A Message from John F. Pullo Chair, Board of Trustees

Dear Friends of Keystone:

If you watch most sporting events, it's easy to appreciate the greatness of any *individual* performance. But, if you pay closer attention, it's usually the *team* that is the most talented, the most prepared, and the most dedicated that wins the close games. A group of skilled individuals which works together for a common goal will achieve great things.

I think the same analogy could be made about many of the positive developments happening at Keystone College. The team at Keystone – administration, faculty, and staff – is working very hard to develop a great game plan for our College and is taking all the right steps to make sure that plan comes to fruition.

For example, our efforts at creating more internships, mentoring opportunities, and other career development initiatives will help Keystone graduates obtain more than just jobs when they graduate. They'll be better prepared to pursue careers that will enable them to fulfill their lifelong goals. New academic programs, such as the computer science major with an artificial intelligence component and a revised visual arts program focusing more on digital media, will prepare students for the careers of today and tomorrow. Of course, the addition of our new NCAA Division III football program and the new Keystone Commons retail development complex adds to the excitement on campus. Finally, our recently announced tuition price reset will continue the College's mission of making a Keystone education more accessible to as many students as possible.

But, our team on campus is only one part of the equation. To accomplish our goals, we need the help of all Keystonians including alumni, friends, and members of the business community. Your continued and expanded financial support is critical as we pursue and achieve our goals. So please, we ask that you continue to make your donations of time, talent, and treasure. When we all work together as a team we can accomplish great things and ensure that Keystone will flourish today and for the next 150 years. Thank you so much for all you do for Keystone College.

Sincerely,

John F. Pullo, Sr., '69

John H. Harris Society

In 1868, Keystone Academy was founded by a group of visionaries who wanted the youth in their community to have access to an education and a promising future.

In order to construct the first building, they scouted the 21 acres of land and selected the highest point, cutting through briars to reach the rocky knoll. For the next two years, members of the community came together to help with the construction and bring the vision into reality, until the building, now known as Harris Hall was completed in 1870.

This society, named after John H. Harris, who was a founder, benefactor and first President of Keystone College appropriately reflects the steadfast commitment and the unwavering loyalty to our mission that our consecutive donors represent. We can never achieve alone, what we can together. The donations that you have made have served as the foundation for the future, and together you have built it brick, by brick.

The steadfast commitment of these donors is remarkable and much appreciated. This Society recognizes individuals and businesses who have given 10 consecutive fiscal years or more.

1868 Society, Lifetime Giving Over \$100,000

Keystone College gratefully acknowledges its donors at all levels of giving. Of course, the best reward for your contribution is the knowledge that you have made a difference in the lives of our students. Keystone would like to take an opportunity to publicly recognize the following alumni, friends, foundations, corporations, and matching gift companies for their extraordinary levels of giving, each with lifetime contributions in excess of \$100,000, and listed within our 1868 Society giving segments. Thank you for including Keystone College in your generosity.
