Keystone College

As part of the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA) enacted on Dec. 27, 2020 by the federal government, Keystone College received a funding allocation to help serve students and ensure that learning continues during the COVID-19 pandemic. We will use the allocation for financial aid grants to students and student support activities, as well as to cover a variety of institutional costs.

We are pleased to announce that Keystone College will have a total of \$712,927 available for financial aid grants to students registered as full-time (greater than 12 credits within the traditional undergraduate program) that can be used for any component of the student's cost of attendance, or for emergency costs that arise due to the coronavirus, including tuition, food, housing, healthcare and child care. This student population was selected to prioritize students with exceptional need, such as those who receive Pell Grants.

Eligible students will receive an email with instructions to proceed. Please read your message and contact Student Central with any questions. Thank you very much.
