

Dear Members of the Keystone College Community:

Today, Keystone College is officially announcing our goal to resume full in-person classes beginning in the fall 2021 semester. Classes for the fall semester are scheduled to begin August 30, 2021.

During the fall 2020 and spring 2021 semesters, the college has operated under a hybrid model, giving students the option of attending classes in-person or virtually. As more people in the region and across the nation receive COVID-19 vaccinations and life returns to more normal routines, the College plans on resuming its traditional in-person class schedule in the fall.

As always, Keystone will place the health and safety of its students, faculty, staff, and public as its highest priority and will follow all local, state, and federal regulations and guidelines. Should developments with the COVID-19 pandemic change significantly, Keystone will evaluate its strategy and announce plans accordingly.

Thank you very much for your ongoing cooperation in observing all COVID-19 health and safety regulations during the remainder of the semester and beyond.

Sincerely,

Tracy L. Brundage, Ph.D.
President
