site at www.keystone.edu.

Institutional Review Board (IRB)

The Institutional Review Board Committee (IRB) at Keystone College is responsible for protecting the rights of human subjects who participate in research conducted by faculty, students, professional and administrative staff. The committee is charged with assuring that people engaging in research as representatives of Keystone College and people who wish to use members of the campus community as human subjects honor the ethical principles set forth by the Belmont Report (1978). Those principles are: respect for persons, beneficence, and justice. The IRB carries out its duties by reviewing research activities that intend to use human subjects. For more detailed information regarding the IRB, please visit the College's Web site at www.keystone.edu.

Teach-Out Policy

Keystone College will follow the guidelines of the Higher Learning Commission (HLC) if programs need to be closed for any reason. Keystone College will write a formal plan specific to the program being closed that is congruent with the HLC policies.

Academic Procedures

Schedule Changes (Adding and Dropping Courses)

A student may add a course after the term

begins during the first week of the class (this time period is adjusted for shorter classes). Students must attend the first scheduled class after adding a course, or they may lose the right to be enrolled in the course.

A student may drop a course, but only prior to the completion of the first two weeks of the term (this time period is adjusted for shorter terms). A student may withdraw from a course (with a "W") prior to the completion of the withdrawal period. A course cannot be dropped after the first two-thirds of the term unless special permission is granted by the Vice President for Academic Affairs; this permission will be granted only in extraordinary circumstances. Some courses; however, cannot be dropped at any time unless special permission is given by the Vice President for Academic Affairs; this permission will only be granted in extraordinary circumstances. The courses that cannot be dropped are The First-Year Seminar (FYS 1110), Critical and Analytical Reading (ENGL 0050), and College Writing I (ENGL 1110).

For the "drop" to be official, students must submit to the Registrar the appropriate official form for dropping a course with the signature of their academic adviser.

The date that the student officially notifies the Registrar's Office of his/her intent to drop/withdraw from a course is the official drop/withdrawal date.

If a course is dropped during the first two weeks of the term (this time period is adjusted for shorter terms), the course is not recorded on the student's official Keystone transcript. If a course is dropped during the withdrawal period, a grade of "W" is recorded on the student's official transcript. A "W" does not have any impact on the student's grade point average. Students receiving financial assistance, including loans, should consult the Office of Financial Assistance and Planning prior to withdrawing from courses.

Change of Curriculum Change of Major

A student may change from one curriculum to another after the middle of their first term if he or she is accepted in the new curriculum. The student must meet with the school assistant and submit the appropriate official change of curriculum form to the Registrar's Office. A student who is not in good academic standing must obtain permission from the desired major's curriculum coordinator to change from one curriculum to another. Please note that changing curricula, especially later in the student's tenure at Keystone, may mean that the student will need more time to complete his or her degree.

Academic Fresh Start

The Academic Fresh Start policy is designed to forgive the grades of those students who attended college and were not ready for the rigors of higher education at that time.

The student must formally request the fresh start, in writing, to the Registrar, who will then bring the request to the Standing of Students Committee.

1. The student must have been separated from Keystone College for a minimum of seven years and the forgiven coursework may not have been used to confer a degree either by Keystone College or any other institution.
2. The forgiven courses must have been taken before the separation from Keystone College. They do not apply to courses taken after the academic fresh start.
3. The entire term or terms are forgiven. A student may not choose individual courses or semesters. It is an all-or-nothing policy.
4. The forgiven grades are shown as "W*" on the academic transcript, and are not factored in the grade point average.

5. The student must achieve a grade point average of 2.00 or higher in their first semester of academic fresh start or suspension will result.

Academic Grievance

In the case of an academic grievance, the following steps must be taken:

1. The aggrieved student must confer with the faculty member in question.
If the grievance is not settled, then:
2. The aggrieved student must approach the Dean of the School. The Dean shall arrange a conference of the faculty member, the student, and the Dean to seek an agreement.
If the grievance is not settled, then:
3. The aggrieved student must approach the Vice President for Academic Affairs, who shall arrange a conference of the faculty member, the student, the Dean of the School, and the Vice President for Academic Affairs to seek a resolution.
If the grievance is not settled, then:
4. The Vice President for Academic Affairs shall refer the grievance to the Academic Grievance Board.
5. In cases where a student is grieving an action, this procedure must be initiated by the student within three weeks of the occurrence and completed within six months of the occurrence. In cases of Academic Misconduct, the Dean of the School will initiate the process within three weeks of the occurrence and it must be completed within six months.

The Academic Grievance Board shall consist of:

1. Two students and one student alternate (sophomores with minimum GPA of 2.5) chosen annually by the Student Government.
2. Two tenured faculty members and one alternate selected annually by the Faculty

Senate. A faculty member must be excused if he or she is involved in the grievance.

3. The Committee shall be chaired by the Chair of Faculty Senate.

The Academic Grievance Board shall proceed as follows:

1. The Chair shall rule on all procedural matters.
2. The proceedings shall be attended by the student, an adviser of the student's choosing (who may speak only to the student but may not address the Board), the faculty member, an adviser of the faculty member's choosing (who may speak only to the faculty member but may not address the Board), relevant witnesses, and the Board. The student and/or faculty member should present a list of witnesses to the Chair, who disseminates it to the Board 24 hours before the hearing. At the request of the student or the faculty member, and subject to the approval of the Chair, the Board may invite others.
3. The student shall present to the Board. The student may support his/her position with relevant witnesses and supporting material.
4. The faculty member shall then make his/her presentation to the Board. The faculty member may support his/her position with relevant witnesses and supporting material.
5. The Board may present its own witnesses.
6. The student shall have the opportunity to question the faculty member and all witnesses.
7. The faculty member shall have the opportunity to question the student and all witnesses.
8. The members of the Board shall have the opportunity to question the student,

the faculty member, and all witnesses.

9. The Board shall deliberate in private and shall decide the issue by a majority vote (each of the five members has one vote). The Board shall announce its decision to the faculty member and the student on the following day.
10. A written report summarizing the proceedings and reporting the decision shall be prepared by the Chair. In addition, an audio record and/or written minutes of the proceedings, not including the Board's deliberations, will be taken.
11. A letter to the student and faculty documenting the Board's decision is sent by the Chair. If the decision supports the student, a copy of the letter is included in the faculty member's file. If the decision does not support the student, no copy is included in the file.
12. This concludes the appeal process. The decision of the Board is final.

Academic Misconduct

1. Academic honesty is expected in all class-related endeavors, including e-learning. Students who have questions regarding issues of academic dishonesty/misconduct should refer to the College regulations, which outline unacceptable behaviors in academic matters.
2. Faculty members who discover evidence of academic dishonesty/misconduct should arrange to meet with the student as soon as possible to discuss the allegation. The faculty member informs the Dean of the School and the Vice President for Academic Affairs of the act and these offices will determine whether the student has been found responsible for an incident of academic misconduct in the past.
3. If the student has no prior record of academic misconduct, acknowledges the

act of academic dishonesty/misconduct and the faculty member is satisfied that the incident has been effectively resolved, then:

- a. The faculty member will discuss with the student the College-wide policy on academic honesty, and the repercussions of this act included in the course syllabus;
 - b. The faculty member will forward a written summary of the incident and the resolution to the Dean of the School and the Vice President for Academic Affairs;
 - c. The Dean of the School and the Vice President for Academic Affairs will keep this record on file until the student graduates.
 - d. If the student has no past occurrences of academic misconduct, sanctions will range from academic probation for at least one academic year to expulsion from the College, as determined by the Vice President for Academic Affairs.
 - e. If the student has past occurrences of academic misconduct, a formal hearing will be conducted by the Academic Grievance Board to determine the appropriate sanction, which may include expulsion from the College.
4. If the student denies the allegation of academic dishonesty/misconduct, or the faculty member believes the severity of the incident may warrant a sanction more severe than academic probation, then:
- a. The faculty member will forward a written summary of the incident to the Dean of the School and the Vice President for Academic Affairs. This summary must contain copies of all evidence including the names of any witnesses. The Vice President for Academic Affairs will try and resolve the issue. However, if this is not possible, the student is not in good academic

standing, has had a past occurrence of academic misconduct, or the offense is so grievous the Vice President for Academic Affairs will convene the Academic Grievance Board. (See Academic Grievance)

- b. The Vice President for Academic Affairs will contact the student to arrange a meeting to review the student's rights in the hearing process, the charges against the student, and the hearing procedure;
 - c. A formal hearing will be conducted by the Academic Grievance Board and scheduled as soon as possible to determine if a violation of College regulations has taken place and, if so, the appropriate sanction to apply; The student and the faculty member shall be allowed to speak to the Board. (See Academic Grievance)
 - d. No grade penalty should be assigned by the instructor until the Academic Grievance Board determines that an act of academic misconduct has occurred. If the charges cannot be resolved prior to the end of the current semester, a course grade of 'IP' should be assigned pending the outcome of the hearing;
 - e. the faculty member will be notified of the outcome of the hearing in order to assign grade penalties for violations.
5. Students receiving a grade penalty for alleged academic misconduct violations without adherence to the above procedure may file an academic grievance.

The Determination of the Academic Grievance Board is final.

Academic Probation

Students are placed on academic probation if they have attempted 0-19 credits and their cumulative GPA is less than 1.75; they have attempted 20-38 credits and their cumulative

GPA is less than 1.50; or they have attempted 39-59 credits and their cumulative GPA is less than 1.90. Students on academic probation may not take more than 15 credits for the semester. Once students are on academic probation, they must earn at least a 2.00 GPA in subsequent semesters or be subject to academic suspension from the College.

All students on academic probation will be required to participate in special academic programs. Students who do not adhere to the terms of these programs will be academically suspended from the College.

Transfer students are also expected to attain the minimum GPA in courses taken at Keystone College. Grades of courses transferred from another college are not included when calculating the GPA at Keystone.

Students will be removed from academic probation when they earn a cumulative GPA of 2.00 or higher.

Academic Suspension

Academic suspension is a temporary separation of the student from Keystone College for a lack of academic progress. Students who earn a semester GPA of 0.00 are subject to academic suspension. Students who have attempted or earned 60 or more credits and have a cumulative GPA less than 2.00 are subject to academic suspension. Students who are accepted with transfer probation status that earn a semester GPA of less than 2.00 are subject to academic suspension. Students who have served their suspension must apply for readmission to the College (see page 7).

Withdrawal from the College

A student who wishes to withdraw from Keystone College must obtain a form from the Advising Center and complete an interview. The date of the interview with Advising Center or the initial contact with the Advising Center of the decision to withdraw is documented as the official date of withdrawal. The only

exception to the institutionally-determined date of official withdrawal is official notification/documentation from a doctor, hospital, or other extenuating official documentation. Resident students are required to vacate within 24 hours of official withdrawal notification or penalties may be assessed. Students who do not follow this procedure will not be considered officially withdrawn and will have all appropriate grades for courses in which they are enrolled entered into their official transcripts. Refunds follow the guidelines listed in the "Refund Policy" section of this catalog on page 13.

No withdrawal may occur after the official "last day to withdraw," which is stated in the academic calendar (see www.keystone.edu), unless the Vice President for Academic Affairs grants special permission due to extraordinary circumstances.

Withdrawal from the College for Military Service

Students who are called to active military service during any semester or term should immediately contact the Veterans Affairs Certifying Official located in the Registrar's Office with a copy of their orders. At that time, the Certifying Official will discuss all options with the student and an appropriate course of action will be determined.

Honors Program

The honors program at Keystone benefits students of intellectual promise and high motivation who seek increasing challenges at the undergraduate level. The program is designed to recognize and encourage academic excellence, to stimulate students to work at their own pace, and to facilitate the exchange of ideas and information among students with different interests and in different disciplines. Honors students are placed in a challenging yet supportive environment within which they can develop their critical and creative thinking skills and find ways to use these skills to make

a difference in the larger community. The honors program provides co-curricular activities, service opportunities, and intellectual and social support, adding significant dimensions to the students' academic program.

Students admitted to the honors program will be enrolled in a special, enriched section of English 1110 (College Writing I - Academic Writing). In later semesters, students enrolled in a baccalaureate degree program must acquire an additional 18 honors-designated credits, and students pursuing an associate degree program must acquire an additional nine credits (an average of one course per semester). A contract will be signed by the students and faculty for each honors-designated course, outlining additional requirements. Students must have a minimum grade of "B" in both the course and the honors component of the course for honors designation on the transcript. As seniors, honors students will complete an honors project and presentation in conjunction with their capstone experience.

Selected first-time, first year students who were not admitted into the honors program upon acceptance to Keystone College may enter the honors program at the end of their first semester if they are recommended by at least two instructors and have earned a minimum 3.5 GPA. An interview with the Director of the Honors Program is also required.

Students must maintain a 3.5 cumulative GPA to graduate with honors designation. At commencement and on their diplomas, students in the honors program will be identified as honors scholars.

Honors program students will also attend at least two honors seminars per semester, which will include guest speakers, cultural events, and other activities.

Honors program students enrolled on a full-time basis may be eligible for a scholarship from one-half (plus fees) up to full tuition, including fees.

Outgoing Articulation Agreements

Keystone has established many relationships with other four-year institutions which have resulted in both formal and informal cooperative transfer/referral agreements for students wishing to transfer after completing their associate degree program. Many of these cooperative transfer agreements involve two years of attendance at Keystone with direct transfer to the baccalaureate programs in specified academic disciplines at other four-year institutions.

Students interested in taking advantage of a transfer agreement should do the following:

1. Contact an academic adviser or head of the appropriate academic school at Keystone.
2. Contact the transfer school admissions office. Cooperative transfer agreements vary from school to school and within specific academic disciplines within schools. Agreements are continually being updated. Some agreements require a commitment during the first semester at Keystone.

Some formal discipline-specific Cooperative Transfer agreements are: Allied Health fields -- Misericordia University, Thomas Jefferson University (College of Allied Health), State University of New York (SUNY), Upstate Medical University; Art -- Atlanta College of Art, Alfred University, University of Arts, Fashion Institute of Technology (toy design), The School of Visual Arts; Environmental Science -- SUNY College of Environmental Science and Forestry at Syracuse; Pre-Medical -- King's College (Physician Assistant), SUNY Upstate Medical, Logan College, New York College of Chiropractic, Parker College of Chiropractic. Students interested in obtaining information on other programs and graduate studies may contact the Career Development Center.

General Education Requirements

Philosophy of General Education

All Keystone College curricula reflect institutional student learning outcomes which are grounded in the mission and shape institutional culture. These outcomes are supported by the general education core, a series of courses that in turn provide the educational foundation to support and enhance individual curricula within a major.

Keystone College Institutional Student Learning Outcomes are as follows:

- Participating as contributing members of the community through work and service
- Demonstrating cross-cultural competencies, skills, and dispositions
- Understand the interconnectedness of global economic, political, ecological, technological, and belief systems
- Articulating well-developed perspectives on environmental sustainability
- Demonstrate competency in writing within a specific discipline;
- Recognize and reflect the self-reliance and self-motivation of lifelong learners.

The General Education Core educates students for competency in the following areas:

- Oral and written communication skills: Students will demonstrate effective oral and written communication and interpret the oral and written expression of others.
- Critical analysis and reasoning: Students will engage in analytical and evaluative thinking aimed at continuous improvement.
- Quantitative and scientific reasoning: Students will apply mathematic and scientific concepts and theories to identify and analyze problem-solving situations.
- Information and technology literacy: Students will research, create and communicate information using technology or media.
- Creativity: Students will explore, use, and evaluate the creative processes that shape human experience.
- Personal and social responsibility: Students will recognize and engage in personal and social behaviors necessary for the wellness of self and the community.

Students will meet these competencies by taking required courses and choosing other courses identified as meeting each outcome.

General Education Curriculum

ENGL 0050 - Critical and Analytical Reading – All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Students who test-out of the course receive an exemption that does not carry credits.

The following requirements must be met according to the type of degree pursued:

Baccalaureate Degrees:

Competencies (39 credits minimum):

FYS 1110 - The First-Year Seminar

ENGL 1110 - College Writing I: Academic Writing

ENGL 1125 - College Writing II: Writing about Literature

COMM 1125 - Speech Communication

Natural Science Lab Elective - one course, 3 credits minimum

Mathematics Elective - one course, 3 credits minimum

Mathematics or Natural Science Elective - 2000-level – one course, 3 credits minimum

Arts and Humanities Electives - two courses, 6 credits minimum

Two courses from two different disciplines, one of which must be a 2000-level course

Health and Wellness Elective - one course, 2 credits minimum

Social and Behavioral Sciences Electives - two courses, 6 credits minimum

Two courses from two different disciplines, one of which must be a 2000-level course

Technology Elective - one course, 3 credits minimum

Ethics Elective - one course, 3 credits minimum

Associate Degrees (Arts or Science):

Competencies (33 credits minimum):

FYS 1110 - The First-Year Seminar

ENGL 1110 - College Writing I: Academic Writing

ENGL 1125 - College Writing II: Writing about Literature

COMM 1125 - Speech Communication

Mathematics Elective - one course, 3 credits minimum

Natural Science Laboratory Elective - one course, 3 credits minimum

Arts and Humanities Electives - two courses, two different disciplines, 6 credits minimum

Social and Behavioral Sciences Electives - two courses, two different disciplines, 6 credits minimum

Health and Wellness Elective - one course, 2 credits minimum

Technology Elective - one course, 3 credits minimum

Associate in Applied Science:

Competencies (21 credits minimum):

FYS 1110 - The First-Year Seminar

ENGL 1110 - College Writing I: Academic Writing

ENGL 1125 - College Writing II: Writing about Literature

COMM 1125 - Speech Communication

Mathematics Elective - one course, 3 credits minimum

Natural Science Elective - one course, 3 credits minimum

or Arts and Humanities Elective - one course, 3 credits minimum

or Social and Behavioral Sciences Elective - one course, 3 credits minimum

Health and Wellness Elective - one course, 2 credits minimum

Technology Elective - one course, 3 credits minimum

Associate in Fine Arts:

Competencies (30 credits minimum):

FYS 1110 - The First-Year Seminar

ENGL 1110 - College Writing I: Academic Writing

ENGL 1125 - College Writing II: Writing about Literature

COMM 1125 - Speech Communication

Mathematics Elective - one course, 3 credits minimum

Natural Science Elective - one course, 3 credits minimum

Arts and Humanities Electives - two courses, two different disciplines, 6 credits minimum

Social and Behavioral Sciences - one course, 3 credits minimum

Health and Wellness Elective - one course, 2 credits minimum

Technology Elective - one course, 3 credits minimum

The Keystone Experiences

In addition to the General Education core and the student's chosen major, all students will participate in the Keystone Experience. These experiences are intended to enhance student classroom learning in ways that will help them use their college education for professional success. The Keystone Experiences may be separate credit-bearing courses, or they may be embedded within credit-bearing courses, or they may be non-credit-bearing. The Keystone Experiences, while they are part of the General Education Requirements, are usually administered through the student's major, in keeping with Keystone's philosophy that General Education and the major curricula are integral to one another.

The First-Year Student Experience – This Experience is achieved through FYS 1110: The First-Year Seminar, taken in the first semester. The course assists students in becoming a part of the Keystone community, while enhancing their study and learning skills and helping them understand what it means to be a scholar in their chosen discipline.

Real World Experience – This Experience is accomplished through Experiential Learning (EXPL), Field Experience, Practicum, or other off-campus experience. In some circumstances the Real-World Experience may be completed on-campus. It assists students in determining if they have chosen a major discipline in which they enjoy working.

Bridge Experience – This Experience is a culminating project integrating all of a student's work done in the first two years. It is intended as a "bridge" to further study as a rising junior or as a "bridge" to the world of work.

Portfolio Development Experience – This Experience is intended to help students begin creating a professional portfolio that can be used to document their achievements and qualifications. It is usually accomplished as part of a course in the sophomore or junior years.

Capstone Experience – This Experience is intended as a final project, usually completed in the last semester. The project allows students to show that they are prepared to succeed in their chosen field.

Students transferring to Keystone College may have completed many of the General Education requirements. The Registrar, in conjunction with faculty, will determine whether or not students have met the criteria for General Education Requirements and the Keystone Experience.

General Education Courses

Students who enroll in a degree program at Keystone College will complete a core of courses referred to as General Education. This course distribution is intended to ensure that students have met the General Education Goals.

*When fulfilling the General Education curriculum, any given discipline may only be used to fulfill one area.

ENGL 0050 - Critical and Analytical Reading – All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Students who test-out of the course receive an exemption that does not carry credits.

Communication

Students will successfully complete the courses listed below. These courses may not be used to satisfy any of the Institutional Outcomes.

FYS 1110 - First Year Seminar Experience

ENGL 1110 - College Writing I: Academic Writing

ENGL 1125 - College Writing II: Writing About Literature

COMM 1125 - Speech Communication

Baccalaureate Degree Programs

Accounting Bachelor of Science

The flexibility of the accounting major at Keystone College provides students with the opportunity to focus on courses designed to help prepare them for the CPA exam, the CMA exam, or any of the many general accounting career options.

In today's fast-paced corporate environment, accountants play a vital role in any successful company. Accountants undertake challenging and rewarding tasks, ranging from developing merger and acquisition strategies to supervising quality-management programs and using advanced information systems to track financial performance.

A degree in accounting from a program that offers a sound academic foundation and valuable professional experience can be the starting point for a successful business career. This degree may be completed entirely online.

Students who have completed their associate in applied science in accounting at Keystone College may apply to the bachelor of science program.

Non-accounting majors may minor in accounting (see page 186). An accounting minor may be useful for students who want to manage their own business or who will work with accounting information in their field.

Students must obtain an average 3.00 GPA for all accounting courses. Students who do not attain this requirement will be unable to continue as accounting majors. However, the students may be eligible to continue at Keystone College in other majors.

The program is accredited by the International Assembly for Collegiate Business Education (IACBE).

The academic adviser assists the student in planning his/her curriculum and in preregistration; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Graduation Requirements

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Students who test-out of the course receive an exemption that does not carry credits.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 2.00 to graduate from this curriculum. Additional graduation criteria are found beginning on page 41.

General Education Requirements

Courses fulfilling the General Education Requirements can be found beginning on page 51.

Competencies:

Arts and Humanities Elective - Discipline 1 (3 credits minimum)

Arts and Humanities Elective - 2000-level – Discipline 2 (3 credits minimum)

COMM 1125 - Speech Communication (3 credits)

ENGL 1110 - College Writing I: Academic Writing (3 credits)
 ENGL 1125 - College Writing II: Writing About Literature (3 credits)
 Ethics Elective (BUSN 3300 recommended)
 FYS 1110 - The First-Year Seminar (1 credit minimum)
 Health and Wellness Elective (2 credits minimum)
 Mathematics Elective (MATH 1125 recommended)
 Mathematics/Natural Science Elective - 2000-level (MATH 2115 recommended)
 Natural Science Laboratory Elective (3 credits minimum)
 Social and Behavioral Sciences - Discipline 1 (3 credits minimum)
 Social and Behavioral Sciences - 2000-level – Discipline 2 (ECON 2110 or 2115 recommended)
 Technology Elective (IT 1115 recommended)

Institutional Perspectives:

Diversity Perspective Elective
 Environmental Sustainability Perspective Elective
 Global Perspective Elective
 Self-Directed and Independent Learning Perspective Elective
 Service Learning Perspective Elective
 Writing Intensive Perspective Elective

Curriculum Requirements

At least 36 of the 125 credits required for the bachelor's degree must be at the 3000-and/or 4000 level.

ACCT 1125 - Managerial Accounting
 ACCT 1155 - Financial Accounting
 ACCT 2110 - Intermediate Accounting I
 ACCT 2115 - Intermediate Accounting II

IT 2110 - Intermediate PC Office Applications
IT 2140 - Spreadsheets and Databases
MATH 2115 - Statistics
MATH 3120 - Statistics and Research

Free Electives: Sufficient free electives must be taken to ensure a minimum of 125 credits earned for graduation.

Footnotes:

¹Students normally take a six-credit accounting internship. Students planning on taking the CPA or CMA exams must take the six-credit internship. All students require the signature of the curriculum coordinator to take fewer than six credits and must take sufficient curricular elective credits.

²Curricular Electives to be chosen from BUSN, IT, LEAD, or HRM courses at the 3000- or 4000-level.

Recommended Sequence of Courses: Visit www.keystone.edu/academics for further information.

Biological Science

Natural Science - Environmental Biology Concentration

Bachelor of Science

The biological science major is offered in several tracks. The environmental biology track is available for those students interested in environmental issues as applied to biology. The goals of this program are to provide students with a solid scientific background in the field of environmental biology, to introduce them to useful tools that they can use in their careers (e.g., statistics, sampling methodology, GIS) and to allow them to explore applied aspects of scientific theory.

Graduation Requirements

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Students who test-out of the course receive an exemption that does not carry credits.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 2.00 to graduate from this curriculum. Additional graduation criteria are found beginning on page 41.

Free Electives: Sufficient free electives must be taken to ensure a minimum of 120 credits earned for

graduation.

Footnotes:

¹Students must earn a minimum of three credits of Field Biology.

²Students who do not complete six credits of internship may substitute curricular electives at the 3000-level or higher.

³Students who do not take BIOL 4910 must complete a curricular elective at the 3000-level or higher.

Recommended Sequence of Courses: Visit www.keystone.edu/academics for further information.

The academic adviser assists the student in planning his/her curriculum and in preregistration; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Biological Science

Natural Science - Forensic Biology Concentration

Bachelor of Science

The forensic biology track is available for those students interested in the multidisciplinary study of forensic science. Students will study biological, chemical, and physical science methods applied to the evaluation of physical evidence related to matters of criminal and civil law. The objective of the program is to prepare students for medical school or graduate school to become: medical examiner or coroner, crime scene investigator, forensic biologist, anthropologist, toxicologist, or prepare for careers as laboratory technicians in private, state and federal forensic laboratories.

Graduation Requirements

ENGL 0050 – Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. The academic adviser assists the student in planning his/her curriculum and in preregistration; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Biological Science

Natural Science - General Biology Concentration

Bachelor of Science

The general biology track is a traditional biology curriculum with emphasis on modern biological technology. The goal of this program is to provide students with a solid scientific background in the field of biology, to introduce them to useful tools that they can use in their careers (e.g., statistics, spectroscopy) and to allow them to explore applied aspects of scientific theory. This rigorous program will prepare students for graduate studies in science, medicine, dentistry, chiropractic, physician's assistant, pharmacy, and biochemistry. There is sufficient flexibility to allow students to minor in one of several disciplines.

Graduation Requirements

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Students who test-out of the course receive an exemption that does not carry credits.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 2.00 to graduate from this curriculum. Additional graduation criteria are found beginning on page 41.

The academic adviser assists the student in planning his/her curriculum and in preregistration; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Biological Science

Natural Science - Physical Therapy Concentration

Bachelor of Science

The physical therapy track in biology is intended for students planning for continued doctoral studies in physical therapy at one of many universities offering that concentration of study. The curriculum is modified to meet the needs for transfer into most doctoral programs in physical therapy including Thomas Jefferson University in Philadelphia. This program offers flexibility so that one may accommodate the requirements of transfer institutions.

Graduation Requirements

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Students who test-out of the course receive an exemption that does not carry credits.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 2.00 to graduate from this curriculum. Additional graduation criteria are found beginning on page 41.

Biological Science

Natural Science - Wildlife Biology Concentration

Bachelor of Science

The wildlife biology curriculum is designed for those students interested in the ecological and management of all animals species, ranging from those that are endangered to those that are overabundant. The goals of this program are to provide students with a solid scientific background in disciplines including plants, invertebrates, and vertebrates. The program prepares graduates for careers with local, state, and government agencies, as well as employment with environmental consulting firms, non-governmental organizations, and zoos.

Graduation Requirements

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Writing Intensive Perspective Elective

Curriculum Requirements

At least 36 of the 120 credits required for the bachelor's degree must be at the 3000-and/or 4000-level.

BIOL 1010/1073 - Field Biology¹
BIOL 1125 - General Biology I
BIOL 1130 - General Biology II
BIOL 2120 - Introductory Ecology
BIOL 3170 - Genetics
BIOL 4810 - Biology Seminar and Research
BIOL 4910 - Capstone Research Projects²
CHEM 1120 - General Chemistry I
CHEM 1125 - General Chemistry II
CHEM 2110 - Organic Chemistry I
CHEM 2115 - Organic Chemistry II
CHEM 2120 - Environmental Chemistry
ENVT 2110 - GIS/GPS
ENVT 2125 - Environmental Policy and Management
ENVT 4710 - Environmental Internship Preparation
ENVT 4715 - Environmental Internship³
GEOL 2110 - Physical Geology
MATH 2115 - Statistics
MATH 2150 - Calculus I
MATH 3120 - Statistics and Research
Natural Science/Mathematics Elective (chosen from list below)
Natural Science/Mathematics Elective (chosen from list below)
Natural Science/Mathematics Elective (chosen from list below)
Natural Science/Mathematics Elective (chosen from list below)
Natural Science/Mathematics Elective (chosen from list below)
PHSC 1145 - Global Change

Natural Science/Mathematics Electives:

BIOL 1135 - Introduction to Forensic Science I.

Elective courses must be at least 3 credits. Ethics courses do not fulfill this requirement.

Any course 2000-level or higher from:

- Biology
- Chemistry
- Environmental Science
- Geology
- Physical Science
- Physics
- Public Health

Free Electives: Sufficient free electives must be taken to ensure a minimum of 120 credits earned for graduation.

Footnotes:

¹Students must successfully complete a minimum of five (5) Field Biology credits. BIOL 1039 is recommended.

²Students who do not complete BIOL 4910 must take a curricular elective at the 3000-level.

³Students who do not complete six credits of internship must take curricular electives at the 3000/4000-level to reach the six credit minimum.

Recommended Sequence of Courses: Visit www.keystone.edu/academics for further information.

The academic adviser assists the student in planning his/her curriculum and in preregistration; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Business Bachelor of Science

The business curriculum is intended to provide the core skills and common body of professional knowledge needed for success in business or other organizations. It results in a broad and general education that is often preferred by top leaders in the emerging global economy. In addition to providing the knowledge and skills necessary to succeed as a leader in for-profit or not-for-profit organizations - this curriculum is also an ideal choice for the small business owner or future entrepreneur. The required courses are also the standard foundation for graduate study in business.

General education; however, is made even more advantageous when coupled with in-depth mastery of a technical specialty. This curriculum is designed to encompass the completion of an 18-credit minor/concentration of the student's choice. Students work closely with a designated faculty adviser to select from an extended menu of elective courses. Available business minor/concentration areas include: accounting, finance, information technology, human resource management, leadership, management, and marketing. This degree may be completed fully online.

Non-business students may minor in business (please see page 186). Because all organizations must run as a business to be successful in today's economic environment, many students may find a business minor helpful in their careers.

The program is accredited by the International Assembly for Collegiate Business Education (IACBE).

Graduation Requirements

ENGL 0050 – Critical and Analytical Reading – All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Students who test-out of the course receive an exemption that does not carry credits.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 2.00 to graduate from this curriculum. Additional graduation criteria are found beginning on page 41.

General Education Requirements

Courses fulfilling the General Education Requirements can be found beginning on page 51.

Competencies:

Arts and Humanities Elective - Discipline 1 (3 credits minimum)
Arts and Humanities Elective - 2000-level – Discipline 2 (3 credits minimum)
COMM 1125 - Speech Communication (3 credits)
ENGL 1110 - College Writing I: Academic Writing (3 credits)
ENGL 1125 - College Writing II: Writing About Literature (3 credits)
Ethics Elective (BUSN 3300 recommended)
FYS 1110 - The First-Year Seminar (1 credit minimum)
Health and Wellness Elective (2 credits minimum)
Mathematics Elective (3 credits minimum)
Mathematics/Natural Science Elective – 2000-level (MATH 2115 or MATH 2120 recommended)
Natural Science Laboratory Elective (3 credits minimum)
Social and Behavioral Sciences - Discipline 1 (3 credits minimum)

Social and Behavioral Sciences - 2000-level – Discipline 2 (ECON 2110 recommended)
Technology Elective (3 credits minimum)

Institutional Perspectives:

Diversity Perspective Elective
Environmental Sustainability Perspective Elective
Global Perspective Elective
Self-Directed and Independent Learning Perspective Elective
Service Learning Perspective Elective
Writing Intensive Perspective Elective

Curriculum Requirements

At least 36 of the 120 credits required for the bachelor's degree must be 3000- and/or 4000-level courses.

ACCT 1125 - Managerial Accounting
ACCT 1155 - Financial Accounting
BUSN 1110 - Introduction to Business
 or SRM 1110 - Introduction to Sport and Recreation Management
BUSN 2110 - Principles of Management
BUSN 2115 - Principles of Marketing
BUSN 2570 - Special Topics in Business: Career Preparation²
BUSN 2130 - Written Communication
BUSN 3115 - Financial Management
BUSN 3130 - Work Place Environment³
 or BUSN 4710 - Internship Experience¹
 or CULN 2710 - Culinary Field Experience¹
BUSN 3150 - Business/Civil Law
BUSN 3300 - Business Ethics
BUSN 4115 - Organizational Behavior
BUSN 4135 - Business Research Methods
BUSN 4145 - Strategic Business Management
BUSN 4910 - Senior Business Policy Capstone
ECON 2110 - Principles of Economics I
ECON 2115 - Principles of Economics II
HRM 1110 - Introduction to Human Resource Management
IT 2110 - Intermediate PC Office Applications
MATH 2115 - Statistics
 or MATH 2120 - Statistics for the Social Sciences
MATH 3120 - Statistics and Research

Curricular Electives:

At least 12 additional credits (not taken as curriculum courses above) must be taken from the following courses or others with adviser approval. Students are responsible for meeting any prerequisites.

Any ACCT course
Any BUSN course
COMM 3135 - Small Group Communication
COMM 4115 - Gender and Communication
Any ECON course
ENGL 3120 - Technical Writing
Any HRM course

Any IT course
Any LEAD course
MATH 1155 - Pre-Calculus
MATH 2150 - Calculus I
MATH 3120 - Statistics and Research
PSYC 3125 - Research Methods for the Social Sciences
SOCI 3110 - Sociology of Diversity
Any SRM course

Free Electives: Sufficient free electives must be taken to ensure a minimum of 120 credits earned for graduation.

Footnotes:

¹Internship experiences range from one to nine credits and must meet with the approval of your adviser.

²Students who have previously taken another Special Topics courses are exempt from this requirement.

Recommended Sequence of Courses: Visit www.keystone.edu/academics for further information.

The academic adviser assists the student in planning his/her curriculum and in preregistration; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Communication Arts and Humanities Bachelor of Arts

This bachelor of arts degree program provides students with the skills of traditional English or humanities majors, combined with the theoretical context for understanding the process of communication.

While students pursuing the bachelor of arts: communication arts and humanities degree program are not required to identify a specialization, they may work closely with their advisers to make course selections that provide emphasis in journalism, corporate/administrative communication, graphic design, photography, or photo/graphics. Digital media is also a popular minor for communication students. Each specialization and the minor consist of 18 hours of coursework chosen from approved lists that are included in this catalog.

Students who qualify may complete up to a nine-credit hour internship in their junior or senior year. Students exploring an internship must contact the communication arts and humanities curriculum coordinator.

Students who have earned an associate degree or who desire to transfer from another program or institution and are seeking admission to the bachelor's degree program must have successfully completed COMM 1115, COMM 1120, and COMM 2110. An interview between the student and the curriculum coordinator must also be completed before final acceptance into the bachelor's program.

The academic adviser assists the student in planning his/her curriculum and in pre-registration; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Graduation Requirements

ENGL 0050 – Critical and Analytical Reading – All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Students who test-out of the course receive an exemption that does not carry credits.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 2.00 to graduate from this curriculum. Additional graduation criteria are found beginning on page 41.

General Education Requirements

Courses fulfilling the General Education Requirements can be found beginning on page 51.

Competencies:

Arts and Humanities Elective - Discipline 1 (COMM 1115 recommended)

Arts and Humanities Elective - 2000-level – Discipline 2 (Literature Elective 2000-level recommended)

COMM 1125 - Speech Communication (3 credits)

ENGL 1110 - College Writing I: Academic Writing (3 credits)

ENGL 1125 - College Writing II: Writing About Literature (3 credits)

Ethics Elective (COMM 3120, BUSN 3300, SRM 3300 or JOUR 3300 recommended)

FYS 1110 - The First-Year Seminar (1 credit minimum)

Health and Wellness Elective (1 credit minimum)

Mathematics Elective (3 credits minimum)

Mathematics/Natural Science Elective - 2000-level (3 credits minimum)

Natural Science Laboratory Elective (3 credits minimum)
Social and Behavioral Sciences - Discipline 1 (3 credits minimum)
Social and Behavioral Sciences - 2000-level – Discipline 2 (3 credits minimum)
Technology Elective (IT 1115 or ART 1145 recommended)

Journalism Specialization

This specialization is designed for those students who are interested in obtaining positions as reporters, copy editors or copy writers, or internal publications writers or editors.

Students are required to take the following courses:

JOUR 1110 - Introduction to Journalism
JOUR 2110 - Feature Writing
JOUR 3120 - Advanced News Writing
JOUR 3300 - Journalism Ethics

Students will choose two courses from the following:

ART 2160 - Fundamentals of Photography
COMM 2160 - Digital Media Production
COMM 3023 - Special Topics: Web Design for Multimedia
JOUR 3115 - Women in Journalism

Corporate/Administrative Communication Specialization

This specialization is designed for students who seek employment in fields of sales/marketing or corporate or nonprofit management and administration.

Students are required to take the following course:

COMM 2145 - Public Relations

Students will choose two of the following 2000-level courses.

BUSN 2110 - Principles of Management
BUSN 2115 - Marketing
BUSN 2130 - Written Communication
BUSN 2145 - Advertising
BUSN 2160 - Sales

Students will choose three of the following 3000-4000-level courses.

BUSN 3150 - Business/Civil Law

BUSN 4110 - Organizational Behavior

COMM 3135 - Small Group Communications

ENGL 3120 - Technical Writing

Photography/Graphic Design Emphases

Students interested in pursuing an emphasis in photography or graphic design in conjunction with the bachelor of arts: communication arts and humanities will complete 18 credits in the appropriate ART courses identified below.

In addition, students beginning the bachelor of arts: communication arts and humanities curriculum who have not yet completed IT 1115, and who identify photography, graphic design, or photo/graphics as an emphasis, should take ART 1145 instead of IT 1115 as both a core requirement and part of the 18-credit emphasis. If a student has already completed IT 1115, she/he will complete ART 1145 in addition to IT 1115.

For students wishing to complete an emphasis in **photography**, the following courses are required:

ART 1145 - Electronic Media in the Arts

ART 2160 - Photography I

ART 2163 - Digital Photography

ART 3115 - Digital Projects

or ART 3120 - Book Arts

or ART 3125 - Color Photography

or ART 4942 - Advanced Photo/Senior Seminar II

ART 3160 - Photography II

ART 4941 - Advanced Photography/Senior Seminar I

For students wishing to complete an emphasis in **graphic design**, the following courses are required:

ART 1130 - Two-Dimensional Design

ART 1145 - Electronic Media in the Arts

ART 2135 - Fundamentals of Graphic Design

ART 2163 - Digital Photography

or ART 3115 - Digital Projects

or ART 4911 -Advanced Graphic Design/Senior Seminar I

ART 3130 - Special Topics: Typography

ART 3135 - Graphic Design II

For students wishing to complete an emphasis in **photo/graphics**, the following courses are required:

ART 1130 - Two-Dimensional Design

ART 1145 - Electronic Media in the Arts

ART 2135 - Fundamentals of Graphic Design

ART 2163 - Digital Photography

ART 3115 - Digital Projects

ART 3135 - Graphic Design II

Criminal Justice Bachelor of Science

The criminal justice curriculum provides students with an understanding of the analysis of problems, procedures, organization, and functions of the criminal justice system. Students will understand how ethical and moral issues within the criminal justice system affect decisions, policy, and personal relationships. The curriculum will provide a thorough understanding of how criminal justice agencies are organized and managed. Students may also have the opportunity to acquire career-based skills through field experiences while working in a criminal justice agency. This program also prepares students for graduate and/or professional studies.

Graduation Requirements

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Students who test-out of the course receive an exemption that does not carry credits.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 2.00 to graduate from this curriculum. Additional graduation criteria are found beginning on page 41.

General Education Requirements

Courses fulfilling the General Education Requirements can be found beginning on page 51.

Competencies:

Free Elective Courses: Sufficient free electives must be taken to ensure a minimum of 120 credits earned for graduation.

The academic adviser assists the student in planning his/her curriculum and in pre-registration, and monitors student progress on a semester by semester basis; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Not every course is offered every semester at every location. Course offerings are dependent on enrollment.

Recommended Sequence of Courses: Visit www.keystone.edu/academics for further information.

Footnotes:

¹Field Experiences are limited to those students with a 2.5 GPA in the major and recommendation of the curriculum coordinator. Students eligible for a field experience must take SOSC 4705 (Field Experience Preparation) before taking SOSC 4710. Students not eligible for field experience must take a curricular elective at the 3000-level or higher.

²One curricular elective can be at the 2000-level while the remainder must be at the 3000-4000 level from the following disciplines: CJ, PSYC, SOCI, POSC, HIST, or GEOG. BUSN 3150 (Business/Civil Law), SRM 3135 (Facilitation of Leadership Activities), and SRM 3165 (Security Management in Sport) are also considered curricular electives. Courses used as curricular electives may not be used as part of the student's minor.

³Students must complete a minor of their choice. Specific minor requirements are found beginning on page 186 of the Catalog. Courses used for the first minor may not be used as curricular electives. Courses used for a second minor can be used as curricular electives.

The academic adviser assists the student in planning his/her curriculum and in preregistration; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Not every course is offered every semester at every location. Course offerings are dependent on enrollment.

Criminal Justice/Psychology Double Major Bachelor of Science

The dual degree program in Psychology and Criminal Justice allows motivated students who are interested in Psychology and Criminal Justice the ability to complete major requirements in both areas in a four-year (120-121 credit) program. The program provides an excellent foundation for graduate school and for entry level positions in law enforcement and the human services.

Graduation Requirements:

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Free Elective Courses: Sufficient free electives must be taken to ensure a minimum of 120 credits earned for graduation.

Early Childhood Education Bachelor of Science

The Bachelor of Science degree in Early Childhood Education prepares professionals to teach in a variety of Pre-K to fourth grade settings. This early childhood certification program is organized to foster the development of skilled teachers, who can utilize best practices for planning and preparing environments and instructing in early childhood settings. Students engage in fieldwork every semester. A field component consists of weekly observation/participation/teaching supervised by College faculty. Fieldwork requires current FBI, criminal history and child abuse clearances, as well as a current health appraisal including a negative TB test. The field experience fee is \$175 per semester.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 3.00 to graduate in a certification major. In addition, all education majors require a 3.00 GPA to gain admission to the program and a cumulative 3.00 GPA to continue in the program and a cumulative 3.00 GPA in psychology, early childhood education, and special education coursework. Students must obtain a “C” or better in the content courses in the major. Students earning lower than a “C” must retake the course. All students must obtain a “B” or better in each student teaching course. Students earning lower than a “B” must retake the course.

Graduation Requirements:

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Students who test-out of the course receive an exemption that does not carry credits.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 3.00 to graduate from this curriculum. Additional graduation criteria are found on page 41 of this Catalog and also in the Education Handbook.

In addition, the Early Childhood Education curriculum requires a 3.0 GPA to gain admission to the program and a cumulative 3.0 GPA to continue in the program, as well as a 3.0 GPA in psychology, early childhood education and special education. Students must obtain a “C” or better in the content courses in the major. Students earning lower than a “C” must retake the course.

General Education Requirements

Courses fulfilling the General Education Requirements can be found beginning on page 51.

Competencies:

Arts and Humanities Elective - Discipline 1 (3 credits minimum)

Arts and Humanities Elective - 2000-level – Discipline 2 (3 credits minimum)

COMM 1125 - Speech Communication (3 credits)

ENGL 1110 - College Writing I: Academic Writing (3 credits)

ENGL 1125 - College Writing II: Writing About Literature (3 credits)

Ethics Elective (3 credits minimum)

FYS 1110 - The First-Year Seminar (1 credit minimum)

Health and Wellness Elective (2 credits minimum)

Mathematics Elective (2 credits minimum)
Mathematics/Natural Science Elective - 2000-level (3 credits minimum)
Natural Science Laboratory Elective (3 credits minimum)
Social and Behavioral Sciences - Discipline 1 (3 credits minimum)
Social and Behavioral Sciences - 2000-level – Discipline 2 (3 credits minimum)
Technology Elective (3 credits minimum)

Institutional Perspectives:

Diversity Perspective Elective
Environmental Sustainability Perspective Elective
Global Perspective Elective
Self-Directed and Independent Learning Perspective Elective
Service Learning Perspective Elective
Writing Intensive Perspective Elective

Curriculum Requirements

BIOL 1001 - Newsworthy Topics in Biology
or BIOL 1003 - Human Health Issues
ECE 1110 - Introduction to Early Childhood Education
ECE 2115 - Curriculum Program Planning (3-8)
ECE 2160 - Health and Wellness of Young Children
ECE 3120 - Curriculum and Methods: Mathematics
ECE 3125 - Curriculum and Methods: Social Studies
ECE 3130 - Curriculum Methods: Science
ECE 3135 - Early Literacy Foundations
EDUC 1710-1740 - Field Observation/Participation
EDUC 1110 - Introduction to Teaching
EDUC 2125 - Teaching Literacy through Literature
EDUC 2130 - Child, Family, and Community
EDUC 3001 - Formal Acceptance/Teacher Candidate Status
EDUC 3155 - Developmental Assessment I
EDUC 3165 - Developmental Assessment II
EDUC 3210 - Teaching English Language Learners
EDUC 3215 - Integrating the Arts for the Developing Child
EDUC 3230 - Teaching Reading
EDUC 4160 - Electronic Media for Teachers
EDUC 4720 - Student Teaching in Early Childhood Education (Pre K-1)
EDUC 4725 - Student Teaching in Early Childhood Education (Grades 2-4)
EDUC 4910 - Seminar: Contemporary Research, Issues & Ethics in Education

or ENGL 2115 - American Literature II
GEOG 3110 - Cultural Geography
HIST 1130 - U. S. History I
or HIST 1135 - U.S. History II
MATH 1125 - College Algebra or a higher level MATH course
MATH 1140 - College Mathematics or a higher level MATH course

PSYC 2190 - Child Development I
PSYC 2195 - Child Development II
PSYC 3165 - Cognition and Learning
SPEC 2110 - Characteristics & Needs of Exceptional Learners
SPEC 2120 - Early Intervention & Transitions
SPEC 3110 - Classroom Management
SPEC 3115 - Differentiated Instruction for Diverse Learners
SPEC 4110 - Family Partnerships, Advocacy, Collaboration and Transitions
2000-level Science course

Free Elective Courses: Sufficient free electives must be taken to ensure a minimum of 120 credits earned for graduation.

The academic adviser assists the student in planning his/her curriculum and in pre-registration, and monitors student progress on a semester by semester basis; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Not every course is offered every semester at every location. Course offerings are dependent on enrollment.

Early Childhood Education/Special Education Bachelor of Science

The Bachelor of Science degree in Early Childhood Education/Special Education prepares professionals to teach in a variety of Pre-K to fourth grade settings. The special education certification prepares professionals to plan instruction and demonstrate effective classroom adaptations in a variety of Pre-K to eighth grade settings. Students engage in fieldwork every semester. A field component consists of weekly observation/participation/teaching supervised by College faculty. Fieldwork requires current FBI, criminal history and child abuse clearances, as well as a current health appraisal including a negative TB test. The field experience fee is \$175 per semester.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 3.00 to graduate in a certification major. In addition, all education majors require a 3.00 GPA to gain admission to the program and a cumulative 3.00 GPA to continue in the program and a cumulative 3.00 GPA in psychology, early childhood education, and special education coursework. Students must obtain a “C” or better in the content courses in the major. Students earning lower than a “C” must retake the course. All students must obtain a “B” or better in each student teaching course. Students earning lower than a “B” must retake the course.

Graduation Requirements

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Environmental Resource Management Bachelor of Science

Environmental resource management is a multidisciplinary science curriculum. Emphasis is placed on preparing students to evaluate and guide environmental actions using sound science. Realistic, hands-on experiences enable students to apply scientific concepts and develop valuable field and laboratory skills. Graduates are working in many areas of environmental management for industries, environmental consulting companies, and regulatory agencies. Students completing all graduation requirements will earn a bachelor of science degree.

Graduation Requirements

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Students who test-out of the course receive an exemption that does not carry credits.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 2.00 to graduate from this curriculum. Additional graduation criteria are found beginning on page 41.

General Education Requirements

Courses fulfilling the General Education Requirements can be found beginning on page 51.

Competencies:

Arts and Humanities Elective - Discipline 1 (3 credits minimum)
Arts and Humanities Elective - 2000-level – Discipline 2 (3 credits minimum)
COMM 1125 - Speech Communication (3 credits)

Free Electives: Sufficient free electives must be taken to ensure a minimum of 120 credits earned for graduation.

Footnotes:

¹Students must successfully complete a minimum of one (1) credit of Field Biology.

²Curricular Electives to be chosen from any mathematics (MATH) or science (ENVT, PHSC, BIOL, CHEM, or PHYS) courses at or above the 2000-level.

³Students may elect to substitute six credits of curricular electives at the 3000/4000-level for the internship.

Recommended Sequence of Courses: Visit www.keystone.edu/academics for further information.

The academic adviser assists the student in planning his/her curriculum and in preregistration; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Environmental Resource Management: Petroleum and Alternative Energy Concentration Bachelor of Science

This concentration is intended to position graduates to meet employment needs related to the rapidly expanding development of natural gas resources. Through courses in petroleum geology, resource economics, project management, and energy policy and law, students gain the practical skills necessary for employment in a wide variety of jobs in this field. Students completing all graduation requirements will earn a bachelor of science degree.

Graduation Requirements

ENGL 0050 – Critical and Analytical Reading – All students must either test-out of or successfully complete this course for graduation. The academic adviser assists the student in planning his/her curriculum and in preregistration; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Geology

Bachelor of Science

Keystone College's Geology Program seeks to provide students with a broad understanding of fundamental Earth processes including Plate Tectonics, natural resource and mineral formation, weathering and erosion, and climate change. This four-year degree combines classroom instruction with extensive training in laboratory and field skills and is intended to prepare a new generation of geoscience professionals to work in a variety of professional fields. Introductory courses such as Physical Geology and Earth Systems History provide students with a strong foundation in geologic processes, while upper level courses such as Petrology and Structural Geology refine those skills while preparing students for careers in the geosciences.

The Geology curriculum is designed to introduce students to a wide variety of equipment used to study the Earth. Along with classroom instruction and laboratory analysis, the Geology Program stresses fieldwork as a way to enhance students' problem solving skills and prepare them for the real world challenges that face those entering the workforce in the geosciences. Students will participate in numerous local field trips as well as be given the opportunity to study the geology of Costa Rica on a nine-day trip that takes them from active volcanoes to ancient oceanic complexes found on the country's Pacific coast.

Graduation Requirements

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Students who test-out of the course receive an exemption that does not carry credits.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 2.00 to graduate from this curriculum. Additional graduation criteria are found beginning on page 41.

Free Electives: Sufficient free electives must be taken to ensure a minimum of 12 credits earned for graduation.

Hospitality Business Management Bachelor of Science

The hospitality business management degree is a multifaceted program that focuses on various concentrations within one discipline. The five concentrations are; casino management, event planning, restaurant management, lodging management, and sales & marketing. The first two years of the program will allow the students to learn the fundamental requirements within the hospitality industry. Upon successful completion of 60 credits students will then choose one of the above, more rigorous, curriculum concentrations. The program prepares students with a solid understanding of hospitality leadership through both classroom activities and hands-on training while partnering with industry leaders.

Graduation Requirements

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Students who test out of the course receive an exemption that does not carry credits.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 2.00 to graduate from this curriculum. Additional graduation criteria are found beginning on page 41.

CASM 4110 - Regulatory and Legal Compliance

CASM 4710 - Casino Management Internship¹

Free Electives: Sufficient free electives must be taken to ensure a minimum of 120 credits earned for graduation.

Footnotes:

¹Internship experiences range from one to nine credits and must meet with the approval of your adviser prior to starting to your internship. Students must complete 60 or more credits prior to starting their internship and maintain a 2.5 GPA or greater.

Recommended Sequence of Courses: Visit www.keystone.edu/academics for further information.

The academic adviser assists the student in planning his/her curriculum and in preregistration; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Information Technology Bachelor of Science

The information technology program is designed for individuals interested in professional careers in the field of information technology (IT). The flexibility of the IT program at Keystone College provides students with a comprehensive foundation across the spectrum of the computing environment while developing a specialization in network engineering or business information systems.

The network engineering specialization is designed to prepare graduates for careers in computer networking systems administration, and other areas of computing. The business information systems specialization is designed to prepare graduates for careers in a variety of IT professions including, but not limited to, programmer, solution developer, database administrator, project manager, and systems analyst.

Students must obtain an average 3.00 GPA for all information technology courses.

Graduation Requirements

ENGL 0050 – Critical and Analytical Reading – All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Students who test-out of the course receive an exemption that does not carry credits.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 2.00 to graduate from this curriculum. Additional graduation criteria are found beginning on page 41.

General Education Requirements

Courses fulfilling the General Education Requirements can be found beginning on page 51.

Competencies:

Arts and Humanities Elective - Discipline 1 (3 credits minimum)
Arts and Humanities Elective - 2000-level – Discipline 2 (3 credits minimum)
COMM 1125 - Speech Communication (3 credits)
ENGL 1110 - College Writing I: Academic Writing (3 credits)
ENGL 1125 - College Writing II: Writing About Literature (3 credits)
Ethics Elective (BUSN 3300 recommended)
FYS 1110 - The First-Year Seminar (1 credit minimum)
Health and Wellness Elective (2 credits minimum)
Mathematics Elective (MATH 1155 recommended)
Mathematics/Natural Science Elective – 2000-level (MATH 2115 recommended)
Natural Science Laboratory Elective (3 credits minimum)
Social and Behavioral Sciences - Discipline 1 (3 credits minimum)
Social and Behavioral Sciences - 2000-level – Discipline 2 (3 credits minimum)
Technology Elective (IT 1110 recommended)

Institutional Perspectives:

Diversity Perspective Elective

Environmental Sustainability Perspective Elective
Global Perspective Elective
Self-Directed and Independent Learning Perspective Elective
Service Learning Perspective Elective
Writing Intensive Perspective Elective

Curriculum Requirements

At least 36 of the 120 credits required for the bachelor's degree must be at the 3000-and/or 4000 level.

ACCT 1125 - Managerial Accounting
 or ACCT 1155 - Financial Accounting
 or ACCT 1160 - Survey of Accounting
BUSN 2110 - Principles of Management
BUSN 2130 - Written Communication
BUSN 2200 - Project Management
BUSN 3300 - Business Ethics
ECON 2110 - Principles of Economics I
ECON 2115 - Principles of Economics II
ENGL 3120 - Technical Writing
IT 1110 - Introduction to Information Technology
IT 1120 - Introduction to Programming
IT 1130 - Web Programming I
IT 1135 - Web Programming II
IT 2115 - Database Management Systems I
IT 2120 - Database Management Systems II
IT 2165 - Networking I
IT 2170 - Networking II
IT 3125 - Programming with Scripting Languages
IT 3130 - Business Programming I
IT 4215 - Information Security
IT 4220 - Systems Analysis and Design
MATH 2115 - Statistics
MATH 1155 - Pre-Calculus
 or MATH 3115 - Discrete Mathematics

Students must also complete one of the concentrations listed below.

Business Information Systems Concentration:

ACCT 3110 - Accounting Information Systems
IT 3125 - Programming With Scripting Languages
IT 4240 - Business Programming III
IT 4245 - Business Programming IV
Information Technology Elective (to be chosen from list below)
Information Technology Elective (to be chosen from list below)

Network Engineer Concentration:

IT 4235 - Network Operating Systems I

IT 4250 - Network Operating Systems II

IT 4255 - Advanced Networking

Information Technology Elective (to be chosen from list below)

Information Technology Elective (to be chosen from list below)

Information Technology Elective (to be chosen from list below)

Information Technology Electives (Not used as concentration requirements):

ACCT 3110 - Accounting Information Systems I

ACCT 3120 - Accounting Information Systems II

COMM 2155 - Introduction to Radio Production

COMM 3015 - Special Topics: Advanced Digital Media Production

COMM 3023 - Special Topics: Web Design/Multimedia

COMM 3125 - Advanced Audio Production

IT 3115 - Electronic Commerce

IT 3125 - Programming with Scripting Languages

IT 3145 - Human Computer Interaction

IT 4235 - Network Operating Systems I

IT 4240 - Business Programming III

IT 4245 - Business Programming IV

IT 4250 - Network Operating Systems II

IT 4255 - Advanced Networking

IT 4910 - Current Topics in Information Technology

Free Electives: Sufficient free electives must be taken to ensure a minimum of 120 credits earned for graduation.

Recommended Sequence of Courses: Visit www.keystone.edu/academics for further information.

The academic adviser assists the student in planning his/her curriculum and in preregistration; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Middle Level Education: Language Arts Bachelor of Science

The Bachelor of Science degree in Middle Level education prepares professionals to teach students in grades four through eight. A concentration in Language Arts prepares prospective teachers for certification and the challenging work in developing skills to teach language and literacy. Students engage in fieldwork every semester. A field component consists of weekly observation/participation/teaching supervised by College faculty. Fieldwork requires current FBI, criminal history and child abuse clearances, as well as a current health appraisal including a negative TB test. The field experience fee is \$175 per semester.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 3.00 to graduate in a certification major. In addition, all education majors require a 3.00 GPA to gain admission to the program and a cumulative 3.00 GPA to continue in the program and a cumulative 3.00 GPA in psychology, special education, social studies, mathematics, and middle level education coursework. Students must obtain a “C” or better in the content courses in the major. Students earning lower than a “C” must retake the course. All students must obtain a “B” or better in each student teaching course. Students earning lower than a “B” must retake the course.

Graduation Requirements:

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Students who test-out of the course receive an exemption that does not carry credits.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 3.00 to graduate from this curriculum. Additional graduation criteria are found beginning on page 41 and also in the Education Handbook.

In addition, the Middle Level Education: Language Arts curriculum requires a 3.0 GPA to gain admission to the program and a cumulative 3.0 GPA to continue in the program, as well as a 3.0 GPA in psychology, early childhood education and special education. Students must obtain a “C” or better in the content courses in the major. Students earning lower than a “C” must retake the course.

General Education Requirements

Courses fulfilling the General Education Requirements can be found beginning on page 51.

Competencies:

Arts and Humanities Elective - Discipline 1 (3 credits minimum)

Arts and Humanities Elective - 2000-level – Discipline 2 (3 credits minimum)

COMM 1125 - Speech Communication (3 credits)

Psychology

Bachelor of Science

The bachelor of science in psychology program provides students with a foundation in the scientific understanding of human behavior; the skills to consume and apply research; the values congruent with the science and application of psychology; and prepares students to apply these skills in a career in the fields of business, education, health, and human services and/or to pursue graduate studies in preparation for work in the field of psychology

The BS in psychology follows the American Psychological Association's guidelines for an undergraduate degree in psychology and emphasizes a liberal arts education. The degree will prepare students to be generalists who are qualified for entry-level positions in a variety of fields. The degree will also prepare students to pursue advanced education in psychology, counseling, and social work or other disciplines like education, law, or business. Students majoring in psychology will develop the skills that employers value, including oral and written communication skills, cognitive skills, human relations skills, and the ability to understand data.

Students will work closely with an academic adviser, as well as with the Career Development Center, to select courses and/or academic minors that fit their interests and career goals. While the academic adviser assists the student in planning his/her curriculum, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Graduation Requirements

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. The academic adviser assists the student in planning his/her curriculum and in preregistration; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Public Health Bachelor of Science

The flexibility of the public health major curriculum will allow the students to incorporate many different aspects of a liberal arts education. The goal of this program is to provide students with a solid background in useful tools that they can use in their careers in general public health as well as the various specialization areas of Public Health (e.g., environmental health, public policy and administration, infectious disease epidemiology, health education, pre-medical, and biostatistics). Students with an undergraduate degree in Public Health could also work in business, health education, health services administration, or law. This rigorous program provides a pathway to medical school and will prepare students for graduate studies in fields related to the health sciences, human services, and public health.

There is sufficient flexibility to allow students to minor in one of several disciplines. Non-public health majors may minor in Public Health (see page 187) A Public Health minor may be useful for any student working in a field related to healthcare such as psychology, information technology, communication, homeland security, mathematics, leadership, sociology, or business.

Graduation Requirements

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Curricular Elective 3000-level or higher (chosen from list below)

Curricular Elective 3000-level or higher (chosen from list below)

Curricular Elective 3000-level or higher (chosen from list below)

Curricular Elective 3000-level or higher (chosen from list below)

Curricular Elective 3000-level or higher (chosen from list below)

MATH 2115 - Statistics

or MATH 2120 - Statistics for the Social Sciences

PSYC 3125 - Research Methods for the Social and Behavioral Sciences

SOSC 4705 - Field Experience Prep in the Social Sciences

SOSC 4710 - Social Science Field Experience²

or Curricular Elective 3000-level

SOSC 4910 - Research Implementation and Analysis

or MATH 3120 - Statistics and Research

*Social Science Sequence and Electives

Social Science Foundation Sequences and Electives are to be chosen from the list below. A total of five (5) sequences must be completed and an additional two (2) elective courses. Each sequence consists of two (2) courses:

ANTH 1110 - Introduction to Cultural Anthropology

and ANTH/BIOI 2130 - Biological Anthropology

or GEOG 3110 - Cultural Geography

CJ 1115 - Introduction to Criminal Justice

and CJ - Any 2000-level Criminal Justice course

ECON 2110 - Principles of Economics I

and ECON 2115 - Principles of Economics II

GEOG 1110 - Introduction to Geography

and GEOG 3110 - Cultural Geography

HIST 1110 - The Making of the Modern World

and HIST 1115 - Western Civilization

HIST 1130 - U.S. History I

and HIST 1135 - U.S. History II

POSC 1110 - American National Government

and POSC 2110 - State and Local Government

or POSC 2130 - International Relations

or POSC 3110 - Constitutional/Criminal Law

or POSC 3120 - Comparative Government
 PSYC 1110 - General Psychology
 and PSYC 2110 - Developmental Psychology
 or PSYC 2115 - Child Psychology
 or PSYC 2190 - Child Development I
 or PSYC 2195 - Child Development II
 or PSYC 2205 - Psychology of Adolescence
 or PSYC 2210 - Adulthood and Aging
 PSYC 2190 - Child Development I
 and PSYC 2195 - Child Development II
 SOCI 1110 - Introduction to Sociology
 and SOCI 2120 - Social Problems
 or SOCI 2125 - The Family
 or SOCI 3110 - Sociology of Diversity

Curricular Electives:

Students must choose 18 credits of curricular electives not used above, 15 of which must be at the 3000 level or higher. Twelve of the curricular elective credits must complete the minor requirements in one of the following areas: political science, sociology, psychology, or criminal justice. Courses used as Social Science Foundation sequence courses above or as General Education Requirements may not be used as curricular electives.

ANTH 2110 - Peoples and Cultures of Africa
 BUSN 3300- Business Ethics
 BUSN 3150 - Business/Civil Law
 BUSN 4110 - Organizational Behavior
 COMM 3115 - Communication Research Skills
 COMM 3120 - Communication Ethics
 COMM 4115 - Gender and Communication
 CJ 2000 or higher - All CJ courses numbered 2000- or higher
 ECON 2110 - Principles of Economics I
 ECON 2115 - Principles of Economics II
 GEOG 1110 - Introduction to Geography
 GEOG 3110 - Cultural Geography
 HIST 3110/POSC 3115 - Civil Rights in America
 HIST 3115/POSC 3125 - U.S. History Since 1945
 HIST 3120 - History of the Civil War
 HIST 3125/POSC 3135 - Women's History in America
 HSER 2115 - The Helping Relationship
 HSER 2120 - Human Services Systems
 LEAD 4110 - Leadership Strategies
 POSC - All Political Science courses
 PSYC - All Psychology courses
 SOCI - All Sociology courses
 SRM 3135 - Facilitation of Leadership Activities

Free Electives: Sufficient free electives must be taken to ensure a minimum of 120 credits earned for graduation.

Footnotes:

¹Social Science Sequence #1 must be a History Sequence.

²One curricular elective can be at the 2000-level while the remainder must be at the 3000-4000 level from the following disciplines: CJ, PSYC, SOCI, POSC, HIST, or GEOG. BUSN 3150 (Business/Civil Law), SRM 3135 (Facilitation of Leadership Activities), and SRM 3165 (Security Management in Sport) are also considered curricular electives. Courses used as curricular electives may not be used as part of the student's minor.

Recommended Sequence of Courses: Visit www.keystone.edu/academics for further information.

The academic adviser assists the student in planning his/her curriculum and in preregistration; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Sport and Recreation Management Bachelor of Science

The bachelor of science - sport and recreation management curriculum has a strong business base and prepares students for career opportunities in athletics, recreation programs, sport journalism and promotions, resort recreation, commercial fitness, or for a business of their own. Students meeting the requirements of the curriculum will receive a bachelor of science degree in sport and recreation management.

The program is accredited by the International Assembly for Collegiate Business Education (IACBE).

Graduation Requirements

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Students who test-out of the course receive an exemption that does not carry credits.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 2.00 to graduate from this curriculum. Additional graduation criteria are found beginning on page 41.

General Education Requirements

Courses fulfilling the General Education Requirements can be found beginning on page 51.

Competencies:

Arts and Humanities Elective - Discipline 1 (3 credits minimum)
Arts and Humanities Elective - 2000-level – Discipline 2 (COMM 3130 recommended)
COMM 1125 - Speech Communication (3 credits)
ENGL 1110 - College Writing I: Academic Writing (3 credits)
ENGL 1125 - College Writing II: Writing About Literature (3 credits)
Ethics Elective (SRM 3300 recommended)
FYS 1110 - The First-Year Seminar (1 credit minimum)
Health and Wellness Elective (2 credits minimum)
Mathematics Elective (3 credits minimum)
Mathematics/Natural Science Elective – 2000-level (3 credits minimum)
Natural Science Laboratory Elective (3 credits minimum)
Social and Behavioral Sciences - Discipline 1 (3 credits minimum)
Social and Behavioral Sciences - 2000-level – Discipline 2 (SRM 2120 recommended)
Technology Elective (IT 1115 or higher recommended)

Institutional Perspectives:

Diversity Perspective Elective
Environmental Sustainability Perspective Elective
Global Perspective Elective
Self-Directed and Independent Learning Perspective Elective
Service Learning Perspective Elective

Curriculum Requirements

At least 36 of the 120 credits required for the bachelor's degree must be at the 3000-and/or 4000 level.

ACCT 1125 - Managerial Accounting or higher ACCT course

BUSN 2110 - Principles of Management

BUSN 2130 - Written Communication

BUSN 4115 - Organizational Behavior

or LEAD 4110 - Leadership Strategies

COMM 3130 - Sport Communication

IT 1115 - PC Office Applications or higher IT course

PHED 1125 - First Aid and Safety

SRM 1110 - Introduction to Sport and Recreation Management

SRM 2110 - Program Development and Planning

SRM 2115 - Facilities Management

SRM 2120 - Social and Ethical Issues of Sport

SRM 2125 - Economics of Sport and Recreation

SRM 3115 - Legal Issues in Sport and Recreation

SRM 3120 - Sport Promotion and Marketing

SRM 3300 - Ethics in Sport and Recreation

SRM 4135 - Sport Business Practices

SRM 4710 - Field Experience Preparation

SRM 4720 - SRM Internship I

SRM 4725 - SRM Internship II

SRM 4910 - Senior Seminar

Concentration Elective

Concentration Elective

Concentration Elective

Concentration Electives to be chosen from the choices below. Students are required to successfully complete all courses in their chosen track.

Educational Administration:

SRM 3125 - Principles of Coaching

SRM 3145 - Applied Learning Theories for Movement and Play

SRM 4110 - Governance of Sports and Athletics

Sport Tourism and Event Management:

SRM 3130 - Sport Tourism

SRM 3140 - Commercial Recreation

SRM 4120 - Resort Recreation

Leisure and Commercial Recreation Management:

SRM 3135 - Facilitation of Leadership

SRM 3150 - Outdoor Recreation

SRM 4130 - Municipal and Non-Profit Leisure Services

Free Electives: Sufficient free electives must be taken to ensure a minimum of 120 credits for graduation.

The academic adviser assists the student in planning his/her curriculum and in preregistration; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Teaching - Art Education K-12 Bachelor of Science

The Bachelor of Science degree in Teaching: Art Education prepares professionals to teach students in kindergarten through twelfth grade. A concentration in art prepares prospective teachers for certification and challenging work in developing skills to teach creative visual expression. Students engage in fieldwork every semester. A field component consists of weekly observation/participation/teaching supervised by College faculty. Fieldwork requires current FBI, criminal history and child abuse clearances, as well as a current health appraisal including a negative TB test. The field experience fee is \$175 per semester.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 3.00 to graduate in a certification major. In addition, all education majors require a 3.00 GPA to gain admission to the program and a cumulative 3.00 GPA to continue in the program and a cumulative 3.00 GPA in psychology, early childhood education, special education, and art education coursework. Students must obtain a “C” or better in the content courses in the major. Students earning lower than a “C” must retake the course. All students must obtain a “B” or better in each student teaching course. Students earning lower than a “B” must retake the course.

Graduation Requirements

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Students who test-out of the course receive an exemption that does not carry credits.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 3.00 to graduate from this curriculum. Additional graduation criteria are found on beginning on page 41 and also in the Education Handbook.

In addition, the Teaching: Art Education curriculum requires a 3.0 GPA to gain admission to the program and a cumulative 3.0 GPA to continue in the program, as well as a 3.0 GPA in psychology, early childhood education and special education. Students must obtain a “C” or better in the content courses in the major. Students earning lower than a “C” must retake the course.

General Education Requirements

Courses fulfilling the General Education Requirements can be found beginning on page 51.

Competencies:

Arts and Humanities Elective - Discipline 1 (3 credits minimum)

Arts and Humanities Elective - 2000-level – Discipline 2 (3 credits minimum)

COMM 1125 - Speech Communication (3 credits)

ENGL 1110 - College Writing I: Academic Writing (3 credits)

ENGL 1125 - College Writing II: Writing About Literature (3 credits)

Ethics Elective (3 credits minimum)

FYS 1110 - The First-Year Seminar (2 credits minimum)

Health and Wellness Elective (2 credits minimum)
Mathematics Elective (3 credits minimum)
Mathematics/Natural Science Elective - 2000-level (3 credits minimum)
Natural Science Laboratory Elective (3 credits minimum)

SPEC 3110 - Classroom Management
SPEC 3115 - Differentiated Instruction for Diverse Learners
Science Elective - 2000-level²

Free Electives: Sufficient free electives must be taken to ensure a minimum of 120 credits earned for graduation.

Footnotes:

¹Intermediate and advanced studio courses are determined by choice of studio art concentration and fundamental art studio pre-requisite. Course selection must be approved by Keystone College School of Fine Arts academic adviser.

²This course must be a 2000-level science course. See General Education course electives on page 54 for choices.

Recommended Sequence of Courses: Visit www.keystone.edu/academics for further information.

The academic adviser assists the students in planning his/her curriculum and in pre-registration, and monitors student progress on a semester by semester basis; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Teaching: Child and Family Studies (non-certification program)

The bachelor's degree in Teaching: Child and Family Studies is a non-certification program designed to prepare professionals who are skilled in working with children and families in educational and non-educational settings. The degree provides students with the foundation of a social sciences background, combined with the theoretical context for understanding the theories and processes of development education. In addition, students may earn several state and national credentials as part of the child and family studies program. Students engage in fieldwork every semester. A field component consists of weekly observation/participation/teaching (student teaching not required) supervised by College faculty. Fieldwork requires current FBI, criminal history and child abuse clearances, as well as a current health appraisal including a negative TB test. The field experience fee is \$175 per semester.

Graduation Requirements

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Students who test-out of the course receive an exemption that does not carry credits.

All students must successfully complete the General Education and Curriculum requirements listed below to graduate from this curriculum.

Teaching: Social Studies Education (7th through 12th grade) Bachelor of Science

The Bachelor of Science degree in Teaching: Social Studies Education prepares professionals to teach students in grades seven through twelve. A concentration in social sciences focusing on diverse cultural and pedagogical issues prepares prospective teachers for certification and challenging work in developing skills to teach social studies. Students engage in fieldwork every semester. A field component consists of weekly observation/participation/teaching supervised by College faculty. Fieldwork requires current FBI, criminal history and child abuse clearances, as well as a current health appraisal including a negative TB test. The field experience fee is \$175.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 3.00 to graduate in a certification major. In addition, all education majors require a 3.00 GPA to gain admission to the program and a cumulative 3.00 GPA to continue in the program and a cumulative 3.00 GPA in psychology, special education and social studies coursework. Students must obtain a “C” or better in the content courses in the major. Students earning lower than a “C” must retake the course. All students must obtain a “B” or better in each student teaching experience. Students earning lower than a “B” must retake the course.

Graduation Requirements

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Students who test-out of the course receive an exemption that does not carry credits.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 3.00 to graduate from this curriculum. Additional graduation criteria are found beginning on page 41 and also in the Education Handbook.

In addition, the Social Studies Education curriculum requires a 3.0 GPA to gain admission to the program and a cumulative 3.0 GPA to continue in the program, as well as a 3.0 GPA in psychology, early childhood education and special education. Students must obtain a “C” or better in the content courses in the major. Students earning lower than a “C” must retake the course.

General Education Requirements

Courses fulfilling the General Education Requirements can be found beginning on page 51.

Competencies:

Arts and Humanities Elective - Discipline 1 (3 credits minimum)

Arts and Humanities Elective - 2000-level – Discipline 2 (3 credits minimum)

COMM 1125 - Speech Communication (3 credits)

ENGL 1110 - College Writing I: Academic Writing (3 credits)

ENGL 1125 - College Writing II: Writing About Literature (3 credits)

Ethics Elective (3 credits minimum)

FYS 1110 - The First-Year Seminar (1 credit minimum)

Health and Wellness Elective (2 credits minimum)

Mathematics Elective (3 credits minimum)
Mathematics/Natural Science Elective - 2000-level (3 credits minimum)
Natural Science Laboratory Elective (3 credits minimum)
Social and Behavioral Sciences - Discipline 1 (3 credits minimum)
Social and Behavioral Sciences - 2000-level – Discipline 2 (3 credits minimum)
Technology Elective (3 credits minimum)

Institutional Perspectives:

Diversity Perspective Elective
Environmental Sustainability Perspective Elective
Global Perspective Elective
Self-Directed and Independent Learning Perspective Elective
Service Learning Perspective Elective
Writing Intensive Perspective Elective

Curriculum Requirements

ANTH 1110 - Introduction to Cultural Anthropology
Biology Laboratory Elective¹
ECON 2110 - Principles of Economics I
ECON 2115 - Principles of Economics II
EDUC 1710-1740 - Field Observation/Participation
EDUC 1110 - Introduction to Teaching
EDUC 2135 - Teaching in the Secondary School
EDUC 3001 - Formal Acceptance/Teacher Candidate Status
EDUC 3165 - Developmental Assessment II
EDUC 3175 - Secondary Methods – Social Studies
EDUC 3195 - Instructional Strategies for Content Area Reading
EDUC 3210 - Teaching English Language Learners
EDUC 4160 - Electronic Media

EDUC 4745 - Student Teaching at the Secondary Level (9-12)
EDUC 4910 - Seminar: Contemporary Research, Issues, and Ethics in Education
ENGL 2110 - American Literature I
 or ENGL 2115 - American Literature II
GEOG 1110 - Introduction to Geography
GEOG 3110 - Cultural Geography
HIST 1110 - Making of the Modern World
HIST 1115 - Western Civilization
HIST 1130 - U. S. History I
HIST 1135 - U. S. History II
HIST 3110/POSC 3115 - Civil Rights in America
MATH 1125 - College Algebra or a higher level MATH course
MATH 1140 - College Mathematics or a higher level MATH course
POSC 1110 - American National Government
POSC 2110 - State and Local Government

POSC/HIST 3000-level Political Science or History Elective
PSYC 1110 - General Psychology
PSYC 2205 - Psychology of Adolescence
SOC 1110 - Introduction to Sociology
SOC 2125- The Family
SPEC 2110 - Characteristics and Needs of Exceptional Learners
SPEC 3110 - Classroom Management
SPEC 3115 - Differentiated Instruction for Diverse Learners
Science Elective - 2000 level

Free Electives: Sufficient free electives must be taken to ensure a minimum of 120 credits earned for graduation.

Footnotes:

¹BIOL 1001 or 1002 recommended. Other Biology course requires adviser approval.

Required Sequence of Courses: Visit www.keystone.edu/academics for further information.

The academic adviser assists the students in planning his/her curriculum and in preregistration, and monitors student progress on a semester by semester basis; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Visual Art

Bachelor of Arts

The bachelor of arts program in visual art provides a broad-based arts foundation, significant experimentation in a variety of studio areas, and is individually directed at advanced levels to meet the educational goals of the student. The B.A. program provides options for students to enter a variety of art and art-related fields by presenting a range of concentration areas in studio art augmented with choices of study from other academic disciplines. Studio concentrations are available in painting and drawing, print media, photography, graphic design, sculpture, ceramics, and glass. Additionally, students may also pursue a specialization in art therapy. The program provides sound preparation for artistic careers or further graduate study. It can be tailored with minors in most other academic areas of the College. Combined with the B.S. in Teaching: Art Education program, the degree can lead to teaching certification.

Students seeking admission to this program must present a portfolio, be interviewed by a member of the Keystone College School of Fine Arts, and have a high school art teacher's recommendation. Transfer students must present a portfolio, be interviewed by a member of the Keystone College School of Fine Arts and have obtained a 2.50 cumulative grade point average prior to formal admission to the program.

Graduation Requirements

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Students who test-out of the course receive an exemption that does not carry credits.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 2.00 to graduate from this curriculum. Additional graduation criteria are found beginning on page 41.

General Education Requirements

Courses fulfilling the General Education Requirements can be found beginning on page 51.

Competencies:

Arts and Humanities Elective - Discipline 1 (ARHI 1001 recommended)
Arts and Humanities Elective - 2000-level – Discipline 2 (3 credits minimum)
COMM 1125 - Speech Communication (3 credits)
ENGL 1110 - College Writing I: Academic Writing (3 credits)
ENGL 1125 - College Writing II: Writing About Literature (3 credits)
Ethics Elective (ART 4810 recommended)
FYS 1110 - The First-Year Seminar (1 credit minimum)
Health and Wellness Elective (2 credits minimum)
Mathematics Elective (3 credits minimum)
Mathematics/Natural Science Elective – 2000-level (3 credits minimum)
Natural Science Laboratory Elective (3 credits minimum)
Social and Behavioral Sciences - Discipline 1 (3 credits minimum)
Social and Behavioral Sciences - 2000-level – Discipline 2 (3 credits minimum)
Technology Elective (ART 1145 recommended)

Institutional Perspectives:

Diversity Perspective Elective
Environmental Sustainability Perspective Elective
Global Perspective Elective
Self-Directed and Independent Learning Perspective Elective
Service Learning Perspective Elective
Writing Intensive Perspective Elective

Curriculum Requirements

ARHI 1001 - Art History Survey I
ARHI 1002 - Art History Survey II
ARHI 3001 - Modern and Post-Modern Art
ART 1110 - Color Theory
ART 1120 - Drawing and Composition I
ART 1125 - Figure Drawing I
ART 1130 - Two-Dimensional Design
ART 1135 - Three-Dimensional Design
ART 1145 - Electronic Media in the Arts
ART 2115 - Drawing and Composition II
or ART 2125 - Figure Drawing II
ART 2175 - Fundamentals of Sculpture
ART 4810 - Professional Practices (Exhibit, Employment, and Ethics)³

ART 4941/4942/4943/4944 - Advanced Photography/Senior Seminar³
ART 4951/4952/4953/4954 - Advanced Sculpture/Senior Seminar³
ART 4961/4962/4963/4964 - Advanced Drawing and Painting/Senior Seminar³
ART 4971/4972/4973/4974 - Advanced Printmaking/Senior Seminar³

Art Therapy Concentration:

Students interested in specializing in art therapy in conjunction with B.A. degree in visual arts must also complete the following courses:

ARTH 3005 - Experiencing the Arts
ARTH 3085 - Introduction to Art Therapy
ARTH 4085 - Art Therapy Fieldwork (3 credits)
PSYC 1110 - General Psychology
PSYC 2110 - Developmental Psychology
PSYC 3130 - Psychopathology

Free Electives: Sufficient free electives must be taken to ensure a minimum of 120 credits earned for graduation.

Footnotes:

¹ Students must complete a minimum of 30 credits of studio electives, including ART 2175.

² Intermediate and advanced art studio courses are determined by selection of fundamental art studio. Course selection must be approved by Keystone College School of Fine Arts.

³ In the semester in which seniors are conducting their senior exhibitions, they are required to concurrently enroll in both ART 4810 and a 4000-level senior seminar in their concentration area.

The academic adviser assists the student in planning his/her curriculum and in preregistration; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Associate Degree Programs

Allied Health - Medical Technology Emphasis Associate in Science

Keystone College offers a number of pre-professional tracts in the allied health disciplines including: nursing^b, occupational therapy^b, radiologic technology and diagnostic imaging^{a,b,c}, radiation therapy^c, respiratory care^c, cardiac perfusion^c, medical technology^{b,c} and cytotechnology^c. These programs provide the first two years of study required for the respective disciplines. After successful completion of all required coursework and experiential learning hours of study at Keystone College, the student will have the opportunity to transfer credits to articulating schools as listed for completion of studies within the discipline. The completion phase is usually an additional two years of study at the articulating university. Students in good academic standing will have all credits taken at Keystone College transfer into their respective affiliate programs. Students successfully completing all graduation requirements will receive an associate in science.

The pre-medical technology emphasis prepares students for entrance into the SUNY Upstate Medical University 2+2 program in medical technology. Medical technologists are clinical laboratory scientists. They perform and use sophisticated laboratory techniques to aid the physician in uncovering diseases and monitoring medical conditions.

EXPL - Experiential Learning¹
MATH 1125 - College Algebra or a higher level MATH course²
MATH 2115 - Statistics
PSYC 1110 - General Psychology

Free Electives: Sufficient free electives must be taken to ensure the student has earned a minimum of 61 credits for graduation.

Footnotes:

¹Student must complete a minimum of one credit of EXPL.

²MATH 2115 does not satisfy this requirement.

Recommended Sequence of Courses: Visit www.keystone.edu/academics for further information.

The academic adviser assists the student in planning his/her curriculum and in preregistration; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Allied Health - Nursing/Cytotechnology Emphasis Associate in Science

Keystone College offers a number of pre-professional tracts in the allied health disciplines including; nursing^a, occupational therapy^a, radiologic technology and diagnostic imaging^{a,b}, radiation therapy^a, respiratory care^b, cardiac perfusion^b, medical technology^b and cytotechnology^b. These programs provide the first two years of study required for the respective disciplines. After successful completion of all required coursework and EXPL hours of study at Keystone College, the student will have the opportunity to transfer credits to articulating schools as listed for completion of studies within the discipline. The completion phase is usually an additional two years of study at the affiliate university.

Students in good academic standing will have all credits taken at Keystone College transfer into their respective affiliate programs. Students successfully completing all graduation requirements will receive an associate in science.

The nursing curriculum prepares students to work with physicians and other health care professionals wherever health care is provided. The cytotechnology curriculum prepares students as clinical investigators specializing in identification of cellular abnormalities, and aids in the diagnosis of benign and malignant conditions. The nursing/cytotechnology emphasis prepares students for entry into baccalaureate programs in nursing^a or cytotechnology^b.

Students successfully completing all graduation requirements will receive an associate in science.

Occupational therapists use goal-directed activities to promote functional performance in individuals affected by physical injury, birth defects, aging, or emotional or developmental problems. Respiratory therapists perform studies of pulmonary function in patients, aid in pulmonary treatment and exercise, and assist the physician in treating patients with pulmonary disease. This emphasis prepares students for entry into articulating schools, Thomas Jefferson University and SUNY Upstate Medical University respectively. These are both 2+2 BS programs.

Students in good academic standing will have all credits taken at Keystone College transfer into their respective affiliate programs. Students successfully completing all graduation requirements will receive an associate in science.

Radiotherapists assist physicians in treating patients with malignancies. Radiotherapists use targeted radiation to shrink or destroy malignancies. Medical imaging technologists assist in diagnosis and treatment of medical conditions using x-ray imaging, CAT scanning, Medical Ultrasound, MRI and nuclear medicine. Cardiac perfusion technologists are operating room specialists who conduct cardiopulmonary bypass during open heart surgery. This track prepares students for entry into these 2+2 affiliate programs at Thomas Jefferson University, and SUNY Upstate Medical College.

The course requirements for the AS degree in Allied Health from Keystone College and the other course requirements for the outgoing transfer with Misericordia University are not the same. It is important to note that these two programs are not equivalent. Students pursuing the AS degree in allied health with a concentration in medical imaging from Keystone College who are also interested in transferring to Misericordia University, will need to complete additional course requirements in order to be accepted into the program at Misericordia University. For further information on academic advising, students should contact Misericordia University.

The academic adviser assists the student in planning his/her curriculum and in preregistration; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Art

Associate in Fine Arts

The curriculum in art is a complete, two-year foundation program which prepares students to continue in either of Keystone College's art programs, or for transfer into other colleges, art schools, and universities offering career programs in a wide spectrum of visual art fields. These include architecture, photography, art education, art therapy, painting, sculpture, printmaking, crafts, fashion, fabric, industrial, toy, and graphic design. As an individualized diagnostic program, the curriculum can effectively help students decide where their futures in art lie and provide guidance in choosing an appropriate transfer institution.

Applicants must present a portfolio, be interviewed by a member of the Keystone College School of Fine Arts, and have a high school art teacher's recommendation. Most courses listed (note the prerequisites) are open to all students at Keystone. Students meeting all graduation requirements receive an associate in fine arts degree.

Graduation Requirements

ENGL 0050 – Critical and Analytical Reading – All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Students who test-out of the course receive an exemption that does not carry credits.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 2.00 to graduate from this curriculum. Additional graduation criteria are found beginning on page 41.

Business Administration Associate in Science

In today's economic environment, every organization has to run as a successful business – whether the organization is a manufacturer, non-profit organization, sports team, retail store, or a college campus. Recognizing the wide range of career opportunities open to students, the business curriculum at Keystone College offers students many choices and great flexibility. Business administration provides the foundation needed by students who intend to eventually earn BS and MBA degrees. Also, it is an ideal choice for students who intend to be entrepreneurs or begin careers after associate degree graduation. Students meeting all graduation requirements receive an associate in science.

The program is accredited by the International Assembly for Collegiate Business Education (IACBE).

Graduation Requirements

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Students who test-out of the course receive an exemption that does not carry credits.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 2.00 to graduate from this curriculum. Additional graduation criteria are found beginning on page 41.

General Education Requirements

Courses fulfilling the General Education Requirements can be found beginning on page 51.

Competencies:

Arts and Humanities Elective (Discipline 1) (3 credits minimum)

Arts and Humanities Elective (Discipline 2) (3 credits minimum)

COMM 1125 - Speech Communication (3 credits)

ENGL 1110 - College Writing I: Academic Writing (3 credits)

ENGL 1125 - College Writing II: Writing About Literature (3 credits)

FYS 1110 - The First-Year Seminar (1 credit minimum)

Health and Wellness Elective (2 credits minimum)

Mathematics Elective (3 credits minimum)

Natural Science Laboratory Elective (3 credits minimum)

Social and Behavioral Sciences (Discipline 1) (ECON 2110 recommended)

Social and Behavioral Sciences (Discipline 2) (3 credits minimum)

Technology Elective (3 credits minimum)

Curriculum Requirements

ACCT 1155 - Financial Accounting

BUSN 1110 - Introduction to Business

BUSN 2110 - Principles of Management

BUSN 2115 - Marketing

BUSN 2130 - Written Communication

ECON 2110 - Principles of Economics I
ECON 2115 - Principles of Economics II
HRM 1110 - Introduction to Human Resource Management
Curricular Elective¹
Curricular Elective¹
Curricular Elective¹

Free Electives: Sufficient free electives must be taken to ensure the student has earned a minimum of 61 credits for graduation.

Footnotes:

¹To be chosen from the following disciplines: ACCT, BUSN, EXPL, HRM, IT, LEAD, MATH, PSYC, SRM, or HOSP, or any course approved by the academic adviser.

The academic adviser assists the student in planning his/her curriculum and in preregistration; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Communications Associate in Arts

The communications curriculum is designed to provide students with a foundation that will prepare them to continue baccalaureate studies in the bachelor of arts: communication arts and humanities degree program.

The communications curriculum is also an appropriate choice for students who wish to transfer to colleges and universities offering baccalaureate programs in corporate communications, English, journalism, creative writing, and digital media and/or radio broadcasting.

The goals of the communications program are to prepare students for a variety of careers in the communications field within the context of a liberal arts tradition; to develop students' interpersonal, oral and written communication skills; to help students explore career options through experiential learning, and to challenge students to think critically and creatively.

Students selecting this curriculum will work closely with faculty advisers to develop course plans designed to meet the requirements of their specific area of interest and to assess their aptitude and progress. All communication majors are required to complete a minimum of three credits of experiential learning.

In addition, toward the end of the sophomore year, all students in this major must present a portfolio of their best work to a faculty panel for evaluation. The portfolio also serves as a major consideration towards the student's acceptance into the bachelor of arts: communication arts and humanities degree program.

Further consideration for acceptance into the bachelor's program will be contingent upon a successful sophomore year review conducted by the school.

Students meeting all graduation requirements receive an associate in arts degree.

Graduation Requirements

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. THEA 1125 - Acting I: The Basics of Performance
THEA 2120 - Survey of Technical Theatre
THEA 2125 - Acting II: Techniques and Styles

Free Electives: Sufficient free electives must be taken to ensure the student has earned a minimum of 63 credits for graduation.

Recommended Sequence of Courses: Visit www.keystone.edu/academics for further information.

Footnotes:

¹To be chosen from ENGL 2110, 2115, 2120, 2125, 2155, 2160, or 2165.

²Students must successfully complete a minimum of 3 credits of EXPL.

The academic advisor assists the student in planning his/her curriculum and in pre-registration; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Criminal Justice Associate in Science

The criminal justice curriculum, which is designed for transfer into a baccalaureate degree program, will provide students with a solid foundation in criminal justice and the liberal arts. Students successfully completing this degree may continue at Keystone College and earn a bachelor of science in criminal justice. Students meeting all graduation requirements receive an associate in science degree.

Graduation Requirements

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Students who test-out of the course receive an exemption that does not carry credits.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 2.00 to graduate from this curriculum. Additional graduation criteria are found beginning on page 41.

 or POSC 3130 - Public Policy
PSYC 2110 - Developmental Psychology
 or PSYC 2205 - Psychology of Adolescence
 or PSYC 2210 - Adulthood and Aging
SOSC 4705 - Field Experience Prep in the Social Sciences

SOSC 4710 - Field Experience for Social Sciences¹
or Curricular Elective

Free Electives: Free Electives: Sufficient free electives must be taken to ensure the student has earned a minimum of 61 credits.

Footnotes:

¹Field Experiences are limited to those students with 2.5 GPA in their major and recommendation of the curriculum coordinator. Students who are eligible for a field experience must complete SOSC 4705 (Field Experience Preparation for Social Sciences)

Recommended Sequence of Courses: Visit www.keystone.edu/academics for further information.

The academic adviser assists the student in planning his/her curriculum and in preregistration; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Early Childhood Education Associate in Science

The Associate of Science degree in Early Childhood Education prepares students to work with children, newborn to nine years of age in a variety of settings, including schools, day care centers, Head Start, nursery schools, homes, hospitals, social service agencies, and early intervention programs for children with special needs. Graduates of the associate in science program are prepared for entry-level positions or to continue in Keystone College's baccalaureate degree program in early childhood. Students engage in fieldwork every semester. A field component consists of weekly observation/participation/teaching supervised by College faculty. Fieldwork requires current FBI, criminal history and child abuse clearances, as well as a current health appraisal including a negative TB test. The field experience fee is \$175 per semester.

Graduation Requirements:

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Students who test-out of the course receive an exemption that does not carry credits.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 3.00 to graduate from this curriculum. Additional graduation criteria are found on pages 41 and also in the Education Handbook.

*Other courses require advisor approval.

Free Electives: Sufficient free electives must be taken to ensure the student has earned a minimum of 61 credits for graduation.

The academic adviser assists the student in planning his/her curriculum and in preregistration; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Environmental Studies Associate in Arts

The environmental resource management curriculum is primarily concerned with the relationships of people and their societal institutions with the natural world. Students successfully completing this curriculum are guaranteed acceptance at State University of New York - Syracuse. The environmental studies curriculum also transfers to a variety of other institutions. Students meeting all graduation requirements receive an associate in arts.

Bachelor's degrees lead to the following emphases: land use planning, biological science application, information and technology, policy and management, and environmental communications.

Graduation Requirements

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Students who test-out of the course receive an exemption that does not carry credits.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 2.00 to graduate from this curriculum. Additional graduation criteria are found beginning on page 41.

The academic adviser assists the student in planning his/her curriculum and in preregistration; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Information Technology Associate in Applied Science

The associate degree in information technology (IT) is designed for individuals interested in professional careers in the IT field. Student instruction is centered on database management, programming concepts, and networking fundamentals in addition to other relevant courses to prepare graduates for today's ever-changing business environment.

Students completing the associate degree may continue at Keystone College and earn a bachelor of science degree in information technology with a specialization in networking engineering or business information systems.

Students meeting all graduation requirements receive an associate in applied science.

Graduation Requirements

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. The course carries two credits which are included in full-time status and financial aid considerations, but do not count toward the minimum earned credits necessary for graduation. Students who test-out of the course receive an exemption that does not carry credits.

All students must successfully complete the General Education and Curriculum requirements listed below with a minimum overall grade point average of 2.00 to graduate from this curriculum. Additional graduation criteria are found beginning on page 41.

The academic advisor assists the student in planning his/her curriculum and in pre-registration; however, the student is ultimately responsible for meeting the requirements of the curriculum selected.

Liberal Studies Associate in Arts

Liberal Studies is a program that is especially beneficial to, and a perfect fit for, students who enter college unsure of which baccalaureate degree program they want to pursue. Liberal Studies is a two-year associate degree program. In Liberal Studies, students have two years to decide what four-year degree program best suits them.

The Liberal Studies program is the perfect platform for transfer into a four-year degree program. In Liberal Studies, students may earn General Education credits and decide on a focus (math, business, psychology, history, and so on). The plan that the student makes with his or her adviser will be to earn concentration credits that will easily transfer into a four-year degree program.

Graduation Requirements

ENGL 0050 - Critical and Analytical Reading: All students must either test-out of or successfully complete this course for graduation. Wildlife Biology Associate in Arts

The wildlife biology curriculum is a pre-professional program designed to meet the initial educational needs of students who will continue study in ecology, zoology, and other related fields. Career opportunities for wildlife biologists are predominantly with state and federal agencies or consulting firms. Most jobs require the application of biological concepts to the management of the wildlife resource for the public good. Students meeting all graduation requirements receive an associate in arts.

Bachelor's degrees lead to the following emphases: aquarist, aquatic biologist, fisheries biologist, wildlife conservation specialist, wildlife biologist, wildlife researcher, wildlife manager, biology teacher, environmental education specialist, and zoo curator.

Graduation Requirements

Certificates and Transfer Programs

Accelerated Certification Program Art Education

The accelerated certification program in art education is designed to provide individuals who have obtained a bachelor's degree in visual art or studio art, or a master's degree in an art discipline, with education coursework that can lead to teaching certification in the state of Pennsylvania. The program targets the development of skilled teachers who can utilize best practices for planning and preparing environments and instruction in the arts in K-12 classrooms. A minimum of 30 credits must be taken at the College for the certificate, and all prerequisites required for recommendation for certification, including fieldwork, must be completed. All students must be engaged in a PDE approved program of study. All education majors require a 3.00 GPA to gain admission to the program and a cumulative 3.00 GPA to continue in the program, as well as a 3.00 GPA in psychology, early childhood education, special education, art education, social studies, mathematics, and middle level education. Students must obtain a "C" or better in the content courses in the major. Students earning lower than a "C" must re-take the course. A letter grade of "B" or better is the minimum grade for each student teaching course. Students earning lower than a "B" must retake the course.

All students must successfully complete the Graduation Requirements listed below with a minimum overall grade point average of 3.00 to graduate from this curriculum. Additional graduation criteria are found beginning on page 42 and also in the Education Handbook.

Graduation Requirements

EDUC 1710-1735 - Field Observation/Participation
EDUC 2135- Teaching in the Secondary Schools
EDUC 3150 - Art Education Media and Methods/Elementary Methods
EDUC 3165 - Developmental Assessment II
EDUC 3210 - Teaching English Language Learners
EDUC 4165 - Art Education Media and Methods/Secondary Methods
EDUC 4730 - Student Teaching Art Education (K-8)
EDUC 4745 - Student Teaching at the Secondary Level (9-12)
EDUC 4910 - Seminar: Contemporary Research, Issues, and Ethics in Education
SPEC 2110 - Characteristics and Needs of Exceptional Learners
SPEC 3110 - Classroom Management
SPEC 3115 - Differentiated Instruction for Diverse Learners

Education Electives: Sufficient EDUC/SPEC/ECE courses to ensure a minimum of 30 credits earned at Keystone College for graduation.

Any student with a bachelor's degree who is interested in obtaining certification in art education at Keystone College must complete a minimum of 30 credits at the College in order to be recommended to the Pennsylvania Department of Education for certification. If any of the required courses have been accepted by Keystone College as transfer credits into this program, a list of acceptable alternative courses will be provided to the

student in order to ensure completion of the 30-credit minimum. A minimum of 150 hours of classroom field experiences are required prior to student teaching. Evidence of previously completed field experiences does not count toward the 150 hours required.

Accelerated Certification Program Early Childhood Education

The accelerated certification program in Early Childhood Education is designed to provide individuals who have obtained a bachelor's degree with coursework in education. The program targets the development of skilled individuals who can utilize best practices for planning and preparing environments and instruction in early childhood education classrooms.

The Accelerated Early Childhood Education Certification curriculum requires a 3.0 GPA to gain admission to the program and a cumulative 3.0 GPA to continue in the program, as well as a 3.0 GPA in psychology, early childhood education, and special education. Students must obtain a "C" or better in the content courses in the major. Students earning lower than a "C" must retake the course. All students must obtain a "B" or better in each student teaching course. Students earning lower than a "B" must retake the course.

Students with an Instructional I certificate in ECE (N-3), ECE (PreK-4) or Elementary Education (K-6) may utilize previous coursework for required courses as determined by the adviser and Registrar.

All students must be engaged in a PDE approved program of study. All students must successfully complete the Graduation Requirements listed below with a minimum overall grade point average of 3.00 to graduate from this curriculum. Additional graduation criteria are found beginning on page 42 and also in the Education Handbook.

PSYC 2190 - Child Development I
or PSYC 2195 - Child Development II
or PSYC 3165 - Cognition and Learning
SPEC 2110 - Characteristics and Needs of Exceptional Learners
SPEC 3110 - Classroom Management
SPEC 3115 - Differentiated Instruction for Diverse Learners

Any student with a bachelor's degree who is interested in obtaining Pennsylvania Department of Education certification in early childhood education through Keystone College, must complete all program requirements to be recommended to the Pennsylvania Department of Education for certification. If any of the required courses have been met and have been accepted by Keystone College as transfer credits, the courses do not have to be repeated. Field experiences are required.

Accelerated Certification Program Early Childhood/Special Education

The accelerated certification program in Early Childhood/Special Education is designed to provide individuals who have obtained a bachelor's degree with coursework in education. The program targets the development of skilled individuals who can utilize best practices for planning and preparing environments and instruction in early childhood education classrooms.

The Accelerated Early Childhood/Special Education Certification curriculum requires a 3.0 GPA to gain admission to the program and a cumulative 3.0 GPA to continue in the program, as well as a 3.0 GPA in psychology, early childhood education and special education. Students must obtain a "C" or better in the content courses in the major. Students earning lower than a "C" must retake the course. All students must obtain a "B" or better in each student teaching course. Students earning lower than a "B" must retake the course.

Students with an Instructional I certificate in ECE (N-3), ECE (PreK-4) or Elementary Education (K-6) may utilize previous coursework for required courses as determined by the adviser and Registrar.

All students must be engaged in a PDE approved program of study. All students must successfully complete the Graduation Requirements listed below with a minimum overall grade point average of 3.00 to graduate from this curriculum. Additional graduation criteria are found beginning on page 42 and also in the Education Handbook.

Graduation Requirements

ECE 3120 - Curriculum and Methods: Mathematics

ECE 3125 - Curriculum and Methods: Citizenship and Social Studies

ECE 3130 - Curriculum and Methods: Science

ECE 3135 - Early Literacy Foundations

EDUC 1710-1735 - Field Observation/Participation

EDUC 3155 - Developmental Assessment I

or EDUC 3165 - Developmental Assessment II

EDUC 3210 - Teaching English Language Learners

EDUC 3230 - Teaching Reading

EDUC 4710 - Student Teaching Special Education (PreK-8)

EDUC 4720 - Student Teaching in Early Childhood Education (PreK-1)

PSYC 2190 - Child Development I

or PSYC 2195 - Child Development II

or PSYC 3165 - Cognition and Learning

SPEC 2110 - Characteristics and Needs of Exceptional Learners

SPEC 2115 - Special Education Processes and Procedures

SPEC 2120 - Early Intervention and Transitions

SPEC 3110 - Classroom Management

SPEC 3115 - Differentiated Instruction for Diverse Learners

SPEC 3120 - Low Incidence Disabilities: Assessment and Instruction

SPEC 3125 - Evidence Based Effective Instruction

SPEC 3130 - Learning Disabilities: Identification and Instruction

SPEC 3135 - Technology: Assistive and Universal Design

SPEC 4110 - Family Partnerships: Advocacy, Collaboration, and Transitions

Any student with a bachelor's degree who is interested in obtaining Pennsylvania Department of Education certification in early childhood education/special education at Keystone College must complete all program requirements and be recommended to the Pennsylvania Department of Education for certification. If any of the requirements have been accepted by Keystone College as transfer credits, the courses do not have to be repeated. Field experiences are required.

Accelerated Certification Program Math Education

The accelerated certification program in mathematics education is designed to provide individuals who have obtained a bachelor's degree with coursework in education. The program targets the development of skilled teachers who can utilize best practices for planning and preparing environments and instruction in mathematics in 7-12 classrooms. A minimum of 30 credits must be taken at the College for the certificate and all prerequisites required for recommendation for certification, including fieldwork, must be completed. All education majors require a 3.00 GPA to gain admission to the program and a cumulative 3.00 GPA to continue in the program, as well as a 3.00 GPA in psychology, early childhood education, special education, art education, social studies, mathematics, and middle level education. Students must obtain a "C" or better in the content courses in the major. Students earning lower than a "C" must retake the course. All students must obtain a "B" or better in each student teaching course. Students earning lower than a "B" must retake the course. All students must be engaged in a PDE approved program of study.

All students must successfully complete the Graduation Requirements listed below with a minimum overall grade point average of 3.00 to graduate from this curriculum. Additional graduation criteria are found beginning on page 42 and also in the Education Handbook

Graduation Requirements

EDUC 1710-1735 - Field Observation/Participation

EDUC 2135 - Teaching in the Secondary Schools

EDUC 3165 - Developmental Assessment II

EDUC 3200 - Mathematics Education and Methods/Secondary Methods

EDUC 3210 - Teaching English Language Learners

EDUC 4740 - Student Teaching at the Middle Level (Grades 7-8)

EDUC 4745 - Student Teaching at the Secondary Level

EDUC 4910 - Seminar: Contemporary Research, Issues, and Ethics in Education

SPEC 2110 - Characteristics and Needs of Exceptional Learners

SPEC 3110 - Classroom Management

SPEC 3115 - Differentiated Instruction for Diverse Learners

Education Electives: Sufficient EDUC/SPEC/ECE courses to ensure a minimum of 30 credits earned at Keystone College for graduation.

Any student with a bachelor's degree who is interested in obtaining certification in mathematics education at Keystone College must complete a minimum of 30 credits at the College in order to be recommended to the Pennsylvania Department of Education for certification. If any of the required courses have been accepted by Keystone College as transfer credits into this program, a list of acceptable alternative courses will be provided to the student in order to ensure completion of the 30-credit minimum. A minimum of 150 hours of classroom field experiences are required prior to student teaching. Evidence of previously completed field experiences does not count toward the 150 hours required.

Accelerated Certification Program Social Studies Education

The accelerated certification program in social studies education is designed to provide individuals who have obtained a bachelor's degree with coursework in education. The program targets the development of skilled teachers who can utilize best practices for planning and preparing environments and instruction in social studies in 7-12 classrooms. A minimum of 30 credits must be taken at the College for the certificate and all prerequisites required for recommendation for certification, including fieldwork, must be completed. All education majors require a 3.00 GPA to gain admission to the program and a cumulative 3.00 GPA to continue in the program, as well as a 3.00 GPA in psychology, early childhood education, special education, art education, social studies, mathematics, and middle level education. Students must obtain a "C" or better in the content courses in the major. Students earning lower than a "C" must retake the course. All students must obtain a "B" or better in each student teaching course. Students earning lower than a "B" must retake the course. All students must be engaged in a PDE approved program of study.

All students must successfully complete the Graduation Requirements listed below with a minimum overall grade point average of 3.00 to graduate from this curriculum. Additional graduation criteria are found beginning on page 42 and also in the Education Handbook.

Graduation Requirements

EDUC 1710-1735 - Field Observation/Participation
EDUC 2135 - Teaching in the Secondary Schools
EDUC 3165 - Developmental Assessment II
EDUC 3175 - Secondary Curriculum and Methods/Social Studies
EDUC 3195 - Instructional Strategies for Content Area Reading
EDUC 3210 - Teaching English Language Learners
EDUC 4740 - Student Teaching at the Middle Level (Grades 7-8)
EDUC 4745 - Student Teaching at the Secondary Level
EDUC 4910 - Seminar: Contemporary Research, Issues, and Ethics in Education
SPEC 2110 - Characteristics and Needs of Diverse Learners
SPEC 3110 - Classroom Management
SPEC 3115 - Differentiated Instruction for Diverse Learners

Education Electives: Sufficient EDUC/SPEC/ECE courses to ensure a minimum of 30 credits earned at Keystone College for graduation.

Any student with a bachelor's degree who is interested in obtaining certification in social studies education at Keystone College must complete a minimum of 30 credits at the College in order to be recommended to the Pennsylvania Department of Education for certification. If any of the required courses have been accepted by Keystone College as transfer credits into this program, a list of acceptable alternative courses will be provided to the student in order to ensure completion of the 30-credit minimum. A minimum of 150 hours of classroom field experiences are required prior to student teaching. Evidence of previously completed field experiences does not count toward the 150 hours required.

Education Credentials

Child Development Associate Credential (CDA)

Credits earned in this program may be transferred to the bachelors degree in early childhood education.

Keystone College offers the 12-credit CDA Program. The CDA is a nationally recognized credential administered by the National Council for Professional Recognition Program in Washington D.C. The credential requires the creation of a professional portfolio. The College offers instruction which meets the CDA requirements through the following coursework:

ECE 1110 - Introduction to Early Childhood Education
ECE 2115 - Curriculum and Program Planning: Ages 3-8 Years
EDUC 2130 - Child, Family and Community
PSYC 2190 - Child Development I

Pennsylvania Director's Credential

Credits earned in this program may be transferred to the bachelor degree programs in education.

Keystone College offers the nine-credit PA. Director's Credential program specified by the Pennsylvania Office of Child Development for individuals who assume director positions in licensed child care facilities in the Commonwealth of Pennsylvania. The credential details instructional competency outcomes that are achieved through participation in the following coursework:

ECE 3150 - Administration and Supervision of Schools for Young Children
or EDUC 4910 - Seminar: Contemporary Research, Issues, and Ethics in Education
PSYC 4110/BUSN 4115 - Organizational Behavior
PSYC 4115 /LEAD 4110- Supervision and Leadership

School Age Credential (SACC)

School Age Credential (SACC) Credits earned in this program may be transferred to the bachelor degree programs in education.

Keystone College offers the nine-credit SACC credential which is administered by the Pennsylvania Key. The credential requires the creation of a professional portfolio. The College offers instruction which meets the SAC requirements through the following coursework.

ECE 3150 - Administration and Supervision of Schools for Young Children
or EDUC 4910 - Seminar: Contemporary Research, Issues, and Ethics in Education
EDUC 2130 - Child, Family, and Community
PSYC 2195 - Child Development II

Early Childhood/Early Intervention Certificate:

This program is designed to help individuals who lack specialized early intervention training but who currently work in early childhood or early intervention programs. Credits earned in this program may be transferred to the associate degree or B.S. degree programs in early childhood education. Prior to beginning the certificate sequence,

students are required to complete English 101. Students meeting all requirements receive a certificate in early intervention.

The following courses must be taken:

ECE 1110 - Introduction to Early Childhood Education

ECE 2110 - Curriculum Planning, Ages 0-3

ECE 2115 - Curriculum Planning, Ages 3-8

ECE 2180 - Early Childhood Education Seminar

EDUC 2130 - Child, Family and Community

EDUC 3215 - Integrating the Arts

PSYC 2190 - Child Development I

SPEC 2110 - Characteristics and Needs of Exceptional Learners

SPEC 2115 - Special Education Processes and Procedures

SPEC 2120 - Early Intervention and Transitions

Military Science - Air Force ROTC

The Air Force Reserve Officer Training Corps (AFROTC) program at Wilkes University permits students to earn commissions as officers in the U.S. Air Force while pursuing a college degree. Students enroll in either the four-year or two-year program. Students with three years remaining until graduation may enroll concurrently in the freshman and sophomore Air and Space Studies courses and can complete the four-year program in three years; moreover, any interested student may call the detachment and query staff regarding additional programs available (570-408-4860).

Professional Development Program (PD) (Optional)

The program allows both General Military Course (GMC) and Professional Officer Course (POC) members to visit a USAF base for up to three weeks during the summer (cadets attending Field Training are not eligible.) PD allows the cadet to “shadow” an active duty officer working in the student’s career interest (i.e., pilot, navigator, communications, intelligence, etc.) Transportation from the legal residence of the cadet to the PD base (and return), food, lodging, and medical and dental care during the visit are provided by the Air Force. The participating cadet is also provided a nominal stipend during the program.

Scholarships

AFROTC also offers full and partial tuition scholarships for which qualified students may compete, if they enroll in AFROTC. All scholarship awards are based on individual merit, regardless of financial need, with most scholarship recipients determined by central selection boards. For more information, please contact the detachment.

Air and Space Studies Courses: General Military Course (GMC)

AS 101 - Foundations of the USAF I
AS 102 - Foundations of the USAF II
AS 103/104 - Leadership Laboratory
AS 201 - Evolution of USAF Air and Space Power I
AS 202 - Evolution of USAF Air and Space Power II
AS 203/204 - Leadership Laboratory

Professional Officer Course (POC)

AS 301 - Air Force Leadership Studies I
AS 302 - Air Force Leadership Studies II
AS 303/304 - Leadership Laboratory
AS 401 - National Security Affairs/Preparation for Active Duty I
AS 402 - National Security Affairs/Preparation for Active Duty II
AS 403/404 - Leadership Laboratory

Commissioning

Students who satisfactorily complete the POC curriculum requirements are commissioned as Second Lieutenants in the U.S. Air Force and will serve on active duty in a career specialty they have chosen, consistent with USAF needs.

Qualified students may compete for duty as pilots, navigators, engineers, missile or space operations officers, nurses, engineers, meteorologists, computer analysts, lawyers, security forces or any of a number of other career fields.

Military Science - Army ROTC

Keystone College offers students the opportunity to participate in Army ROTC through a partnership with the North East Pennsylvania Army Reserve Officer Training Corps Battalion. The primary objective of the Reserve Officer Training Program is to develop leadership capabilities in students and to train future officers for active ARMY, US Army Reserve, Army National Guard and leaders for the country.

The NEPA Army ROTC Battalion continually ranks in the top 10% of all ROTC programs nationwide and was ranked third in the Eastern United States in 2006. The NEPA Battalion has recently celebrated fifty years of commissioning outstanding officers for the Army.

The Army ROTC program can be tailored to fit any student's schedule, particularly in the freshman and sophomore years. Military Science instruction is offered at The University of Scranton with two, three, and four year programs leading to a commission as an officer in one of the three components of the United States Army.

Any Keystone College student may participate in any basic Army ROTC course without cost or obligation for the first two years.

Uniforms and Supplies

The Military Science Department provides all uniforms, equipment, and textbooks required for the classes.

Scholarships

There are significant scholarship opportunities for ROTC students. Scholarships could be used to pay for tuition, books, and spending money. Two, three and four-year Army scholarships as well as special National Guard and Army Reserve scholarships are available for students enrolled full-time at Keystone College. Army ROTC Scholarship Candidate selection is merit based. Scholarship recipients receive full tuition and fees, in addition to \$900 per year for books and a monthly stipend ranging from \$3,000 to \$5,000 per year for each year the scholarship is awarded. For additional information, or if you have specific questions about the Army ROTC, contact the Military Science department at the University of Scranton at 1-888-SCRANTON, (570) 941-7457, or e-mail rotc@scranton.edu.

Curriculum Courses:

PHED 138 - Physical Fitness Training

MIL 101/102 - Concepts of Leadership I and II

MIL 201/202 - Dynamics of Leadership I and II

MIL 301/302 - Basic Military Leadership I and II

MIL 401/402 - Advanced Military Leadership I and II

MIL 111L/112L/131L/132L - Leadership Application Laboratory

Minors

A minor consists of a minimum of 18 credits in a particular discipline and requires one 1000-level course and two 3000- and/or 4000-level courses. The remainder may be chosen from current discipline course offerings at any level and are determined by the student and academic adviser. Students must declare their minors prior to registering for GRAD 1115 or GRAD 2110.

The following minors are available as of this catalog printing. Consult curriculum coordinators to determine if additional minors are available.

Accounting

ACCT 1125 - Managerial Accounting
ACCT 1155 - Financial Accounting
ACCT 2110 - Intermediate Accounting I
ACCT 3110 - Accounting Information Systems
Accounting Electives - Two additional 3000- or 4000-level ACCT courses

Art

ART 1120 - Drawing and Composition I
One, 1000-level Studio courses*
One, 2000-level Studio courses*
Two, 3000-and/or 4000-level Studio courses*
Any additional Art Studio course*
*ARHI 1001, 1002 and 3001, and ARTH 3005, 3085, and 4085, do not count as studio electives

Biology

BIOL 1125 - General Biology I
BIOL 1130 - General Biology II
BIOL 4810 - Biology Seminar and Research
AND choose one 2000-level Biology excluding
BIOL 2145 - Bioethics
AND choose one 3000-level Biology class.
Total credits must equal or exceed 18 credits.

Business

ACCT 1125 - Managerial Accounting
or ACCT 1155 - Financial Accounting
or ACCT 1160 - Survey of Accounting
BUSN 1110 - Introduction to Business
or SRM 1110 - Introduction to Sport and Recreation Management
BUSN 2110 - Principles of Management
BUSN 2115 - Principles of Marketing
3000-level Elective - Choose any two BUSN, ECON, or LEAD courses

Casino Management

CASM 1110 - Introduction to Casino Management
CASM 4110 - Regulatory and Legal Compliance
CASM 4710 - Casino Management Internships

Three electives to be chosen from the following list:

ACCT 1125 - Managerial Accounting
ACCT 1155 - Financial Accounting
BUSN 3300 - Business Ethics
BUSN 4150 - Consumer Behavior
BUSN 4155 - Strategic Marketing
CJ 3120 - Criminal Investigation
HOSP 1165 - Food Service Sanitation
HOSP 2115 - Bar and Beverage Management
HOSP 2130 - Meeting and Convention Planning
HOSP 2145 - Hospitality Law
SRM 4120 - Resort Recreation

Students who minor in Casino Management may not use the Casino Management concentration to fulfill degree requirements for the Hospitality Business Management program.

Chemistry

CHEM 1120 - General Chemistry I
CHEM 1125 - General Chemistry II
CHEM 2110 - Organic Chemistry I
or CHEM 2120 - Environmental Chemistry
AND choose two of the following:
BIOL 3125 - Biochemistry I
CHEM 3110 - Forensic Chemistry
CHEM 3115 - Instrumental Analysis

Child Psychology

PSYC 1110 - General Psychology
PSYC 2190 - Child Development I
PSYC 2195 - Child Development II

PSYC 2205 - Psychology of Adolescence
PSYC 3165 - Play, Cognition, and Learning
PSYC 3180 - Child and Adolescent
Psychopathology

Communications

COMM 1115 - Interpersonal Communication
COMM 1120 - Mass Communication

Writing Elective - Choose one:

BUSN 2130 - Written Communication
ENGL 3010-3014 - Special Topics in
Creative Writing
ENGL 3120 - Technical Writing
JOUR 2110 - Feature Writing
JOUR 3120 - Advanced News Writing

3000-level Literature course - Depending on desired
work skills, students may choose from:

ENGL 3115 - Children's Literature
ENGL 3015-3023 - Great Themes in Literature
ENGL 3024-3027 - Advanced Study in Literature

3000- or 4000-level Communication course - students
may choose from:

COMM 3010-3030 - Special Topics in
Communication
COMM 3110 - Communication Theory
COMM 3130 - Case Studies in Sport
Communication
COMM 3135 - Small Group Communication
COMM 4010 - Critical Issues in Communication
COMM 4115 - Gender and Communication

Additional Elective - Any ENGL, COMM, FILM, or
THEA course, excluding core courses.

(Students are responsible for meeting prerequisites, or
obtaining instructor consent.)

Criminal Justice

CJ 1115 - Introduction to Criminal Justice
Two Criminal Justice courses at the 1000- or 2000-level
Choose any three 3000- and/or 4000-level CJ courses
Possible substitutions for one CJ elective:

PSYC 3130 - Psychopathology
PSYC 3145 - Forensic Psychology
PSYC 3150 - Psychology of Trauma

Criminal Justice Investigation

BIOL 1135 - Introduction to Forensic Science I
BIOL 2140 - Introduction to Forensic Science II
CJ 3000-4000 - Curricular Elective
CJ 3120 - Criminal Investigation
CJ 4110 - Criminalistics
or CJ 3170 - Criminal Profiling
PSYC 3145 - Forensic Psychology

Data Analytics

SOCI 1110 - Introduction to Sociology
IT 2115 - Database Management Systems
MATH 2120/PSYC 2240 - Statistics for the Social
Sciences
or MATH 3160 Statistics for the Sciences
PSYC 3125 - Research Methods for the Social
Sciences
or BUSN 4135 - Business Research Methods
or PBHL 2110 - Introduction to Epidemiology
or ENVT 2110 - GIS/GPS
SOSC 4910 - Research Analysis
or MATH 3120 - Statistics and Research
or ENVT 3115 - Geospatial Methods in Resource
Management
PSYC 4510 - Data Analysis
or SOSC 4710 Social Science Internship (Data
Analysis position)
or BUSN 4710 Business Internship (Data Analysis
position)
or BIOL 4810 Biology Seminar and Research

Digital Media

COMM 1120 - Mass Communication
or FILM 1110 - Introduction to Film

JOUR 3110 - Broadcast Writing
or ENGL 3010 - Special Topics in Creative Writing:
Screenwriting
or ENGL 3011 - Special Topics in Creative Writing:
Playwriting

Four electives to be chosen from the following list:

COMM 2155 - Introduction to Radio Production
COMM 2160 - Digital Media Production
COMM 3013 - Special Topics in
Communication: Directing the Digital Film
COMM 3014 - Special Topics in
Communication: Producing the Digital Film
COMM 3015 - Special Topics in Communication:

Advanced Digital Media Production
 COMM 3017 - Special Topics in Communication:
 Advanced Video Production
 COMM 3021 - Special Topics in Communication:
 Documentary Production
 COMM 3022 - Special Topics in Communication:
 Electronic Publishing
 COMM 3023 - Special Topics in Communication:
 Web Design for Multimedia
 COMM 3125 - Advanced Audio Production
 *FILM 3005 - Special Topics in Film

*Students may use only one (1) FILM 3005 topic to satisfy the minor requirement.

Economics

ECON 2110 - Principles of Economics I
 ECON 2115 - Principles of Economics II

Students must choose four of the following. At least two must be at the 3000-level or higher:

BUSN 3110 - Personal Finance
 ECON 3110 - Money and Banking
 ECON 4110 - Environmental Economics
 ECON 4510 - Independent Study in
 International Economics I
 ECON 4515 - Independent Study in
 International Economics II
 SRM 2125 - Economics of Sport and Recreation

Event Planning

HOSP 1135 - Introduction to Hotel and
 Restaurant Management
 COMM 2145 - Public Relations
 HOSP 2130 - Meeting and Convention Management
 SRM 4120 - Resort Recreation

3000-level Electives - Choose any two courses from the list below (one must be from a 3000-4000 level):

ACCT 2145 - Individual and Business Taxes
 BUSN 2115 - Marketing
 BUSN 3110 - Personal Finance
 BUSN 3135- Advertising and Sales Promotion
 BUSN 3140 - Sales and Relationship Building
 BUSN 3300 - Business Ethics
 BUSN 4150 - Consumer Behavior

BUSN 4155 - Strategic Marketing
 COMM 1120 - Mass Communication
 COMM 2110 - Professional Speech
 HRM 3115 - Health, Safety, Security
 IT 1130 - Web Programming I
 LEAD 2110 - Team Building
 LEAD 4110 - Leadership and Strategies
 PSYC 3115 - Social Psychology
 SOCI 3110 - Sociology of Diversity
 SRM 2110 - Program Development and Planning
 SRM 3115 - Legal Issues in Sport
 SRM 3120 - Sport Marketing
 SRM 3130 - Sport Tourism
 SRM 3140 - Commercial Recreation
 SRM 4130 - Municipal and Non-Profit Leisure
 Services

Students who minor in Event Planning may not use the Event Planning concentration to fulfill degree requirements for the Hospitality Business Management program.

Environmental Science

ENVT 2110 - GIS/GPS
 ENVT 2125 - Environmental Policy and Management
 ENVT 3105 - Soils Science
 ENVT 3135 - Hydrology
 GEOL 2110 - Physical Geology
 PHSC 1145- Global Change

Finance

ACCT 1125 - Managerial Accounting
 ACCT 2145 - Individual and Business Taxes
 BUSN 3115 - Financial Management
 BUSN 3160 - Investments
 BUSN 4130 - Advanced Financial Management

Students must choose one of the following courses:

BUSN 3110 - Personal Finance
 BUSN 3155 - Project Risk Management
 ECON 3110 - Money and Banking

Forensic Biology

BIOL 1125 - General Biology I
 BIOL 1135 - Introduction to Forensic Science I
 BIOL 2140 - Introduction to Forensic Science II

BIOL 3140 - Forensic Anthropology
MATH 3160 - Statistics for the Sciences
or CJ 3115 - Criminal Evidence & Court Procedures
or CJ 3120 - Criminal Investigation
or CJ 3130 - Homeland Security
or CJ 3165 - Terrorism
or CJ 3170 - Criminal Profiling
or PSYC 3145 - Forensic Psychology

Game Development

Students must earn a “C” or better in each course to satisfy the minor requirements.

ART/IT 3260 - Game Development
ART/IT 4260- Advanced Game Development

Choose four electives from the courses listed below.
IT and ART majors must complete two courses not used to satisfy major requirements.

ART 1145 - Electronic Media in the Arts
ART 2135 - Fundamentals of Graphic Design
ART 2163 - Digital Photography
ART 3022 - Digital 3D Design: Rhino
IT 1120 - Introduction to Programming
IT 3145 - Human Computer Interaction
IT 4240 - Business Programming III

History

Students must choose three of the following courses:

HIST 1115 - Western Civilization
HIST 1130 - U.S. History I
HIST 1135 - U.S. History II
HIST 2120 - The Making of the Modern World
BUSN 3155 - Project Risk Management

In addition, students must choose three of the following courses:

HIST 3110 - Civil Rights in America
HIST 3115 - U.S. History since 1945
HIST 3120 - History of the Civil War
HIST 3125 - Women's History in America
GEOG 3110 - Cultural Geography
POSC 2130 - International Relations

Homeland Security

CJ 3130 - Homeland Security
CJ 3165 - Terrorism
POSC 3130 - Public Policy
PSYC 3150 - Psychology of Trauma

Also students must choose two of the following:

PBHL 1110 - Public Health
or PBHL 3110 - Global Health
or POSC 3110 - Constitutional/Criminal Law
or CJ 3120 - Criminal Investigation

Human Resource Management

BUSN 3300 - Business Ethics
HRM 1110 - Introduction to Human Resource Management
HRM 2110 - Employment Law
HRM Electives - Choose any three HRM courses, two of which must be 3000-level or higher.

Information Technology

IT 1130 - Web Programming I
IT 1135 - Web Programming II
IT 2110 - Intermediate PC Office Applications
or IT 2120 - Database Management Systems II
One additional IT elective at any level
Two IT electives at the 3000-level or higher.

Integrated Marketing Communications

BUSN 2115 - Marketing
BUSN 3135 - Advertising and Sales Promotion
BUSN 4155 - Strategic Marketing
BUSN 2115 - Marketing
COMM 2145 - Public Relations

Choose two courses from the list below:

ART 2135 - Fundamentals of Graphic Design
ART 3135 - Graphic Design II
BUSN 3140 - Sales and Relationship Building
BUSN 3145 - E-Marketing
BUSN 4140 - Marketing Research Methods
BUSN 4150 - Consumer Behavior
COMM 2160 - Digital Media Production
COMM 3015 - Special Topics: Advanced Digital Media Production
COMM 3110 - Communication Theory
COMM 3023 - Special Topics: Web Design/Multimedia
JOUR 3110 - Broadcast Writing

Leadership

LEAD 1110 - Foundations of Leadership
BUSN 2110 - Principles of Management
BUSN/PSYC 4115 - Organizational Behavior
LEAD 4110 - Leadership Strategies
LEAD 4910 - Dynamics of Leadership Application

Students in the minor must choose one of the following electives:

LEAD 2110 - Team Building
LEAD 3110 - Profiles in Leadership
LEAD 3115 - Civic Responsibility
SRM 3135 - Facilitation of Leadership Activities

Management

ACCT 1125 - Managerial Accounting
BUSN 2110 - Principles of Management
HRM 1110 - Introduction HRM

And any other three courses from the list below (must include at least two 3000-4000 level courses)

BUSN 3115 - Financial Management
BUSN 4115 - Organizational Behavior
BUSN 4130 - Advanced Financial Management
BUSN 4145 - Strategic Management
HRM 2110 - Employment Law
HRM 3120 - Selection and Placement
LEAD 4110 - Leadership Strategies
LEAD 4910 - Dynamics of Leadership Application
SRM 2115 - Facilities Management

Marketing

BUSN 2115 - Marketing
BUSN 4140 - Marketing Research Methods
or MATH 3120 - Statistics and Research
BUSN 4150 - Consumer Behavior
BUSN 4155 - Strategic Marketing

Students in the minor must also choose two of the following electives:

BUSN 3135 - Advertising and Sales Promotion
BUSN 3140 - Sales and Relationship Building
BUSN 3145 - E-Marketing
COMM 2145 - Public Relations
SRM 3120 - Marketing and Sport Promotion

Mathematics

One 1000-level course to be chosen from:

MATH 1135 - Trigonometry
MATH 1140 - College Mathematics
MATH 1150 - College Mathematics II
MATH 1155 - Pre-Calculus
And
MATH 2150 - Calculus I

Choose four courses from the following. At least 2 must be 3000-level:

MATH 2110 - Mathematics Throughout History
MATH 2115 - Statistics
MATH 2120 - Statistics for the Social Sciences
MATH 3110 - Communications in Mathematics
MATH 3113 - Linear Algebra
MATH 3120 - Statistics and Research
MATH 3125 - Modern Geometry
MATH 3135 - Abstract Algebra
MATH 3140 - Differential Equations
MATH 3150 - Number Theory
MATH 3155 - Probability
MATH 3160 - Statistics for the Sciences

Political Science

POSC 1110 - American National Government

Students must take five electives (at least two must be 3000-level or higher) chosen from:

Any POSC course
HIST 2120 - The Making of the Modern World
LEAD 3115 - Civic Responsibility
SOSC 4710 - Internship in the Social Sciences
(minimum 3 credits in the political sector)

Project Management

BUSN 2200 - Fundamentals of Project Management
BUSN 3155 - Project Risk Management
BUSN 4115 - Organizational Behavior
BUSN 4160 - Advanced Project Management

Choose two from the following courses:

ACCT 2130 - Cost Accounting
HRM 1110 - Introduction to Human Resource Management
IT 2140 - Spreadsheets and Databases
IT 4220 - Systems Analysis and Design

LEAD 2110 - Team Building
ENGL 3120 - Technical Writing

Psychology

PSYC 1110 - General Psychology
PSYC Electives - 3 from the Psychology discipline at any level

Two PSYC electives at the 3000-4000 level

Possible substitution from one elective: SOSC 4910 - Research Analysis

Public Health

Students must ensure a minimum of two 3000-level courses are completed for the minor.

Required Courses:

PBHL 1001 - Public Health
PBHL 2110 - Epidemiology
PBHL 3110 - Global Health

And one of the following courses:

MATH 2115 - Statistics
MATH 2120 - Statistics for the Social Sciences

Courses must be from at least two different disciplines and are not used to satisfy major requirements.

Choose one course from the health electives.

Health Electives:

BIOL 1001 - Newsworthy Topics in Biology
BIOL 1003 - Human Health Issues
BIOL 1110 - Anatomy and Physiology I
BIOL 1115 - Anatomy and Physiology II
BIOL 1125 - General Biology I
BIOL 1130 - General Biology II
BIOL 2001 - Biological Dimensions of Human Sexuality

BIOL 2003 - Lifecycle Nutrition

BIOL 2110 - Pathophysiology

BIOL 2115 - Microbiology

BIOL 3002 - Nutrition

BIOL 3160 - Immunology

PSYC 3135 - Psychology of Disability

PSYC 3150 - Psychology of Trauma

Choose one course from the related electives.

Related Electives:

ANTH 1110 - Introduction to Cultural Anthropology

ANTH 2115 - Peoples and Cultures of the Middle East

ANTH 2120 - Peoples and Cultures of Asia

ANTH/BIOL 2130 - Biological Anthropology

ARTH 3085 - Art Therapy

BIOL 1140 - Medical Terminology

BIOL 2145 - Bioethics

CHEM 1120 - General Chemistry I

CHEM 1125 - General Chemistry II

COMM 4115 - Gender and Communication

ECON 2115 - Principles of Economics II

ENVT 2120 - Environmental Ethics

ENVT 2125 - Environmental Policy and Management

GEOL 2115 - Earth Systems History

HRM 4110 - Organizational Development

MATH 3120 - Statistics and Research

MATH 3160 - Statistics for Science

PHSC 1145 - Global Change

POSC 2130 - International Relations

POSC 3130 - Public Policy

PSYC 2215 - Drugs and Behavior

PSYC 2220 - Physiological Psychology

PSYC 3125 - Research Methods for the Social Sciences

SOCI 3110 - Sociology of Diversity

SPAN 1110 - Elementary Spanish I

SPAN 1115 - Elementary Spanish II

SPAN 2110 - Intermediate Spanish I

SPAN 2115 - Intermediate Spanish II

Sociology

SOCI 1110 - Introduction to Sociology

Choose two of the following:

ANTH 1110 - Introduction to Cultural Anthropology

SOCI 2120 - Social Problems

SOCI 2125 - The Family

Choose two of the following:

GEOG 3110 - Cultural Geography

SOCI 3110 - Sociology of Diversity

SOCI 3120 - Social Deviance

Any other SOCI or ANTH course

Sport and Recreation Management

SRM 1110 - Introduction to Sport and Recreation Management*

SRM 2110 - Program Development and Planning

SRM 2115 - Facilities Management

SRM 3115 - Legal Issues in Sport

Two electives - choose from (one must be at 3000-level):

SRM 2120 - Social Issues in Sport

SRM 2125 - Economics in Sport and Recreation

SRM 3120 - Sport Marketing and Promotions

SRM 3125 - Principles of Coaching

SRM 3130 - Sport Tourism

SRM 3135 - Facilitation of Leadership Activities

SRM 3140 - Commercial Recreation

SRM 3145 - Applied Learning Theories for
Movement and Play

SRM 3150 - Outdoor Recreation

SRM 3300- Sport Ethics

SRM 4110 - Governance in Sports and Athletics

SRM 4120 - Resort Recreation

SRM 4130 - Municipal and Non-Profit Leisure
Services

SRM 4135 - Sport Business Practices

*If a student has taken BUSN 1110 or HOSP 1135, they are exempt from taking SRM 1110. However, the student must then take an additional elective to total 18 credits of SRM courses.

Theatre

ENGL 2165 - Introduction to Dramatic Literature

THEA 1120 - Introduction to Theatre

THEA 1125 - Acting I: The Basics of Performance

THEA 2125 - Acting II: Techniques and Styles

And any two of the following:

ENGL 3011 - Special Topics in Creative
Writing: Playwriting

THEA 2120 - Survey of Technical Theatre

THEA 3110 - Directing for the Stage

Course Descriptions

The number of lecture, discussion, practicum, and laboratory hours listed for each course in this section of the catalog is the number scheduled each week during the fall and spring semesters. These hours are adjusted accordingly for terms of shorter length, such as summer sessions and the Weekender schedule, to ensure the amount of instruction given to students in any course remains constant regardless of the term in which it is offered. The number of credits for each course is also constant for all terms. Not every course listed in the catalog is offered every year. The terms indicated are those in which a course is usually offered. Some courses entail special services, supplies, or require updating of software for which fees are assessed. These fees vary from course to course and, where applicable, are indicated in the following course descriptions.

Accounting

ACCT 1125 Managerial Accounting:

Introduces accounting concepts for planning, control, motivation, internal reporting, and evaluation. Demonstrates product cost determination procedures, analysis of cost behavior, budgeting, decision-making and control. *Fall and Spring, 3 hours lecture and laboratory, 3 credits.*

ACCT 1155 Financial Accounting: Introduces the basic concepts and principles of financial accounting including journal entries, financial statements preparation, notes receivable, inventory methods, depreciation methods, payroll and taxes, organization and operations of a corporation, accounting for capital stock and bonds, and financial data analysis. This course is intended for accounting and business administration majors only. *Fall and Spring, 3 hours lecture and 3-hour laboratory, 4 credits.*

ACCT 1160 Survey of Accounting: This course is designed as an overview of accounting. Students will review financial statements in the context of an overview of financial condition of business. Students will also learn how accounting impacts all facets of business. This course is not intended for accounting and business administration majors. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

ACCT 2110 Intermediate Accounting I:

Studies intermediate problems involving more complex business situations than those found in financial accounting. Students become familiar with principles relating to cash, receivables, inventories, detailed analysis of balance sheet and accounts, analytical processes, and miscellaneous statements. Material covered has a high expectancy of coverage on the CPA/CMA exam. Prerequisites: ACCT 1125 and ACCT 1155 with grades of "C" or higher. *Fall, 3 hours lecture and laboratory, 3 credits.*

ACCT 2115 Intermediate Accounting II:

Emphasizes problems relating to classification and valuation of tangible and intangible assets and current liabilities; accounting for investment funds and reserves; and depreciation. Material covered has a high expectancy of coverage on the CPA/CMA exam. Prerequisite: ACCT 2110 with a grade of "C" or higher. *Spring, 3 hours lecture and laboratory, 3 credits.*

ACCT 2130 Cost Accounting: Introduces the student to the manufacturing concern and the problems involved with control over the cost of goods manufactured. Assists management with accumulation and review of past cost to be used in future planning and decision making. Prerequisite: ACCT 1125 with grade of "C" or higher. *Spring, 3 hours lecture and problem solving, 3 credits.*

ACCT 2140 Intermediate Accounting III:

Continues the material learned in ACCT 202 with emphasis on annual reports, dilutive securities, pensions and post-retirement benefits, leases, and financial analysis. Material covered has a high expectancy of coverage on the CPA/CMA exam. Prerequisite: ACCT 2115 with a grade of "C" or higher. *Fall, 3 hours lecture and laboratory, 3 credits.*

ACCT 2145 Individual and Business Taxes:

Introduces the student to the IRS code, covering the basic 1040 and all the forms essential to its completion in detail. This course also covers the Tax Code as it relates to partnerships and corporations. The course uses basic commercial tax preparation software for preparation of tax returns. *Fall, \$30 fee, 4 hours lecture and computer presentations, 3 credits.*

ACCT 3110 Accounting Information

Systems I: Provides an introduction to accounting information systems from an organizational perspective. Concentration will be placed on the cycle of transaction processing

utilizing real-world business scenarios with accounting software. Emphasis will be placed on collecting, accumulating, and summarizing data to make information available to managers for analysis, decision making, forecasting, and business planning. *Fall, 3 hours lecture and laboratory, 3 credits.*

ACCT 3115 Auditing: Explores the legal and ethical responsibilities of an auditor, the methods and procedures used in gathering evidential material, and the auditor's report. Teaches GAAP, GAAS, and FASB procedures and how to apply them to client audits. Prerequisite: ACCT 2115 with a grade of "C" or higher. *Fall, 3 hours lecture and discussion, 3 credits.*

ACCT 3120 Accounting Information Systems II: Continues the concepts introduced in Accounting Information Systems I and expands the focus with an emphasis on a systems perspective including hardware and software assessment analysis, internal control procedures, systems flowcharting, design methodologies, and security issues. A case study utilizing a business simulation exercise will be used to extend technical and analytical skills pertaining to accounting information systems. Prerequisite: ACCT 3110 with a grade of "C" or higher. *Spring, 3 hours lecture and laboratory, 3 credits.*

ACCT 3125 Accounting Policy and Professional Responsibility: Discusses GAAP process and the functions of the FASB and SEC along with ethical issues facing the profession. Employs case studies as a pedagogical tool. This is an online course. *Spring, 3 hours lecture, discussion, and computer presentations, 3 credits.*

ACCT 3130 Advanced Cost Accounting: Continues the concepts introduced in Cost Accounting with a concentration of material from real-world cases. Students will be able to use critical thinking skills to develop a plan of action for different types of businesses and

employ decision-making techniques. Prerequisite: ACCT 2130 with a grade of "C" or better. *Fall, 3 hours lecture and laboratory, 3 credits.*

ACCT 4110 Advanced Accounting: Serves as a review of all areas covered in the accounting curriculum. Focuses on consolidated financial statements and employs research methods that will be necessary in the field. Senior standing or consent of curriculum coordinator. Fee: \$80 for membership in PICPA and IMA required. Prerequisites: ACCT 2140 and ACCT 3115 with a grade of "C" or higher. *Fall, \$80 fee, 3 hours lecture and discussion, 3 credits.*

ACCT 4170 Accounting Internship: Emphasizes a work experience with a recognized accounting firm or related accounting experience. Places the student in a work environment where he/she can utilize the classroom knowledge and experience a true working situation. Prerequisite: consultation with curriculum coordinator during junior year. Selection of work experience determined by academic background and interviews. *3-6 credits.*

ACCT 4910 Senior Seminar/Capstone: Designed to provide an opportunity for students to synthesize previous learning and to demonstrate evidence that they have the knowledge required for the major. Portfolio project is completed in this course. *Spring, 3 hours lecture and discussion, 3 credits.*

Anthropology

ANTH 1110 Introduction to Cultural Anthropology: Explores humans' cultural and social organization including economics, family and kinship, politics, religion and ritual, and the arts. Examines the origins of human culture and the processes of cultural change. *Spring, 3 hours lecture and discussion, 3 credits.*

ANTH 2110 Peoples and Cultures of Africa:

Studies the peoples and cultures of Africa with an emphasis on cultural and social organizations, subsistence patterns, family and kinship, religions and rituals, political and economic organizations, and the arts. Prerequisites: ANTH 1110 or SOCI 1110 or HIST 1110 or consent of the instructor. *Fall and Spring - not offered every year, 3 hours lecture and discussion, 3 credits.*

ANTH 2115 Peoples and Cultures of the

Middle East: Studies the peoples and cultures of the Middle East with an emphasis on cultural and social organizations, subsistence patterns, family and kinship, religions and rituals, political and economic organizations, and the arts. Prerequisites: ANTH 1110 or SOCI 1110 or HIST 1110 or consent of the instructor. *Fall and Spring - not offered every year, 3 hours lecture and discussion, 3 credits.*

ANTH 2120 Peoples and Cultures of Asia:

Studies the peoples and cultures of Asia with an emphasis on cultural and social organizations, subsistence patterns, family and kinship, religions and rituals, political and economic organizations, and the arts. Prerequisites: ANTH 1110 or SOCI 1110 or HIST 1110 or consent of the instructor. *Fall and Spring - not offered every year, 3 hours lecture and discussion, 3 credits.*

ANTH/BIOL 2130 Biological

Anthropology: Covers topics on human evolution and modern human variation, focusing on humanity's biological roots and modern appearance. This is a science course based on evolutionary biology. Emphasizes evolutionary theory, genetic and evolutionary mechanisms, polygenic inheritance, selection, mutation, human population genetics, human's place in the animal kingdom, human evolution and modern human diversity. *Spring, 3 hours lecture and discussion, 3 credits.*

Art

ART 1110 Color Theory: An in-depth experiential study of color principles, concepts and the visual effects of color through observation and creative responses. Studio problems emphasize seeing and mixing colors, making specific color decisions, and understanding subjective and objective color applications. *Fall, \$30 fee, 6 hours practicum, 3 credits.*

ART 1115 Introduction to Studio Art: Focuses on basic art materials and studio procedure - both two- and three-dimensional. A variety of basic problems in two-dimensional disciplines such as drawing, design, printmaking or photography, and three-dimensional disciplines such as ceramics and other sculptural media. Emphasis on individual creative perception and growth in the understanding of the elements and principles of design as they relate to the art process. This course is a non-major course. *Fall/Spring, \$50 fee, 6 hours practicum, 3 credits.*

ART 1120 Drawing and Composition I: Introduces visual perception and artistic interpretation. Emphasizes the mastery of a variety of drawing techniques to depict objects in space. *Fall, \$80 fee, 6 hours practicum, 3 credits.*

ART 1125 Figure Drawing I: Introduces basic anatomy through studies of the skeleton and extensive drawing of the live model. Basic drawing media are employed, with emphasis on perception and technique development. *Spring, \$155 fee, 6 hours practicum, 3 credits.*

ART 1130 Two-Dimensional Design:

Introduces and explores the elements and principles of visual organization. Emphasizes effective symbolic communication and the development of well-crafted art. *Fall, \$40 fee, 6 hours practicum, 3 credits.*

ART 1135 Three-Dimensional Design:

Introduces concepts of three-dimensional design and the basic materials and tools involved.

Emphasis on line, plane, mass, structures, and sensitivity to materials. Problems range from the theoretical to the practical. *Spring, \$150 fee, 6 hours practicum, 3 credits.*

ART 1140 Portfolio Preparation: Presents practical information for prospective transfer students majoring in art. Preparation of art work for portfolio or exhibition. Open to art majors only. *Fall, 4 hours lecture, 0.5 credits.*

ART 1145 Electronic Media in the Arts:

Introduces computer platforms, operating systems, networking, and software applications for visual art presentation. Emphasizes digital media applications for artists. *Spring, \$100 fee, 6 hours practicum, 3 credits.*

ART 2115 Drawing and Composition II:

Further exploration of the compositional elements of drawing and the use of spatial systems through more advanced techniques and media. Emphasis on the development of technical skill and creative perception and interpretation. Prerequisite: ART 1120 or consent of the instructor. *Fall, \$80 fee, 6 hours practicum, 3 credits.*

ART 2125 Figure Drawing II: Continued study of human anatomy and the further development of technical drawing skills. Emphasis is on drawing the model within the environment. Prerequisite: ART 1125 or consent of the instructor.

Spring, \$155 fee, 6 hours practicum, 3 credits.

ART 2135 Fundamentals of Graphic

Design: Introduces the graphic design field and the process for effectively communicating through resonant type and image combinations. Emphasizes theoretical and technical requirements of design field. Prerequisite: ART

1145 or consent of instructor. *Fall or Spring, \$100 fee, 6 hours practicum, 3 credits.*

ART 2140 Fundamentals of Crafts:

Introduces basic information in one of the following media: wood, metal (jewelry option), fiber, or glass. Creative and appropriate design for the medium, the mastery of basic tools and techniques, and basic craftsmanship. (Medium will vary according to student interest and faculty availability.) *Fall and Spring, \$150 fee, 6 hours practicum, 3 credits.*

ART 2145 Fundamentals of Ceramics:

Presents the plastic abilities of clay, the techniques of hand-building, throwing, glazing, and firing as related to both traditional and contemporary ceramics. *Fall and Spring, \$150 fee, 6 hours practicum, 3 credits.*

ART 2155 Fundamentals of Glass: Introduces the basic techniques of glass forming focusing on blowing, kiln casting, kiln forming, cold working and studio safety and operations. Students will work individually and in groups as they explore the glass process. *Fall and Spring, \$250 fee, 6 hours practicum, 3 credits.*

ART 2160 Fundamentals of Photography:

Introduces the topics of camera and film use, composition, natural and artificial light sources, film development, enlarging and printing with 35mm black and white materials. Students are also exposed to a diverse range of historically significant photographic work. *Fall and Spring, \$100 fee, 6 hours practicum, 3 credits.*

ART 2163 Digital Photography: Explores digital photography including digital capture using digital single lens reflex cameras, processing images using Adobe Photoshop CS6, digital output, and film scanning. Exposure, focal length, ISO, color management, and digital darkroom techniques will be covered. Through structured assignments, students will learn to

photograph various types of subject matter. Photo history and contemporary photography will be included in class discussions and lectures. *Spring, \$150.00 fee, 6 hours practicum, 3 credits.*

ART 2165 Field Study in Art History/Global Cultural Studies: Features a study tour to a foreign country or countries. Students must participate in preparatory workshops, the tour experience, and post-tour workshops. An in-depth research project is required. Prerequisites: ENGL 1110 and consent of instructor. ART 1001/1002 recommended, but not required. Cost of the trip is additional. *Spring and Summer, 3 credits.*

ART 2175 Fundamentals of Sculpture: Introduces the basic concepts of sculpture. Techniques of addition, subtraction, manipulation, and substitution are introduced. Emphasis on personal aesthetics and craftsmanship as it relates to the tools and materials used in moldmaking, carving, metal casting, mixed media, fabrication, and welding. *Fall, \$150 fee, 6 hours practicum, 3 credits.*

ART 2185 Fundamentals of Painting: Explores basic painting materials and surfaces, as well as fundamental painting approaches and techniques. Subjects may include, but are not limited to, still life, portraiture, and the human figure. Prerequisite: ART 1120 or consent of the instructor. *Fall or Spring, \$2185 fee, 6 hours practicum, 3 credits.*

ART 2190 Fundamentals of Printmaking: Presents materials and processes involved in such printmaking techniques as drypoint etching, wood and lino-cut, mixed media, and serigraphy. Emphasis is on understanding of traditional and contemporary approaches to printmaking. *Fall and Spring, \$125 fee, 6 hours practicum, 3 credits.*

ART 3010-3030 Special Topics in Art: Focuses on the study of a specific area within

an artistic discipline and presents processes and techniques relevant to that topic. Students complete a variety of projects dependent on the course content. Topics vary but include subjects like costume design, digital product design, artistic anatomy, pastel painting, landscape painting, mixed media, and contemporary aesthetics to name a few. *Fall and Spring, \$150.00 fee, 6 hours practicum, 3 credits.*

ART 3115 Digital Projects: Explores digital project management including digital capture and processing, output, and scanning techniques. Students produce both printed versions and digital portfolios of their images. The course is suitable for art students from all art concentrations. Students are expected to incorporate work and/or themes from their major area of concentration including three-dimensional applications. Prerequisite: 2000-level art studio course recommended or consent of the instructor. *Fall, \$150 fee, 6 hours practicum, 3 credits.*

ART 3120 Book Arts I: Analyzes the book as a means of conveying both visual and written information, as a sculptural object, and as a limited edition artist's book. Book structures such as an accordion, a concertina, a diamond fold, and a variety of sewn bindings will be demonstrated by the instructor and constructed by the students. Prerequisite: 2000-level art studio course recommended or consent of the instructor. *Spring, \$150 fee, 6 hours practicum, 3 credits.*

ART 3125 Color Photography: Explores the concepts and techniques of color photography. Students work with a range of color materials, with the emphasis on creating fine color prints from negatives. Photographers and their work will be covered with historical and cultural context. Prerequisite: ART 2160 or the consent of the instructor. *Spring, \$105 fee, 6 hours practicum, 3 credits.*

ART 3130 Typography: Explores and develops conceptual and technical skills necessary for type-based design. Type is studied as aesthetic form for effective communication in the context of graphic design. Prerequisite: ART 2135 or consent of instructor. *Fall or Spring, \$100 fee, 6 hours practicum, 3 credits.*

ART 3135 Graphic Design II: Develops intermediate skills in design, digital imaging, and typography applied to publication, brand identity, promotion, web, package, and sequential design. Prerequisite: ART 2135 or consent of instructor. *Spring, \$100 fee, 6 hours lecture/practicum/discussion, 3 credits.*

ART 3145 Ceramics II: Focuses on the development of advanced skills in one or more methods. Emphasis in clay structure and formulation, construction, glazing, and firing. Individual design and exploration of contemporary ceramic issues is emphasized. Prerequisite: ART 2145 or consent of the instructor. *Spring, \$150 fee, 6 hours practicum, 3 credits.*

ART 3155 Intermediate Glass: Emphasizes glass forming and decorating for students who have a basic understanding of glass and blowing techniques. Processes covered in the 3000-level hot glass course will introduce new techniques that build upon, well as reinforce, 2000-level skills. Students are expected to work on individualized assignments and to begin research strategies in the development of their work. Prerequisite: ART 2155. *Spring, \$250 fee, 6 hours practicum, 3 credits.*

ART 3160 Photography II: Emphasizes continued development of conceptual and technical skills relative to black and white photography. In addition to 35mm, students work with medium format and 4x5 cameras, studio lighting, and a range of alternative photographic approaches. Photographers and photographic work will be discussed within a historical and cultural context.

Prerequisite: ART 2160 or consent of the instructor. *Spring, \$100 fee, 6 hours practicum, 3 credits.*

ART 3170 Sculpture II: Explores modeling along with continued studio exploration with emphasis placed on the integration of conceptual and technical skills to further the student's exploration of a personal aesthetic. Students should begin to focus on one of the following media, modeling, carving, fabrication, welding, glass and mixed media. Prerequisite: ART 2175 or consent of instructor. *Fall and Spring, \$150 fee, 6 hours practicum, 3 credits.*

ART 3180 Painting II: Explores intermediate painting methods, technical issues, and aesthetic concerns. Both traditional and modern approaches to painting are studied in working from a variety of subjects. Prerequisite: ART 2185 or consent of the instructor. *Fall or Spring, \$100 fee, 6 hours practicum, 3 credits.*

ART 3185 Printmaking II: Focuses on broader in-depth study of specific materials, techniques, problems, concepts, and processes related to contemporary and traditional printmaking approaches and issues. Individual growth, knowledge, and development as an increased technical proficiency in printmaking skills are emphasized. Prerequisite: ART 2190. *Spring, \$125 fee, 6 hours practicum, 3 credits.*

ART/IT 3260: Game Development:

Covers important interface commands and programming techniques for writing a broad range of computer video games including how to setup, organize projects and 3D utilization, from character importation to scripting and audio. Students will apply knowledge gained and develop projects with a professional game development engine. *\$125 fee, 3 credits.*

ART/IT 4260: Advanced Game

Development: Covers important interface commands and programming techniques for writing a broad range of computer video games

including how to setup, organize projects and 3D utilization, from character importation to scripting and audio. Students will work in teams and apply knowledge gained to develop a project with a professional game development engine. Prerequisite: IT/ART 3260. \$75 fee, 3 credits.

ART 4810 Professional Practices: Focuses on the practices of professional artists/art educators in establishing and maintaining their careers. Basic legal issues, ethical dilemmas, business practices and responsibilities, publicity, exhibition arrangements and installation, tax filing, professional organizations, and funding opportunities will be covered. Outside assignments and participation in a group exhibition are required. Prerequisites: Senior standing and art majors only. *Spring, \$200 fee, 4 hours lecture, discussion, and laboratory, 3 credits.*

ART 4911 Advanced Graphic Design/Senior Seminar: The first of four possible levels of this repeatable course, which advances student's knowledge and skills relevant to student's goals as a professional designer. Emphasizes development or completion of a professional design portfolio. Fosters an understanding of graphic design history, philosophy, ethics, and contemporary issues at this level. Prerequisite: ART 3135 or consent of instructor, *Spring and Fall, \$100 fee, 3 hours lecture/practicum/discussion.*

ART 4912/4913/4914 Advanced Graphic Design/Senior Seminar: Continues to advance both the knowledge and skills relevant to students' goals as professional designers. Emphasizes development or completion of a professional design portfolio. Fosters an understanding of graphic design history, philosophy, ethics, and contemporary issues at this level. Prerequisite: ART 4911 or consent of instructor. *Spring and Fall, \$100 fee, 3 hours lecture/practicum/discussion.*

ART 4921 Advanced Ceramics/Senior Seminar: This advanced ceramics course explores in-depth personal aesthetics as it relates to the

ceramic arts. Considerations regarding construction methods, glaze formulation, and kiln operations are in integral part of this class, culminating with a senior exhibition. Prerequisite: ART 3145. *Fall, \$150 fee, 3-6 hours lecture/practicum/discussion, 3 credits.*

ART 4922/4923/4924 Advanced Ceramics/Senior Seminar: Explores in-depth personal aesthetics as it relates to the ceramic arts. Considerations regarding construction methods, glaze formulation, and kiln operations are in integral part of this class, culminating with a senior exhibition. Prerequisite: 4921. *Spring, \$150 fee, 3-6 hours lecture/practicum/discussion, 3 credits.*

ART 4931 Advanced Glass/Senior Seminar: Designed to give the student an extensive overview of the field of glass and its use as an art medium. Students develop an understanding of personal ideas and explore options related to the execution and presentation of finished works. Students apply the knowledge from one art experience to another and are required to keep a weekly journal of thoughts, ideas and sketches for future work. Students explore the multiple possibilities that this medium has to offer in order to create original, well-planned and well made glass objects according to their own personal ideas; the object being a cohesive body of excellent original works of art presented in a professional manner. Prerequisite: ART 3155. *Fall and Spring, \$250 fee, 3 hours practicum, 3 credits.*

ART 4932/4933/4934 Advanced Glass/Senior Seminar: Gives students an extensive overview of the field of glass and its use as an art medium. Students develop an understanding of personal ideas and explore options related to the execution and presentation of finished works. Students apply the knowledge from one art experience to another and are required to keep a weekly journal of thoughts, ideas and sketches for future work. Students continue to explore the multiple possibilities that this medium has to offer in order to create original,

well-planned and well made glass objects according to their own personal ideas; the object being a cohesive body of excellent original works of art presented in a professional manner. Prerequisite: ART 4931. *Fall and Spring, \$250 fee, 3 hours practicum, 3 credits.*

ART 4941 Advanced Photography/Senior

Seminar: Emphasizes the development of the individual student's personal direction and the beginning preparation of a comprehensive body of work leading to a senior exhibition. Prerequisite: ART 3160 or consent of instructor. *Fall, \$100 fee, 3-6 hours lecture/practicum/discussion, 3 credits.*

ART 4942/4943/4944 Advanced

Photography/Senior Seminar: Emphasizes the continued development of the individual student's personal direction in photography and the preparation of a cohesive body of work, culminating in the senior exhibition. Prerequisite: 4941.

ART 4951 Advanced Sculpture/Senior

Seminar: Emphasizes the development of advanced skills in each student's individual chosen sculptural media and personal aesthetic. Students work closely with their instructor to determine their individual direction, to begin to identify methods of improving their skills, and to begin to develop projects suitable for each student's senior exhibition. Explores sculptural issues including history, philosophy, legal, and ethics. Prerequisite: ART 3170 or consent of instructor. *Fall, \$150 fee, 3-6 hours lecture/practicum/discussion, 3 credits.*

ART 4952/4953/4955 Advanced Sculpture/

Senior Seminar: Continues the development of advanced skills in each student's chosen medium and personal aesthetic. Students will continue to work closely with their instructor to refine and complete projects suitable for each student's senior exhibition. Students will present a body of work based upon their personal point

of view. Prerequisite: ART 4951 or consent of instructor. *Spring, \$150 fee, 3-6 hours lecture/practicum/discussion, 3 credits.*

ART 4961 Advanced Drawing and Painting/

Senior Seminar: Explores advanced drawing and painting methods, technical issues and aesthetic concerns. Emphasizes developing a personal approach to drawing and painting. Prerequisite: ART 3180.

ART 4962/4963/4964 Advanced Drawing and Painting/Senior Seminar:

Continues to explore advanced drawing and painting methods, technical issues and aesthetic concerns. Emphasizes developing a personal approach to drawing and painting. Prerequisite: ART 4961.

ART 4971 Advanced Printmaking/Senior

Seminar: Continues 3000-level elements of printmaking examining more complex printmaking skills, issues, and approaches. Increased focus is on expanding individual, intellectual, and artistic sensibility through creative application and integration of advanced printmaking knowledge, techniques, and concepts. Students are encouraged to create a professional portfolio of prints in preparation for a senior exhibit. Prerequisite: ART 3185 or consent of the instructor. *Fall, \$225 fee, 3-6 hours lecture/practicum/discussion, 3 credits.*

ART 4972/4973/4974 Advanced

Printmaking/Senior Seminar: Continues Advanced Printmaking/Senior Seminar A projects and portfolios. Students continue projects begun in ART 4971, and add new related pieces to their portfolios. In the process, they will refine techniques used, and hone their individual, creative, intellectual, and artistic growth concluding with a senior exhibition. Prerequisite: ART 4971 or consent of the instructor. *Spring, \$225 fee, 3-6 hours lecture/practicum/discussion, 3 credits.*

Art History

ARHI 1001 Art History Survey I:

A chronological study of the development of art from prehistoric times to the thirteenth century. Paintings, sculpture, architecture, and the craft arts will be examined in relation to the development of Western culture. *Fall, 3 hours lecture and discussion, 3 credits.*

ARHI 1002 Art History Survey II:

A chronological study of the development of art from the Renaissance to present day. Paintings, sculpture, architecture, and the craft arts will be examined in relation to the development of Western culture. *Spring, 3 hours lecture and discussion, 3 credits.*

ARHI 3001 Modern and Post-modern Art:

Concentrated study of developments in art from the late 1800's to the present, with an emphasis on recent trends and aesthetic issues. *Fall, 3 hours lecture and discussion, 3 credits.*

Art Therapy

ARTH 3005 Experiencing the Arts: Presents a multi-disciplinary introduction to the arts concentrating on individual expressions of visual art, music, dance, and drama. Students will study the methods and goals of these areas of human creativity, engage in a variety of expressive activities, analyze various art forms, and evaluate the role of arts in the classroom curriculum. This course is a non-major course. *Fall/Spring and Weekender, \$105 fee, 3 hours lecture/discussion and practicum, 3 credits.*

ARTH 3085 Art Therapy: Presents a didactic and experiential introduction to art therapy as a discipline and profession. Course includes lecture, role play, and engagement in art therapy materials and methods. *Spring, \$40 fee, 3 hours lecture/practicum, 3 credits.*

ARTH 4085 Art Therapy Fieldwork:

Supervised art therapy fieldwork experience in an area relevant to the student's interest. This will happen in a variety of therapeutic settings. Prerequisite: ART 385. *Spring, 4 hours fieldwork and 1 hour classroom supervision, 3 credits.*

Biology

BIOL 1001 Newsworthy Topics in Biology:

Focuses on the scientific method, cell biology, genetics, evolution, and biotechnology. Provides the background to become a knowledgeable, literate, and active participant in an increasingly technological society. Focuses on ethical considerations of modern biological issues. For the non-science major; not open to students who have passed BIOL 1125 or BIOL 1110. Corequisite: BIOL 1002. *Fall, Spring, and Summer, \$100 fee, 3 hours lecture and discussion, 2-hour laboratory, 4 credits.*

BIOL 1003 Human Health Issues: Focuses on human anatomy, physiology, diseases, and personal health care maintenance. Provides the background necessary to become an active consumer of contemporary health care. For the non-science major; not open to students who have passed BIOL 1125, BIOL 1110, or BIOL 1115. Corequisite: BIOL 1004. Dissection required. *Fall, Spring, and Summer, \$100 fee, 3 hours lecture and discussion, 2-hour laboratory, 4 credits.*

BIOL 1010/1036 Introduction to Field

Biology: Provides a field-oriented experience with concentrated study of species identification, natural history, ecology and conservation. The topic for this course changes each semester. Offerings have included birds, bird banding, mammals, reptiles and amphibians, fishery biology, insects, fall wildflowers, lake ecology, winter ecology, maple sugaring, forest stewardship, Project WET, invasive species, water quality monitoring, and CSI. Consult current course offerings for each semester's

topic. Note: Be prepared to experience the outdoor environment under all weather conditions. *Fall and Spring, \$50 fee, field practicum, lecture, discussion, and laboratory, 1-4 credits.*

BIOL 1011 Aquatic Biology: Studies the life found in streams and ponds through frequent collecting trips. Focuses on collecting samples followed by identification of fish, algae, aquatic invertebrates, and plankton. Correlates samples with measurements of physical factors such as temperature, pH, dissolved oxygen, alkalinity, hardness, etc. Utilizes seines, electro fishing, and an advanced water chemistry kit to make measurements. Please note: Students will get wet in this class. *\$50 course fee.*

BIOL 1013 Fall Wildflowers: Investigates the common wild flowering plants (herbs, shrubs, and trees) of the northeastern United States. Familiarizes students and prepares students to identify many common species and families and appreciate the status of Pennsylvania's endangered plants. Students prepare museum quality herbarium specimens of collected plants that you have collected. Specimens may be displayed at the Keystone herbarium. *\$50 course fee.*

BIOL 1015 Insects: What could be more fun than crazily chasing insects through a field with a butterfly net? Students will capture and identify as many types of insects as possible! *\$50 course fee.*

BIOL 1017 Herpetology: Examines the habits and habitats of Pennsylvania's slimy and scaly vertebrates by looking under rocks and swamps. Data collected will be offered to the Pennsylvania Herpetological Atlas Project, an ongoing study to catalog the state's herp fauna. *\$50 course fee.*

BIOL 1018 Stream Ecology: Studies all aspects of the stream ecosystem, including abiotic factors (such as watershed composition and

water chemistry) as well as the biota of the stream, including invertebrates and fish. Please note: Students will get wet in this class! *\$50 course fee.*

BIOL 1019 Field Biology of the Pinelands (weekend course): Studies the ecology and biology of the New Jersey Pinelands, our country's first National Reserve and a United States Biosphere Reserve of the Man and the Biosphere Program. This internationally important ecological region is 1.1 million acres in size and occupies 22% of New Jersey's land area. It is underlain by aquifers containing 17 trillion gallons of some of the purest water in the land. Examines the common and unusual plant and animal species of southern New Jersey. Students camp in Wharton State Forest and take field trips to Atlantic white cedar and red maple swamps, pine and oak forests, and dwarf pine plains. A half-day canoe trip is planned. Searches for carnivorous plants (such as pitch plants, bladderworts and sundews), orchids, the Federally threatened Swamp Pink and Kneiskern's beakrush, the Northern Pine snake, Timber rattlesnake and Pinebarrens Tree Frog, as well as many other species of fauna and flora. *\$125 course fee.*

BIOL 1020 Water Quality Monitoring: Become proficient in using the Hach Portable Water Chemistry lab to sample stream or lake water. You will gain an understanding of the watershed concept, properly collect water samples for analysis, and have a basic knowledge of the use of spectrophotometry and the technique of titration. You will develop a basic understanding of the significance of the parameters measured, and evaluate your findings in comparison to accepted water quality standards. *\$50 course fee.*

BIOL 1021 Bird Banding: Capture and release unharmed birds after applying a small metal band to their leg, under the direction of a certified Master Bander. Banding birds allows studies

of dispersal and migration, behavior and social structure, lifespan and survival rate, reproductive success and population growth. Hands-on course. *\$50 course fee.*

BIOL 1022 Lake Ecology: Examines water chemistry, invertebrates, plankton, and fish life of local lakes and ponds from the shoreline and boats. *\$50 course fee.*

BIOL 1023 Forest Stewardship: Introduces principles and methods of forest stewardship including the philosophy of forest stewardship, identification and ecology of some common trees, forest resource measurements, timber management, and wildlife management. *\$50 course fee.*

BIOL 1024 Mammals of Pennsylvania: Examines the mammals of Pennsylvania, and especially those in the northeastern United States. Students identify mammals by their skulls and skins and gain familiarity with simple taxonomic keys. Use skin collection which includes bear, wolf, rabbit, mink, skunk, ermine, and beaver. Correlate the distribution of Pennsylvania's mammals in relation to glaciation, climate, physiographic features, bedrock, soil, etc. Interested students will prepare a mammal skin and skull as museum quality specimens. *\$50 course fee.*

BIOL 1027 Maple Sugaring: Addresses the history, science, techniques and marketing of maple products in the northeastern United States. Participate in the tapping, collecting and processing of maple products and learn how to manage a maple tree stand to maximize sap production. *\$50 course fee.*

BIOL 1028 Invasive Plants: Ecological Impacts of Invasive Exotic Plants in Northeastern Pennsylvania Environments: Addresses the ecological and physical impacts of invasive exotic species in northeastern Pennsylvania, focusing on identification, culture and invasion scenarios that degrade native plant

communities in urban, agricultural and wetland environments. The identification portion of the course utilizes the Woodlands Campus as a study area. Includes an afternoon/early evening field trip to a nearby degraded wetland, woodland, and farm. *\$50 course fee.*

BIOL 1029 Aquatic Entomology: Examines immature aquatic insects, the best indicators of water quality due to life span length. Collects, preserves, and identifies these organisms and examines aquatic insects as indicators of clean water, as well as those that can tolerate polluted conditions. *\$50 course fee.*

BIOL 1032 Forensic Entomology: Dead people can't talk, but insect decomposers can! Forensic entomology is the study of insects and other arthropods that are used to uncover circumstances of interest to the law, often related to a crime. It can be used to decide how long human remains have been undetected, whether the corpse has been moved after death, the cause of death, and may help to solve cases of contraband trafficking. We will document the process of decomposition and insect activity throughout the course. *\$50 course fee.*

BIOL 1037 Ornithology: Can you identify the bird that just flew by? What was that song? You'll be able to answer these questions when we go to the field where identification techniques are stressed. Learn the techniques of capturing and marking birds with small metal leg bands. We visit many habitats to view waterfowl, as well as grassland, mature woods, and seasonal field species. Identification of birds by their song is also stressed. Recent classes have visited raptor rehabilitators and the Cornell museum of ornithology. Highlights of the course are winter trips to view Bald Eagles, and the semester-ending weekend trip to the New Jersey coast at the height of migration. *\$125 course fee.*

BIOL 1038 Marine Mammals: Focuses on whales, dolphins, porpoises, and seals. Following

land-based introductory sessions that dive into anatomy, taxonomy, and natural history, travel to the Atlantic coast to see these magnificent animals in their natural habitat. *\$125 course fee.*

BIOL 1039 Identification of Woody Plants:

Examines the morphological, cultural, ecological and aesthetic characteristics of 100 woody plants common to northeastern Pennsylvania. Studies native, introduced and cultivated species of trees, shrubs, and woody vines. Course includes two local off campus field trips and one day-long field trip via bus charter to Longwood Gardens in Kennett Square, Pa. *Fall, \$50 course fee, 3 hours lecture and discussion, 3 credits.*

BIOL 1041 Fish of Northeastern Pennsylvania:

Examines Pennsylvania's streams and lakes to learn what fish live there. Utilizes collection techniques such as seining and electrofishing to catch as many species as possible. Discusses identification of well-known game fish such as trout and bass, the many difficult species of minnows, and other non-game species. Concentrates on fisheries biology techniques such as food habits, habitat analysis, and age-growth calculations (by reading scales). *\$50 course fee.*

BIOL 1043 Winter Ecology: Examines how plants and animals survive the rigors of cold and dryness during Pennsylvania's winters. Studies the important impacts of snow cover on the lives of wildlife. Dress warmly, because this class spends many of its meeting dates from January through March in the out of doors. *\$50 course fee.*

BIOL 1044 Feeders, Forests, and Bird

Behavior: Part of Cornell University's nationwide "Citizen Scientist" outreach programs. Students gather the data and Cornell analyzes and publishes. Participate in Project Feederwatch by feeding birds, counting the number and type that visit the feeders, and sending the data over the internet to Cornell's web site for analysis. In the Birds in a Forested Landscape Program. Students play recorded bird songs, call notes,

and mobbing calls to selected forest species. Observe and record their behavior and forward the data to Cornell. *\$50 course fee.*

BIOL 1046 Observing Nature Through

Lenses: Provides tips to effectively photograph plants, insects, and other wildlife, using digital or film photography. *\$50 course fee.*

BIOL 1047 CSI La Plume: Course examines a hypothetical crime scene on campus. Students photograph the crime scene, study blood spatter and analyze evidence to solve the case. *\$50 course fee.*

BIOL 1049 Ecology of Vernal Pools:

Examines the biology and chemistry of vernal pools. Vernal pools fill with rainwater in the spring but often dry out in summer. During that time they are alive with salamanders, frogs, tadpole shrimp and many other creatures. *\$50 course fee.*

BIOL 1050 Natural History of the New Jersey Pinelands by Canoe (weekend

course): Spend the weekend camping in the New Jersey Pinelands and canoe the tea colored waters as you learn about the natural history of this special area. Students travel by van to the New Jersey Pinelands on Friday night. Saturday features a full-day canoeing on one of the coastal plain streams in the pinelands while learning about the geology, aquifers, plants, animals and human influences of the NJ Pinelands. Sunday may include another half-day canoe trip or a trip by van to some of the other special places in the Pinelands. Pre-trip meeting and readings required. *\$125 course fee.*

BIOL 1053 Butterflies and Dragonflies:

Examines the identification of butterflies and prepares a reference collection and photographic atlas of local species. *\$50 course fee.*

BIOL 1055 Biology and Geology of Caves:

Studies the formation and conservation of caves,

as well as the organisms that call them home. Features a weekend-long caving trip to the limestone caverns of upstate New York. *\$125 course fee.*

BIOL 1058 The Living Susquehanna:

Experience the story of the Susquehanna River through a two-day kayak trip from Meshoppen to Falls. Learn about the longest river on the east coast. Topics include the geology of the watershed, history, industrial uses, health of the river, and looking to the future. *\$125 course fee.*

BIOL 1060 Wildlife Rehabilitation: The

Basics: Examines the identification, treatment, pharmacology, and basic wildlife rehabilitation beginner skills on mammals of Pennsylvania. *\$50 course fee.*

BIOL 1061 Mushrooms and Other Fungi:

This one credit course will be primarily a field course to observe the various types of mushrooms such as the fleshy gilled mushrooms, the fleshy pored mushrooms, the coral fungus, and the woody polypores. These fruiting bodies will be found on soil, on trees and on other fungal fruiting bodies. The anatomy of these fruiting bodies will be studied. Through the use of various keys, observing the characteristics of the fruiting body, the color of spores prints, the size, the flesh coloration, the reaction to bruising the various parts of the fruiting body, the taste, the odor, the habitat and the season of fruiting, we will attempt to identify various mushrooms, toadstools, coral fungus and brackets fungi. Note: this is not a wild edibles course. Poisonous and non-poisonous species will be discussed. The ecology, biology and human use will be discussed.

BIOL 1062 Forensic Psychology: Addresses basic concepts in photography and their application to professional documentation of crime scenes and laboratory evidence. Required equipment includes digital format

SLR camera (a few may be available for sharing during exercises), and electronic flash. Course instruction is through lecture, case review, and application exercises. *\$150 fee, 1 credit.*

BIOL 1072 Introduction to Fly Fishing:

Interactive hands-on course introduces the fundamental of fly fishing. Students will become proficient in fishing terms, casting, knot tying, fly selection, reading water, fly fishing tactics, wading techniques and safety. Introduces basic fly tying techniques and provides understanding and use of fly fishing equipment. Examines entomology, fish behaviors and habitats and conservation of cold water streams. Students will also develop an awareness of how to apply "Leave No Trace" ideas to their lives beyond the course. Class will be conducted indoors and outdoors so dress appropriately. Designed for students with little or no knowledge of fly fishing; waders, rods and reels will be provided but student are also welcome to bring their own. *\$50 fee, 1 credit.*

BIOL 1073 Field Biology: Spiders and

Arachnids: Introductory course covers the biology and ecology of spiders and their kin (mites, ticks, harvesters). Field course that discusses where to find spiders, how to collect and preserve them and, through the use of various keys, how to identify them. Spider webs, egg cocoons, their food, courtship and anatomy will be discussed. A collection of arachnids will be done by each student. One night session will be required for nocturnal collections. *1 credit*

BIOL 1110 Human Anatomy and

Physiology I: Utilizes a systems approach to study the anatomy and physiology of the human body. Integrates structure and function at all levels of organization. Studies the integumentary, skeletal, muscular, and nervous systems. Prerequisite: C or better in BIOL 1125. Dissection required. *Fall and Summer, \$100 fee, 3 hours lecture and discussion, 3-hour laboratory, 4 credits.*

BIOL 1115 Human Anatomy and

Physiology II: Continues the study of the circulatory, digestive, respiratory, endocrine, excretory, and reproductive systems; coordination of the organs within each system; and the close relationship of the systems.

Prerequisite: C or better in BIOL 1110 or consent of the instructor. Dissection required.

Spring and Summer, \$100 fee, 3 hours lecture and discussion, 3-hour laboratory, 4 credits.

BIOL 1120 Environmental Science: Studies human interactions with the environment.

Focuses on ecological principles of ecosystem structure, population of dynamics of humans and other organisms. Considers sources and supplies of biological, food, soil, mineral and energy resources, as well as methods of mitigating the effects of their use and exploitation. The philosophy of sustainable development will underlay the course, as will the role of the individual in the decision-making process. *Spring and Summer, \$100 fee, 2 hours lecture and discussion, 2-hour laboratory, 3 credits.*

BIOL 1125 General Biology I: Introduces science majors to topics such as the nature of science, basic chemistry, the origin of life, cell structure and function, reproduction, genetics, population, evolution, energy relationships, and the diversity of animals. Dissection required. *Fall, Spring and Summer, \$100 fee, 3 hours lecture and discussion, 3-hour laboratory, 4 credits.*

BIOL 1130 General Biology II: Introduces science majors to the structure, function, and diversity of plants, including algae and fungi. Studies morphology, anatomy, physiology, economic botany, taxonomy, and ecology. Prerequisite: BIOL 1125 or consent of the instructor. Dissection required. *Spring, \$100 fee, 3 hours lecture and discussion, 3-hour laboratory, 4 credits.*

BIOL 1135 Introduction to Forensic Science I: Scientific and investigative techniques of

various forensic disciplines including serology, blood spatter, anthropology, fingerprints, pathology, and trace evidence. Examines the role of the expert witness and the scientific method in forensic investigation. *Fall and Spring, \$150 fee, 3 hours lecture, 3-hour laboratory, 4 credits.*

BIOL 1140 Medical Terminology: Studies the technical and specialized anatomical, surgical, pharmaceutical, and common medical phrases. *Fall and Spring, 2 hours lecture and discussion, 3 credits.*

BIOL 2001 Biological Dimensions of Human Sexuality: Emphasizes sex as a biological phenomenon. Considers important questions such as: What is sex? When did sex evolve? Why sex? Studies the history of sex and sex in nature. Serves as a source of information regarding what can be expected from the human body and modern day issues concerning sexuality. Emphasizes human anatomy and physiology, human population, conception, pregnancy, birth, STDs, and AIDS. *Spring, \$50 fee, 3 hours lecture and discussion, 3 credits.*

BIOL 2003 Lifecycle of Nutrition: Focuses on the fundamentals of normal nutrition from preconception to old age. Special attention will be paid to the physiological principles and nutritional interventions that apply to each part of the life cycle. In addition to the essential nutrition concepts, physiological principles and nutritional recommendations, for each stage of the lifecycle we will apply case studies to real life at each stage in development, with consideration of cultural and socioeconomic influences on healthy eating behaviors. *Fall, 3 hours lecture and discussion.*

BIOL 2011 Science in Movies: Explore science concepts presented in modern movies. Students examine a group of modern movies and explore the feasibility (through verbal and written assignments) of the science presented in each. Topic

areas include molecular biology, genetics, microbiology, virology, chemistry, physics, astronomy, environmental science, and geology. Also explores ethical considerations. *3 credits, \$25 fee.*

BIOL 2012 Watershed Explorers: Hands-on course examines watersheds as one of the most basic units of our natural world; they sustain life, supply drinking water, support industry and provide habitat for plants and animals. Explores the essential role of water, the interdisciplinary nature of human impact on water, and strategies for watershed protections. Topics include: stream ecology, water quality monitoring, drinking water issues, ground water issues, wetlands, water movement in the forest, water use in industry and more. Field experience includes fish sampling, biological monitoring, measuring water flow and visits to Proctor & Gamble, Lacawac Sanctuary and Lake Manataka. Students will be able to identify plankton, zooplankton and macro invertebrates; illustrate how activities in one portion of watershed directly impact every living organism in downstream waterways and land; and synthesize human impact on watershed. Special significance for formal and informal educators as it will demonstrate how watershed protection provides an ideal real world teaching forum to introduce concepts across multiple STEM academic disciplines. Students should dress for the weather. Course also offers options for K-12 educators to earn NEIU-19 CPE credits (additional fee) and Act 48 hours. *\$50 fee, 3 credits.*

BIOL 2013 Forests and Society: Hands-on course examines how actively managed forests sustain the ecosystem and provide places for exploration and recreation, while assuring renewable resources are available to future generations. Explores the concepts of forest stewardship, and illustrates the importance of forest literacy in education. Topics include: tree identification, national and Pennsylvania forest resources, conservation history, forest habitat,

forested watershed, riparian buffers, tools of forestry, forest products, urban forestry, invasive species, forest pest, sustainability and more. Field experiences include visits to Woodbourne Forest and Wildlife Preserve, Deer Park Lumber, Grey Tower National Historic Site and the Delaware Water Gap National Recreation Area. Students will be able to identify trees of Pennsylvania forests; summarize forest challenges; and analyze and relate how the needs of habitat, industry and community can be met through proper forest management. Has special significance for formal and informal educators as it will demonstrate how forest stewardship provides an ideal real world teaching forum to introduce concepts across multiple STEM academic disciplines. Please dress for the weather. Course also offers options for K-12 educators to earn NEIU-19 CPE credits (additional fee) and Act 48 hours. *\$50 course, 3 credits.*

BIOL 2015 Special Topics in Biology: Flora & Fauna of Pennsylvania: Hands-on course examines the flora and fauna of northeastern Pennsylvania and offers an intensive study of the inter-relationships, behaviors and adaptations allowing for the biological success of plants and animals. Through a combination of laboratory investigations, field studies, class discussions, readings and journaling, participants will gain an understanding of how living things adapt and adjust to maintain themselves as they balance the influence of nature and man. Topics include: ornithology, mammals, bats, insects, amphibians, flowering plants, “lower” plants, mushrooms, edible and poisonous plants, and aquatic organisms and more. Field experience includes collecting, photographing, preparing and curating specimens, bird banding and visit to a bog, area state park and local and off campus streams. Students will be able to identify the native plants and animals species in NEPA, distinguish the habitats in which they live and demonstrates competency in common methods

and guides used to identify and categorize major plant families and animal orders beyond our region. Course has special significance for formal and informal educators as it will advance teaching of environmental concepts and will demonstrate how habitat protection provides an ideal real world teaching forum to introduce concepts across multiple STEM academic disciplines. Please dress for the weather. Course also offers options for K-12 educators to earn NEIU-19 CPE credits (additional fee) and Act 48 hours. *3 credits, \$50 fee.*

BIOL 2016 Special Topics in Biology:

Climate Change, the Energy Challenge & Sustainability:

Examines natural trends in climate change over geologic history, investigates the parameters and assumptions involved in climate prediction and explores alternative energy sources such as wind, solar and nuclear. Participants will investigate and discuss sustainability practices that support responsible resource management, and formulate opinions on modification of personal and corporate behaviors that support environmental stewardship. Opportunities will be provided to discuss the natural gas industry and related issues, while learning about electric vehicle technology. Field experiences include visits to a wind farm, Proctor & Gamble, and a natural gas site. Course has special significance for formal and informal educators as it will advance teaching of environmental concepts and will demonstrate how exploration of climate change and sustainability challenges provide an ideal real-world teaching forum to introduce concepts across multiple STEM academic disciplines. Please dress for the weather. Course also offers options for K-12 educators to earn NEIU-19 CPE credits (additional fee) and Act 48 hours, and 3 Keystone College graduate credits *3 credits, \$50 fee.*

BIOL 2017 Special Topics in Biology:

Geology of Northeast Pennsylvania:

Hybrid course combines 3 days of online instruction with 2 days of field work. Online activities include modeling geologic formations and using Google Earth to investigate real world geologic phenomena. Course culminates in two days of field trips throughout NEPA, where participants will learn about the geologic history of the region and discover the tools of a practicing geologist and how to use them to better understand the world around us. Course also offers options for K-12 educators to earn NEIU-19 CPE credits (additional fee) and Act 48 hours. *3 credits, \$50 fee.*

BIOL 2018 Special Topics in Biology

Operation Rubythroat:

Ruby-throated Hummingbirds, the only nesting hummingbird in the eastern U.S. migrate to the south during out winter. They are poorly studied in Mexico and Central America where they spend their non-breeding months. During spring break, travel to Belize to participate in Operation Rubythroat under the direction of hummingbird researcher Bill Hilton of Hilton Pond Center for Piedmont Natural History in South Carolina. Observe, capture, band, and release wintering birds as they begin to move north. As “citizen scientists,” play integral roles in conducting field work and making observations, will visit diverse habitats, and learn about fascinating aspects of Belize’s abundant natural history and fascinating Mayan culture. Fee: To be determined at time of travel.

BIOL 2020: Special Topics in Biology:

Hiking and Habitat (Trees & Shrubs):

Hands-on course explores the trails on and nearby Keystone’s campus, while teaching students to identify common trees, shrubs and plants along the way. Examines inter-relationship of trees and wildlife and discuss how trees – from, from fruits to roots, sustain the eco-system and determine what wildlife lives along and around the trail. Participants gain an understanding of how living things adapt and

adjust to maintain themselves as they balance the influence of nature and man. Participants will learn about various resources that assist them in taking advantage of these trails for learning about, enjoying and sustaining the natural environment. Students will hike the interpretive trails on Keystone's Campus, The Trolley Trail that connects Clarks Summit to Dalton, and the trails at either Lackawanna State Park or Lazybrook Park. *1 credit, \$50 course fee.*

BIOL 2110 Pathophysiology: Explores the pathophysiological aspects of illness. Emphasizes understanding disruptions in the structure and function of the human body and the adaptive processes utilized to maintain a steady state. Prerequisites: BIOL 105 and BIOL 106. Recommended elective for all students planning careers in human health. *Fall, 3 hours lecture, 3 credits.*

BIOL 2115 Microbiology: Examines the importance and impact of microorganisms on the modern world with an emphasis on bacteria and viruses. Techniques for identifying microbes will be explored through hands-on experimentation with various microorganisms. Prerequisites: C or better in BIOL 1125 and one semester of chemistry. *Spring, \$150 fee, 3 hours lecture and discussion, 3-hour laboratory, 4 credits.*

BIOL 2120 Introductory Ecology: Studies the natural assemblage of plants and animals. Emphasizes the interactions of both plant and animal populations in normally functioning ecosystems. Studies ecosystem structure, predation, competition, temperature, water, and energetic relationships; food webs, succession, and conservation biology. Laboratory focuses on field techniques, data analysis, and writing in acceptable scientific style. Prerequisites: BIOL 1125 and 1130 or consent of the instructor. *Fall, \$100 fee, 3 hours lecture and discussion, 3-hour laboratory, 4 credits.*

BIOL/ANTH 2130 Biological

Anthropology: Covers topics on human evolution and modern human diversity, focusing on humanity's biological roots and modern appearance. Emphasizes evolutionary theory, human population genetics, and human's place in the animal kingdom. *Spring and Summer, 3 hours lecture and discussion, and class activities, 3 credits.*

BIOL 2140 Introduction to Forensic Science

II: Scientific and investigative techniques of various forensic disciplines including DNA analysis, toxicology, environmental forensics, impression evidence, ballistics, and questioned documents. Prerequisites: BIOL 11130 or consent. *Spring, 3 hours lecture and discussion, 3-hour laboratory, \$150 fee, 4 credits.*

BIOL 2145 Bioethics: Theories and concepts of ethics are introduced. Case Studies, class discussion, and lecture will be used to evaluate and analyze ethical problems and issues from various perspectives pertaining to the biological sciences. Students will be able to support ethical decisions with logical arguments. Prerequisites: ENGL 1110 and ENGL 1115, BIOL 1125 or CHEM 1120 or PHYS 2110. *Fall, 3 credits.*

BIOL 2540 Farms, Food, and Community:

Hands-on course investigates food systems locally, regionally and globally and examines environmental, social, health and economic connections and impacts. Agriculture has been an important part of our region's history and the changing farming landscape and food production practices continue to shape us individually and as a society. Students demonstrate food pathways and compare various farming practices and make conclusions about benefits and consequences of each. Course has special significance for formal and informal educators as it demonstrates how farms provide an ideal real world teaching forum to introduce concepts across all academic disciplines including science, technology, engineering, math, history, geogra-

phy, consumer science and more. Topics include local, national and international food systems; soil and water concepts; environmental and socioeconomic impacts; health, obesity and epigenetics; bio-chemicals and GMO; sustainable, organic, permaculture, community supported ag and buy fresh/buy local trends; how what is in fridge defines an individual; schoolyard gardens as teaching resources; ag and the arts; cultural impacts, food policy and ag economics; changing face of farm and farmer, and reinforcing STEM learning through ag-focused performance tasks. Field experiences include visits to local farms, an apiary (bee farm), a maple sugar operation, a large grocery store, and a farm market. Please dress for the weather. Course offers options for K-12 educators to earn NEIU-19 CPE credits (additional fee) and Act 48 hours. *\$50 fee, 3 credits.*

BIOL 3002 Nutrition (formerly BIOL 2002):

Studies the structural and functional relationships between biological molecules and human health. Studies the nutrients essential to human life and well-being will be undertaken. Studies nutrients relative to their function in metabolism, sources in food, and relationship to health. *Fall and Spring, 3 hours lecture and discussion, \$50 fee, 3 credits.*

BIOL 3110 Cell Biology: Studies the structure and function of a cell and its subcellular organelles. Focuses on biological macromolecules, enzyme, biomembranes, biological transport, bioenergetics, DNA replication, protein synthesis and secretion, motility, and cancer. Cell biology experiments and interactive computer simulation exercises are conducted in the laboratory. Prerequisites: BIOL 1125 and BIOL 1130. *Fall, 3 hours lecture and discussion, 3 hours laboratory, \$150 fee, 4 credits.*

BIOL 3115 Wetland and Riparian Ecology:

Focuses on major concepts in wetland ecology including wetland definitions, identification and delineation, and wetlands functions and values.

Discusses wetland classification systems; state and federal jurisdiction and policies; and regulatory issues in wetland conservation, protection, and management. Includes field trips to on- and off-campus sites. Prerequisite: BIOL 2120, relevant field biology courses such as Wildflower Identification are recommended. *Fall, \$100 fee, 3 hours lecture and discussion, 3 credits.*

BIOL 3125 Biochemistry I: Studies the major classes of biological molecules including carbohydrates, lipids, amino acids, proteins, and nucleic acids. Examines how structure and function are interrelated and how poor structure will lead to a disease state. Prerequisites: CHEM 2110 or 2115. *Fall, 3 hour lecture, 3 credits.*

BIOL 3130 Biochemistry II: Examines the metabolic pathways of life, including the anabolic and catabolic pathways for carbohydrates, lipids, proteins, amino acids, and nucleic acids. Enzyme structure and function will be reviewed since these are important and necessary components of any metabolic pathway. Prerequisite: BIOL 3125. *Spring, \$150 fee, 3 hours lecture and 3 hours laboratory, 4 credits.*

BIOL 3135 Limnology: Investigates lakes, reservoirs, ponds, and streams as dynamic systems. Considers the physical, chemical, geological, and biological components of aquatic ecosystems. Emphasizes quantitative sampling and analytical techniques. Prerequisites: BIOL 2120 and CHEM 1120; CHEM 2120 is recommended. *Fall, \$100 fee, 3 hours lecture and discussion, 3-hour laboratory, 4 credits.*

BIOL 3140 Forensic Anthropology: Enables students to identify human skeletal material, including age, sex, ancestry, stature, and trauma. Students will learn and apply methods for the archaeological recovery of human remains for law enforcement purposes. *Spring, \$100 fee, 3 hours lecture and discussion, 3 hour laboratory, 4 credits.*

BIOL 3145 Wildlife and Fisheries Biology:

Provides a foundation of understanding in wildlife and fisheries science. Laboratory sessions will stress field techniques of sampling, handling, identifying, and monitoring wildlife and fish specimens and populations. Prerequisite: BIOL 2120. *Fall (not offered every year), \$100 fee, 3 hours lecture and discussion, 3 hour laboratory, 4 credits.*

BIOL 3150 Virology: Covers a detailed survey of viruses that are important to both humans and animals. Topics will include classification, structure, penetration and replication techniques, immune system responses, vaccines, diagnostic techniques, bioterrorism, and pandemic spread. Prerequisites: BIOL 1125, BIOL 2115 and CHEM 2110. *Spring, alternating years, \$150 fee, 3 hours lecture and discussion, 3 hour laboratory, 4 credits.*

BIOL 3155 Biophysics: Designed for upper school biology, forensic biology, and environmental resource management majors. Studies structural and functional relationships between biological molecules, molecular energetics and energy transduction. Living systems and thermodynamic laws, origins of life hypothesis will be discussed. Introduction to experimental techniques for structural determination, molecular modeling will be discussed. The course is didactic in nature with occasional hands-on lab experiences. Students will be required to do a literature review and presentation on a chosen biochemical topic of interest. Prerequisites: CHEM 1120 and 1125. Corequisite: CHEM 2110. *3 hours lecture and discussion, 3 credits*

BIOL 3160 Immunology: Designed for upper school biology and forensic biology majors. Covers the study of the basic principles of Immunology, focusing on the immune system and how this system protects the body from infectious agents. Prerequisites: BIOL 1110, BIOL 1115, and BIOL 1125 with a “C” or better.. *Spring, alternating years, 3 hours lecture and*

discussion, 3 credits.

BIOL 3170 Genetics: Emphasizes genetic and evolutionary mechanisms, gene interaction, polygenic inheritance, selection, mutation, human diversity, human mating systems, management of the human gene pool, the direction of present and future research. Prerequisite: BIOL 1001 or 1003 or 1125 or consent of the instructor. *Fall, 3 hours lecture and discussion, 3 credits.*

BIOL 4810 Seminar and Research: Examines current topics of interest. Each student will prepare and present a seminar each semester based on a research area of interest. Prerequisite: Senior status. *Fall, \$100 fee, 3 credits.*

BIOL 4910 Capstone Research Project: Provides a research project under the direction of a faculty member. Research hours will be determined based on agreement between student and faculty mentor. A presentation of the research project will be made to the campus community in the form of a written and/or oral presentation of findings. Prerequisite: BIOL 4810 with a “C” or better and senior status and approval of instructor and mentor.. *Spring, \$150 fee, 3 credits.*

Business

BUSN 1110 Introduction to Business: Surveys a broad range of business concepts, provides basic knowledge needed in subsequent business courses, and helps students to see the role of business in society. Examines top- and first-line management decisions in large and small business environments. *Fall and Spring, \$25 fee, 3 hours lecture and discussion, 3 credits.*

BUSN 2110 Principles of Management: Studies the basic principles underlying the management of institutions. Acquaints students with the importance of coordinating individual and group behavior by planning, organizing, activating, and controlling the various activities

necessary for the effective operation of the enterprise. Prior study of BUSN 1110 or HOSP 1135 is recommended. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

BUSN 2115 Marketing: Studies the fundamental principles of mass distribution in relation to the producer, the middleman, and the consumer. Covers modern methods, product-promotion process, research and development, personnel and organizations, and channels and facilities. Prior study of BUSN 1110 or HOSP 1135 is recommended. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

BUSN 2130 Written Communication:

Reviews behavioral and motivational theories as they relate to various forms of business communication. Students will learn to incorporate the techniques of writing effective personal and business letters through the use of courtesy, clarity, conciseness, concreteness, completeness, and correctness. Prerequisite: ENGL 1110 with a grade of "C" or better. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

BUSN 2145 Advertising: Studies and researches the fundamental principles of successful advertising from the viewpoint of advertiser and consumer. Students will understand the complexity of human communication and consumer behavior. Prior study of BUSN 1110 or HOSP 1135 is recommended. *Spring (not offered every year), 3 hours lecture and discussion, 3 credits.*

BUSN 2160 Sales: Studies the basic principles of selling and their practical applications, including the sales process and customer relations. Requires each student to make a sales presentation in class. Prior study of BUSN 1110 is recommended. *Spring (not offered every year), 3 hours lecture and discussion, 3 credits.*

BUSN 2200 Project Management: Provides and understanding of what project management means and how it improves success to projects.

Covers the triple constraint of project management, the project life cycle, work breakdown structures, network diagrams, cost estimates, critical path analysis, critical chain scheduling, quality control, motivation theory, risk management, and team building. Discussion research, comprehensive project plans, and presentations are required.

BUSN 2510 Current Topics in Business

Seminar: Provides students with advanced knowledge of current business issues in order to gain valuable insight into current trends in industry. This seminar will utilize business faculty, community leaders, and possibly government elected officials to share their experiences with leadership, business, and the external environment. *Spring, 1 hour lecture and discussion, 1 credit.*

BUSN 2570 Special Topics in Business:

Career Preparation: Students will discuss and demonstrate the necessary skills to successfully needed to obtain an internship. Skills such as resume and cover letter writing, internship research, goal setting, interviewing techniques, and building a professional portfolio. Upon successful completion of this course students will register for BUSN 4710 Field Experience. *1 credit.*

BUSN 3110 Personal Finance: Provides students with basic knowledge of financial decision-making from the personal viewpoint of the employee. Introduces major financial concepts such as time value of money, various types of insurance, investment options and risks, retirement planning, and the impact of taxes. Helps HRM majors prepare to assist employees in financial decisions in the workplace. Helps prepare all students to make financial life decisions. Prerequisite: MATH 1115 or consent of the instructor. *3 hours lecture and discussion, 3 credits.*

BUSN 3115 Financial Management: Provides the student with the basic knowledge of finance

decision-making from the business viewpoint. Introduces decision making in relation to controlling the financial structure, the flow of funds, and asset management of a business. Prerequisite: ACCT 1125. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

BUSN 3130 Workplace Environments:

Increases awareness of the variety of jobs performed at various work sites through site visits, class discussion, and presentations by guest speakers. Develops a better understanding of organizational culture and the roles industry and business play in a particular community. Transportation to off site class meetings is not provided. Prerequisites: BUSN 1110 or 2110. *\$25 fee, Spring*

BUSN 3135 Advertising and Sales

Promotion: Involves an in-depth analysis of advertising and sales for promotion of products and services with a special emphasis on marketing specific to consumer behavior in the global economy. Prerequisite: BUSN 2115. *Fall (not offered every year), 3 hours lecture and discussion, 3 credits.*

BUSN 3140 Sales and Relationship Building:

Fuses relationship marketing with leadership and sales management reflecting the overwhelming majority of opinions expressed through market research. Focuses on building relationships with customers through relationship selling as well as studying ethical and legal issues in this area. *Spring (not offered every year), 3 hours lecture, 3 credits.*

BUSN 3145 E-Marketing: Provides students who desire to gain knowledge of web based e-commerce. This course is designed for the needs of managers, entrepreneurs, and professionals who want to begin a web business and desire basic knowledge of the internet marketing. Individual development of a business and marketing plan will be emphasized for a new web based business. *Spring, 3 hours lecture,*

discussion, and computer based instruction, 3 credits.

BUSN 3150 Business/Civil Law: Provides a foundation for managers to operate within the legal environment in which all businesses in our society function. Provides an overview of law and our legal system, the lawmaking and adjudicatory processes, and the roles of economic, social, and political forces in the shaping of constraining legal rules and regulations. Exposes the student to the law in regards to profit and non-profit organizations including torts, contracts, property transfer, and negligence. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

BUSN 3155 Project Risk Management:

Provides an in-depth analysis of risk management methodologies, from strategic, tactical qualitative and quantitative aspects. Tools and techniques for identifying, measuring, and monitoring risks in the project management environment are examined. *Lecture and discussion, 3 credits.*

BUSN 3160 Investments: Studies practices and principles in capital accumulation. Provides critical analysis of various types of investments, sources of information, investment strategies, and corporate profitability. Prerequisites: ACCT 1125, sophomore standing, or consent from the instructor. *Spring, 3 hours lecture and discussion, 3 credits.*

BUSN 3300 Business Ethics: Examines and applies the theories and concepts of ethics. Analyzes and evaluates ethical problems and issues confronting organizations and businesses through case studies. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

BUSN 4115 Organizational Behavior:

Examines the application of psychological theory and research to the study of industrial, business, profit and nonprofit services, and governmental organizations. Emphasizes the interaction of individual perceptions, group

dynamics, and organizational climates. Identifies strategies to maximize the satisfaction and effectiveness of each component within and between complex organizations. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

BUSN 4130 Advanced Financial

Management: Takes the students through such topics as risk management, strategic management, and international management where they will utilize in-depth studies to sharpen their analytical skills and develop coherent and comprehensive plans. Prerequisite: BUSN 3115. *Spring, 3 hours lecture and computer-based learning, 3 credits.*

BUSN 4135 Business Research Methods:

Provides students with the foundation knowledge and skills necessary to conduct research in business settings. This course is an essential preparation for the demanding research task that students may encounter in industry but will definitely encounter in any advanced studies. Provides the foundations for making decisions based upon both soft (qualitative) and hard (quantitative) data.

BUSN 4140 Marketing Research Methods:

Provides the students with a comprehensive overview of the field of marketing research emphasizing an applied approach with applications that give students an understanding of the scope of marketing research. Computers will be utilized to analyze research data sets. The focus of this course will be both qualitative and quantitative. Prerequisite: MATH 2115. *Not offered every year, 3 hours discussion and computer instruction, 3 credits.*

BUSN 4145 Strategic Business Management:

Provides students with the foundation necessary to understand strategic business management and direction setting in the global economy. This course requires business students to assimilate, integrate, and utilize material from previous

business courses to make sound decisions through the extensive use of case studies and discussion. Prerequisite: BUSN 3115. *Fall/Spring, 3 hours lecture and discussion, 3 credits.*

BUSN 4150 Consumer Behavior: Provides the students with the basic knowledge of why consumers behave and consume products the way that they do. The course examines the psychological, ethical, and management implications of consumer behavior. Considers global and technology issues and trends in consumer behavior as well as studying the consumer decision process. *Fall (not offered every year), 3 hours lecture and discussion, 3 credits.*

BUSN 4155 Strategic Marketing: Provides the students with the knowledge necessary to view marketing as a strategic tool. Strategic marketing provides study in the field of marketing that focuses on developing an understanding of marketing as the process of planning and execution of the concept, pricing, communication, and distribution of ideas, goods, and services. Prerequisite: BUSN 2130. *Spring (not offered every year), 3 hours lecture, 3 credits.*

BUSN 4160 Advanced Project Management:

Covers specific activities that integrate project management principals with the project life cycle, taking from the pre-award to closure. Prepares students for CAPM/PMP certification exams through full coverage of exam topics and practice exams. Topics include project integration management, planning, defining and sequencing projects, estimating budgets, quality control, risk management, team building, and communications. *3 credits.*

BUSN 4710 Internship: Provides a supervised period of practical work experience integrated into the academic program. As a junior-level course, students will be expected to have appropriate responsibilities and/or additional academic assignments. Site and job description

must be approved by students' advisers. *40 hours practicum required per credit, 1-9 credits.*

BUSN 4910 Business Policy Capstone:

Provides a senior seminar that uses independent study to synthesize business theory and practice through the use of simulations, and case studies stress decision making. Portfolio is completed. Prerequisites: BUSN 4145 (or associate degree), and senior status. *Spring, \$25 fee, 3 hours lecture, discussion and computer based learning, 3 credits.*

Casino Management

CASM 1110 Introduction to Casino

Management: Introduces students to various management perspectives. Examines the organization and structure of casinos, racing, slots, hotels, and resorts. Examines the history and development of the gaming industry. Emphasis placed on the knowledge required to operate and manage the various departments within a casino hotel/resort. Departments to include gaming, hotel, food and beverage, marketing, retail, and financial controls. *Fall, 3 credits.*

CASM 4110 Regulatory and Legal

Compliance: Examines the problems associated with the legal and social impact on the gaming industry. Identifies issues such as environmental, political, economic, and social. Discussion, observation, presentation, and strong critical thinking skills are required for this course. *Spring, 3 credits.*

CASM 4710 Casino Management Internship:

Offers students 120-hours of hands on experience at an approved gaming establishment. Students gain a broader understanding of the industry as it relates to the various segments of the departmental operations. Internship locations are selected by the student prior to starting their internship and approved by the curriculum coordinator. *Fall, summer, or spring,*

\$75 fee, 3 credits.

Chemistry

CHEM 0050 Prep Chemistry: Intended for students who are interested in majoring in the biological sciences but do not have a strong background in chemistry and biology. Prepare students for a successful career in the sciences. Topics covered include: study skills for the sciences, graphing calculator use, scientific vocabulary building, scientific notation, dimensional analysis, chemical equations writing and nomenclature, atomic theory, oxidation - reduction reactions, moles, stoichiometry, and aerobic respiration/photosynthesis. This is a developmental course. Credits earned do not count toward graduation.

CHEM 1120 General Chemistry I: Discusses basic principles of inorganic chemistry including the scientific method, atomic structure, chemical bonding, periodic table, solutions, pH, and energy changes. Provides a sound foundation for future study in the different disciplines of chemistry: organic, inorganic, or biochemistry. Prerequisite: MATH 1125. Corequisite: MATH 1155 or MATH 2150. *Fall, Spring, and Summer, \$150 fee, 3 hours lecture and discussion, 3-hour laboratory, 4 credits.*

CHEM 1125 General Chemistry II: Studies ionization, chemical kinetics, thermodynamics, equilibrium, hydrolysis, volumetric analysis, and qualitative and quantitative analysis. Prerequisites: one year high school algebra or MATH 1115, and CHEM 1120 with a grade of "C" or better, or consent of the instructor. *Spring, \$150 fee, 3 hours lecture and discussion, 3-hour laboratory, 4 credits.*

CHEM 1130 General Organic Chemistry:

Discusses organic reactions that deal primarily with metabolism. Studies aliphatic and aromatic hydrocarbons, alcohols and their derivatives, lipids, carbohydrates, proteins, and enzymes.

Prerequisite: CHEM 1120 with a grade of “C” or better, or consent of the instructor. *Spring, \$150 fee, 3 hours lecture and discussion, 3-hour laboratory, 4 credits.*

CHEM 2110 Organic Chemistry I: Introduces the compounds of carbon, including nomenclature, reactions, and basic theoretical concepts of molecules from a standpoint of electronic structures and energies. Prerequisite: CHEM 1125 with a grade of “C” or better, or consent of the instructor. *Fall, \$150 fee, 3 hours lecture and discussion, 3-hour laboratory, 4 credits.*

CHEM 2115 Organic Chemistry II: A continuation of CHEM 2110. Studies polyfunctional and heterocyclic compounds, stereochemistry, and structure proofs. Laboratory emphasis is on preparations of compounds and analytical and qualitative analysis, including work with gas chromatography, infrared and thin layer chromatography studies. Prerequisite: CHEM 2110 with a grade of “C” or better, or consent of the instructor. *Spring, \$150 fee, 3 hours lecture and discussion, 3-hour laboratory, 4 credits.*

CHEM 2120 Environmental Chemistry: Studies the chemistry of the atmosphere, soils, and natural waters and chemical aspects of problems that humans have created in the natural environment. Includes an environmental chemistry laboratory that introduces field and laboratory techniques for sample collection, instrumentation, chemical analysis, and data analysis in environmental chemistry. Prerequisites: CHEM 1120 and CHEM 1125. *Fall, \$150 fee, 3 hours lecture, 3-hour laboratory, 4 credits.*

CHEM 3110 Forensic Chemistry: Examines chemistry and analytical methods used in the field of forensic science. Course topics include data analysis, drug analysis, instrumentation, polymer analysis, statistical analysis of data. Prerequisites: CHEM 1120, CHEM 1125, and

CHEM 2110. *Spring, 3 hours lecture, 3 credits.*

CHEM 3115 Instrumental Analysis: Studies theoretical and experimental approach to spectrophotometry, including ultraviolet, visible, and infrared absorption in molecules, emission spectroscopy, nuclear magnetic resonance, mass spectrometry and gas-liquid and high-performance chromatography. Prerequisites: CHEM 1120 and CHEM 1125. *Fall, \$150 fee, 3 hours lecture, discussion, and hands-on assignments, 3 hours laboratory, 4 credits.*

Communications

COMM 1115 Interpersonal Communication: Provides an introduction to the theories and principles of interpersonal communication in a variety of venues. The coursework is designed to increase the student’s ability to understand and improve his/her communication effectiveness within interpersonal communications. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

COMM 1120 Mass Communication: Explores books, newspapers, magazines, radio, recordings, television, films, and the Internet from several perspectives including historical and technological. Read about, consider, and discuss how advertising, prominent social issues, and global media, especially advances in technology, influence communications. Prerequisite: ENGL 1110. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

COMM 1125 Speech Communication: Introduces students to the concepts and basic techniques of public speaking. Students select topics, research and organize information, prepare visual aids, rehearse and deliver at least four speeches. Students are expected to master techniques of speech preparation, as well as, vocal and physical delivery. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

COMM 2110 Professional Speech:

Expands on concepts taught in COMM 1125. Individually and in groups, students prepare career-oriented presentations and learn to utilize presentation technology. Students also prepare a portfolio of their work that can be used in interview situations. Prerequisite: COMM 1125. *Fall and Spring, 3 hour lecture, discussion and presentation, 3 credits.*

COMM 2145 Public Relations: Explores the role and function of public relations in an industrialized society. Examines the historical evolution of public relations, career opportunities in the field, and professional/ethical/legal responsibilities. Introduces public relations activity in firms, social agencies, trade organizations, government, education, sports and entertainment. Reviews the basic public relations process (research, planning, communication, and evaluation) and the use of communication strategies to achieve organizational goals. Emphasizes the concepts of public relations, audience analyses and persuasion. Reviews practical guidelines for using written spoken and visual techniques to reach selected audience. Prerequisite: ENGL 1125. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

COMM 2155 Introduction to Radio

Production: Introduces the basic principles and practices of radio station operations and radio production. Students learn about and gain practice in conceiving, scripting, developing, performing, and producing a variety of radio programs while using a range of field and studio equipment, including emerging digital technologies. Examines issues of diversity in radio programming. *Fall, 3 hours lecture and discussion with field exercises and laboratory and production sessions, 3 credits.*

COMM 2160 Digital Media Production:

Introduces students to the basic concepts, theories, and techniques of digital video

production. Students practice all phases of program development pre-production, from concept through completion. Prerequisite: COMM 1120 or consent of instructor. *Fall, 3 hours lecture, discussion and hands-on assignments, 3 credits.*

COMM 3010 Special Topics in

Communication: Investigates diverse areas of interest in communication. Studies mass media and society, studies in sport communication, intercultural communication, advanced digital production and leadership communication, among others. Students complete both experiential exercises and case analyses. Prerequisite: COMM 1120. *Fall and Spring, 3 hours lecture, discussion, and experiential activities, 3 credits.*

COMM 3015 Special Topics: Advanced

Digital Media Production: Focuses on acquiring skills and application of communicating effectively with digital media. Media communications principles such as the multimedia principle, the contiguity principle, the modality principle, the redundancy principle, and the coherence principle, among others for effective communication, will be explored and applied. Applications such as Adobe Photoshop, Adobe Premiere, Adobe After Effects, Adobe Encore DVD, Adobe Flash, and Adobe Director will be utilized to produce dynamic video, DVD, and web content, as well as to produce a student digital portfolio. *Spring, 3 hours lecture and lab, 3 credits.*

COMM 3110 Communication Theory:

Explores the nature of theory in communication study and explains the most common communication theories and their contexts. Examines theories of relationships, groups, cultures, and the media. Requires extensive writing and library-based research. Prerequisites: ENGL 1125, COMM 1115, COMM 1120, and COMM 1125. *Fall, 3 hours lecture and discussion, 3 credits.*

COMM 3115 Communication Research

Skills: Examines methodologies and formats used in communication research necessary to complete the communication capstone. Included are a review of MLA and APA and an investigation of appropriate topics for the Capstone project and the selection, evaluation, reading, analysis, and synthesis, review and consideration of appropriate scholarly sources. Prerequisites: ENGL 1125 or consent. *Spring, 3 hours lecture, library work, and discussion, 3 credits.*

COMM 3125 Advanced Audio Production:

Trains students in the use of radio and audio technologies to effectively communicate ideas to diverse audiences. Focuses on teaching the full range of skills needed to complete radio programs of varying lengths and formats, including developing story ideas and treatments, conducting research, using newswire services, scriptwriting, recording and interviewing, announcing, mixing and editing audio elements, mix-down, producing CDs and more. Examines both the theory and practice of acoustics, psychoacoustics, and radio production, with an emphasis on both the aesthetic and technical aspects of the audio production process. *Spring, 3 hours lecture/lab, 3 credits.*

COMM 3130 Case Studies in Sport

Communication: Provides an opportunity for investigation into, analysis of, and discussion (both written and verbal) about inherent ethical, legal, moral, and personal decisions of sport communication case studies. Sample topics include the economic impact of a major league sports team, the Americans with Disabilities Act and its impact on professional sports, the ethics of marketing dangerous sports, and gender issues within professional sports. *Spring, lecture and discussion, 3 credits.*

COMM 3135 Small Group Communication:

Examines the dynamics and pragmatics involved in effective group interaction. Studies group

communication concepts through the course text, lectures, and in-class exercises and by completing group decision-making and problem-solving projects. Concepts include leadership, group climate/culture, task and maintenance roles, and problem-solving and decision-making procedures. Prerequisites: ENGL 1125 and COMM 1125. *Fall (traditional), and Summer (on-line), 3 hours lecture and discussion, 3 credits.*

COMM 3300 Communication Ethics:

Surveys major moral theories such as virtue ethics, duty ethics, utilitarianism, and care ethics. Examines each theory in terms of its contribution towards understanding the ethical issues that confront the field of communication. Extensive writing, as well as, research and presentations are required. *Spring, 3 hours lecture and discussion, 3 credits.*

COMM 4010 Critical Issues in

Communication: Focuses on in-depth study of controversial and/or specialized issues and subjects within the field of communication. Requires class participation and is reading and writing intensive. Review techno personal communication and conflict management. Students should have successfully completed at least three, 3000-level courses before enrolling in this course. *Spring, 3 hours lecture and discussion, 3 credits.*

COMM 4115 Gender and Communication:

Integrates concept of interpersonal communication and communication theory in an analysis of gender identity and interactions between the genders. Concentrates on how gender has been used to affect the economic, professional, and social situation of both sexes. Comprehensive discussion, extensive writing, as well as research and presentations are required. *Summer and Fall (on-line), Spring (traditional), 3 hours lecture and discussion, 3 credits.*

COMM 4710 Communication Internship:

Provides opportunities for paid or unpaid work experience. The internship requires a formal agreement among the student, his/her adviser, the curriculum coordinator, and the internship sponsor. Students should begin exploration of this option by contacting the curriculum coordinator. Prerequisites: COMM 3110, at least one 3000-level writing course, 3.0 overall GPA and 3.25 GPA in the major. *Fall, Spring, Summer, application and discussion, 1-9 credits.*

COMM 4810 Capstone Seminar I: Requires students to propose an original project to be completed in COMM 4910. By semester's end, each student will deliver a presentation of his/her portfolio and proposal to a faculty panel. *Fall, 3 hours lecture and discussion, 3 credits.*

COMM 4910 Capstone Seminar II: Requires students to complete original project started in COMM 4810. By semester's end, each student will deliver a presentation on his/her Capstone project to a faculty panel. *Spring, 3 credits.*

Criminal Justice

CJ 1115 Introduction to Criminal Justice:

Provides a comprehensive overview of the criminal justice system, including crime, criminal law, and constitutional implications. Examines the major institutional components of law enforcement: police, courts, and corrections. *Fall, 3 hours lecture and discussion, 3 credits.*

CJ 2110 Criminology: Studies crime and the body of knowledge which regards crime as a social phenomenon. Focuses on the nature, extent, causes, and prevention of crime. Explores sociological theories to explain criminal behavior. Also examines crime's impact on society and societal reactions to crime. Prerequisites: CJ 1115. *Fall, 3 hours lecture and discussion, 3 credits.*

CJ 2125 Juvenile Delinquency: Explores various theoretical perspectives to explain and prevent juvenile delinquency. Emphasis is placed on prevention and rehabilitation. *Spring, 3 hours lecture and discussion, 3 credits.*

CJ 2135 Policing in America: Explores the many roles of police in America. Examines Constitutional restrictions placed on police and the realities of the police role. Prerequisite: CJ 1115. *Spring, 3 hours lecture and discussion, 3 credits.*

CJ 2140 Corrections in America: Reviews the development of correctional practices from early to modern times. Analyzes contemporary correctional organizational structures and treatment modalities. Prerequisite: CJ 1115. *Spring, 3 hours lecture and discussion, 3 credits.*

CJ 3115 Criminal Evidence and Court

Procedures: Evaluates sources, distinctions and limitations relating to substantive and procedural criminal law. Analyzes the rules of evidence as well as other evidentiary and procedural requirements which affect evidence collection and admissibility. Prerequisite: CJ 1115. *Fall - not offered every year, 3 hours lecture and discussion, 3 credits.*

CJ 3120 Criminal Investigation: Provides an introduction to the fundamental elements of criminal investigation, crime scene search, and collection and preservation of evidence. Prerequisite: CJ 2135. *Spring - not offered every year, 3 hours lecture and discussion, 3 credits.*

CJ 3130 Homeland Security: Focuses on the political, legal, strategic and organizational challenges of Homeland Security and emergency management in a post September 11, 2001/Hurricane Katrina world. Homeland Security and emergency management will be examined from historical, organizational, domestic, global and philosophical perspectives. *Spring, 3 hours lecture and discussion, 3 credits*

CJ 3135 Juvenile Justice System: Examines approaches and procedures concerning identification, detention, and disposition relevant to the administration of criminal justice policy, practice, and law. Questions the juvenile justice process and examines critical issues facing the system as well as case law. Prerequisite: CJ 2125. *Fall/Spring - not offered every year, 3 hours lecture and discussion, 3 credits.*

CJ 3160 Probation, Parole, and Community Corrections: Examines the history, theory, and practice of community treatment in the correctional process. Prerequisite: CJ 2140. *Fall/Spring - not offered every year, 3 hours lecture and discussion, 3 credits.*

CJ 3165 Terrorism: Examines the ever changing nature and history of both domestic and international terrorism; to include major group ideologies, trends, tactics, targets and responses. Strategies to prevent and respond to acts of terrorism, including the roles of the federal, state, and local governments to the roll of public/private partnerships, and the impact of the Patriot Act in a post 9/11 world will also be examined. *3 hours lecture and discussion, 3 credits.*

CJ 3170 Criminal Profiling: Examines the techniques of socio-psychological profiling to detect patterns of career criminals specifically focusing on serial killers, child molesters, arsonist, rapists and other violent career offenders. Prerequisite: CJ 1115. *Fall/Spring - not offered every year, 3 credits, 3 hours lecture and discussion.*

CJ 3175 Restorative Justice: Examines the criminal justice and community restoration paradigm that emphasizes the healing relationship between victims, offenders and the community. *3 hours lecture and discussion, 3 credits.*

CJ 3185 Workplace Environments in CJ: Increase awareness of the variety of jobs performed at various work sites through site

visits, class discussion and presentations by guest speakers. Develops a better understanding of the various opportunities available in the field of criminal justice. Transportation to off-site venues provided; class meetings provided. *3 credits.*

CJ 3300 Professional Ethics: Investigates ethical theories and concepts to analyze situations from various perspectives. The focus of the course will be on developing students' ability to support ethical decision with logical arguments. This is a writing intensive course. *Fall/Spring, 3 hours lecture and discussion, 3 credits.*

CJ 4010 Selected Topics in Criminal Justice: Analyzes issues related to the administration of justice. Conducts in-depth analysis of important and controversial issues facing the criminal justice system. Prerequisites: consent of instructor, 3.0 GPA. *Fall/Spring - not offered every year, 3 hours lecture and discussion, 3 credits.*

CJ 4110 Criminalistics: Probes the phase of the criminal investigation process concerned with physical evidence. Emphasis placed on techniques, skills, and limitations of crime laboratories. Prerequisite: CJ 1125. *Fall/Spring - not offered every year, 3 hours lecture and discussion, 3 credits.*

CJ 4120 Court Organization and Operation: Assesses the role of the court in the criminal justice system. Examines the state and federal system as well as the origin and development of the court system. Prerequisite: CJ 2135. *Fall/Spring - not offered every year, 3 hours lecture and discussion, 3 credits.*

CJ/SOCI 4125 Social Justice: Explores the topic of social justice as it relates to the topics of poverty, equality, opportunity, race, class, and gender. Emphasizes a contemporary analyses of inequality, privilege, and oppression of marginalized and non-marginalized populations. Challenges views and assumptions regarding inequality in the United States.

CJ 4130 Police Operations and Management:

Explains the principles of organization and administration in law enforcement. Explores such topics as organizational structure, managerial philosophies, personnel issues, and leadership. Prerequisite: CJ 2135. *Fall/Spring - not offered every year, 3 hours lecture and discussion, 3 credits.*

CJ 4140 Community Oriented Policing:

Examines the role of law enforcement in government and the importance of community relations. Explores the dynamics of race relations and other diverse groups related to the law enforcement community. Prerequisite: CJ 2135. *Fall/Spring - not offered every year, 3 hours lecture and discussion, 3 credits.*

CJ 4510 Independent Study in Criminal Justice:

Evaluates current issues and controversies in the criminal justice system. Prerequisites: 2.5 GPA, junior status and consent. *Research and discussion, 1-3 credits.*

CJ 4910 Senior Seminar: A comprehensive writing intensive capstone course that requires the student to apply the knowledge skills and abilities acquired in previous criminal justice and general education courses; culminating in a comprehensive final comprehensive examination, research project, oral presentation and a self- reflection assignment which requires the student to evaluate their total college experience. Students work in close collaboration with the Career Development Center. Building on the concept of the Keystone Promise, the course prepares the student for the world of work by examining all aspects of the employment process, including portfolio and resume' preparation and participation in a mock employment interview. *3 hours lecture and discussion, 3 credits.*

Early Childhood Education

ECE 1110 Introduction to Early Childhood Education: Studies the relationship between

play and learning and the role of the adult in facilitating learning through play. *Spring, \$50 fee, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

ECE 2016 Special Studies in Early

Childhood Education: Provides principles and best practices for working with young children and school-age children in various content areas to ensure optimum developmental outcomes. Requires the consent of the adviser. *3 credits. Fieldwork required.*

ECE 2115 Curriculum and Program

Planning: Ages 3-8 Years: Examines content, methods, and materials for the design and implementation of early childhood education curricula. Prerequisite: ECE 1110. *Spring, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

ECE 2160 Health and Wellness of Young

Children: Strategies for providing optimum developmental experiences for the early years (0-5). Focus is on physical and emotional well-being, with an emphasis on wellness, nutrition and outdoor play. Includes planning for nutritional experiences for young children and the study of playgrounds. This course contains a field component. *3 credits, Spring, \$75 fee.*

ECE 2180 Early Childhood Education

Seminar: Provides opportunities for synthesis and evaluation of the knowledge, skills, and dispositions that define early childhood practices at the associate degree level. Current issues and trends in the field will be reviewed. Corequisite: ECE 2715. (A.S. Candidates only) *Spring, 3 hours inquiry and discussion, 3 credits. Fieldwork required.*

ECE 2715 Community-Based Early

Childhood Experiences: Studies the care of young children in out-of-home settings as a participant in the setting. Corequisite: ECE 2180, ECE 2115, and consent of instructor. (A.S. candidates only) *Spring, 120 hours, 3 credits.*

Fieldwork required.

ECE 3120 Curriculum and Methods:

Mathematics: Analyzes application and methodology of instructional techniques in kindergarten through fourth grade in the content area of mathematics. Emphasizes developmental, constructive, and process skill approaches. Provides students with hands-on, inquiry-based formats with direct application for teaching Mathematics. Prerequisite: EDUC 3001. (Open to certification candidates only). *Spring, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

ECE 3125 Curriculum and Methods: Social

Studies: Analyzes application of methodology and instructional techniques in kindergarten through fourth grade in the content area of social studies. Emphasizes developmental, constructive, and process skill approaches. Provides students with hands-on, inquiry-based formats with direct application for teaching Social Studies. Prerequisite: EDUC 3001. (Open to certification candidates only). *Spring, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

ECE 3130 Curriculum and Methods:

Science: Analyzes application of methodology and instructional techniques in kindergarten through fourth grade in the content area of science. Emphasizes developmental, constructive and process skill approaches. Provides students with hands-on, inquiry-based formats with direct application for teaching Science. Fieldwork is required and clearances are necessary. Prerequisite: EDUC 3001. (Open to certification candidates only). *Spring, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

ECE 3135 Early Literacy Foundations:

Designed to establish the foundations of early literacy development in children Pre-K, Kindergarten, and First Grade, with respect to reading, writing, speaking and listening. Students

will demonstrate and apply their understanding of content knowledge, child development and researched-based practices. Prerequisite: EDUC 2125 and EDUC 3001. (Open to certification candidates only). *Fall, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

ECE 3145 Teaching Reading in Grades 2-4:

Designed to establish the foundations of literacy development in children second through fourth grade and builds on the content from ECE 3135 or EDUC 3230. Current trends, research and state standards will be presented. Students will apply appropriate teaching strategies, assessments and adaptations when developing and implementing literacy lessons. Prerequisites: EDUC 2125, ECE 3135, and EDUC 3230. (Open to certification candidates only). *Spring, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

ECE 3150 Administration and Supervision of School for Young Children:

Examines the principles and practices of administration and supervision, the development of policies to implement school philosophy, and school organization. (A.S. candidates only). *Fall/Spring, 3 hours inquiry and discussion, 3 credits. Fieldwork required.*

Economics

ECON 2110 Principles of Economics I:

Studies macro-economics: the nature of the American economy; theory of national income; producing, consuming, and investing money; banking and the Federal Reserve System; the public sector and its monetary and fiscal policies; theory of economic growth; and problems of international economic development. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

ECON 2115 Principles of Economics II:

Examines the principles of micro-economics, the cost structure of individual economic units,

theory of price under different market conditions, distribution of income, problems of poverty and insecurity, wage determination, and antitrust regulation. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

ECON 3110 Money and Banking: Reviews the background and policies of monetary and banking systems. Gives special attention to commercial banking, the Federal Reserve System, interest rates, and money markets. Provides students with the knowledge and practices conceptual skills needed for advanced study and career advancement in financial fields. Prerequisite: ECON 2115. *Fall or Spring (not offered every year), 3 hours lecture and discussion, 3 credits.*

ECON 4110 Environmental Economics: Examines market failures and their correction through government intervention (command and control), taxation and permit trading; determining the “optimal level of pollution,” with analysis of benefits/costs to companies and the citizenry. Prerequisite: ECON 2115. *3 hours lecture and discussion, 3 credits.*

Education

EDUC 1110 Introduction to Teaching: Provides information and experiences about the personal and professional requirements for becoming a teacher, including the knowledge, skills and dispositions necessary for quality teaching. *Fall and Spring, 3 hours lecture and discussion, 3 credits. Fieldwork required, \$90 fee.*

EDUC 1710-1740 Field Experience: Field experiences are required each semester (one through seven) for students pursuing a degree in education or students pursuing accelerated certification. Observation/participation equivalent to time spent in a three-hour class is required. Field experience fee is \$150 per semester. *0 credits.*

EDUC 2125 Teaching Literacy Through

Literature: Includes an in-depth study of literary genres, including the role of poetry and expository text in reading development; diverse perspectives in children's literature; digital and online texts and using literature in all content areas. *Spring, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

EDUC 2130 Child, Family, and Community: Considers the role the environment plays in the development of the child. Analyzes the impact of family and community, including the relationship of culture, religion, socioeconomic status, and ethnic and racial origins on individual and group status. Prerequisite: PSYC 2190. *Fall, 3 hours inquiry and discussion, 3 credits. Fieldwork required.*

EDUC 2135 Introduction to Teaching in the Secondary Schools: Standards, Content, Methods: Provides a bridge between academic work in the content areas and the challenges confronted as a secondary school teacher. Includes content selection and organization, instructional techniques, assessment, working with special needs students (including English language learners), motivation, and other topics. *Spring, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

EDUC 3001 Formal Acceptance: Teacher Candidate Status (Academic Skills Assessment): For all education programs at Keystone College, education students must be formally accepted as an education major in the Education School to be considered a teacher candidate for certification and advance to 3000/4000 level coursework. Acceptance interviews are held in May, August, and December of each year. Students must complete PECT (PAPA), obtain all clearances, submit a credential portfolio via Live-Text, and an application for formal acceptance by April 20 for the May interviews, July 20 for August interviews, or November 20 for December interviews. Detailed information regarding criteria and process for formal acceptance can be

found on www.keystone.edu.

EDUC 3110 Curriculum Planning: Promotes the study of the development of pre-primary, primary and middle level curriculum with particular reference to standards-based education in the areas of language and reading, mathematics, science, social studies, environmental education, and health. (Open to certification candidates only.) *Fall and Spring, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

EDUC 3115 Curriculum and Methods:

Mathematics: Analyzes application and methodology of instructional techniques in grades four through eight in the content area of mathematics. Emphasizes developmental, constructive, and process skill approaches. Prerequisite: EDUC 3001. (Open to certification candidates only.) *Fall, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

EDUC 3120 Curriculum and Methods:

Citizenship and Social Sciences: Analyzes application and methodology of instructional techniques in grades four through eight in the content area of citizenship and social sciences. Emphasizes developmental, constructive, and process skill approaches. (Open to certification candidates only.) Prerequisite: EDUC 3001. *Fall, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

EDUC 3125 Curriculum and Methods Sci-

ence: Analyzes application and methodology of instructional techniques in grades four through eight in the content area of science. Emphasizes developmental, constructive, and process skill approaches. (Open to certification candidates only.) Prerequisite: EDUC 3001. *Fall, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

EDUC 3140 Family Health and Safety: Presents and analyzes current concepts of health, safety, and nutrition and their relationship to the growth and development of young children.

Fieldwork required and clearances are necessary. Prerequisites: EDUC 3001 (except Child and Family Studies majors). *Fall, \$75 fee, 3 hours lecture and discussion + field assignments, 3 credits.*

EDUC 3150 Art Education Media and

Methods/Elementary Methods: Presents the organization, experience, and evaluation of teaching situations specific to art in the K-12 art curriculum, including curriculum planning, basic art education theories, lesson planning, classroom presentation techniques, history, aesthetics and criticism as they relate to the handling of art media. Prerequisite: EDUC 2135 and EDUC 3001. *Fall, \$75 fee, 6 hours lecture, discussion, 3 credits. Fieldwork required.*

EDUC 3155 Developmental Assessment I:

Using observation and informal assessment to identify learner needs and develop appropriate interventions this course explores the principles and techniques of sound informal assessment strategies in elementary, middle, and secondary education settings. *Fall, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

EDUC 3165 Developmental Assessment

II: Using formal assessment to identify learner needs and develop appropriate interventions, this course explores the principles and techniques of sound formal assessment strategies in early elementary, middle, and special education settings. *Spring, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

EDUC 3175 Secondary Curriculum and

Methods: Social Studies: Analyzes and applies methods of instructional techniques, current social studies curriculum materials and methodology, as well as social science curricula and the Pennsylvania Academic Standards. Prerequisite: EDUC 2135 and EDUC 3001 (open to certification candidates only). *Fall, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

EDUC 3180 Foundations of Reading

Instruction: Establishes the foundations of literacy development for children in fourth through eighth grade. Covers beginning literacy, strategies for word level instruction, activating prior knowledge, vocabulary and comprehension strategies, writing and classroom assessment. (Open to certification candidates only) Prerequisite: EDUC 3001. *Fall, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

EDUC 3195 Instructional Strategies for

Content Area Reading: Introduces students to strategies for literacy instruction and implications for student learning in all content areas. Fieldwork is required and clearances are necessary. Prerequisites: EDUC 2135, 3001. (Open to certification candidates only.) *Fall, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

EDUC 3200 Math Education and Methods/

Secondary: Focuses on teaching activities for the secondary mathematics teacher (grades 7-12). Topics include secondary mathematics instruction, history of mathematics education in the USA, student assessment, teacher evaluation, and the use of mathematical resources. Prerequisite: EDUC 2135, 3001. (Open to certification candidates only.) *Spring, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

EDUC 3205 Teaching Reading in Grades

4-8: Builds on the foundational content knowledge of EDUC 3230 and provides additional strategies to address the challenges of adolescent literacy. Research that shapes middle school reading will be examined as well as elements of effective adolescent literacy programs. Prerequisite: EDUC 3230. (Open to certification candidates only) *Spring, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

EDUC 3210 Teaching English Language

Learners: Introduces effective instructional strategies as students integrate the PA Language Proficiency Standards and the PA Academic Standards, to differentiate and modify instruc-

tion. Prerequisite: EDUC 3001 for education majors. *Fall and Spring, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

EDUC 3215 Integrating the Arts for the

Developing Child: Introduces methods and instructional strategies that engage the young child in quality experiences in visual art, dance, theater and music. Focuses on appropriate developmental concepts that are experiential and process-oriented, which incorporate play, and engage all children, including diverse populations, in authentic learning about, in and through the arts. Prerequisite: EDUC 3001. *Fall, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

EDUC 3225 Teaching Writing in Grades 4-8:

Introduces students to narrative, expository, persuasive and other kinds of writing tasks and best practices for teaching writing. Prerequisite EDUC 3001. (Open to certification candidates only) *Spring, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

EDUC 3230 Teaching Reading: Provides a strong foundation of literacy development with regard to reading, writing, speaking and listening. Presents current trends, research and state standards. Students will apply appropriate teaching strategies, assessments and adaptations when developing and implementing literacy lessons. Prerequisite: EDUC 3001. (Open to certification candidates only). *Fieldwork required. Spring, 3 hours lecture and discussion, 3 credits.*

EDUC 4001 PRAXIS II/PECT: Subject

Assessments: Measures your knowledge of the subjects you will teach. This course will appear on student's transcripts after the Education school has been provided with passing Praxis II/PECT exam scores. Passing Praxis II/PECT scores are required for recommendation to PDE for certification. Students must attempt PRAXIS II/PECT exams prior to student teaching placements. If a candidate is not successful in passing PRAXIS II/PECT, the candidate must engage in

PRAXIS Preparation and retake the assessment prior to the end of student teaching. Failure to pass PRAXIS II will prevent recommendation for State certification. Candidates cannot be certified in the state of Pennsylvania without having passed these exams. *0 credits.*

EDUC 4115 Literacy Assessment and

Interventions: Focuses on classroom literacy assessment and how it can be used to inform instruction. Students will conduct formative assessments essential to planning instruction, apply assessment information to design effective interventions, demonstrate strategic tutoring, and progress monitor students in line with identified needs. Prerequisites: EDUC 3230 and EDUC 3205. (Open to certification candidates only) *Fall, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

EDUC 4120 Creating Educational Materials:

Assists students in preparing education materials related to curriculum units for use during student teaching. Students design and create classroom materials that meet recognized standards. *Fall and Spring, Workshop format, 1-3 credits. Fieldwork required.*

EDUC 4125 Language Acquisition: Designed for teachers of English Language Learners (ELLs). Develops knowledge and skills in the structure of the English language, grammar, and pronunciation, including lexical, morphological, syntax, phonological and pragmatic components. Literacy development for second language learners and strategies to assist ELLs in the various stages of second language usage is covered. Prerequisites: EDUC 3210 and SPEC 3115 or instructor's approval. *Fall, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

EDUC 4130 Assessment and Support for English Language Learners (ELL): Designed to expand participants' knowledge of effective assessment practices and support services

available for ELL students. Effective assessment practices, purposes for assessment, multiple assessment models, use of evaluation techniques, scaffolding of assessments, and formal/informal assessment tools will be discussed. Students will participate in hands-on experience in test administration, interpretation of results, and reporting and monitoring student progress.

EDUC 4160 Electronic Media for Teachers:

Empowers the prospective teacher with hands-on knowledge and skills necessary for selecting, integrating, and applying a range of electronic media production technologies and projects in the elementary classroom to meet the diverse needs and dynamics of student learners and learning objectives. Prerequisite: IT 1115. *\$40 lab fee, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

EDUC 4165 Art Education Media and Methods/Secondary Methods:

With emphasis on teaching middle and secondary school students, teacher candidates will utilize presentations, field observations, interview, lectures, reflections, demonstrations, discussions and high school mini-teaching experiences to explore, develop and implement appropriate units and curriculum concepts using methods and models that reflect state and national standards in art education and also disciplinary approaches. Requires faculty consent. Prerequisite: EDUC 3150 and 3001. *Spring, \$75 lab fee, 3 credits. Fieldwork required.*

EDUC 4710 Student Teaching Special Education (Pre-K – 8) Certification Degree:

Supervised, seven-week student teaching experience in a special education classroom under the guidance of a cooperating teacher and a college supervisor. The experience provides teacher candidates with teaching opportunities in classrooms for children with ability differences. Students should meet with Student Business Services as well as with the Financial Aid Office in advance of doing the student teaching

experience. A student seeking dual certification in Special Education/ECE Education must also complete a 7 week ECE student teaching experience (See EDUC 4720 or EDUC 4727). Requires faculty consent. (Open to certification candidates only.) Teacher candidates may have to begin the student teaching experience prior to the start of the College semester due to opening dates of individual school districts. Applications for fall are due February 15. Applications for spring are due October 1. Prior to the first seven week student teaching experience, there is a mandatory week-long seminar. Each student must attend the seminar before student teaching. *\$295 student teaching fee, 6 credits.*

EDUC 4720 Student Teaching in Early Childhood Education (Pre-K – 1): Supervised, two seven-week student teaching experiences under the guidance of a cooperating teacher and a college supervisor. For dual certification (special education and early childhood education), student teaching will take place in EDUC 4710 and either EDUC 4720 or 4725. Students should meet with Student Business Services as well as with the Financial Aid Office in advance of doing their student teaching experience. Requires faculty consent. (Open to certification candidates only.) Teacher candidates may have to begin the student teaching experience prior to the start of the College semester due to opening dates of individual school districts Applications for fall are due February 15. Applications for spring are due October 1. Prior to the first seven week student teaching experience, there is a mandatory week-long seminar. Each student must attend the seminar before student teaching. *\$295 student teaching fee, 6 credits.*

EDUC 4725 Student Teaching in Early Childhood Education (Grades 2-4): Supervised, two seven-week student teaching experiences under the guidance of a cooperating teacher and a college supervisor. For dual

certification (Special Education and Early Childhood Education student teaching will take place in EDUC 4710 and either EDUC 720 or EDUC 4727. Students should meet with Student Business Services as well as with the Financial Aid Office in advance of doing their student teaching experience. Requires faculty consent. (Open to certification candidates only.) Teacher candidates may have to begin the student teaching experience prior to the start of the College semester due to opening dates of individual school districts Applications for fall are due February 15. Applications for spring are due October 1. Prior to the first seven week student teaching experience, there is a mandatory week-long seminar. Each student must attend the seminar before student teaching. *\$295 student teaching fee, 6 credits.*

EDUC 4730 Student Teaching Art Education (K-8): Supervised, seven-week student teaching experience in intermediate settings (K-8) provide teaching opportunities to meet the needs of individual learners through differentiated instructional strategies and classroom management techniques. During this seven-week experience, candidates are expected to select and employ the methodologies and strategies modeled and practiced during the pre-practicum to meet the needs of all learners in the classroom. Students should meet with Student Business Services as well as with Financial Aid Office in advance of doing their student teaching experience. Requires faculty consent. (Open to certification candidates only.) Teacher candidates may have to begin the student teaching experience prior to the start of the College semester due to opening dates of individual school districts Applications for fall are due February 15. Applications for spring are due October 1. Prior to the first seven week student teaching experience, there is a mandatory week-long seminar. Each student must attend the seminar before student teaching. *\$295 student teaching fee, 6 credits.*

EDUC 4735 Student Teaching at the Middle Level (grades 4-6): Supervised, seven-week student teaching experience under the guidance of a cooperating teacher and a college supervisor. Provides student teaching experiences for candidates who want to teach children in grades 4 through 8. The experience builds a solid foundation of child development for this age level. Candidates will develop lessons and demonstrate application during their student teaching experience. Students should meet with Student Business Services as well as with Financial Aid Office in advance of doing their student teaching experience. A middle level education student must do one student teaching experience in EDUC 4735 and EDUC 4740 (grades 7-8). Requires faculty consent. (Open to certification candidates only.) Teacher candidates may have to begin the student teaching experience prior to the start of the College semester due to opening dates of individual school districts. Applications for fall are due February 15. Applications for spring are due October 1. Prior to the first seven week student teaching experience, there is a mandatory week-long seminar. Each student must attend the seminar before student teaching. *\$295 student teaching fee, 6 credits.*

EDUC 4740 Student Teaching at the Middle Level (grades 7-8): Supervised, seven-week student teaching experience under the guidance of a cooperating teacher and a college supervisor. Provides student teaching experiences for candidates who want to teach children in grades 4 through 8. The experience builds a solid foundation of child development for this age level. Candidates develop lessons and demonstrate application during their student teaching experience. Students should meet with Student Business Services as well as with Financial Aid Office in advance of doing their student teaching experience. A middle level education student must do one student teaching experience in EDUC 4735

(grades 4-6) and EDUC 4740. Requires faculty consent. (Open to certification candidates only.) Teacher candidates may have to begin the student teaching experience prior to the start of the College semester due to opening dates of individual school districts. Applications for fall are due February 15. Applications for spring are due October 1. Prior to the first seven week student teaching experience, there is a mandatory week-long seminar. Each student must attend the seminar before student teaching. *\$295 student teaching fee, 6 credits.*

EDUC 4745 Student Teaching at the Secondary Level (9-12): Supervised, seven-week student teaching experience at the secondary level under the guidance of a cooperating teacher and a college supervisor. Included in the experience is the design and implementation of an integrated, thematic unit and the opportunity to use teacher feedback, video review, reflection, and self-evaluation as tools to improve teaching. Students should meet with Student Business Services as well as with Financial Aid Office in advance of doing their student teaching experience. A secondary education student must do one student teaching experience in EDUC 4745 and EDUC 4740 (grades 7-8). Requires faculty consent. (Open to certification candidates only.) Teacher candidates may have to begin the student teaching experience prior to the start of the College semester due to opening dates of individual school districts. Applications for fall are due February 15. Applications for spring are due October 1. Prior to the first seven week student teaching experience, there is a mandatory week-long seminar. Each student must attend the seminar before student teaching. *\$295 student teaching fee, 6 credits.*

EDUC 4910 Seminar: Contemporary Research, Issues, and Ethics in Education: Examines current research, current issues, and ethical dilemmas confronting educators. Students

will analyze issues and practices and engage in examining ethical considerations through a case study methodology. Prerequisite: EDUC 3110 and 3001 (except Child and Family Studies majors) *Fall and Spring, 3 hours lecture and discussion, 3 credits. (Fieldwork required).*

English

ENGL 0050 Critical and Analytical

Reading: Teaches skills associated with annotating, mapping, summarizing, inferring, and critical thinking as they apply to the reading of college textbooks and supplementary material. (The credits for this course do not count toward graduation, but are factored into the student's GPA.) *Spring and Fall, 3 hours lecture and discussion, 2 credits.*

ENGL 1110 College Writing I: Academic

Writing: Focuses on the writing process. Students complete a minimum of five expository essays, one of which is a comparison/contrast. An MLA-format research paper is also required and an introduction to APA is provided. Workshops for peer editing and revision complement teacher/student interaction both in and outside the classroom. Students for whom English is not a primary language or whose placement tests indicate the need for individualized attention are assigned to sections of the course designed to meet those needs. *Fall and Spring, 3 hours lecture, discussion, and peer review, 3 credits.*

ENGL 1125 College Writing II: Writing

about Literature: Reinforces and enhances writing skills developed in English 1110. Writing assignments, including an MLA-format research paper, are based on the readings and discussions of selected fiction, drama, and poetry. Prerequisite: "C" or higher ENGL 1110. Students for whom English is not a primary language or whose placement tests indicate the need for individualized attention are assigned to sections of the course designed to meet those

needs. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

ENGL 2110 American Literature I: Surveys American literature from Colonial times through the late nineteenth century with an emphasis on nineteenth-century authors. Readings will examine the cultural diversity and literary development exemplified by the Native American oral tradition and the works of a variety of writers. Extensive reading, writing, critical analysis, and library research are required. Prerequisite: ENGL 1125. *Fall, 3 hours lecture and discussion, 3 credits.*

ENGL 2115 American Literature II: Surveys American literature from the late nineteenth century through the present day. Emphasis is on writers who exemplify both our country's cultural diversity and the development of significant literary movements. Extensive reading, writing, critical analysis, and library research are required. Prerequisite: ENGL 1125. *Spring, 3 hours lecture and discussion, 3 credits.*

ENGL 2120 Western World Literature I:

Surveys and analyzes selected works from the classical Greek period to the beginning of the Romantic Era. These selections are taught from a historical perspective, examining how the literature reflected and influenced the time in which it was written. Prerequisite: ENGL 1125. *Fall, 3 hours lecture and discussion, 3 credits.*

ENGL 2125 Western World Literature II:

Surveys selected works of nineteenth- and twentieth-century authors who were instrumental in portraying thought and culture of Western civilization. Students study, discuss, and write about the connection between literature and Western world culture. Prerequisite: ENGL 1125. *Spring, 3 hours lecture and discussion, 3 credits.*

ENGL 2145 Creative Writing: Discusses general literary principles and representative works by leading writers and provides instructor-

guided opportunities for students to write original short stories, poetry, and/or plays in a workshop setting. Students are encouraged to think creatively, to solve problems, and to further develop and enhance writing skills. Prerequisite: ENGL 1125.

Spring, 3 hours lecture, instructor and peer review, and workshop, 3 credits.

ENGL 2155 Introduction to Poetry: Studies the elements of poetic form, surveying a wide variety of poems representative of many eras and cultures. Students will learn to identify common poetic themes, techniques, and styles, and to analyze poems in written assignments. Prerequisite: ENGL 1125. *Fall, 3 hours lecture and discussion, 3 credits.*

ENGL 2160 Introduction to the Novel: Studies the structure of the novel and its thematic concerns as seen in representative novels from a variety of cultures, from the eighteenth century to the present. Students will learn to analyze the structure, techniques, and themes of the novels through discussion, research, and written assignments. Prerequisite: ENGL 1125. *Spring, 3 hours lecture and discussion, 3 credits.*

ENGL 2165 Introduction to Dramatic Literature: Studies drama as a literary form, including critical analysis of representative plays from classical Greek to contemporary drama. Students learn to identify and discuss dramatic elements, structure, style, and multi-cultural traditions in dramatic literature; and complete a research project. Prerequisite: ENGL 1125. *Spring, 3 hours lecture and discussion, 3 credits.*

ENGL 3010 Special Topics in Creative Writing: Screenwriting: Allows upper-level writing students to concentrate on a genre of particular interest. Focuses on the process and techniques for writing screenplays for feature films, with some attention to the business of screenwriting. Teaching methods include:

lectures to introduce screenplay elements; discussions of assigned readings and films; in-class writing exercises; oral presentations; and work-shopping a variety of writing assignments. Introduces the tools of cinematic storytelling: dramatic structure, plotting, methods of characterization, dialogue, script format, and the like. Discussion/workshop periods centers on assigned readings and your scripts.

ENGL 3011 Special Topics in Creative Writing: Playwriting: Allow upper-level students to focus on a genre of particular interest. Focuses on the role and work of the playwright. Teaching methods include: lectures to introduce elements of playwriting; discussions of assigned readings; in-class writing exercises; and work-shopping of play drafts. Explores the playwright's role in theatre, and introduces the playwright's tools: dramatic structure, dialogue, methods of characterization, script format, and the like. Discusses assigned readings of short plays. Review prewriting exercises designed to prepare you for out-of-class writing assignments. Students present workshops of work in progress and attend at least one live performance.

ENGL 3012 Special Topics in Creative Writing: Creative Nonfiction: Allows upper-level students to focus on a writing genre of particular interest. Focuses on what has come to be known as "the fourth genre" (after fiction, poetry, and drama): Creative Nonfiction. Also called "literary nonfiction," "New Journalism," the "literature of fact," and "gonzo journalism," creative nonfiction forms include personal essays, memoirs, autobiographies, biographies, profiles, books, and literary features about travel, food, nature, history, medicine, science, and the arts, as well as experimental forms that defy categorization. Covers philosophical, ethical, and legal issues associated with this genre. Introduces creative nonfiction forms and various aspects of writing; discussions of assigned readings, philosophical and ethical issues; in-class writing exercises; and workshops. Students listen to

recordings or watch videos of exemplary creative nonfiction pieces from *This American Life*, and such NPR features as *Hidden Kitchens*.

ENGL 3013 Special Topics in Creative

Writing Fiction: Focuses on the creative writing genre of fiction, specifically the elements of narrative craft, character development, dramatic structure, dialogue, voice, point of view, conflict, and setting. Students read and discuss fiction by major authors and complete several short story assignments in and outside of class. Prerequisite: ENGL 2145.

ENGL 3014 Special Topics in Creative

Writing Poetry: Focuses on the creative writing genre of poetry, specifically the elements of form, rhythm, tone, image, metaphor, and simile. Students read and discuss poetry by major writers and complete several writing assignments in and outside of class. Prerequisite: ENGL 2145.

ENGL 3015 Great Themes in Literature:

Nature and the Environment: Explores the treatment of nature and the environment in a wide variety of literature, including poetry, non-fiction, short stories, and novels, primarily drawn from the past 200 years. Readings will represent a variety of cultures and points of view.

ENGL 3016 Great Themes in Literature:

Heroes and Heroines: Focuses on the in-depth study of the theme, "Heroes and Heroines," as expressed in fiction, poetry, plays and film from a variety of periods and cultures. Studies the works in a more or less chronological order so that we are able to see how the concept and qualities of the hero/heroine change over time. This seminar-fashion course includes introductory lectures, a great deal of discussion, and presentations by class members. Course is designated as "writing-intensive," and includes various kinds of writing assignments, including: responsive (journals), scholarly (research and oral reports), and analytical (essays). Reading

assignments normally will range from 50-60 pages per week.

ENGL 3017 Great Themes: Utopian/

Dystopian Lit: Examines utopian and dystopian thought as they have emerged over the course of literary history, primarily from the past 200 years and forward. Readings cover a variety of literary forms, including poetry, short stories, and novels, and a variety of cultures and points of view.

ENGL 3018 Great Themes in Literature

Food for Thought: Focuses on the many ways food is used as a thematic element in novels, essays, poetry, and films representing a variety of cultures. Issues considered include: how food functions in real life and in the lives of fictional characters; food as a life-giving element; food as art; food as comfort; food as a means of communicating emotion; and the spirituality of food. Discovers how writers and directors from various cultures provide us with food for thought. Explores the many aspects of food in literature and film through reading, writing, and discussion. Main focus is on class discussion and reflective, creative, and scholarly writing. Students will share a meal together to celebrate the conclusion of the course. Course is classified as writing intensive, students complete four writing projects, including reading/response journals, a personal essay, a poem, and a short research paper.

ENGL 3019 Great Themes in Literature:

Political and Social Change: Explores the treatment of political and social issues in a wide variety of literature, including novels, poetry, and a play, plus cinema. Readings represent diverse cultures and points of view.

ENGL 3020 Great Themes in Literature

American Crime Fiction and Film Noir:

Based on the texts of classic American crime writers such as Dashiell Hammet, James M. Cain, Raymond Chandler, and others. Much of

this material was written in the 1930s. Film Noir, however, a cinema style from the 1940s through the mid- 1950s, was often based on these earlier novels and stories, and on what is considered “pulp fiction.” The changes from text to film make a decisive comment on Post World War II American society, culture, and film in terms of the sudden appearance of German Expressionist lighting techniques and mise-en-scene, existential non-heroes, modernist narrative strategies, and femme fatales. Students read and discuss novels stories, and films based on the writing--in addition to viewing other important films of the genre.

ENGL 3021 Great Themes in Literature:

Isolation and Alienation: Examines the themes of isolation and alienation as they have emerged over the course of literary history, primarily from the past 200 years and forward. Discusses and analyzes causes and effects, both negative and positive, a variety of literary forms, including poetry, short stories, and novels.

ENGL 3022 Great Themes in Literature:

Holocaust Literature: The Holocaust is one of the most disturbing events in Western history and it still exerts an enormous pressure on our contemporary world through literature, the arts, media and philosophy. Looks at a variety of novels, films, internet sources, and testimony of survivors and expert witnesses and examines how the Holocaust has been represented in literature and film both while it occurred and after it ended. The course assumes no prior knowledge of Jewish history or customs, anti-Semitism, or the Holocaust itself. Provides an introductory literary understanding of these issues.

ENGL 3024 Advanced Study in Literature

Shakespeare and Film: Examines in-depth selected plays of William Shakespeare. The philosophy behind this course is that because the plays were originally performed on the theater stage, and not read, a more comprehensive

appreciation of each work can be obtained by not only reading the play texts but by watching filmed versions of performances. Since the beginning of the twentieth century we have had the advantage, for those not able to see the plays actually presented on stage, of being able to view filmed performances of the works, thus giving the student a fuller and more thorough context closer to the original circumstances of how the plays were first presented.

ENGL 3025 Advanced Study in Literature

Dickens/Victorian: Explores the worlds, both fictional and historical, of the English novelist, Charles Dickens (1812-1870). From the days of successfully publishing *Pickwick Papers* in 1836 until his sudden death in 1870, Dickens essentially owned the Victorian novel on both sides of the Atlantic. He was alternately imitated, pirated, loved, and reviled. Today, the term “Dickensian” has come to be a complicated literary compliment, a word that simultaneously declares an author to have a great gift and insinuates that he or she has yet to get the gift under control. Discovers how historical events of the Victorian Era influenced Dickens’ works and how Dickens’ works influenced society.

ENGL 3026 Advanced Study in Literature

Dante: A week in hell (The Divine Comedy): Explores the world of Dante Alighieri and his timeless and profound work *Commedia* (or *The Divine Comedy*, as it has come to be known). Examines the poem about the Christian afterlife: hell (the *Inferno*), purgatory (the *Purgatorio*), and paradise (the *Paradiso*). Looks at Dante’s life and the influences that brought him to write this great work. Studies not only the meaning of the various dramatic encounters that Dante has in this work, but also the relevance the poem has in today’s world.

ENGL 3027 Advanced Study in Literature:

Vonnegut: Surveys the work of Kurt Vonnegut, focusing on five of his major novels, with atten-

tion to his relationship to postmodernism and the ways in which his work reflects post-World War Two American society, including its scientific, industrial, corporate, political, religious, and social contexts.

ENGL 3028 Advanced Study in Literature:

Jane Austen: Devotes an entire semester to selected works of a particular writer. Studies in-depth combining text and media, requiring students to read, discuss, analyze, and write about selected works from noted writers. Writers and selected works will vary from semester to semester. Prerequisite: ENGL 1125.

ENGL 3032 Great Themes in Literature:

African American Literature: Examines African American literature from slave narratives through the Harlem Renaissance to the Black Arts movement. Readings cover a variety of literary forms, including nonfiction essays and speeches, poetry, short stories, and novels. *3 hours lecture and discussion, 3 credits*

ENGL 3115 Children's Literature: Explores the development of children's literature in Western culture. A variety of types of children's literature from classical fables and fairy tales through the Modern era will be discussed. Also included in this course is the development of standards for the selection of such literature for various age groups ranging from preschool through seventh grade. Prerequisite: ENGL 1125. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

ENGL 3120 Technical Writing: Examines the processes and procedures of researching, writing, and formatting technical documents. Assignments include instructions, audience analysis, usability testing, proposals, progress reports, recommendation reports and process descriptions. Prerequisite: ENGL 1125. *Fall, Spring and Summer (on-line), 3 hours lecture and discussion, 3 credits.*

Environmental Science

ENVT 2110 GIS/GPS: Provides a hands-on introduction to the fundamentals of geographic information systems (GIS) and global positioning systems (GPS). Includes the processes of capturing, editing, storing, managing, and analyzing data using GIS as well as model development and information display. Addresses the techniques of collecting GPS data and using the data in GIS. Prerequisite: IT 1115. *Fall, \$65 fee, 3 hours lecture, 3 credits.*

ENVT 2115 GIS Applications, Select Topics: Explores geographic information system (GIS) applications and case-studies in areas such as homeland security, emergency planning and response, water resources, earth sciences, interpolation techniques, forestry, and biological sciences. Each offering will focus on a specific topic. Consult current course offerings for each semester's topic. Prerequisite: ENVT 2110. *Spring, 1 hour lecture and laboratory, 1 credit.*

ENVT 2120 Environmental Ethics: Introduces the basic concepts in ethics and major environmental ethical theories. Includes case studies of ethical debates of contemporary environmental issues. Prerequisites: BIOL 1120, BIOL 2120, or PHSC 1145 or consent of instructor. *Fall, 3 hours lecture and discussion, 3 credits.*

ENVT 2125 Environmental Policy and Management: Focuses on the major pieces of environmental legislation; the relationship between local, state, and federal agencies; industry responsibilities and options under existing law; the role of interest groups and the public in environmental decision making; and emerging issues at the national and international level. *Fall, 3 hours lecture and discussion, 3 credits.*

ENVT 3105 Soils Science: Introduces the various properties and classifications of types of soil. Acquaints the student with laboratory pro-

cedures to illustrate these principles by performing laboratory analyses, mathematical problems, and making observations from demonstrations and experiments. Provides the student with an understanding of soil as a component of the ecosystem and how to apply this knowledge to fully understand its impacts on ecosystems. Prerequisites: CHEM 1120 and GEOL 2110. *Fall, \$100 fee, 3 hours lecture and discussion, 3 credits.*

ENVT 3115 Geospatial Methods in Resource Management: Using existing understanding of GIS principles, students will focus on specialized data collections and use these data to complete spatial, 2D, and 3D analyses. Conducted within the focus of resource management, giving attention to current events affecting the region of northeastern Pennsylvania. Prerequisite: ENVT 2110 GIS/GPS.

ENVT 3130 Environmental Law: Examines the basic principles and fundamental laws and regulations that are part of what is commonly known as environmental law and natural resource law. Introduces environmental resource management professionals and other interested students to the environmental laws that are being implemented and enforced at the international, national, and state level. Special emphasis on environmental law and policy in Pennsylvania. Prerequisite: ENVT 2125 is recommended. *Spring, 3 hours lecture and discussion, 3 credits.*

ENVT 3135 Hydrology: Introduces basic principles and applied aspects of surface and ground water hydrology. Emphasis is on developing an understanding of watershed processes. Offers both conceptual and quantitative descriptions of the hydrologic cycle. A weekly three-hour laboratory introduces students to the techniques of applied hydrology. Prerequisites: MATH 1155, MATH 2115, GEOL 2110, and CHEM 1120. *Spring, \$100 fee, 3 hours lecture, 3-hour laboratory, 4 credits.*

ENVT 4710 Environmental Resource Management Internship Preparation:

Prepares the student for the identification, placement, and successful completion of a 240-hour, six-credit internship required by the professional studies: environmental resource management B.S. curriculum. Prerequisite: Consent of curriculum coordinator. *Spring, 6 hours lecture and discussion, 0 credits.*

ENVT 4715 Environmental Resource Management Internship:

Provides supervised exposure to the work environment and practical experience through a 240-hour internship at one or more pre-approved sites. The internship will typically be completed during the summer between the junior and senior years. Prerequisites: ENVT 4710 and consent of curriculum coordinator. *Fall, Spring and Summer, 6 credits.*

ENVT 4110 Case Study Field Trip: Examines case studies in environmental resource management through field trips and directed readings. Travel during weekends and/or spring break will be required. The student is responsible for the cost of meals, lodging, transportation, and incidentals.) Prerequisites: BIOL 3135, ENVT 3125, and GEOL 2110; or consent of instructor. *Spring, \$100 fee, 1 credit.*

ENVT 4910 Seminar in Research II: Fulfills the senior capstone experience requirement for students enrolled in the Bachelor of Science in Professional Studies: Environmental Resource Management program. This course includes senior research projects and case study of the Tunkhannock Creek watershed. Consent of curriculum coordinator required. *Spring, \$100 fee, 3 hours lecture and discussion, 3 credits.*

ESL Connection

ESL 0050 Academic Writing: Serves as a pre-English 1110 writing class emphasizing sentence structure/grammar as well as appropriate

organization and style for a variety of academic writing situations in English. Emphasis is on grammar, vocabulary, and rhetorical styles. Covers aspects of academic writing that will help students become better writers. *Five hours lecture and workshop, 3 credits.*

ESL 0051 Academic Reading Seminar: Uses reading as a basis for discussion, debate, and individual presentations. Students will increase vocabulary, analysis of texts, and reading speed in addition to practicing how to interact in U.S. classroom discussion and how to prepare and make presentations. *Five hours lecture and workshop, 3 credits. (Tentative)*

ESL 0052 Advanced Academic Writing Seminar: Based upon a student's work from the previous semester, emphasizing those writing and discussion skills that are necessary for academic success in English. Course concentrates on essay writing in a variety of rhetorical styles and on the basics of research writing. Student will complete a 3-5 page research paper with concentration on research, summarization and paraphrase, and MLA format.

Experiential Learning

EXPL 2110 (fall), 2115 (spring), 2120 (summer): A supervised period of practical work experience integrated into the academic program. The purpose of the program is for the student to apply classroom principles in real-work situations. Each practical work experience, including experiences for more than 3 credits, will only satisfy one graduation requirement. Prerequisites: 15 completed credits, 2.00 GPA, and consent of instructor. *Fall, Spring, and Summer, 40 hours practicum = 1 credit, 6 credits maximum.*

Film

FILM 1110 Introduction to Cinema:

Introduces the concepts of filmmaking, including production organization, techniques of pre-production, principal photography, post-production, and literary and philosophical concepts of messages in film texts. Students view films, write analyses, and create outlines and projects demonstrating understanding of the vocabulary of filmmaking. *Fall, 4 hours lecture and discussion, and screening, 3 credits.*

FILM 3005 Special Topics in Film: Examines a variety of themes, genres, and/or concepts in feature films. Students view films, write analyses of the films, and actively research concepts discovered through class discussion. Students are expected to understand the interaction between film as a medium and the topics being studied. Prerequisite: ENGL 1125. *Spring, 4 hours lecture, discussion, and screening, 3 credits.*

First Year Seminar

FYS 1110 The First Year Seminar: First Year Seminar is designed to help first-year students understand the new challenges, unique values and opportunities of Keystone College. Emphasis will be placed on introducing students to the institutional learning goals; service learning perspective, writing intensive perspective, diversity perspective, global perspective, environmental sustainability perspective, and independent and self-directed learning perspective. *2 hours lecture and discussion, seminars, 2 credits.*

Geography

GEOG 1110 Introduction to Geography:

Surveys the field of geography including introductory concepts, geographic issues, and the geography of world regions with particular emphasis on North America and its sub regions.

3 credits.

GEOG 3110 Cultural Geography: Explores the interaction between environment and culture.

Investigates geographical processes and culture patterns such as language, religion, politics, rural and urban land use, economic development, globalization and the spread of technology. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

Geology

GEOL 2011 Earthquakes and Volcanoes:

Provides an overview of the scientific principles and social impacts behind some of the world's most powerful natural disasters. Earthquakes and volcanoes are poorly understood by the general public and the course provides students with the knowledge needed to interpret current events and hazards based on the best available science. *3 credits.*

GEOL 2110 Physical Geology: Studies the structure of Earth and the physical and chemical processes that formed it. Topics include mineral and rock properties and classification; igneous, metamorphic and sedimentary processes; plate tectonics; weathering; erosion; glaciations; landforms; and deep time. Emphasizes local geology and field activities. A two-day field trip, for which an extra fee is collected, is required. This course is intended for students majoring in the sciences. *Fall, \$100 fee, 3 hours lecture, 3-hour laboratory, 4 credits.*

GEOL 2115 Earth Systems History:

Introduces the geological history of biodiversity and the influence of changing Earth systems on the evolution of the biosphere. Topics include planetary formation, origin of life, atmospheric evolution, plate tectonics, and macro-evolutionary history. *Spring and Weekender, 3 hours lecture and discussion, 3 credits.*

GEOL 3110 Petroleum Geology: Introduces the processes that lead to the generation and

accumulation of petroleum and natural gas and the basic techniques of gas and petroleum exploration. *3 credits.*

GEOL 3115 Structural Geology: Studies how rocks are deformed through tectonic processes. Focuses on the variety of landforms that are created by the constant motion of Earth's plates. Satellite imagery, computer visualizations, and data collected on weekly field trips will be used to understand the origins of mountain ranges, continental rifts, and a variety of other geologic formations. *Fall, \$100 fee, 3 hours lecture, 3 hour laboratory, 4 credits.*

GEOL 3120 Mineralogy: Examines minerals, their structure, properties, and origins. Introduces students to a wide variety of rock-forming minerals primarily through the use of a petrographic microscope. This piece of equipment uses cross-polarized light to highlight minerals' unique properties, while allowing students to investigate the origins and internal structure of rocks. Not only does this course teach students to identify various minerals, but also identify and explain many of the processes that were integral in its formation. Some of these processes include growth rates, metamorphism, as well as a variety of alteration and weathering. Builds upon the foundation of introductory courses such as mineralogy and prepares students to take Petrology the following semester. *Fall, \$100 fee, 3 hours lecture, 3 hour laboratory, 4 credits.*

GEOL 4110: Igneous and Metamorphic

Petrology: Introduces the processes that produce the chemical and mineralogical diversity of igneous and metamorphic rocks and develops rock description and classification skills. Prerequisite: GEOL 3120. *Spring, \$100 fee, 3 hours lecture, 3 hour laboratory, 4 credits.*

GEOL 4115 Sedimentology & Stratigraphy:

Scientific study of sedimentary rocks and sediments including description, classification,

physical/chemical processes, interpretation of origin, and their arrangement as strata. Pre-requisite: GEOL 2110. *3 hours lecture, 3 hour laboratory, 4 credits.*

History

HIST 1115 Western Civilization: Studies the establishment and progress of civilization. Topics include Greek, Roman, medieval civilizations, and the beginnings of modern times through the seventeenth century. *Spring, 3 hours lecture and discussion, 3 credits.*

HIST 1130 United States History I: Examines the colonial, revolutionary and national history of the United States from the 16th Century through the Civil War. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

HIST 1135 United States History II: Studies American history from Reconstruction through the present time. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

HIST 2120 The Making of the Modern World: Examines the social, political, and economic origins of the modern world from 1900 through the Cold War. Special emphasis is placed on the impact of colonialism, WWI, Communism, Fascism, WWII, and the Cold War. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

HIST 3110/POSC 3115 Civil Rights in America: Examines the history and politics of the black civil rights movement from Reconstruction to the present. HIST 1135, POSC 1110, or POSC 2110 are recommended prior to taking this course. *Spring, 3 hours lecture and discussion, 3 credits.*

HIST 3115 United States History Since 1945: Provides an in-depth examination and critical analysis of the political, cultural, social, and economic trends that shaped the contemporary

American perspective. HIST 1130 or 1135 recommended prior to taking this class. *3 hours lecture and discussion, 3 credits.*

HIST 3120 History of the Civil War:

Examines the causes, course and consequences of the American Civil War, from the 1840s to 1877.

HIST 3125 Women's History in America: An intensive readings course designed to advance student knowledge in the history of women in the United States as well as to introduce students to the historiographical debates surrounding American women's history from the colonial era through the twentieth century. HIST 1130 and/or HIST 1135 recommended prior to taking this course. This course is now cross-listed with POSC 3135. *Spring, 3 hours discussion, 3 credits.*

HIST/SRM 3160 Modern Olympic History:

Traces the historical arch of the modern Olympic Movement. Students learn of modern Olympic founder Pierre de Coubertin, the significance of Κωνσταντίνος Ζάππας on the formation of the modern Olympics, the mass commercialization of the Olympics, and the multitude of political intrusions that have largely soiled the perceived idealistic underpinnings of the international sporting festival. *Fall, 3 hours lecture/discussion, 3 credits.*

Hospitality Management

HOSP 1110 Basic Food Production: Provides basic knowledge of the composition of food and the changes that occur during the cooking process, including sanitation application, classical sauce and soup making, knife procedures, cooking methods, equipment identification, and production methods. *Spring, \$120 lab fee, 1 hour lecture and discussion, 6 hours laboratory, 3 credits.*

HOSP 1135 Introduction to Hospitality:

Describes different event management perspective within various hospitality

organizational structures such as; hotels, restaurants, clubs, cruise ships, conference & convention centers, boutique venues, and casinos. Identifies the role of event managers as they interact with the visitor's bureau, chamber of commerce, and other non-for-profit sectors. Explore various job opportunities within the hospitality industry. *Fall*.

HOSP 1140 Food and Labor Cost Control:

Comprehension of the techniques of control used in food service management to show the relationship of food and labor costs to selling prices, cost control procedures for menus, purchasing, receiving, sorting, issuing, production and revenue controls. Menu and portion costings, preparation of daily reports to management. Gross and net dining room and cafeteria cost percentages as used in the food service industry. Preparation of butcher tests, precost, precontrol techniques, inventory turnover and controls, monthly reports and adjustments. *Fall, 3 hours lecture and discussion, 3 credits.*

HOSP 1165 Food Service Sanitation:

Comprehension of food-borne illness, food preparation, equipment procedures, personal hygiene, and OSHA and HACCP regulations. Mandatory completion of certification is offered by the Educational Institute and the National Restaurant Foundation. *Fall, 2 hours lecture and discussion, 2 credits.*

HOSP 1170 Nutrition: Analyzes the functions and food sources of nutrients; nutrient utilization in human metabolic processes; and the application of nutrition to critical periods throughout the life span. Introduces food composition and guidelines used in the assessment of food practices such as the Recommended Dietary Allowances, and the United States Department of Agriculture Food Guide. Guides students through the development of their own diet plan as

determined by their suggested weight for optimum health. *Fall, 3 hours lecture and discussion, 3 credits.*

HOSP 1175 Service Management: Emphasizes the importance of customer service in the hospitality industry through specific management training programs. Importance is placed on a revolutionary look at guest services as an art form and the financial impact within the industry. The goal is to incorporate a new way of thinking in the service industry, but not limited to, lodging and restaurants. *3 hours lecture and discussion, 3 credits.*

HOSP 2115 Bar and Beverage Management:

Provides students with the practical knowledge needed to manage a bar or beverage operation. Presents principles and theories to support and reinforce the practical aspects. Certificates are awarded through the PLCB-RAMP. *Spring, \$75 fee, 3 hours lecture, lab, and discussion, 3 credits.*

HOSP 2130 Meeting and Convention

Planning: Introduces the meeting and convention industry. Discusses both traditional and current trends. Instructs in the basic framework for planning a meeting, convention, or exposition. Students will assist in planning either one on-campus or off-campus event. *\$25 fee, Fall, 3 hours lecture and discussion, 3 credits.*

HOSP 2135 Purchasing for Hospitality

Industry: Discusses the principles and techniques of purchasing both food and non-food supplies applicable to the food industry. Purchasing ethics are discussed in addition to specifications for all items. Location and arrangement of equipment for efficient utilization of space and development of work flow patterns to meet operational requirements. *Fall, 3 hours lecture and discussion, 3 credits.*

HOSP 2145 Hospitality Law: Studies the legal risks and liabilities of hotel and restaurant

operators, including innkeeper and guest, landlord and tenant, liquor, sanitation, labor and other laws applicable to hotel and restaurant operations; insurance coverage for the protection of hotel and restaurant operators from the various liabilities inherent to these types of operations; and safety measures necessary to protect guests and employees from legal harm. *3 hours lecture and discussion, 3 credits*

HOSP 2150 Hotel and Lodging Operations:

Discusses the fundamentals of front office procedures including receiving guests, public relations, cash control and accounting techniques, night audit, mail handling, security, sales efforts, and emergency procedures. *Spring, 3 hours lecture and discussion, 3 credits.*

HOSP 2155 Executive Housekeeping and

Maintenance: Discusses various housekeeping functions within the hospitality industry, including the duties of the executive housekeeper in the areas of equipment, materials and techniques of housekeeping; production standards, selection, care and use of linens; and staffing, maintenance of physical facilities. *Spring, 2 hours lecture and discussion, 2 credits*

HOSP 2170 Hospitality Operations I: Based on the management principles of controlling, planning, organizing, staffing, and leading within the hospitality industry. Includes marketing, menu development, purchasing, receiving, and storage of food, beverage service, reservations, dining room management, and kitchen management. Students will demonstrate job-related skills, self-discipline, group dynamics, and time management through various team projects. *Fall, \$25 fee, 3 hours lecture and discussion, 3 credits, minimum 40-hours practicum.*

HOSP 2915 Hospitality Seminar I: Initiates the pre-internship process to hospitality business management students. Students research professional internship placement,

create a professional resume and cover letter, and conduct mock interviews. Approval for practicum must be granted by the curriculum coordinator prior to beginning their internship. Prerequisite: Completed 60 hospitality and business courses with a GPA of 2.5 or better. *3 hours lecture and discussion, 3 credits*

HOSP 3110 Event Fundraising and

Sponsorship: Examines the proper steps needed to successfully procure event fundraising and sponsorships. Develops an event budget in Excel identifying revenues, expense, donations, etc. Students will obtain sponsorship criteria within a successful timeline. Compare and contrast successfully sponsored events for non-for-profits and profits by viewing the marketing materials and sponsorship letters. *3 credits.*

HOSP 3115 Advanced Hospitality

Management: Evaluates operational developments in the food service management including manufacturing, production, food and equipment innovations, kitchen incubators and control measures. Students will apply knowledge and skills gained through previous courses and work experiences in a food service operations project. *3 hours lecture and discussion, 3 credits.*

HOSP 3135 Executive Housekeeping and

Maintenance: Observes the housekeeping department with emphasis on organization, staffing and scheduling, staff development, work methods improvements, equipment, cleaning materials and cleaning procedures; maintenance and refurbishing; room design and safety engineering. *3 credits.*

HOSP 4110 Event Marketing and

Advertising: Develops specific marketing strategies to promote events and an event planning business. Gain a competitive edge by identifying specific new markets and increasing sales. Students will create an event marketing plan that will include steps offered by the SBDC

and the SBA.gov. *3 credits*

HOSP 4150 Current Issues and Trends in the Hospitality Industry: Explores managerial based scenarios that will sharpen critical thinking skills and develop a stronger leader. Investigates current trends and issues in the hospitality industry through case studies and research. Reinforces concepts discussed throughout the program. *3 credits*

HOSP 4200 Quantity Food Production: Explores the details it takes to prepare and serve mass groups. Appropriate for caterers and food service managers to understand the various methods for large food production, planning, selection, and preparing. *3 credits*

HOSP 4910 Hospitality Capstone: Students create a professional portfolio that can be used to document their accomplishments, awards, experiences, and qualifications. Students present their portfolio to a board of industry professionals during their final semester. There is also a final project conducted for students to show case their preparedness to succeed in the hospitality business management field. *3 hours lecture and discussion, 3 credits*

Human Resource Management

HRM 1110 Introduction to Human Resource Management: Provides an overview of the field of human resource management, including the history of human resource management and its evolution to the present. Discusses the internal and external environments shaping human resource management and its evolution from an operational role to that of a strategic business partner. *Fall and Spring, 3 hours lecture and discussion, 3 credits*

HRM 2110 Employment Law: Covers laws and legal issues which have an impact on various human resource functions such

as recruitment, selection, compensation and performance evaluation. Covers the Americans with Disabilities Act, Family Medical Leave Act, Equal Employment Opportunity, and Affirmative Action. Provides an introduction to the legal environment related to employment. Prerequisite: HRM 1110. *Spring, 3 hours lecture and discussion, 3 credits*

HRM 3115 Health, Safety, and Security: Familiarizes students with federal and state agencies, and laws and regulations that govern employee safety. Covers employer policies and practices dealing with ensuring a safe work environment for employees. Provides an overview of the laws and regulations with regards to providing a safe working environment for employees. Prerequisite: HRM 1110. *Fall, 3 hours lecture and discussion, 3 credits*

HRM 3120 Selection and Placement: Examines the external and internal environments crucial in the employee selection process. Discusses the skill of forming matches between people and jobs that results in an effective workforce. Provides an overview of various methods of selecting and placing employees in an organization. Prerequisite: HRM 1110. *Fall, 3 hours lecture and discussion, 3 credits*

HRM 3125 Compensation and Benefits: Covers various compensation systems including policy formulation, internal/external equity, and legal requirements. Examines methods of job analysis, writing job descriptions, determining pay structures, and conducting salary surveys. Examines legal and voluntary benefit plans including Social Security, pension, health, and the Family Medical Leave Act. Provides an overview of issues relating to compensation and benefits. Prerequisites: HRM 1110 and IT 1115. *Fall, 3 hours lecture and discussion, 3 credits*

HRM 3130 Labor Relations: Provides an introduction to industrial and labor relations. Discusses the development of the American

labor movement, labor law, and collective bargaining agreements and negotiations. Provides an overview of unions and laws and regulations governing them. Prerequisite: HRM 1110. *Spring, 3 hours lecture and discussion, 3 credits.*

HRM 3135 Human Resource Planning:

Surveys the methods of selecting and planning for human resource needs at the organizational and individual level. Covers external scanning, SWOT analysis, strategy development, operational planning, and evaluation. Provides an understanding of the importance of the planning function as well as methods for carrying out the planning function. Prerequisite: HRM 1110. *Spring, 3 hours lecture and discussion, 3 credits.*

HRM 3140 Training and Development:

Explores the training process including conducting needs assessments, training design, implementation, and evaluation. Examines theoretical and applied principles of adult learning. Researches, creates and presents a training session to students' competency as trainers. Provides an in-depth review and practice of various facets of the training function. Prerequisite: HRM 1110. *Spring, 3 hours lecture and discussion, 3 credits.*

HRM 4110 Organizational Development:

Examines organizational culture and its social processes to provide a background for planning systematic change to improve organizational effectiveness and performance. Examines and discusses various models to provide a method for improving the organizational operations as well as maintaining employee morale issues. Examines various methods of conducting change efforts within organizations. Prerequisites: HRM 1110 and senior status for HRM students or consent of the instructor. This is an on-line course. *Fall, 3 hours lecture and discussion, 3 credits.*

Human Services

HSER 2115 The Helping Relationship:

Introduces the essential components of a helping relationship and assists the student in developing the skills of helping (i.e., observation, recording of behavior, direct intervention with clients, effective communication, and self-assessment). *Fall, 3 credits, 3 hours lecture and discussion.*

HSER 2120 Human Services Systems:

Provides students with an orientation to the systemic functioning of human services programs. Emphasis is on program development and evaluation, funding opportunities, governing regulations, and the range of services provided to children and families. Prerequisite: HSER 2115. *Spring, 3 credits, 3 hours lecture and discussion.*

HSER 4710 Field Experience: Provides students with a 120-hour placement in a human services agency related to the student's area of interest (i.e., education, children and youth, criminal justice settings). Prerequisites: HSER 2115 and HSER 2120. *Fall and Spring, 3 credits, 120 hours.*

Independent Study

1--, 2--, 3--, or 4-- Independent Study:

Independent study courses are offered in all disciplines. They provide students the opportunity to use their initiative to go beyond the boundaries of normal classroom learning. Student projects or research must be planned in conjunction with a cooperating instructor and must receive final approval from the Vice President of Academic Affairs. Independent study courses are available to students after the first semester of study. They may be taken on a pass/fail or a letter-grade basis. If the pass/fail option is chosen, passing grades must be the equivalent of "C" or better. Credits assigned to an independent study project are variable and depend on the amount of work entailed in the

project. Students must have final approval prior to registering for the independent study course.

Information Technology

IT 1110 Introduction to Information

Technology: Introduces information technology concepts including data management and structures, networks, Internet, data communications, application development, and logical design methods. *Fall, 3 hours discussion, demonstration, and hands-on assignments, 3 credits.*

IT 1115 PC Office Applications: Provides an introduction to computer software packages used in business-related applications. Focus will be placed on the development of skills using Windows®, word processing, spreadsheets, presentation applications, the World Wide Web, and other common application packages. *Fall and Spring, \$40 fee, 3 hours demonstration, discussion, and hands-on assignments, 3 credits.*

IT 1120 Introduction to Programming:

Introduces microcomputer object-oriented programming utilizing Visual Basic for applications programming language, structured programming techniques, and program code utilizing event-driven programming. Prerequisite: IT 1110. *Spring, 3 hours discussion, demonstration, and hands-on assignments, 3 credits.*

IT 1130 Web Programming I: Provides the tools and knowledge necessary to design and manage a World Wide Web site. Students will learn how to use a text editor to create content for the World Wide Web. The capstone of the course is the design of a fully functional Web site by each student. *Fall, \$40 fee, 3 hours demonstration, discussion, and hands-on assignments, 3 credits.*

IT 1135 Web Programming II: Continues the concepts of IT 1130. Students will learn how to create and manage content for the World Wide Web using cascading style sheets,

Java Script language, and Extensible Markup Language (XML). The capstone of the course is the design of a fully functional student portfolio. Prerequisite: IT 1130. *Spring, \$40 fee, 3 hours discussion, demonstration, and hands-on assignments, 3 credits.*

IT 2110 Intermediate PC Office Applications:

A continuation of IT 1115 with advanced study of computer software packages used in business-related applications. Focuses on the advanced applications and functions of word processing, spreadsheet, database, and presentation applications. Hands-on course activities include integration of programs and programs with the World Wide Web. *Fall and Spring, \$40 fee, 3 hours demonstration, discussion, and hands-on assignments, 3 credits.*

IT 2115 Database Management Systems:

Studies management, file, and data structures involved in the design, implementation, and use of a database management system. A focus is made on introductory structured query language (SQL) scripting. Topics include file organization, data structures, program development, and security of data in creating, maintaining, and accessing relational databases. Prerequisite: IT 1110. *Fall, \$40 fee, 3 hours demonstration, discussion, and hands-on assignments, 3 credits.*

IT 2120 Database Management Systems II:

A continuation of IT 2115 with advanced topics of design, implementation, and use of database management systems. Involves skills in the design and development of information systems and their application and combines form and report components into a single integrated system. Prerequisite: IT 2115. *Spring, \$40 fee, 3 hours discussion, demonstration, and hands-on assignments, 3 credits.*

IT 2140 Spreadsheets and Databases:

Introduces computer software packages used in business-related applications. Focuses on the

development of skills and knowledge for the use of spreadsheets and databases applications. Emphasizes the use of formulas, functions, and graphs in spreadsheets and the use of tables, queries, forms, and reports in databases. Prerequisites: IT 1115 or similar. *Spring, \$40 fee, 3 hours discussion, demonstration, and hands-on assignments, 3 credits.*

IT 2165 Networking I: Introduces software and hardware requirements needed to be able to communicate across a network. Studies the structure and technologies of computer networks, transmission of signals, topologies associated with cabling, Ethernet media access techniques, collision and broadcast domains, and mechanics of IP addressing. Discussion, laboratory assignments, skills-based assessment, and presentations are required. *Fall, \$40 fee, 3 hours demonstration, discussion, and hands-on assignments, 3 credits.*

IT 2170 Networking II: Provides a continuation of the software and hardware requirements to be able to communicate across a network. Topics include distance vector and link state routing theory, routing loop issues, routing concepts, TCP/IP theory, network packet analysis, and IP addressing. Discussion, assignments, skills-based assessment, and presentations are required. Prerequisite: IT 2160. *Spring, \$40 fee, 3 hours demonstration, discussion, and hands-on assignments, 3 credits.*

IT 3110 Advanced PC Office Applications: Continues the concepts in IT 2110 and covers advanced topics within word processing (Word), spreadsheets (Excel), and database concepts (Access). Topics include development of on-screen forms, macros, advanced table techniques, and management of long documents through cross-referencing, indexes, and tables of contents. Students learn advanced spreadsheet techniques including problem solving, scenario management, importation of data, and

automation techniques using macros and visual basic code. Hands-on lab activities provide exposure to business applications to prepare students for business and industry usages. Prerequisite: IT 2110. *Spring, \$40 fee, 3 hours demonstration, discussion, and hands-on assignments, 3 credits.*

IT 3115 Electronic Commerce: Examines the history of the Internet and the World Wide Web, technologies for e-commerce, business strategies for Internet marketing and advertising business opportunities in a global market, legal issues, and the role of e-commerce in our economy and society. Case studies and business examples complement conceptual coverage to provide a real-world context. *Fall, \$40 fee, 3 hours discussion, demonstration, and hands-on assignments, 3 credits.*

IT 3125 Programming with Scripting Languages: Introduces scripting technologies used in the development of Web sites. With a focus on PHP students will work with arrays, loops, condition statements, event modeling and dynamic content. Students will be required to develop a fully functional Web site upon completion of this course. Prerequisites: IT 1130 and IT 1135. *Spring, \$40 fee, 3 hours discussion, demonstration, and hands-on assignments, 3 credits.*

IT 3130 Business Programming I: Introduces object oriented programming and creation of the projects using Java. Topics include object-oriented programming, inheritance, logical decisions, arrays and creation of classes with an introduction to data objects. Prerequisites MATH 1125 or similar and IT 1120. *Fall, \$40 fee, 3 hours, discussion, demonstration and hands on assignments, 3 credits.*

IT 3135 Business Programming II: Builds upon skills obtained in IT 3130. Topics include object-oriented programming including graphics and animation, saving data and object in files and Advanced GUI topics. Prerequisites: IT 3130.

Spring, \$40 fee, 3 hours, discussion, demonstration and hands on assignments, 3 credits.

IT 3145 Human Computer Technology:

Considers theories and current topics of human-computer interaction, including types of interfaces, techniques for designing interfaces, methods for evaluating interface success (usability testing), and principles of accessible design.

Spring, 3 hours lecture and hands on assignments, 3 credits.

IT/ART 3260: Game Development:

Covers important interface commands and programming techniques for writing a broad range of computer video games including how to setup, organize projects and 3D utilization, from character importation to scripting and audio. Students will apply knowledge gained and develop projects with a professional game development engine. *\$125 fee, 3 credits.*

IT 4220 System Analysis and Design:

Studies the analysis and design of information processing systems. Emphasis is placed on the tools and techniques during each phase of the systems development life cycle. Team approach utilized using CASE tools to analyze and design a system for business-related problems.

Prerequisite: IT 3130. *Fall, \$40 fee, 3 hours demonstration, discussion, and hands-on assignments, 3 credits.*

IT 4235 Network Operating Systems I:

Provides students the skill necessary to configure, deploy and support client operating systems on modern computer networks. This course will provide in-depth, hands-on training on a current network operating system to prepare the students for expected industry situations. Prerequisite: IT 2170. *Fall, \$50 fee, 3 hours demonstration, discussion, and hands-on assignments, 3 credits.*

IT 4240 Business Programming III:

Advanced course using object-oriented programming concepts with C#. Topics include object-oriented programming, class construction, overloading, serialization, inheritance, abstraction, polymorphism among other software component development methods. Demonstrates an approach which can be used as a template and starting off point for other C# applications and uses case study modeling. Prerequisite: IT 3135. *Fall, \$40 fee, 3 hours, discussion, demonstration and hands on assignments, 3 credits.*

IT 4245 Business Programming IV/Senior Seminar:

Students participate in a semester long project that challenges them to create a fully functional dynamic website/Application. Utilizes skills acquired throughout the Information Technology program. *Spring, \$40 fee, 3 hours, discussion, demonstration and hands on assignments, 3 credits.*

IT 4250 Network Operating Systems II:

Provides students with the knowledge and skills needed to configure and manage a server operating system on modern computer networks. Provide in-depth, hands-on training on a current server operating system to prepare students for managing servers in current industry environments. Prerequisite: IT 4235. *Spring, \$50 fee, 3 hours demonstration, discussion, and hands-on assignments, 3 credits.*

IT 4255 Advanced Networking: Provides students with the knowledge and skills necessary to plan and maintain a modern network infrastructure. Provides in-depth, hands-on training on current network devices to prepare students for networking decisions in current industry environments. Prerequisite: IT 2170. *Spring, \$40 fee, 3 hours demonstration, discussion, and hands-on assignments, 3 credits.*

IT/ART 4260: Advanced Game

Development: Covers important interface commands and programming techniques for writing a broad range of computer video games including how to setup, organize projects and 3D utilization, from character importation to scripting and audio. Students will work in teams and apply knowledge gained to develop a project with a professional game development engine. Prerequisite IT/ART 3260. \$75 fee, 3 credits.

IT 4710 Information Technology Internship:

Offers students opportunities for work experience in an information technology field. Prerequisite: open to senior information technology majors only. *Fall and Spring, 40 hours practicum equals 1 credit, 1 - 6 credits.*

IT 4910 Current Topics in Information

Technology: Explores in detail the historical perspective, current issues and trends, and future development in the field of information technology. The role of information technology in the various areas of industry, business, and education, will be examined and discussed. *Spring, 3 hours demonstration, discussion, and hands-on assignments, 3 credits.*

Interdisciplinary Studies

IDS 0052 Success Group: Designed to assist Keystone College students who have been placed on academic probation for the semester. Instructors will meet weekly with the student individually or in a group setting to promote academic improvement. Attendance is mandatory. *1 hour lecture and discussion, 0 credits.*

Journalism

JOUR 1110 Introduction to Journalism:

Discusses journalistic reporting, interviewing, writing, and editing. In class writing and participation in preparing the student newspaper, The Key, are required. Basic journalistic skills

and principles are also introduced. *Fall, 3 hours lecture and discussion, 3 credits.*

JOUR 2110 Feature Writing: Examines techniques for researching, writing, and marketing feature articles for newspapers and magazines. Topics may include personal experience, profile, how-to, and other features. Prepares students to work as freelance or staff feature writers. *Spring, 3 hours lecture and discussion, 3 credits.*

JOUR 3110 Broadcast Writing: Focuses on the principles and the process of writing, informative, persuasive, news, and public affairs copy for radio and television, with special emphasis placed on script formats and writing for the eyes and ears. Prerequisites: ENGL 2135 or ENGL 2140, or consent of instructor. *Fall, 3 credits, 3 hours lecture and discussion.*

JOUR 3115 Women in Journalism: Examines the roles, status, and experiences of American women journalists determined to gain respect in a male dominated profession. Issues of gender, sexism, and discrimination have plagued women journalists in all mediums including print, online radio, and television. Theories as to why women are faced with such obstacles will be explored, as well as a comprehensive analysis of women journalists from the 1800's to present day. *3 hours lecture and discussion, 3 credits.*

JOUR 3120 Advanced News Writing: A more advanced version of Journalism 1110 and Feature Writing 2110, emphasizes in-depth reporting of investigative pieces, hard news, feature stories, and online journalism. Students will master techniques in gathering and writing the news and good reporting and news writing. *3 hours lecture and discussion, 3 credits.*

JOUR 3330 Journalism Ethics: Examines the written and unwritten code of ethics as practiced by members of working journalists. Familiarizes students with common ethical issues and dilem-

mas facing working journalists today. Attention given to issues concerning conflicts of interest, privacy rights, fairness, and taste. *3 hours lecture and discussion, 3 credits.*

Leadership

LEAD 1110 Foundations of Leadership

Examines a broad range of leadership concepts, theories, and models. Students will understand the need for effective leadership within all personal and professional environments. The course examines current thinking about the concept of leadership. It is intended for people who aspire to improve their leadership skills and knowledge or who anticipate working with others within the socio-cultural systems of the world. Provides the basic knowledge and the foundations required to satisfactorily complete subsequent leadership courses. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

LEAD 2110 Team Building: Focuses on the tools and techniques needed to tackle, create, inspire, and sustain teams. Exposes students to team-building strategies and to a variety of concepts and practices associated with developing and managing effective teams. Different approaches to management, motivation, and performance are included, along with barriers to effective team efforts. *3 hours lecture and discussion, 3 credits.*

LEAD 3110 Profiles in Leadership: Engages students in a comprehensive study of leaders, current and in the past. Explores practical examples of leadership and compare and contrast leadership styles, traits, behaviors, and effectiveness through leaders' biographies. Particular attention is given to examining leadership styles. *Fall, 3 hours lecture and discussion, 3 credits.*

LEAD 3115 Civic Responsibility: Examines theories related to community and civic responsibility, leadership, and social issues. Students will develop an understanding of their own moral

and civic duties as individuals and leaders within their communities. Emphasizes the importance of civic responsibility in solving social problems and leading change. Students will develop a personal philosophy for civic responsibility and demonstrate their commitment to community involvement. *Fall, 3 hours lecture, discussion and projects, 3 credits.*

LEAD 4110 Leadership Strategies: Examines current supervisory and leadership perspectives and practices as they relate to the knowledge and skills needed within contemporary organizations. Illustrates the complexities of guiding and leading a work force in today's global society through the exploration of theoretical models and real-life experiences.

LEAD 4910 Dynamics of Leadership

Application: Offers practical application of the knowledge and skills developed in prior studies of leadership. Students, individually, will synthesize and evaluate the leadership knowledge and performance of themselves. Examines the evolution of leadership thought, the various methods of improving leadership performance through analytical decision-making, and current issues in leadership. Prerequisite: LEAD 1110. *Spring, 3 hours lecture and discussion, 3 credits.*

Mathematics

MATH 0050 Basic Algebra: Investigates real number operations, exponents, linear equations and inequalities, polynomials, factoring, rational expressions and equations, and verbal applications. Emphasizes drill in computational algebra. This course does not count as a Math/Science elective. This is a developmental course, Credits earned do not count toward graduation. *Fall, Spring, and Summer, 3 hours lecture and discussion, 3 credits.*

MATH 1125 College Algebra: Expands upon basic algebraic concepts to include systems of

equations and inequalities, radicals, complex numbers, linear and quadratic functions and their graphs, and logarithms. Prerequisites: one year of high school algebra, or MATH 050 with a grade of “C” or better. *Fall, Spring, and Summer, 3 hours lecture and discussion, 3 credits.*

MATH 1135 Trigonometry: Investigates angles, triangles, trigonometric functions and equations, radian and degree measurements, circular functions, graphs, identities, vectors, complex numbers, polar coordinates, parametric equations, and applications. Prerequisite: MATH 1125 with a grade of “C” or better or two years of high school algebra. *Fall, 3 hours lecture and discussion, 3 credits.*

MATH 1140 College Mathematics: Investigates set theory, number theory, modular systems, probability, and an introduction to statistics. Emphasizes problem solving in finite mathematics. Prerequisites: one year of high school algebra, *Fall, Spring, and Summer, 3 hours lecture and discussion, 3 credits.*

MATH 1150 College Mathematics: II: Investigates topics in logic, basic algebra, geometry, and ad trigonometry. Optional topics may include personal financial management, graph theory, and voting and apportionment. Prerequisites: one year of high school algebra. Note: MATH 1140 is not a prerequisite of MATH 1150 and MATH 1150 can be taken prior to MATH 1140. *Fall, Spring, and Summer, 3 hours lecture and discussion, 3 credits.*

MATH 1155 Pre-Calculus: Designed to prepare students for calculus. Investigates fundamentals of analytical geometry, conic sections, and functions: polynomial, rational, exponential, logarithmic, and trigonometric. Prerequisites: two years of high school algebra or MATH 1125 with a “C” or better, or consent of the instructor. (Not open to students who have passed Calculus courses with a “C” or better.) *Fall, Spring and Summer, 4 hours lecture and*

discussion, 4 credits.

MATH 2110 Mathematics Throughout

History: Investigates the history of mathematics, reviews contributions by various cultures, and ponders famous mathematical problems. Topics to be chosen from include ancient mathematics, mathematics in Greece, medieval China, and India, medieval Europe, mathematics of Islam, and mathematics around the world. Prerequisite: two years of high school algebra or MATH 1125 with a “C” or better. *Fall and Spring, 3 credits, 3 hours lecture and discussion.*

MATH 2115 Statistics: Introduces frequency distributions and graphs, measures of central tendency and variation, counting techniques, probability, binomial distribution, normal distribution, confidence intervals, hypothesis testing, correlation, and regression. Emphasizes practical applications. Prerequisites: two years of high school algebra. *Fall, Spring and Summer; 3 hours lecture and discussion, and laboratory work*

MATH 2120/PSYC 2140 Statistics for the Social Sciences: Introduces the analysis of data using descriptive and inferential statistics, including: central tendency, variability, and distribution shape; correlation, regression, and chi-square; and t-tests and ANOVA. Sampling error, hypothesis testing, significance levels, Type I Error, Type II Error, and power will be discussed. Prerequisites: PSYC 1110 and MATH 1125 or equivalent. *4 credit hours, 4 contact hours.*

MATH 2150 Calculus I: Investigates inequalities, limit theorems, continuity, derivatives of rational functions, chain rule, related rates, relative and absolute extrema, graphical and verbal applications, the fundamental theorems of calculus, area between curves, and the central conics. Prerequisites: four years of high school mathematics including Algebra II and Trigonometry, MATH 1155 with a grade of “C” or better. *Fall, Spring and Summer,*

4 hours lecture and discussion, 4 credits.

MATH 2155 Calculus II: Investigates differentiation, anti-differentiation, definite and indefinite integrals, parametric equations, arc length, polar coordinates, infinite series, Taylor series, techniques of integration of various functions: inverse, logarithmic, exponential, trigonometric, and hyperbolic. Prerequisites: MATH 2150 with a grade of “C” or better. *Fall and Spring, 4 hours lecture and discussion, 4 credits.*

MATH 3110 Communications in

Mathematics: Introduces the student to the use of verbal language to communicate their thoughts, extend their thinking, and understand mathematical concepts. Written language will also be used to explain, reason, and process thinking. Open to Math Ed majors, math minors, and those needing a free elective. *\$50 fee, 3 hours lecture and discussion, 3 credits.*

MATH 3113 Linear Algebra: Investigates vector spaces, applications to line and plane geometry, linear equations and matrices, similar matrices, linear transformations, eigenvalues, determinants and quadratic forms. Prerequisite: MATH 2155. *Spring, 3 hour lecture and discussion, 3 credits.*

MATH 3115 Discrete Mathematics:

Introduces some basic concepts of finite algebraic structures. Topics include logic, sets, induction, relations, functions, recursion, and an introduction to graphs. Prerequisite: MATH 3113. *Fall, 3 hours lecture and discussion, 3 credits.*

MATH 3120 Statistics and Research:

Investigates the importance of research, variables and measurement, samples, normal distributions, and hypothesis testing. Emphasizes computers using SPSS to help organize, analyze, interpret, and present data. Prerequisite: MATH 2115 or MATH 2120 with a grade of “C” or better. *Fall, Spring and Summer, \$65 fee, 3 hours lecture, discussion, and laboratory work, 3 credits.*

MATH 3125 Modern Geometry: Involves activities and discussions in inductive and deductive reasoning in euclidean geometry, classical geometry with constructions, non-euclidean geometries, three-dimensional geometry, and spatial reasoning. Prerequisite: MATH 2155. *Spring, 3 hour lecture, discussion, and laboratory work, 3 credits.*

MATH 3135 Abstract Algebra: Introduces students to basic algebraic structures, including groups, rings, and fields. Prerequisite: MATH 3115. *Fall, 3 hour lecture and discussion, 3 credits.*

MATH 3140 Calculus III: Extends the basic concepts of differential and integral calculus from one dimension to two and three dimensions. Topics include: vector calculus, functions of several real variables, partial differentiation, implicit functions, multiple integrals, line and surface integrals, and applications. Prerequisite: MATH 2155 with a “C” or higher. *Fall and Spring, 4 hour lecture and discussion, 4 credits.*

MATH 3145 Differential Equations:

Investigates first- and second-order equations; special functions; Laplace transform solutions; higher order equations; Fourier series; partial differential equations. Prerequisite: MATH 3130 and MATH 3140 with a “C” or higher. *Fall and Spring, 3 hour lecture and discussion, 3 credits.*

MATH 3150 Number Theory: Provides an introduction to number theory. Reading and writing proofs will be emphasized, thus enriching the student’s analytical and problem solving skills. Prerequisite: MATH 3115. *Fall and Spring, 3 hour lecture and discussion, 3 credits.*

MATH 3155 Probability: Topics include sample spaces and events, axiomatic probability, conditional probability, expectation and variance, distributions of discrete and continuous random variables, joint distributions and central limit theorem. Prerequisite: MATH 2150 and 2155. *3 credits.*

MATH 3160 Statistics for Science: Cover various statistical concepts; sampling theory, estimation, hypothesis testing and theory of statistical inference. *3 credits.*

Music

MUSC 1110 Introduction to Music:

Develops listening techniques based upon an understanding of the functional role of the elements in the organization of music. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

MUSC 3110 History of Jazz: Introduces a study of the history of jazz from its roots to its first flowering in New Orleans, Chicago and then into the Swing Era, bebop and the many modern jazz styles, include cultural influences from Creole ethnicity in New Orleans, Caribbean, Latin America and Europe. The role of women in the development of jazz will also be addressed. Attention will be given to the musical nature of jazz performance to demonstrate how to listen to jazz. *Fall and Spring, \$50 fee, 3 hours lecture and discussion, 3 credits.*

Philosophy

PHIL 1110 Introduction to Philosophy I:

Introduces students to the foundations of philosophy, with an analysis of the Pre-Socratics, Sophists, Socrates, and Plato. Students will also learn the basic tenets of metaphysics, ethics, and epistemology. *Fall, 3 hours lecture and discussion, 3 credits.*

PHIL 1115 Introduction to Philosophy II:

Surveys the early Modern period through an analysis of the ideas of five major and profoundly influential figures of the time: Bacon, Descartes, Machiavelli, Hobbes, and Locke. The course also involves students in the study of epistemology, metaphysics, ethics, and political philosophy. *Spring, 3 hours lecture and discussion, 3 credits.*

Physical Education

PHED 1110 Wellness and Fitness: Intended for students of all ages and abilities. Investigates concepts and current theories of wellness and fitness. Evaluates the student's current level of fitness, then assists in designing a personal fitness prescription to improve his/her cardiovascular and/or muscular fitness level. *Fall, Spring and Summer, \$25 fee, 2 hours lecture, discussion, and activity, 2 credits.*

PHED 1125 Standard First Aid and Personal Safety: Prepares students to meet most real-life situations when emergency first-aid care is required and medical assistance is not immediately available. Provides knowledge and skills pertaining to personal safety and accident prevention. Successful completion results in standard Red Cross certification. *Spring, \$25 fee, 2 hours lecture, practice, 2 credits.*

Physical Science

PHSC 1115 Physical Science I: Studies basic concepts and principles of the Earth, its makeup, and its place in the solar system. Focuses on methods of science, standard laboratory experiments to emphasize basic scientific facts and concepts, and nonstandard experiments to demonstrate the scientific method. Primarily for non-science majors. *Fall, \$100 fee, 3 hours lecture and discussion, 3-hour laboratory, 4 credits.*

PHSC 1120 Physical Science II: Explores matter, its basic structure, properties, and relationship to various energy forms. *Spring, \$100 fee, 3 hours lecture and discussion, 3-hour laboratory, 4 credits.*

PHSC 1125 Meteorology: Studies the composition, structure and movement of the atmosphere; primary and secondary circulation; coriolis effect; air masses, fronts and storms; weather instruments and maps; and data collec-

tion and analysis. *3 hours lecture and discussion, \$65 fee, 3 credits.*

PHSC 1135 Geology: Studies Earth's mineral composition, structure, and processes of formation; and the effect of these processes on materials and structures of the earth's crust. Focuses on plate tectonics, rocks and minerals, glaciation, flowing and ground water, and topographic and geologic maps. *Spring and Weekender, \$65 fee, 2 hours lecture and discussion, 2-hour laboratory, 3 credits.*

PHSC 1140 Energy and the Environment: Studies the flow of energy in developed and underdeveloped countries. Examines present forms of energy sources. Compares the technological feasibility, within environmental and economic constraints, of fossil fuel, nuclear, geothermal, wind, tidal and solar energy sources. Critically reviews the environmental aspects of the utilization of such energy sources. *Fall and Weekender, 3 hours lecture and discussion, 3 credits.*

PHSC 1145 Global Change - Introduction to Earth Systems: Provides an introduction to the Earth system, and to the forces and processes that shape the present-day global environment. Structured around three major themes: global change, time scales of change, and understanding the Earth system. Focuses on global-scale human-induced changes (global warming, loss of biodiversity, and ozone depletion) in the context of the long-term evolution and natural variability of the Earth system. *Fall, Spring and Weekender, 3 hours lecture, 3 credits.*

PHSC 2120 Astronomy I: Introduces astronomy with a concentration on our solar system. Emphasis will be on the motions, make-up and properties of the planets, asteroids, comets, and meteoroids. Telescopes, astronomical instruments, light and the electromagnetic spectrum will also be studied. Historical development of astronomy as a human endeavor will be addressed. *Fall, \$75 fee, 3 hour lecture, discussion, periodic evening observations,*

3 credits.

PHSC 2125 Astronomy I with Laboratory: Covers same material as PHSC 2120, but with a weekly laboratory session. *Fall semester, \$75 fee, 3 hour lecture and discussion, 2 hour laboratory, 4 credits.*

PHSC 2130 Life In The Universe: Examines the issue of life in the universe from both scientific and cultural perspectives. Investigates what the sciences of astronomy, geology/planetary science, biology, and biochemistry can tell us about whether and where life might exist beyond Earth. Studies the ways aliens have been portrayed in movies, science fiction, and popular culture. Class participation and discussion will be an important part of this course – in addition to lectures, there will be days devoted to open discussion, where students will be encouraged (and expected) to share their responses to the material covered as well as their own ideas and perspectives. *3 credits.*

PHSC 2135 Astronomy II: Emphasizes the structure and evolution of stars, star systems, structure of galaxies, and theories in cosmology. Telescopes, astronomical instruments, light and the electromagnetic spectrum will also be studied. Astronomy I is not a prerequisite for Astronomy II. *Spring, \$75 fee, 3 hour lecture, discussion, periodic evening observations, 3 credits.*

PHSC 2140 Astronomy II with Laboratory: Covers same material as PHSC 2135, but with a weekly laboratory session. *Spring semester, \$75 fee, 3 hour lecture and discussion, 2 hour laboratory, 4 credits.*

Physics

PHYS 1135 Flight and Aviation: Studies the basic principles of navigation, weather patterns, air traffic control, and aircraft operations. Prepares the student to pass the Federal Aviation Administration (FAA) written examination, a requirement for the private pilot certificate.

Topics of study include Newton's laws of motion involving force, weight, acceleration, velocity, vectors and their resolution; Bernoulli's principle applied to gravity, lift, thrust, and drag of aerodynamic surfaces; modes of navigation, including visual and radio/radar; and meteorology, including pressure systems, lapse rates, frontal systems, types of precipitation, weather maps, and forecasting *Spring, 3 hours lecture and discussion, 3 credits.*

PHYS 2110 General Physics I: Discusses Newton's Laws, mechanics, statics, heat and sound, properties of matter, kinematics, dynamics, energy, momentum, rotation, vibration, fluids, temperature and expansion, calorimetry, heat transfer, kinetic theory of gasses, thermodynamics, wave motion, and sound. Prerequisite: MATH 1155 with a grade of "C" or better or consent of the instructor. *Fall, \$100 fee, 3 hours lecture and discussion, 3-hour laboratory, 4 credits.*

PHYS 2125 General Physics II: Discusses and experiments with electricity and light. Discusses modern physics, electrostatics, electric fields, direct current circuits, electromagnetism, electrochemistry, applied electricity, alternating current theory, nature and propagation of light, geometric and physical optics, applied optics, atomic structure, and nuclear energy. Prerequisite: PHYS 2110 with a grade of "C" or better or consent of the instructor. *Spring, \$100 fee, 3 hours lecture and discussion, 3-hour laboratory, 4 credits.*

PHYS 3110 Astrophysics I: Introductory examination of topics in astronomy in the context of math and physics. Algebra, geometry, and trigonometry-based studies of topics including Kepler's and Newton's Laws, planetary orbits, the structure and evolution of the Sun and stars, motions and structure of the Milky Way and other galaxies, and cosmology and the expanding universe.

Political Science

POSC 1110 American National Government:

Studies the structure and operation of the American federal government. Special attention is given to an examination of the executive, legislative, and judicial branches as well as constitutional rights, elections, voting behavior and the duties of citizenship in a constitutional democracy. *Fall, 3 hours lecture and discussion, 3 credits.*

POSC 2110 State and Local Government:

Studies the general principles and political processes of the states and their subdivisions. Emphasis will be placed on intergovernmental relations, state and local politics, and elections; and the executive, legislative, and judicial functions of states and municipalities. HIST 1135 or POSC 1110 is recommended prior to this course. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

POSC 2130 International Relations: Examines international political systems and politics among the world's nation-states with special attention given to national interests, post WWII history, and contemporary international issues. HIST 1110 or POSC 1110 is recommended prior to this course. *Fall/Spring, not offered every year, 3 hours lecture and discussion, 3 credits.*

POSC 3110 Constitutional/Criminal Law:

Reviews the history and philosophy of criminal law and examines the United States Constitution, especially the Bill of Rights. Constitutional issues such as the basis for arrests, search, seizure, and disposition are explored to illustrate the court's interpretive process. Reviews law, legal institutions, criminal court procedures, and offenses against person and property. POSC 1110 or POSC 2110 is recommended prior to taking this course. This is a writing intensive course. *Fall, 3 hours lecture and discussion, 3 credits.*

POSC 3115/HIST 3110 Civil Rights

in America: Examines the history and politics of the black civil rights movement from Reconstruction to the present. The contemporary civil rights issues of gender, sexual orientation, and affirmative action will also be considered. HIST 1135, POSC 1110, or POSC 2110 is recommended prior to taking this course. This is a writing intensive course. *Spring, 3 hours lecture and discussion, 3 credits.*

POSC 3120 Comparative Government:

Introduces comparative political analysis with applications to political systems, processes, and issues in selected nation states, emphasizing those of the major powers of Europe and Asia. HIST 1110 or POSC 1110 is recommended prior to this course. This is a writing intensive course. *Spring (alternate years), 3 hours lecture and discussion, 3 credits.*

POSC 3125/HIST 3110 U.S. History Since 1945:

Provides an in-depth examination and critical analysis of the political, cultural, social, and economic trends that shaped the contemporary American perspective. HIST 1130 or 1135 recommended. *3 hours lecture and discussion, 3 credits.*

POSC 3130 Public Policy (formerly POSC 2125 or 2135):

Studies general public policy concepts with emphasis on the policy process, the constitutional roles of the official policy-makers, nongovernmental policy-makers, and contemporary criminal justice policies. HIST 1135, POSC 1110, or POSC 2110 is recommended prior to this course. This is a service learning course. *Spring, 3 hours lecture and discussion, 3 credits.*

Psychology

PSYC 1110 General Psychology: Introduces and examines the major topics, methods of study, and theoretical perspectives of behavior, cognition, personality, and human adjustment. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

PSYC 2110 Developmental Psychology:

Surveys human development covering the life-span from conception until death, including biopsychosocial and cognitive changes that occur. Examines the major theoretical viewpoints of development. Prerequisite: PSYC 1110. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

PSYC 2190: Child Development I (Ages 0-6):

Examines the developmental characteristics, processes, and theories pertaining to children from conception up to age six with an emphasis on understanding the influences on development, the interactions which affect development and the problems associated with development. Clearances and field observations are required for this course. *3 hours lecture and discussion, 3 credits.*

PSYC 2195: Child Development II

(Ages 5-13): Examines the developmental characteristics, processes, and theories pertaining to children from age five through thirteen with an emphasis on understanding the influences on development, the interactions which affect development and the problems associated with development. Clearances and field observations are required for this course. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

PSYC 2205 Psychology of Adolescence:

Focuses on the social, cognitive, and biological development of adolescents from pre-adolescence to late adolescence and young adulthood. The influence of heredity, family, culture, school, and peers will be examined. Common adolescence problems, adolescent biological/psychological/social adjustments and learning differences will be explored. This course also offers an introduction to the major topics, methods of study and theoretical perspectives of contemporary adolescent psychology. Prerequisite: PSYC 1110. Clearances and field observations are required for this course. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

PSYC 2210 Adulthood and Aging: Focuses on the social, cognitive, and biological development of adults from emerging adulthood through late adulthood concluding with the topics of dying and death. This course will examine the influence of heredity, family, culture, and peers as contexts within which adults develop. Current theories of aging are studied, as well as central issues faced by adults in their daily lives. Prerequisite: PSYC 1110. *Fall and Spring, 3 hours of lecture and discussion, 3 credits.*

PSYC 2215 Drugs and Behavior: Addresses issues of drug use including why people use, impact of use on the individual and society, prevention, and treatment. Examines the basic structure and function of the nervous system; the principles of action and categorical analysis of psychoactive drugs; and, the physiological, psychological, and societal effects of both legal and illegal drugs. Prerequisite: PSYC 1110 and sophomore standing. *Spring, 3 hours lecture and discussion, 3 credits*

PSYC 2220 Physiological Psychology: Reviews the interrelationships between the physiological and the psychological aspects of brain and behavior. Addresses five major areas: foundations of physiological psychology; sensory and motor systems; sleep, reproduction, emotions, and ingestion; learning; and, mental and behavioral disorders. Prerequisite: PSYC 1110 and BIOL 1003 or higher. *Fall, 3 hours lecture and discussion, 3 credits.*

PSYC 2225 Orientation to Psychology Major: This required course is for psychology majors or those who are considering changing their majors to psychology. Focuses on gaining insight into oneself; clarifying career goals; identifying steps necessary to achieve goals; preparing a resume; and, gaining the practical skills, such as using the library, performing ethical research, and writing in American Psychological Association (APA) style, to be successful in the major. Prerequisites:

PSYC 1110, 24 or more earned credits (sophomore standing). *\$25 free, Fall, 3 hours lecture and discussion, 3 credits.*

PSYC 2230 Cognitive Psychology: Examines cognitive processes associated with perception, memory, language, thinking and learning. The purpose of this course is to provide students a basic understanding of cognitive development across the lifespan. Prerequisite: PSYC 1110. *Spring, 3 hours lecture and discussion, 3 credits.*

PSYC 2235 Learning and Behavior: Surveys the files of conditioning and learning. Topics include habituation, sensitization, classical conditioning, operant conditioning, and learning. Prerequisite: PSYC 1101 and sophomore standing or permission of the instructor. *3 hours lecture and discussion, 3 credits. Not offered every year.*

PSYC 2240/MATH 2120 Statistics for the Social and Behavioral Sciences: Introduces the analysis of data using descriptive and inferential statistics, including: central tendency, variability, and distribution shape; correlation, regression, and chi-square; and t-tests and ANOVA. Sampling error, hypothesis testing, significance levels, Type I Error, Type II Error, and power will be discussed. Prerequisites: PSYC 1110 and MATH 1125 or equivalent. *4 credit hours, 4 contact hours.*

PSYC 3110 Theories of Personality: Provides a review and critical evaluation of the major personality theories, from the classic to the modern, with an emphasis on the integration of theory and research. Prerequisites: PSYC 1110, junior standing or permission of instructor. *Fall, 3 hours lecture and discussion, 3 credits.*

PSYC 3115 Social Psychology: Introduces theories, methodology, and research of social psychology, including the areas of social perception, social cognition, attitudes, interpersonal attraction, social influence, and

prosocial behavior. Prerequisite: PSYC 1110 and junior standing or permission of the instructor. *Fall and spring, 3 hours lecture and discussion, 3 credits.*

PSYC 3125 Research Methods for the Social and Behavioral Sciences: Introduces the student to social science research. Examines the connection between collecting and examining data as well as theory and hypothesis formation. Emphasizes quantitative and qualitative methodologies of survey research, sampling, interviewing, focus groups, and case studies. Prerequisite: PSYC 1110, MATH 2115 or MATH 2120, and junior standing. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

PSYC 3130 Psychopathology: Surveys mental illness with an introduction to cause, diagnosis, functional behavior, and treatment. Prerequisite: PSYC 1110 and junior standing. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

PSYC 3140 Psychological Tests and Measurements: Introduces the methodology, theory, and ethics of psychological tests and their construction and evaluation. Topics covered include principles and applications of psychological testing and issues related to the use of psychological testing. Emphasis is placed on helping students become informed consumers and critical thinkers regarding the development and use of psychological tests and measures. Prerequisites: PSYC 1110, MATH 2115 or MATH 2120. \$50 fee. *3 hour lecture and discussion, 3 credits. Not offered every year.*

PSYC 3145 Forensic Psychology: Focuses on an understanding of the roles of mental health professionals in the legal system. Course topics will include: an introduction to forensic psychology, the use of psychology in civil and criminal proceedings, intervening with offenders, and ethical issues in forensic psychology. Prerequisites: PSYC 1110, junior standing recommended. *Fall, 3 hours lecture and discussion, 3 credits.*

PSYC 3150 Psychology of Trauma: Focuses on the psychological and physiological human response to trauma, including, but not limited to childhood trauma, combat, natural/man-made disasters, and terrorism. Examines normal and abnormal psychological reactions to trauma, the recovery process and principles of mental health care for victims. Explores how individuals and communities respond to and recover from such events. Prerequisites: PSYC 1110, PSYC 3130, and junior standing. Spring, not offered every year, *3 hours lecture and discussion, 3 credits.*

PSYC 3155: Evolutionary Psychology: Examines the intersection of Darwinian evolution and psychology. Examines the basics of evolutionary theory, the adaptive problems related to survival, and the challenges of sex, mating, parenting, kinship, and group living. Prerequisites: PSYC 1110 and PSYC 2220. *Fall, 3 hours lecture and discussion, 3 credits.*

PSYC 3160: Psychology and Film: Encourages critical analysis on the part of students to consider how popular culture and popular media depict and reflect psychological concepts particularly in the film industry. Covers a broad spectrum of psychological themes including: human development, positive psychology, social issues, morality, mental disorders/treatment, research methods and others. Other general themes such as the history of film, film music and mood, and the underlying influence of cinematic devices on individual psychology are considered.

PSYC 3165 Cognition and Learning: Examines children's development with special emphasis on cognitive processes, thinking and learning. The purposes of this course are to provide students with a basic understanding of development across the developmental domains and learning in all the content areas. Prerequisites: PSYC 2195 or PSYC 2110. Clearances and field observations are required

for this course. *3 hours lecture and discussion, 3 credits.*

PSYC 3170 Health Psychology: Applies psychological principles and research to the enhancement of health and the treatment and prevention of illness. Provides an overview of the foundation areas pertaining to health psychology, discussion of leading research and theory in these areas, and an exploration of the personal and practical implications of this information. Prerequisites: PSYC 1110, junior standing or permission of instructor. *Spring, 3 hours lecture and discussion, 3 credits.*

PSYC 3175 Clinical and Counseling Theories: Exposes students to the history and theory surrounding the clinical approach to treating mental health issues. Examines the approach of various theoretical orientations to the assessment, diagnosis, and treatment of mental disorders and understand the various career paths related to such practice. Prerequisites: PSYC 3130 and PSYC 3180 or approval of instructor.

PSYC 3180 Child and Adolescent Psychopathology: Introduces the major topics, methods of study, treatment concepts and theoretical perspective in the clinical approach to child and adolescent mental disorders. The spectrum of disorders addressed includes conditions specific to childhood and adolescence as well as the broad range of psychopathology that can impact individuals of any age. Specific attention given to how certain disorders manifest differently in younger populations. *Spring, 3 hours, discussion, 3 credits.*

PSYC 3185 Applications of Social Psychology: Provides students with an opportunity to apply theory and research from the field of social psychology to “real life” situations through service to a community agency. A deeper understanding of the critical

components of social psychology will be emphasized. Students will provide a minimum of 20 hours of service to an agency of their choosing. Satisfies the Service Learning Perspective. *Summer, 3 credits.*

PSYC 3330 Ethics and Issues in Psychology: Presents a detailed exploration of ethical concepts as they apply to the practice of psychology across the range of professional settings, including clinical practice, research, and academic environments. Emphasis on recognizing, analyzing and resolving ethical problems through the well-reasoned application of ethical systems. Prerequisites: PSYC 1110, junior standing or permission of instructor. *Fall, 3 hours lecture and discussion, 3 credits.*

PSYC 3515 Psychology Teaching Assistant: Student will attend all classes and labs for the class for which they are serving as teaching assistant, complete student assignments in advance, assist students with completion of assignments based on that experience, help prepare sample materials or data for use in class exercises, and help provide early guidance and feedback on student assignment drafts. Other duties may be undertaken as mutually agreed, not to include substituting for the professor. Prerequisites: must have taken the course for which they will serve as TA and junior standing.

PSYC 4110 Organizational Behavior: Examines the application of psychological theory and research to the study of industrial, business, profit and nonprofit services, and governmental organizations. Emphasizes the interaction of individual perceptions, group dynamics, and organizational climates. Identifies strategies to maximize the satisfaction and effectiveness of each component within and between complex organizations. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

PSYC 4910 Senior Seminar in Psychology:

This capstone seminar course synthesizes and provides a broader context for knowledge about the field of psychology by exploring major contemporary issues in psychology. Topics include such issues as history of psychology, psychology as science, biological psychology, race and gender, stress and subjective well-being, violence, poverty, new media, environment, and the practice of psychology. Prerequisites: PSYC 2225; minimum 2.0 overall GPA; and, senior standing or consent of instructor. *\$25 fee, Spring, 3 hours lecture and discussion, 3 credits.*

Public Health

PBHL 1110 Public Health: Introduces public health concepts and practice by examining the philosophy, purpose, history, organization, functions, tools, activities and results of public health practice at the national, state, and community levels. Addresses important health issues and problems facing the public health system. Case studies and a variety of practice-related exercises serve as a basis for learner participation in real world public health problem-solving simulations. Stimulate interactions among learners and instructors around important problems and issues facing public health. *Spring, \$700 fee, 3 credits.*

PBHL 1115 History of Public Health:

Examines the historical experience of health and illness from a population perspective. Reveals how the organization of societies facilitates or mitigates the production and transmission of disease. Asks how do populations and groups of individuals go about securing their health? *Fall, 3 credits.*

PBHL 2110 Epidemiology: Examines basic epidemiological principles for the investigation of diseases (both chronic and infectious), their outcomes and effects on public health policy assessment. In studying these principles and applications, students will be provided a structure for thinking about underlying causes

and potential interventions for addressing the health and well being of individuals as well as populations. Prerequisites: MATH 2115 or MATH 2120 or MATH 3120 or MATH 3160 or PSYC 3125. *Fall, 3 credits.*

PBHL 2115 Public Health Biology: Provides an introduction to underlying biological concepts of normal physiology, disease and pathophysiology in the context of public health and emphasizes the clinical applications required of public health professionals with the different layers of complexity in shaping human behavior surrounding both communicable and non-communicable disease. Addresses some necessary professional skills for practitioners of public health that will be needed for selected important health issues and problems facing the public health system. *Spring, 3 credits.*

PBHL 2120 Community Health: Focuses on the concept of community health by exploring the components of a healthy community and the interactions between the constituents within a community. In addition, community-based participatory research will be defined and used. Prerequisite: PBHL 1110. *Spring, 3 credits.*

PBHL 3010 Special Topics: Maternal and

Child Health: Provides an introduction to the health needs of women of childbearing age, pregnant women, infants and children from birth through 21 years of age. The delivery of services designed to meet these needs in both developed and developing countries is examined including resources, program policies and nutritional problems. Students learn the biological, social, political and economic context within which maternal and infant health problems arise. *Spring, 3 credits.*

PBHL 3012 Special Topics in Public Health: HIV-AIDS-A Global Health Practicum in Africa: Introduces multidisciplinary theories and techniques for assessing and addressing global

health issues. Utilizes HIV/AIDS as a program area to illustrate factors that contribute to ill-health in developing countries, including but not limited to culture, social-economic status, and access to health services, food security, environment, human rights and public policy. Prepares students to think-outside-the box and have a much broader perspective when looking at public health challenges. *3 credits, Abroad only, Lab fee: To be determined at time of travel.*

PBHL 3013 Special Topics in Public Health: Principles and Practice of Infection Control for the Novice: Introduces multidisciplinary theories and techniques for assessing and addressing infection control issues. Prepares students to work as an infection preventionists in a clinical setting. It precedes a field course that mentors students as interns in infection control settings. Following completion of this course, students will have acquired knowledge and skills necessary to take the Association for Professionals in Infection Control and Epidemiology (APIC) certification upon completion of an internship and work experience. *3 credits*

PBHL 3110 Global Health: Explores the main concepts of global health and the critical associations between public health and key factors in disease burdens. Emphasizes critical thinking about disease, the determinants of health, how health status is measured, along with the influence of various factors including social, economic, and political issues on the health of communities and individuals. Discusses specific disease states and key concerns of nutrition, infectious disease, reproductive health, child survival, communicable disease as well as chronic disease will be introduced to students. This course is global in scope but a focus on the developing world is included. Students will be able to understand critical health issues from a multi-dimensional perspective to support the growth and development of a fully functioning global citizen who is able to incorporate global

understanding in all settings. Prerequisites: one Science, one Arts and Humanities and one Social and Behavioral class. *Spring, 3 credits.*

PBHL 3115 Environmental Health: Examines health issues, scientific understanding of causes, and possible future approaches to control of the major environmental health problems in industrialized and developing countries. Topics include how the body reacts to environmental pollutants; physical, chemical, and biological agents of environmental contamination; vectors for dissemination (air, water, soil); solid and hazardous waste; susceptible populations; biomarkers and risk analysis; the scientific basis for policy decisions; and emerging global environmental health problems. Prerequisite: PBHL 1110. *Fall, 3 credits.*

PBHL 3120 Public Health Education: Provides an introduction to current methods used to understanding and influencing psychosocial, cultural and situational factors in the voluntary behavior change process using theories of health behavior and health education. *Fall, 3 credits.*

PBHL 3165 Public Health Administration: Examines health policy administration including delivery, quality, and cost of healthcare for both individuals and the population as a whole. Reviews the structure, process, and outcomes of health services including costs, financing, organization and accessibility to care from a public health perspective. Focuses primarily on the United States health care system. *3 hours lecture and discussion, 3 credits*

PBHL 4710 Public Health Internship Preparation: Prepare students for identification, placement, and successful completion of the 120 hour, 3 credit internship required by the Public Health curriculum. The course format is a one-hour lecture and discussion class that requires the consent of the Public Health Curriculum

Coordinator. *0 credits.*

PBHL 4715 Public Health Internship:

Supervised exposure to the work environment and practical experience through a 120-hour internship at one or more pre-approved sites. The internship may be paid or unpaid work experience in addition, the internship requires a formal agreement between the student, his/her adviser, the curriculum coordinator and the internship sponsor. Students will be graded on the successful completion of the 120 hours of internship and a positive employer evaluation. Prerequisite: PBHL 4710. *3 credits*

Religion

RELG 2110 Survey of World Religions:

Studies major world religions, including Islam, Buddhism, Hinduism, Taoism, and Confucianism from theological, literary, and historical perspectives. Students will expand their awareness and understanding of religions around the world by studying, researching, and writing about major texts, practices, and symbol systems. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

Science

SCI 0050: Intended for students who are interested in the Biological sciences but do not have strong background in chemistry and biology. Prepares the students for a successful career in the sciences. Topics covered will include: study skills for the sciences, graphing calculator use, scientific vocabulary building, scientific notation, dimensional analysis, chemical equations writing and nomenclature, atomic theory, oxidation - reduction, reaction, moles, stoichiometry, and aerobic respiration/ photosynthesis. (Strongly recommended for students who are pursuing a degree in the science and who are not prepared for the rigors of the major or have tested into ENGL 050 (Reading Skills). This course may not be

transferable. This is a developmental course. Credits earned do not count toward graduation. *Fall and Summer, 2 credits.*

Social Sciences

SOSC 3130 Workplace Environments in

Social Science: Increases awareness of the variety of jobs performed at various work sites through site visits, class discussion and presentations by guest speakers. Develops a better understanding of the various opportunities available in the field of Criminal Justice, Social Sciences, and Psychology. Transportation to off-site venues provided; class meetings provided. *3 hours, 3 credits.*

SOSC 4705 Internship Prep in the Social

Sciences: Plans for successful experiences in private, public, or community agencies within the criminal justice, psychology, and social science systems. Assembles a professional portfolio including a resume and supporting documents, police and child abuse checks, and documents for other regulatory requirements. Such as first aid and CPR certification.

SOSC 4710 Internship in the Social Sciences:

Assimilates, integrates, and complements previous social science coursework and allows the student to gain practical experience necessary for entrance into the world of employment or graduate school. *3 credits.*

SOSC 4910 Research Implementation and

Analysis: Students will implement a research proposal developed during PSYC 3125: Research Methods for the Social and Behavioral Sciences. Explores analysis issues and apply statistical material to their individual data sets. Final project will consist of a written thesis and poster presentation of findings. Prerequisite: PSYC 3125. *3 credits, \$50 fee.*

Sociology

SOCI 1110 Introduction to Sociology:

Examines social organization, social movements, change, and the socialization process. Explores cultural unity and diversity in a pluralistic society. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

SOCI 2120 The Sociology of Social Problems:

Examines social disorganization, value conflict, and personal deviation in selected problems: race, war, vested interests, crime, family, poverty, civil liberties, cities, population, and ecology. A research paper on a problem topic approved by the instructor is central to the course. Prerequisite: SOCI 1110 or consent of the instructor. *Spring (not offered every year), 3 hours lecture and discussion, 3 credits.*

SOCI 2125 The Family: Examines family as the basic social institution in society. Explores diverse family patterns, relationships, communication, conflict resolution, and problems in contemporary society. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

SOCI 2130 Sociology of Sport and Recreation:

Examines sport from a social and cultural perspective. Emphasis is placed on examining how the institution of sport is a microcosm of American society, reflecting society's major cultural beliefs, and how the organization of sport reflects that of society. Prerequisite: SOCI 1110. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

SOCI 3110 Sociology of Diversity: Examines minority groups and diverse heritages in contemporary American society from a sociological perspective. Explores current trends and issues in contemporary society such as immigration, assimilation, and acculturation. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

SOCI 3120 Social Deviance: Focuses on major

theories of deviance and their application to forms of deviance; integration of these perspectives; and construction of more general models of deviance. Evaluates issues that touch on our most important values and beliefs, to "see" the world in different ways. Prerequisite: SOCI 1110. *Spring (not offered every year), 3 hours lecture and discussion, 3 credits.*

SOCI 4125 Social Deviance: Explores the topic of social justice as it relates to the topics of poverty, equality, opportunity, race, class, and gender. Emphasizes a contemporary analyses of inequality, privilege, and oppression of marginalized and non-marginalized populations. Challenges views and assumptions regarding inequality in the United States.

Spanish

SPAN 1110 Elementary Spanish I: Provides opportunities for students to develop listening, speaking, reading, and writing skills. Through listening and repetition, the student will be able to identify sounds and imitate the pronunciations of native Spanish speakers, and will engage in basic conversations using a variety of day-to-day situations. Also included is an introduction to Hispanic culture and customs. *Fall, 4 hours lecture and discussion, 3 credits.*

SPAN 1115 Elementary Spanish II: Continues to develop the concepts from SPAN 1110. Students utilize vocabulary and grammar to communicate effectively in basic survival situations, increase their comprehension of readings and their ability to answer questions, and enhance writing skills. Prerequisite: SPAN 1110 or successful completion of three years of high school Spanish, or consent of the instructor. *Spring, 4 hours lecture and discussion, 3 credits.*

SPAN 2110 Intermediate Spanish I: Assumes that the student has a sound background in

elementary Spanish. The course includes an active review of important language facts and experiences, will continue to enhance their communicative competency and will learn new concepts to reinforce communication skills which are useful in sophisticated situations. Prerequisite: SPAN 1115 or successful completion of four years of high school Spanish, or consent of the instructor. *Fall, 3 hours lecture and discussion, 3 credits.*

SPAN 2115 Intermediate Spanish II: Offers a comprehensive review of grammar structure while developing reading, writing, listening, and speaking skills. Using Spanish appropriately by emphasizing oral communication skills and language skills. Also included is the study of geography, music, art, literature, history, and everyday life of the Hispanic cultures. Prerequisite: SPAN 2110 or successful completion of four years of high school Spanish or consent of the instructor. *Spring, 3 hours lecture and discussion, 3 credits.*

Special Education

SPEC 2110 Characteristics and Needs of Exceptional Learners (formerly PSYC 2200): Defines and analyzes exceptionalities in children. Students will examine the legal issues involved in identifying and educating exceptional students. Course material will also include analysis of the interrelationships between exceptional children and family and school systems. Prerequisites: PSYC 2190, 2195 or 2205. *Fall, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

SPEC 2115 Special Education Processes and Procedures: Examines the federal and state mandated processes and procedures associated with special education. Content of this course includes the historical perspectives of special education, the characteristics of individualized instruction and special education procedures pertinent to regular and special education teachers. Prerequisite: SPEC 2110. *Spring, 3 hours*

lecture and discussion, 3 credits. Fieldwork required.

SPEC 2120 Early Intervention and Transitions (formerly ECE 2175): Analyzes the early intervention services available for young children. Focus will be on the child with special needs, the role of the caregiver, the parents and the early interventionist in meeting the needs of the young child in the least restrictive/inclusionary environment. Prerequisite: SPEC 2110. *Spring, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

SPEC 3110 Classroom Management Positive Behavior Intervention and Support (formerly EDUC 3135): Studies the rationale, theories, and techniques for creating positive, learning environments. Specific individual and group behavior challenges are addressed. Students develop a repertoire of management skills that support best practices and are based on current research regarding classroom management. Prerequisite: SPEC 2110 and acceptance into the education program. *Fall, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

SPEC 3115 Differentiated Instruction for Diverse Learners (formerly EDUC 3170): Enables the prospective teacher to learn how to coordinate the classroom learning environment to effectively address the diverse needs of students in classroom settings. Considers adaptations and accommodations in teaching methods necessary to meet the needs of all learners. Various formative and summative assessment techniques will be discussed. Prerequisite: SPEC 2110, and acceptance into the education program. *Fall and Spring, 3 hours lecture and discussion, 3 credits. Fieldwork required).*

SPEC 3120 Low Incidence Disabilities: Assessment and Instruction: Focuses on a detailed analysis of the environments and organizations involved in the education of children with severe disabilities. Emphasis will include placement and methodologies for

working with children with severe cognitive limitations, low vision and blindness, hearing impairments and deafness, deaf-blindness, autism, physical or health disabilities and traumatic brain injury. Prerequisites: SPEC 2115 and acceptance into the education program. *Fall, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

SPEC 3125 Evidenced Based Effective Instruction Pervasive Developmental Disorders:

Focuses on the characteristics, diagnosis, and effective evidenced based practices when educating children with Autistic Spectrum Disorder and Pervasive Developmental Disorder. Explores various service delivery models. Addresses the relationship between the educational team, families and agencies. Prerequisites: SPEC 2110 and acceptance into the education program. *Spring, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

SPEC 3130 Learning Disabilities: Identification and Instruction in Content Areas:

Examines the physical, cognitive, and social characteristics of individuals with specific learning disabilities. Presents current theories and educational strategies. Emphasizes the link between assessment and instruction is emphasized. Prerequisites: SPEC 2115 and acceptance into the education program. *3 hours lecture and discussion, 3 credits. Fieldwork required.*

SPEC 3135 Technology: Assistive and Universal Design for Learning to Assist in the Content Area Instruction:

Provides students with opportunities to build on basic skills and concepts by focusing on the applications of technology in the educational classroom environment. Students demonstrate the ability to use and the ability to teach others to use word processing software, spreadsheet software, database software, drawing and presentation software, internet applications,

computers and other classroom hardware. Addresses the use of assistive technology and the use of Universal Design for Learning. Fieldwork required and clearances necessary. Prerequisite: SPEC 2110 and acceptance into the education program. *3 hours lecture and discussion, 3 credits. Fieldwork required.*

SPEC 3140 Transition Planning: Focuses on the process of preparing exceptional students to transfer successfully into either the work force or into post high school educational or training settings. Targets both formal and informal assessments, which can be used to facilitate the transitioning process. The involvement of student, families, and educators, as well as an assessment of available community resources, will be explored. The I.E.P. process as it relates to transitioning will also be a major course focus. Pennsylvania State Transition Practices will be addressed. *3 credits lecture and discussion.*

SPEC 4110 Family Partnerships; Advocacy, Collaboration and Transitions: The capstone course in the Special Education sequence, this course focuses on the special educator as the problem solver. Examines the collaborative process between key personnel and agencies and this affects successful implementation of the student's IEP. The central role of the family in successful collaboration will be emphasized. Prerequisite: SPEC 2115 and acceptance into the education program. *Fall, 3 hours lecture and discussion, 3 credits. Fieldwork required.*

Sport and Recreation Management

SRM 1010 Downhill Skiing: Introduces students to skiing as a lifetime activity. Students increase their knowledge in techniques, equipment, terminology, and mountain awareness to enable them to participate in this sport in a safe and enjoyable manner. Although this course is designed for beginner

and intermediate skiers, advanced skiers will be challenged with refining their skills, as well as handling more difficult slopes and snow conditions in a safe manner. This course is conducted off-campus; transportation is available. *Spring, \$150 course fee; lecture, discussion and activity, 1 credit.*

SRM 1011 Foundations of Karate: Introduces students to karate as a lifetime activity. Students increase their knowledge of the techniques, terminology and skills to enable them to participate in this activity in a safe and enjoyable manner. This course is designed for the beginner, thus no prior knowledge of karate or fitness level is required. *\$20 course fee; lecture, discussion and activity, 1 credit.*

SRM 1012 Yoga: Introduces students to yoga as a lifetime activity. Students will increase their knowledge in the philosophy and history of yoga, as well as experience the breathing techniques and basic postures that serve as the foundation to the practice of yoga. This course is designed for the beginner, thus no prior knowledge or fitness level is required. *Lecture, discussion and activity, 1 credit.*

SRM 1017: Foil Fencing: Foil Fencing is a physical activity that requires a high degree of discipline and many hours of practice to master. Provides instruction and practice in basic fencing foot/movement skills and elementary offensive and defensive blade actions so that students will be able to engage safely in friendly competition. Offered as a critical component toward health and maintenance for a physically active lifestyle. Fencing is an activity that can be engaged in at some level throughout the lifespan; fences often continue to practice the sport well into retirement age. Lectures, discussions and journaling will augment the active components of this course. *\$155 fee, 2 credits.*

SRM 1018 Hiking and Habitat (Trees &

Shrubs): Explores the trails on and nearby Keystone's campus, while teaching students to identify common trees, shrubs and woody plants along the way. Students learn and utilize hiking safety practices, including basic orienteering, and learn to plan and lead an interpretive hike. Examines inter-relationship of trees and wildlife and discusses how trees, from fruits to roots, sustain the eco-system and determine what wildlife lives along and around the trail. Participants will gain an understanding of how living things adapt and adjust to maintain themselves as they balance the influence of nature and man. Pennsylvania has one of the most extensive trail systems east of the Mississippi River and participants will learn about various resources that assist them in taking advantage of these trails as individuals and non-formal educators for exploring, enjoying and sustaining the natural environment. Students will hike the interpretive trails on Keystone's Campus, The Trolley Trail that connects Clarks Summit to Dalton, and the trails at either Lackawanna State Park or Lazybrook Park. Also offers K-12 Educators with an option for NEIU-19 Act 48 hours. *1 credit, \$50 course fee.*

SRM 1110 Introduction to Sport and Recreation Management: Explores the fundamentals of business and management in the sport and recreation fields. Examines many aspects of sport and recreation management from management strategies, marketing, program planning, risk management, advertising, budgeting, and financial planning. Discusses a wide variety of sport and recreation-related careers. *Fall/Spring, 3 hours lecture and discussion, 3 credits.*

SRM 2110 Program Development and Planning: Provides the student with a sequential model for sports and recreational program planning, developing philosophies and goals, designing program needs, group leadership, problem solving, risk management and safety,

and program facilitation, implementation, and evaluation. *Fall/Spring, 3 hours lecture and discussion, 3 credits.*

SRM 2115 Facilities Management: Students develop the strategies and skills necessary for effective athletic and recreational facilities management. Discusses fields, flooring, lighting, equipment, traffic flows, safety concerns, legal issues, basic planning and design, and scheduling. *Fall/Spring, 3 hours lecture and discussion, 3 credits.*

SRM 2120 Social Issues in Sport (formerly SOCI 2130): Examines sport from a social and cultural perspective. Emphasis is placed on examining how the institution of sport is a microcosm of American society, reflecting society's major cultural beliefs, and how the organization of sport reflects that of society. Prerequisite: SOCI 1110 or 15 earned credits. *Fall/Spring.*

SRM 2125 Economics in Sport and Recreation: Students develop an understanding of many fields of economics that relate to sports including labor economics, industrial organization and anti-trust, game theory, public finance and urban economics. Focuses on real life events and applications of economics in the sporting world. *Fall/Spring.*

SRM 2715 Internship: A 200-hour internship/practicum at an approved site must be completed to fulfill graduation requirements in the SRM curriculum. Approval for the internship must be granted by the curriculum coordinator prior to beginning the experience. Prerequisites: SRM 1110, SRM 2110, and SRM 2710. *Fall, Spring, and Summer, 200 hours practicum, 0-3 credits.*

SRM 3115 Legal Issues in Sport: Provides students with background in the legal system, constitutional law, contract law, tort law, risk management, product liability, and administrative and statutory law as it pertains to sport,

recreation, and fitness. Explores pertinent topics such as coed competitions, anti-trust laws, equal opportunities, and Title IX. *Fall/Spring, 3 hours lecture and discussion, 3 credits.*

SRM 3120 Sport Marketing: Provides students with an in-depth view of marketing practices, procedures and operations as they pertain to professional, college, and recreational sport organizations. The course familiarizes students with the challenges of fundraising, sponsorships, merchandising, sport consumer demographics, and behavior. The course explores the role of the media, promotions of special events, and venue and event management. *Fall/Spring, 3 hours lecture and discussion, 3 credits.*

SRM 3125 Principles of Coaching: Explores non-sport specific coaching principles from youth sports through the collegiate level. Includes the growth and development of players, the psychology of coaching, risk management techniques, program administration, and social and ethical issues. Students will explore coaching as a career (both full-time and part-time). Examines practice and game philosophies. *Fall and Spring, 3 hours lecture and discussion, 3 credits.*

SRM 3130 Economics of Sport Tourism: Examines the basic principles of tourism, the growth of the industry, and the importance of tourism to the national economy. Explores the impact of television and the Internet on the tourism industry and takes an in-depth look at the consumers who travel for sport and recreational opportunities. *3 hours lecture and discussion, 3 credits.*

SRM 3135 Facilitation of Leadership Activities: Examines the theoretical and practical foundations of facilitating recreational activities designed to develop leadership skills. Emphasizes experiential learning concepts, activity components, and categories of activities including self-awareness, initiative games, simulations, adventure activities, and service. *Fall, \$100*

fee, 3 hours lecture, discussion and practicum, 3 credits.

SRM 3140 Commercial Recreation: Explores different types of commercial recreation enterprises such as sports clubs, fitness centers, country clubs and health clubs. Examines specific applications of business, management, marketing, and finance as they pertain to this segment of the industry. *3 hours lecture and discussion, 3 credits.*

SRM 3145 Applied Learning Theories for Movement and Play: Applies current learning theories and practices appropriate for teaching games and other activities that involve physical movement to elementary and middle school students. Students develop and use lesson plans for the teaching of health and physical education in elementary school settings. *Spring, 3 hours lecture and practicum, 3 credits.*

SRM 3150 Outdoor Recreation: Surveys the history, current status, trends, and management of outdoor recreation opportunities and resources, as well as the role in society they play. It examines the relationship of outdoor recreation and natural resources, especially the environmental impact of recreational pursuits on the resource base. *Spring.*

SRM 3155 Sport Sales and Sponsorship: Provides practical professional sales techniques needed to foster good, strong, customer accountants. These skills are necessary when working in professional sports, athletic departments and non-profit organizations. Provides practical application of information on ticket sales, promotions, customer service and retention, sport sponsorship sales, port licensing, e-commerce, and sport brand . *3 credits.*

SRM/HIST 3160 Modern Olympic History: Traces the historical arch of the modern Olympic Movement. Students learn of modern Olympic founder Pierre de Coubertin, the

significance of Κωνσταντίνος Ζάππας on the formation of the modern Olympics, the mass commercialization of the Olympics, and the multitude of political intrusions that have largely soiled the perceived idealistic underpinnings of the international sporting festival. *Fall, 3 hours lecture/discussion, 3 credits.*

SRM 3165 Security Management: Provides students with an overview of the role of security management in the sports industry. Examines the importance of security management in order to protect both players and spectators at major sporting events and other special events in sporting venues. Identifies the types of security plans necessary to be proactive in preventing disaster at sport facilities and events. *3 credits.*

SRM 3300 Ethics in Sport and Recreation: Focuses on seven areas of ethical conflict commonly present in real-world experiences of SRM professionals. These areas include: the roots of sport ethics; fair play; genetic and pharmaceutical enhancement; gender equity and dis/ability; self-esteem and physical education; commercialism and exploitation; and marketing danger. Each topic will connect ethical theory to real-world experiences which are applicable to real-world decision making protocols as a result of reading, analyzing, discussing and debating the chapter content in the required text. Prerequisite: COMM 3130. *Fall/Spring, 3 credits.*

SRM 4110 Governance of Sports and Athletics: Studies the bodies that govern both professional and amateur sports. Examines the organizational structure, authority and influence of various governing bodies on sport and recreational activities; including, but not limited to, High School Athletic Associations (PIAA), the NCAA, the NBA, Professional Baseball, the NFL, the NHL, the US and International Olympic Committees and FIFA World Cup Soccer. *Spring, 3 hours lecture and discussion, 3 credits.*

SRM 4120 Resort Recreation: Explores the relationship of travel and tourism to sport and recreation, and the historical development of the resort recreation concept. Examines many aspects of resort property operations, the ecological and technological changes occurring in resort management, and the impact of time shares on the industry. Thoroughly discusses concepts of leisure activities for a variety of ages. *Fall, \$150 fee, 3 hours lecture and discussion, 3 credits.*

SRM 4130 Municipal and Non-Profit Leisure Services: Investigates and analyzes the organizational structure of community recreation settings including city, town, and county parks and recreation departments, as well as youth service organizations. Explores current issues and trends as they pertain to this segment of the industry. *Spring, 3 hours lecture and discussion, 3 credits.*

SRM 4135 Sport Business Practices: Bridges the gap between the classroom and the workplace for new sport and recreation managers. It will include skills for upper management in the field including strategic planning, finance, human resources, decision making and techniques for working with boards and trustees. Students will work with “real world” case studies. *Fall/Spring.*

SRM 4140 Sport Public Relations: Provides instruction on the structure, function, role, and effects of the media in the sport industry by providing a study of the principles and fundamentals of sport information and media relations. Students will develop and produce promotional, crisis intervention, and news-oriented material in the course. *3 hours lecture and discussion, 3 credits.*

SRM 4710 Senior Internship Preparation: Prepares students for their senior internship and assists students in finding and selecting an appropriate placement. *Spring, 1 hour lecture and discussion, 1 credit.*

SRM 4720 Senior Internship I: A 200 hour internship/practicum at an approved site must be completed to fulfill graduation requirements in the SRM curriculum. Approval for the internship must be granted by the curriculum coordinator prior to beginning the experience. Prerequisite: 90 credits including SRM 2710 or SRM 4710. *Fall, Spring and Summer, 200 hours practicum, 4 credits.*

SRM 4725 Senior Internship II: A 200 hour internship/practicum at an approved site must be completed to fulfill graduation requirements in the SRM curriculum. Approval for the internship must be granted by the curriculum coordinator prior to beginning the experience. Prerequisite: 90 credits including SRM 2710 or SRM 4710. *Fall, Spring and Summer, 200 hours practicum, 4 credits.*

SRM 4910 Senior Seminar: Explores current trends in the sport and recreation industry. Allows students to integrate material from all major courses. Memberships in professional organizations, participation in professional seminars and conferences, volunteer work, development of professional portfolio and a culminating project are included in the course requirements. Prerequisite: 90 credits including 18 credits in SRM or consent of the instructor. *Fall, Spring and Summer, 4 hours lecture and discussion, 4 credits. May be handled as an online course based upon the location of the senior internship.*

Theatre

THEA 1120 Introduction to Theatre: Introduces elements of theatre including audience, playwriting, directing, designing, acting, crewing, and critiquing productions. Students will examine current production practices, complete a collaborative theatre project, and participate in the College productions. Students will work collaboratively to learn theatrical concepts and elements. *Fall, 3 hours lecture,*

discussion, and 2-hours laboratory, 3 credits.

THEA 1125 Acting I: The Basics of

Performance: Introduces basic acting skills and techniques, including physical relaxation and warm-up, vocal production and diction, stage geography and movement, audition and rehearsal expectations, and theatre culture. Students are required to participate in Actor's Showcase. Demonstrates memory, emotion, listening skills, responding skills, and basic character analysis skills in pantomime, improvisation, and monologue work. *Fall, 3 hours lecture and workshop, 3 credits.*

THEA 2120 Survey of Technical Theatre:

Introduces technical elements of theatre production, including set design and construction techniques, stage lighting, sound, and costume and make-up design through research projects and hands-on laboratory experiences. Explores technical production and basic stagecraft. Prerequisite: THEA 1120. *Spring, even-numbered years, 3 hours lecture, discussion, and workshop, 3 credits.*

THEA 2125 Acting II: Techniques and

Styles: Concentrates on internal, external, and other acting techniques, script and character analyses, and introduces specific acting techniques for one or more historical periods, for example, Greek, Renaissance, and/or Restoration, in addition to Realism. Monologue and scene work, research projects, and mandatory participation in Actor's Showcase are required. Enhances a student's ability to analyze and perform varied roles and styles. Prerequisite: THEA 1125 or consent of instructor. *Spring, 3 hours lecture, discussion, and workshop, 3 credits.*

THEA 3110 Directing for the Stage:

Introduces students to the concepts, theories, and practices of theatrical direction and examines the director's interaction with the script, the actors, and the designers. Students will

learn how to select and analyze plays, conduct auditions and rehearsals, and collaborate with design and technical staff. During lab sessions, students will put theory into practice as they select, cast, and direct short plays, culminating in a public presentation. *Spring, 2 hours lecture, 2 hours laboratory, 3 credits.*
