

Intent to Pursue Prior Learning Assessment (PLA)

Current students who have mastered learning in certain subject matter areas through means other than academic credit from a regionally accredited institution, may apply for credit through the Prior Learning Assessment (PLA) process.

Students who declare their intent to pursue PLA credit will work with a faculty evaluator who has expertise in the subject matter of the desired PLA credit to demonstrate the prior knowledge. Students earn pass/fail grades for PLA credit. To begin this process, students submit this form to the Registrar's Office. Once received, a faculty evaluator will be assigned to assist the student with the compilation of evaluation materials.
